24-Parganas. — No. 1637M.—25th March 1937.—The following draft of by-laws, which has been framed by the Commissioners of the Tollygunge Municipality, in the district of 24-Parganas, under section 434 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The dratt will be taken into consideration on the 1st August 1937, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

By-laws under section 434 for regulation of dairy and milk-supply.

1. *Registration of dairymen and dairies.*—The Municipal Commissioners may require by public notice the registration of all dairymen or persons selling milk and of all dairies within the municipality, within such period as may be fixed by them; whereupon no person shall keep any dairy within the area administered by the Commissioners, unless it has been registered, or carry on the business or trade of cow-keeper, dairyman or purveyor of milk, unless he is registered as such therein:

Provided that a person who sells milk of his own cows or buffaloes in small quantities to his workmen or to his neighbours for their convenience need not be so registered.

Note.—In these by-laws the term cow-keeper includes a keeper of buffaloes.

2. No dairy or milk shop shall be registered until the premises in which such trade is carried on have been inspected by the Health Officer or Sanitary Inspector or any competent officer appointed by the Commissioners for the purpose and until the Commissioners are satisfied with the arrangements for lighting, ventilation, drainage, conservancy, water-supply and general sanitary condition of such premises.

3. *Inspection.*—All dairies within a municipality shall be open to inspection at all times by the Commissioners or by the Health Officer, Sanitary Inspector or a person or persons authorised in this behalf at all hours of the day and night.

4. *Contamination of milk.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall—

(*a*) allow any person residing or employed in or about the premises, suffering from a dangerous or infectious disease, or having recently been in contact with a person so suffering, to milk cattle or to handle vessels used for holding or keeping milk or in any way to take part or assist in the conduct of the trade or business of the cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop, so far as regards the production, distribution or storage of milk, or

(*b*) if himself so suffering, or having recently been in contact with a person so suffering, milk cattle or handle vessels used for containing milk or in any way take part in the conduct of his trade or business so far as regards the production, distribution or storage of milk, until in each case all dangers therefrom of the communication of infection to the milk or of its contamination has ceased.

5. The cow-keeper or dairyman or purveyor of milk shall, when so required by the Commissioners, the Health Officer, Sanitary Inspector or any other person authorised in this behalf, furnish the names and addresses of his customers and the sources of supply of milk to his establishment.

6. *Existence of disease among cattle.*—If at any time cattle plague, pleuro-pneumonia, foot and mouth disease, anthrax, tuberculosis or any disease of the udder exist among the cattle in a dairy or cattle-shed, the dairyman or cow-keeper shall forthwith report such occurrence to the Commissioners and shall not—

(*a*) mix the milk of the diseased cattle therein with other milk,

(*b*) use or sell such milk for human consumption;

(*c*) use or sell such milk for consumption by any animal unless and until it has been boiled.

7. *Storage, conveyance and distribution of milk.*—No receptacle which is incapable of being readily cleansed, shall be used for the storage or conveyance of milk.

8. Every receptacle used for the storage or conveyance of milk shall be—

(*i*) marked with the name and address of the owner;

(*ii*) provided with a lid without openings and so constructed and fitted as to prevent the access of dirt, dust, water, or of milk which has been splashed above the lid.

9. No such receptacle shall be opened during transit, except for the purpose of checking and sampling the milk.

10. Where milk is delivered in bottles, such bottles must be filled and closed on registered premises, and not thereafter tampered with before delivery to the consumer.

11. Every person engaged in the conveyance or distribution of milk shall take all practicable precautions to prevent the milk from being contaminated.

12. Vehicles used for the conveyance of milk shall be kept clean and no live animal shall be conveyed or carried at the same time as the milk.

13. *Ventilation and lighting.*—Every cattle-shed and every building used for keeping or storing milk (other than a cold store) shall be provided with a sufficient area of windows or external openings communicating directly with the external air in order to secure adequate lighting and ventilation.

14. *Lighting.*—Places in which milking is carried on after dark, shall be provided with adequate artificial lighting.

15. *Air-space.*—No cow-keeper or dairyman shall allow any shed to be occupied by a larger number of animals than will leave not less than eight hundred feet of air-space for each cow or buffalo, provided as follows:—

(*a*) in calculating the air-space for the purpose of this by-law, no space shall be reckoned which is more than 16 feet above the floor; but if the roof or ceiling is inclined, then the mean height of the same above the floor may be taken as the height thereof for the purposes of this by-law;

(*b*) any cattle-shed constructed and used before the date of the enforcement of this by-law shall be exempted from its operation until two years after that date.

16. *Receptacles for water.*—All receptacles for the storage or conveyance of water shall be kept clean. A dairyman or cow-keeper shall ensure that the drinking water for cow is protected from contamination.

17. *Water-supply.*—Every person in charge of a dairy shall cause it to be provided with an adequate supply of good and wholesome water for cleansing such dairy or any vessel that may be used therein for containing milk, and for all other reasonable and necessary purposes in connection with the use thereof.

18. *Cleanliness of cattle-shed.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall use or permit to be used any milk store or milk shop in his occupation as a sleeping apartment or for any purpose incompatible with the cleanliness of the milk shop or milk store and of the milk vessels and the milk therein or in any manner likely to cause contamination of milk therein.

19. No cow-keeper or dairyman or purveyor of milk shall keep swine or poultry in any cattle-shed or other building used by him for keeping cows or in any milk store or other place used by him for keeping milk for sale.

20. Every cow-keeper and dairyman shall cause every part of the interior of every cattle-shed or dairy in his occupation to be thoroughly cleansed from time to time and as often as may be necessary to secure that such places shall be at all times reasonably clean.

21. Every cow-keeper and dairyman shall cause the ceilings and the walls of the cattle-shed or dairy in his occupation to be properly lime-washed at least twice every year and at such other times as may be necessary:

Provided that this requirement shall not apply to such ceilings and walls for which lime-washing is unsuitable.

22. Every cow-keeper and dairyman shall cause the floor of every such cowshed or dairy to be thoroughly washed, and all dung and offensive matter accumulating inside such shed or dairy to be swept and removed as often as may be necessary but not less than twice every day.

23. *Cleanliness of milk shop and milk store.*—Every occupier of a milk store or shop shall cause every part of the interior to be thoroughly cleansed from time to time and as often as may be necessary to maintain it in a thorough state of cleanliness.

24. *Health and inspection of milch animals in dairies.*—The Commissioners shall cause to be made such inspections of dairy cattle as may be necessary.

25. *Cleanliness of milk vessels.*—Every cow-keeper or dairyman shall from time to time and as often as may be necessary cause every milk vessel that may be used by him for the sale, conveyance or storage of milk to be thoroughly cleansed with steam or clean boiling water and shall otherwise take all proper precautions for the maintenance of such milk vessel in a constant state of cleanliness.

On every occasion when any such vessel shall have been used to contain milk or shall have been returned to him after having been out of his possession, he shall cause such vessel to be forthwith so cleansed.

26. *Protection of milk against infection or contamination.*—Every purveyor, seller or retailer of milk shall take all reasonable and proper precaution in connection wih the storage and distribution of milk and otherwise to prevent exposure of milk to any infection or contamination.

27. No purveyor, seller or retailer of milk shall deposit or keep any milk intended for sale—

(*a*) in any room or place where it would be liable to become infected or contaminated by impure air or by any offensive, noxious or deleterious gas or substance or by any noxious or injurious emanation, exhalation or effluvium;

(*b*) in any room used as a kitchen or living room;

(*c*) in any room or building or part of a building communicating directly by door, window or otherwise with any room used as a sleeping room or with a water-closet, earth-closet, privy cesspool or receptacle for ashes or with a room in which there may be any person suffering from an infectious or dangerous disease or which may have been used by any person suffering from any such disease and may not have been properly disinfected; or

(*d*) in any room or building or part of a building in which there is any untrapped inlet to any drain.

28. No cow-keeper or dairyman shall allow any milch cattle belonging to him or under his care or control to be milked for the purpose of obtaining milk for sale unless at the time of milking—

(*a*) the udder and teats of such cow are thoroughly clean; and

(*b*) the hands of the person milking such animals also are thoroughly clean and free from all infection and contamination.

29. All dirt shall be removed from the flanks of the cattle before milking is begun, and every person engaged in milking shall keep his body and clothing clean.

30 The floor of every milk store or milk shop shall be rendered impervious and sloping to a channel, so constructed as to prevent any liquid matter from accumulating; and to lead it directly to a drain outside the building

31. The owner of a milk store or shop shall cleanse as often as necessary all fittings, floors, and furniture.

32. No dairyman or seller of milk shall sell infected or contaminated milk, or milk suspected to be infected or contaminated.

33. No cow-keeper or dairyman shall keep in the shed in which the cattle are milked any animal the milk from which there is reason to believe has conveyed or is likely to convey any infectious disease.

34. It shall be lawful for the Commissioners to close, for such period as they may think fit, a dairy from which infected or contaminated milk is supplied for sale.

35. *Penalty.*—The penalty for the breach of any of the by-laws 3 to 22 and 25 to 33 shall be a fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of first conviction during which the offender persists in the offence.

NOTIFICATION.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

No. 927Medl.—22nd March 1937.—The following rules framed by the Government of Bengal (Ministry of Local Self-Government) under sub-section (*1*) and clauses (*b*), (*c*) and (*d*) of sub-section (*2*) of section 29 of the Statutes appended to Government resolution No. 315Medl., dated the 2nd February 1937, regarding the General Council and State Faculty of Ayurvedic Medicine, Bengal, are published for general information:—

Rules.

Rules under clause (b) of sub-section (2) of section 29 of the Statutes.

Form of the Register of Registered Ayurvedic Practitioners.

1. The Register of Registered Ayurvedic Practitioners shall be maintained in Form No. 1 in the Appendix to these rules.

2. The names shall be entered in the Register in the order in which the applications are admitted and sufficient space shall be left for future additions or alterations in the qualifications and address of each entry.

3. Each page of the Register shall be verified by the Registrar's signature.

Rules under clause (c) of sub-section (2) of section 29 of the Statutes.

Application of fees and donations.

4. All moneys received by the Registrar as fees or donations shall be credited to the Imperial Bank of India.

Rules under clause (d) (i) of sub-section (2) of section 29 of the Statutes.

Procedure to be followed in conducting any enquiry referred to in proviso (b) to section 17 and sub-clause (ii) of clause (a) of section 24 of the Act.

5. Whenever information is received that an Ayurvedic Practitioner, who is an applicant for registration, or whose name has already been registered, has been guilty of conduct which *primâ facie* constitutes infamous conduct in a professional respect, the Registrar shall make an abstract of such information and of such further informations as he may have subsequently obtained.

6. Where the information in question is in the nature of a complaint by a person or body charging the Practitioner with infamous conduct in a professional respect, such complaint shall be made in writing addressed to the Registrar, and shall state the grounds of complaint and shall be accompanied by one or more declarations as to the facts of the case except when the complaint is by a Government Department.

7. Every declaration must state the description and true place of abode of the declarant, and where the fact stated in a declaration is not within the personal knowledge of the declarant, the source of the information and grounds for the belief of the declarant in its truth must be accurately and fully stated.

8. (*1*) The abstract and all other documents bearing on the case together with any complaint that may have been lodged shall be submitted by the Registrar to the President, who shall, if he thinks fit, instruct the Registrar to ask the Practitioner by means of a registered letter for an explanation within a time to be fixed by the President. After the expiry of that time the documents with the explanation, if any, shall be referred for consideration to a Penal Cases Committee which shall be appointed by the Council. The Committee shall have power to cause further investigation to be made and further evidence to be taken and, if necessary, obtain further legal or other advice.

(*2*) The Committee shall report to the Council, and if the Council consider that the case is one in which an enquiry ought to be held by the Council, the President shall direct the Registrar to take steps for the institution of an enquiry and for having the case heard and determined by the Council.

9. The enquiry shall be instituted by the issue of a notice in writing, on behalf of the Council, by the Registrar, addressed to the Practitioner. Such notice shall specify the nature and particulars of the charge, shall inform the Practitioner of the day on which the Council intend to deal with the case, and shall call upon him to answer the charge in writing and to attend before the Council on that day.

10. The notice referred to in rule 9 shall be in Form No. II in the Appendix to these rules, with such variations as circumstances may require. It shall be sent at least twenty-one days before the date of the enquiry, and shall be accompanied by a copy of section 17 or 24 of the Statutes, as the case may be, and of the rules to regulate the procedure for conducting any enquiry referred to in those sections. A copy of the notice should at the same time be sent to the complainant, if any.

11. In every case in which the Council resolve that an enquiry shall be instituted and a notice for an enquiry is issued accordingly, the complainant (if any) and the Ayurvedic Practitioner charged shall, upon request in writing for that purpose signed by him or his legal representative, be entitled to be supplied by the Registrar with a copy of any declaration, explanation, answer or other document given or sent to the Council by or on behalf of the other party, which such other party will be entitled on proper proof to use at the hearing as evidence in support of or in answer to the charge specified in the notice of enquiry.

12. Any application made by the Ayurvedic Practitioner between the date of issue of the notice and the day named for the hearing of the charge shall be dealt with by the President in such manner as he shall think fit.

13. Copies of all material documents which are to be laid before the Council as evidence in regard to the case shall be furnished to each member of the Council before the hearing of the case.

14. At the hearing of the case by the Council, the complainant and also the Practitioner may be represented or assisted by a legal representative.

15. Where a complainant appears personally or by a legal representative, the order of procedure shall be as follows:—

(*1*) The Registrar will read to the Council the notice of the enquiry addressed to the Practitioner.

(*2*) The complainant will then be invited to state his case himself or by his legal representative and to produce his proofs in support of it. At the conclusion of the complainant's proofs his case will be closed.

(*3*) The Practitioner will then be invited to state his case himself or by his legal representative, and to produce his proofs in support of it. He may address the Council either before or at the conclusion of his proofs, but only once.

(*4*) At the conclusion of the Practitioner's case, the Council will, if the Practitioner has produced evidence, hear the complainant in reply on the case generally, but will hear no further evidence except in any special case in which the Council may think it right to receive such further evidence. If the Practitioner produces no evidence, the complainant will not be heard in reply, except by special leave of the Council.

(*5*) Where a witness is produced by any party before the Council, he will be first examined by the party producing him, and then cross-examined by the adverse party, and then re-examined by the party producing him. The Council may decline to admit in evidence any declaration where the declarant is not present for, or declines to submit to, cross-examination.

(*6*) The Chairman of the meeting may put questions to any witness, and members of the Council, through the Chairman, may also put questions to any witness.

16. Where there is no complainant, or no complainant appears, the order of procedure shall be as follows:—

(*1*) The Registrar will read to the Council the notice of enquiry addressed to the Practitioner and will state the facts of the case and produce before the Council the evidence by which it is supported.

(*2*) The Practitioner will then be invited to state his case himself or by his legal representative, and to produce his proofs in support of it. He may address the Council either before or at the conclusion of his proofs, but only once.

17. (*1*) Upon the conclusion of the case the Council will deliberate thereon in private, and at the conclusion of the deliberations the Chairman shall call upon the Council to vote on the question whether the Ayurvedic Practitioner charged is guilty of infamous conduct in a professional respect.

(*2*) If the Council, by a majority of two-thirds of the members present and voting at the meeting, find the Ayurdevic Practitioner guilty of infamous conduct in a professional respect, the Council shall direct the Registrar not to register his name, if he be an applicant for registration or to remove his name from the Register of Registered Ayurvedic Practitioners, if he is already a Registered Ayurvedic Practitioner or to warn or to censure him.

18. When the registration of the name of any Ayurvedic Practitioner is refused, or when the name of any Registered Ayurvedic Practitioner is removed from the Register in accordance with the provisions of the preceding rules, the Registrar shall forthwith send notice of such refusal or removal to the Practitioner, by a registered letter addressed to his last known address. The Registrar shall also send, forthwith, intimation of any such refusal or removal to the body or bodies from whom the Practitioner received his qualification or qualifications, and shall request them not to admit him without previous reference to the Council to any examination for any new qualification which is registrable in the Register of Registered Ayurvedic Practitioners. If a name is removed from the Register, the Registrar shall issue a notification in the *Calcutta Gazette* announcing the removal and may forward a summary of the proceedings and findings to Ayurvedic journals, if any, for publication.

Rules under clause (d) (ii) of sub-section (2) of section 29 of the Statutes.

Disposal of appeals from the decision of the Registrar preferred under section 22 of the Statutes.

19. An appeal to the Council, preferred under section 22 of the Statutes, against a refusal of the Registrar to register the name or any title or qualification of any person on the Register of Registered Ayurvedic Practitioners, shall be in writing and shall state the grounds on which registration is claimed, the names of the qualifications, and the dates on which and the authorities from whom they were received.

20. On receipt of such an appeal, it shall be referred to a Committee of the Council for consideration and report.

21. The Committee shall have power to call for the original diploma or license, etc., from the appellant for inspection and also such other documentary or oral evidence as may be considered necessary by them.

22. At the conclusion of their enquiry, the Committee shall make a report to the Council embodying such recommendations as they shall think fit to make, with the reasons for the recommendations.

23. The appeal, the Committee's report on it, and all other documents in connection with the case shall be laid before the Council at their next meeting.

24. The date on which the appeal is to be taken up by the Council shall be notified to the appellant. The appellant shall also be allowed, if he so chooses, to represent his case before the Council, either by himself or by his legal representative.

Rules under clause (1) of section 29 of the Statutes.

Rules for the restoration of names to the Ayurvedic Register.

RESTORATION AFTER NON-PENAL ERASURE UNDER SECTION 16 OF THE STATUTES.

25. (*1*) The Council may restore to the Ayurvedic Register, if they see fit, the name of any person which may have been erased therefrom under section 16 of the Statutes.

(*2*) No application for the restoration of a name so removed shall be entertained unless it be accompanied by a declaration from the applicant setting forth the facts of the case, and stating that he is the person originally registered, and by one of the following documents:—

(*a*) Applicant's diploma;
(*b*) his certificate of registration in original;
(*c*) A certificate in the form reproduced below from two Ayurvedic Practitioners registered under the Statutes as to his identity;
(*d*) if the applicant is not resident in Bengal, a certificate signed by two persons, who shall be Magistrates or Government officers of gazetted rank or officers holding a commission in one of His Majesty's Services, Civil, Naval, or Military, or Justices of the Peace.

(*3*) A fee of Rs. 5 shall be levied for the re-registration of practitioners whose names have been erased from the Register under section 16 of the Statutes.

"I hereby certify that the aforesaid applicant is the above specified .....whose name formerly stood in the Ayurvedic Register with the following address and qualification*:—

Name†.....
Address.....
Designation, rank or commission.....
Date....."

*Here insert applicant's former address and registered qualification.
†Here insert name and address of person certifying.

RESTORATION AFTER PENAL REMOVAL UNDER SECTION 24 OF THE STATUTES.

26. An application for the restoration to the Ayurvedic Register of a name removed under section 24 of the Statutes shall not be entertained before the ordinary meeting of the Council next succeeding that in which the removal was ordered.

If any person whose name has been removed from the Ayurvedic Register by direction of the Council, and who still possesses a qualification entitling him to be registered, makes an application to the Council for the restoration of his name to the Register, the following shall be the method of procedure:—

(*i*) The application shall be in writing, addressed to the Council, and signed by the applicant, and must state the grounds on which the application is made.

(*ii*) The application shall be accompanied by (*1*) a declaration made by the applicant setting forth the facts of the case, and stating that he is the person originally registered, and (*2*) by one of the following documents:—

(*a*) Applicant's diploma;
(*b*) His certificate of registration in original;
(*c*) A certificate in the form reproduced below from two Ayurvedic Practitioners registered under the Statutes as to his identity;
(*d*) If the applicant is not resident in Bengal, a certificate signed by two persons, who shall be Magistrates or Government officers of gazetted rank or officers holding a commission in one of His Majesty's Services, Civil, Naval, or Military, or Justices of the Peace.

Each of these certificates of identity shall be in the following terms:—

"I hereby certify that the aforesaid applicant is the above specified..... .....whose name formerly stood in the Ayurvedic Register with the following address and qualification*:—

Name†.....

Address.....

Designation, rank or commission.....

Date....."

*Here insert applicant's former address and registered qualification.

†Here insert name and address of person certifying.

(*iii*) The statements in the application must also be verified by certificates in writing, to be given by two Ayurvedic Practitioners registered under the Statutes or two Government officers of gazetted rank, resident in the neighbourhood where the applicant had been residing since his removal, who were and are well acquainted with him before and since the removal of his name, and they must testify to his present good character.

(*iv*) On receipt of the application, it shall be referred by the Registrar to a Penal and Ethical Cases Committee, which shall be appointed by the Council, for consideration and report. Before an application is considered by the Committee, the Registrar shall notify the same to the institution or institutions whose qualifications were held by the applicant at the time his name was removed; and shall further, by letter addressed to the person or body (if any) on whose complaint the applicant's name was removed, give notice of the application and of the time when the Committee intend to consider the same.

(*v*) The Penal and Ethical Cases Committee shall consider the application and may, if they think fit, adjourn the consideration of it to a future date or require further evidence or explanations from the applicant.

(*vi*) The Penal and Ethical Cases Committee shall make a report upon the application to the Council *in camera* embodying in that report such recommendations as the Committee shall think fit to make, with the reasons for the recommendations.

(*vii*) The application and the certificates referred to in paragraph (*iii*) shall be in the Forms III and IV in the Appendix with such variations as circumstances may require. Printed forms shall be kept by the Registrar who shall supply them to intending applicants.

Miscellaneous.

RESOLUTION—No. 4787Misc.

Calcutta, the 3rd March 1937.

In 1934, the Governor in Council accepted the recommendation of the special committee appointed to examine the future administration of the district of Noakhali that the headquarters of the district should be moved to Maijdi. The move was, however, postponed as the conditions at Noakhali appeared to be improving and it was hoped that it might be unnecessary to move the headquarters of the district. Although there are indications that the main stream of the Meghna has temporarily ceased to be so active in the immediate vicinity of the town, conditions during high tides, when the town is inundated, are, in the opinion of the Governor in Council, such that it is necessary that effect should now be given to the previous decision to move the headquarters of the district, and he has decided that Maijdi shall be declared immediately the permanent headquarters of the Noakhali district, and that steps are to be taken to remove the headquarters to that place at an early date.

Ordered that a copy of this resolution be published in the *Calcutta Gazette* for general information.

By order the Govenor in Council,

J. B. KINDERSLEY,
Secy. to the Govt. of Bengal (offg.).

New Delhi, the 18th March 1937.

No. M.-826 (1).—In exercise of the powers conferred by section 4 and sub-section (*1*) of section 29 of the Petroleum Act, 1934 (XXX of 1934), as applied to Carbide of Calcium by the notification of the Government of India in the Department of Industries and Labour, No. M.-826(1), dated the 15th October 1936, read with section 22 of the General Clauses Act, 1897 (X of 1897), the Governor General in Council is pleased to make the following rules which have been previously published as required by sub-section (*2*) of section 29 of the first-mentioned Act, namely:—

RULES.

CHAPTER I.

Preliminary.

1. *Short title and extent.*—(1) These rules may be called the Carbide of Calcium Rules, 1937.

(2) They shall apply to the whole of British India including British Baluchistan and the Sonthal Parganas, but excluding Burma.

2. *Supersession and savings.*—All notifications and rules issued by the local Governments and all appointments made by them under the Indian Petroleum Act, 1899 (VIII of 1899), as applied to Carbide of Calcium by the notification of the Government of India in the Department of Commerce and Industry, No. 101-10, dated the 4th January 1907, are hereby superseded, but all licences or duplicates granted or renewed, all fees imposed or levied and all powers conferred by or under any notification or rule so superseded, shall so far as they are consistent with these rules, be deemed to have been respectively granted, renewed, imposed, levied or conferred under these rules.

3. *Definitions.*—In these rules, unless there is anything repugnant in the subject or context,—

(*a*) "The Act" means the Petroleum Act, 1934;

(*b*) "Carbide" means Carbide of Calcium;

(*c*) "Chief Inspector" means the Chief Inspector of Explosives in India;

(*d*) "Conservator of the Port" includes any person acting under the authority of the officer or body of persons appointed to be Conservator of the Port under section 7 of the Indian Ports Act, 1908;

(*e*) "District Authority" means—

(*i*) in a Presidency town, or its suburbs, the Commissioner of Police; and

(*ii*) elsewhere, the District Magistrate;

(*f*) "District Magistrate" includes an Additional District Magistrate;

(*g*) "Inspector" means an officer authorised by the Governor General in Council under sub-section (*1*) of section 13 of the Act;

(*h*) "Prescribed receptacle" means a receptacle which—

(*i*) is made of metal but has no copper in its composition;

(*ii*) is hermetically closed at all times except when its contents are being placed within it or withdrawn from it; and

(*iii*) bears a stamped, embossed, painted or printed warning exhibiting in conspicuous characters the words "Carbide of Calcium —Dangerous if not kept dry" and the following caution:—

"The contents of this package are liable, if brought into contact with moisture, to give off a highly inflammable gas"; and

(*i*) "Sampling officer" means an officer authorised by the Governor General in Council under sub-section (*l*) of section 14 of the Act.

CHAPTER II.

Importation of Carbide.

4. *Ports of importation.*—Carbide shall not be imported except at the ports of—

Aden.
Bombay.
Calcutta.
Chittagong.
Cochin.
Karachi.
Madras.
Perim.
Port Blair.
Vizagapatam.

5. *Duty of master or agent in port.*—(1) The master or the agent of the owner of every ship arriving at any port and carrying carbide shall, on entering the port and before landing any cargo, declare in writing to the Collector of Customs and also to the Conservator of the Port, the quantity and description of such carbide.

(2) The master shall moor the ship in such place as the Conservator of the Port may direct, and, while any carbide remains on board, shall not, except for the purpose of proceeding to sea, remove the ship without the written permission of the Conservator of the Port.

(3) The master shall ensure that the hold of every ship bringing carbide into port shall be efficiently ventilated from the time the vessel enters the port until all the carbide on board has been discharged or until the ship has left the port.

6. *Receptacles.*—(1) Carbide shall be brought into port only in prescribed receptacles.

(2) The receptacles shall be of such strength and construction or so protected as not to be liable to become defective or insecure in transit otherwise than by gross negligence or extraordinary accident.

(3) No such receptacle shall be capable of containing more than 250 pounds of carbide.

7. *Defective receptacles.*—The Collector of Customs may require that any receptacle containing carbide which does not satisfy the requirements of rule 6 or which is defective shall be submerged in deep water under the direction of the Conservator of the Port, without compensation to the consignee.

8. *Opening of receptacles in port.*—No receptacle containing carbide shall be opened within the limits of a port except in premises licensed for the storage of carbide.

9. *Precautions against contact with water.*—Every reasonable precaution shall be taken to prevent the contact of water or moisture with any carbide brought into port, and, where such contact may have occurred, to prevent ignition of the gas given off.

10. *Facilities to be afforded to inspecting officers.*—The master or the agent of the owner of any ship in port with carbide on board shall, when so required by the Collector of Customs or by the Conservator of the Port or by an Inspector or sampling officer, show to such officer all carbide under his control or on board, and shall afford every reasonable facility to enable such officer to inspect such carbide so as to ascertain whether these rules are duly observed and to take samples, if such officer so desires.

11. *Landing of carbide.*—(1) Carbide shall be landed only with the permission of the Collector of Customs and at such place or places as the Conservator of the Port may direct.

(2) Carbide shall be landed only between sunrise and sunset.

12. *Removal after landing.*—All carbide landed from any ship shall be removed without unnecessary delay to some licensed place of storage, and, if conveyed by water, shall be conveyed only in an open barge certified as suitable for the conveyance of carbide by the Conservator of the Port.

13. *Port Commissioners' Regulations.*—The landing and the removal after landing of carbide in a port shall be subject to all the regulations which may from time to time be prescribed generally or specially in that behalf by the Port Commissioners, provided such regulations are not inconsistent with these rules.

CHAPTER III.

Transport of Carbide.

14. *Transport in quantity not exceeding 5 pounds.*—Carbide transported in any quantity not exceeding five pounds shall be packed in prescribed receptacles each containing not more than one pound.

15. *Transport in quantity exceeding 5 pounds.*—Carbide in quantity exceeding five pounds shall not be transported except under the following conditions:—

(*a*) the carbide shall be contained in prescribed receptacles no one of which shall be capable of containing more than 250 pounds of carbide; and

(*b*) the carbide shall not be deposited at any time during transit in any building other than a building fulfilling the requirements of rules 22 and 24 and shall not be stored in any such building except in accordance with the requirements of rule 25.

16. *Transport by railway.*—(1) Notwithstanding anything contained in clause (*b*) of rule 15, carbide while in the custody of a railway administration for transport, shall not be stored in any railway goods shed, but shall be stacked in the open under waterproof sheets and shall be so placed as to prevent any receptacle containing it from becoming wet.

(2) Where the carbide is conveyed by rail it shall be subject to all the regulations which may from time to time be prescribed generally or specially in that behalf by the railway administration over whose line it is conveyed.

(3) All fires or artificial lights or articles capable of igniting acetylene shall be kept away from carbide stacked as provided in sub-rule (1).

17. *Transport by passenger train.*—Where carbide is transported by passenger train—

(*i*) the quantity carried by any one train shall not exceed 500 pounds;

(*ii*) the vehicles containing carbide shall be well ventilated and as far as possible water-tight; and

(*iii*) no naked lamp or other artificial light capable of igniting inflammable gas shall be taken into a vehicle containing carbide.

18. *Transport by water.*—Where carbide is conveyed by water it shall be packed and stowed in accordance with the regulations issued from time to time by the Board of Trade for regulating the carriage of dangerous goods and explosives in ships.

19. *Restriction on delivery and despatch of carbide.*—(1) No person shall deliver any carbide to any one other than the holder of a storage licence or his authorized agent or a Port Authority or railway administration.

(2) No person shall despatch any carbide to any one other than the holder of a storage licence.

(3) This rule shall not apply to the delivery or despatch to any person of carbide in quantities which are permitted by these rules to be stored without licence.

CHAPTER IV.

Storage of Carbide

20. *Carbide to be "commercially pure".*—No carbide shall be kept at any place, with or without a licence, unless it is "commercially pure", that is, unless it contains no impurities which would render the gas evolved, either alone or in admixture with air, liable to ignite spontaneously.

21. *Licence for storage.*—(1) No person shall store any carbide except under a licence granted under these rules:

Provided that no licence shall be required for the storage of carbide—

(*i*) in any quantity not exceeding five pounds if it is kept in prescribed receptacles each containing not more than one pound;

(*ii*) in any quantity exceeding five and not exceeding twenty-eight pounds if it is kept in prescribed receptacles and the following conditions are observed:—

(*a*) the receptacles shall be stored in a dry and well ventilated place;

(*b*) due precautions shall be taken to prevent unauthorized persons from having access to the carbide;

(*c*) notice shall be given of such storage to the District Authority; and

(*d*) where a fixed generator is used on the premises, detailed instructions as to the care and use of the generator shall be kept constantly posted up in a place where they can conveniently be referred to by the generator attendant.

(2) No licence shall be required for the temporary storage of carbide within port limits under such conditions as the Conservator of the Port may specify.

22. *Storage buildings.*—(1) Carbide shall be stored—

(*a*) if in quantities aggregating not more than 500 pounds—in a suitable uninhabited building at least 20 feet away from any other premises: provided that quantities not exceeding 250 pounds may be stored in a place connected with a shop at a distance not less than 10 feet from any other premises:

(*b*) if in quantities aggregating more than 500 pounds and not more than 3,000 pounds—in a suitable uninhabited building at least 40 feet away from any other premises;

(*c*) if in quantities aggregating more than 3,000 pounds—in an uninhabited building at least 100 feet away from any other premises.

(2) Not more than fifty tons of carbide shall be stored in any one building.

23. *Power to reduce distances.*—The distances laid down in sub-rule (1) of rule 22 may be reduced by the Chief Inspector where screen walls are provided or other special precautions are taken or where there are special circumstances that in the opinion of the Chief Inspector warrant the reduction.

24. *Construction of storage buildings.*—Every building for the storage of carbide shall be—

(*a*) constructed of non-inflammable material, with non-inflammable roofs and with tiled, paved, cemented, iron or steel floors raised at least a foot above the ground level; and

(*b*) well ventilated and water-tight to the satisfaction of the licensing authority.

25. *Arrangements in storage buildings.*—Carbide shall be stored only on racks or trestles standing at least one foot above the level of the floor of the building, and no articles of an inflammable or combustible nature shall be kept in the same building.

26. *Disposal of carbide if wet.*—If any carbide becomes wet it shall be destroyed by being submerged in deep water. If deep water is not available, the wet carbide shall be spread out in the open in an isolated position, and all precautions shall be taken to prevent any fire or artificial light or article capable of igniting acetylene being brought near until the material has given off all its gas.

NOTE.—The fact of carbide having become wet will be indicated by the outward appearance of the drum, and probably by a disagreeable odour, showing a leakage of gas.

27. *Precautions by vendor.*—(1) Every vendor of carbide delivering any quantity exceeding half a pound to any person, shall deliver it to him in a prescribed receptacle.

(2) No vendor shall open more than one receptacle at a time for the purpose of delivering carbide.

28. *Children.*—No person under the age of 15 years shall be employed in or allowed to enter any premises licensed under these rules.

CHAPTER V.

Manufacture of Acetylene Gas.

29. *Application of Chapter.*—(1) The rules in this Chapter shall be observed by every person holding a licence for the storage of carbide granted under these rules who uses such carbide for the manufacture of acetylene gas.

(2) In this Chapter, apparatus means any appliance for the manufacture of acetylene gas, including all generators and gas-holders and the devices for preventing the passage of oxygen into the acetylene supply pipes, the pipe lines and the other fittings.

30. *Construction of apparatus.*—(1) The apparatus shall be so constructed that lime sludge cannot gain access to any pipes intended for the passage of gas or the circulation of water.

(2) The use of glass in water gauges, sight boxes, etc., shall be avoided, but where glass is absolutely necessary as part of the apparatus it shall be effectively protected against fracture.

(3) The apparatus shall be so constructed that it is not possible, even by incorrect manipulation of cocks, to seal the generating chamber hermetically.

(4) The air-space in a generator shall be as small as is consistent with the proper working of the apparatus.

(5) No metal containing more than 80 per cent. of copper shall be present in any portion of the apparatus excluding the nozzles of the blow pipes.

(6) The various parts of the apparatus shall be of adequate strength to withstand any pressures that may be generated therein.

(7) The size of the pipes carrying the gas shall be proportioned to the maximum rate of generation, so that undue back pressure from throttling may not occur.

31. *Efficiency of apparatus.*—The apparatus shall have an efficiency of at least 90 per cent.

32. *Temperature of apparatus.*—The temperature of any part of the apparatus, when working, shall not exceed 180°F.

NOTE.—The temperature may be ascertained by placing short lengths of wire, drawn from fusible metal of a suitable melting point in those parts of the apparatus in which heat is liable to be generated.

33. *Pressure.*—(1) The apparatus used shall not be made to work at a pressure exceeding 60 inches water column:

Provided that, if it be shown to the satisfaction of the licensing authority that a higher pressure is necessary in any generating apparatus and that such higher pressure may be used without danger, the licensing authority may allow the use of higher pressure up to a maximum of 250 inches water column on the condition that the apparatus is fitted with suitable safety devices. A generator operating at a higher pressure than 60 inches water column shall have clearly marked on it the water column at which it works.

(2) In the use of the apparatus, regard shall be had to the danger of stoppage of passage of the gas and a consequent increase of pressure.

34. *Precautions against escape of gas.*—(1) Adequate precautions shall be taken to prevent any escape of gas from the apparatus.

(2) Gas-holders shall be fitted with blow off pipes carried up to a suitable point in the open air.

35. *Decomposition of carbide.*—(1) The carbide shall be completely decomposed in the apparatus, so that the lime sludge discharged therefrom shall not be capable of generating more gas.

(2) The apparatus shall give no tarry or other heavy condensation products from the decomposition of the carbide.

36. *Residue.*—(1) An open tank shall be provided in the open air for the reception of all residue from the carbide: and such residue shall remain for at least ten hours in not less than four times its bulk of water in such tank.

(2) Precautions shall be adopted for preventing any lime sludge from being discharged into the drains.

37. *Attendants.*—(1) No person shall have charge of an apparatus until he has been properly instructed in its management.

(2) A label or printed card giving fully detailed instructions in the vernacular as to the use of the apparatus and a certificate by the licensee to the effect that the attendant who shall be mentioned by name has been properly instructed as required by sub-rule (1), shall be exhibited on or in close proximity to the apparatus.

CHAPTER VI.

Licences.

38. *Application for licence.*—A person wishing to obtain or to renew a licence to store carbide under these rules shall submit an application in Form A to the authority empowered under rule 39 to grant such licence.

39. *Grant of licence.*—(1) Licences for storage may be granted by the licensing authorities set forth in Schedule I appended to these rules, in the Forms, for the purposes, and on payment of the fees, specified therein.

(2) Every licence granted or renewed under these rules shall remain in force until the 31st day of December of the year for which the licence is granted or renewed.

40. *Particulars of licence.*—Every licence granted under these rules shall be held subject to the conditions endorsed on it and shall contain all the particulars which are contained in the form prescribed for it by these rules.

41. *Power of licensing authority to alter conditions.*—(1) Notwithstanding anything contained in rule 40, the licensing authority may omit, alter or add to any of the conditions specified in the prescribed form of licence.

(2) This power shall not be exercised by the District Authority without the prior concurrence of the Chief Inspector.

42. *Amendment of licence.*—(1) Any licence granted under these rules may be amended by the authority granting such a licence provided that the amendments are not in conflict with any of these rules.

(2) A licensee who desires to have his licence amended shall submit it to the licensing authority with an application stating the nature of the amendment and the reasons for it.

(3) The fee for the amendment of a licence shall be one rupee *plus* the amount (if any) by which the fee that would have been payable if the licence had originally been issued in the amended form exceeds the fee paid for the original licence.

43. *Renewal of licence.*—(1) A licence may be renewed by the authority empowered to grant such a licence.

(2) Every application for the renewal of a licence shall be made not less than 30 days before the date on which the original licence expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed licence or until an intimation that the renewal of the licence is refused has been communicated to the applicant.

(3) The same fee shall be charged for the renewal of a licence as for a new licence.

44. *Refusal of licence.*—(1) A licensing authority refusing to grant, amend or renew a licence, shall record his reasons for such refusal in writing.

(2) A copy of the order containing the reasons for such refusal shall be given to the applicant on payment of a fee of one rupee.

45. *Cancellation of licence.*—(1) Every licence granted under these rules shall be liable to be cancelled by the authority granting such a licence for any contravention of the Act, or of any rule made thereunder, or of any condition contained in such licence.

(2) The authority cancelling a licence shall record his reasons for so doing in writing.

(3) A copy of the order containing the reasons for the cancellation of a licence shall be given to the holder of the licence on payment of a fee of one rupee.

46. *Appeals.*—(1) Any person may appeal to the Governor General in Council from an order of the Chief Inspector refusing to grant, amend or renew a licence or cancelling a licence.

(2) Any person may appeal to the immediate official superior of the District Authority from an order of the District Authority refusing to grant, amend or renew a licence or cancelling a licence.

(3) Every appeal shall be in writing and shall be accompanied by a copy of the order against which the appeal is made.

(4) The appeal shall be presented within 30 days when the order appealed against has been passed by the District Authority and within 60 days when the order has been passed by the Chief Inspector.

47. *Transfer of licence for storage.*—(1) The holder of a licence for the storage of carbide may, at any time before the expiry of the licence, apply for permission to transfer his licence to another person.

(2) Such application shall be made to the licensing authority who shall, if he approves of the transfer, enter upon the licence, under his signature, an endorsement to the effect that the licence has been transferred to the person named.

(3) A fee of one rupee shall be charged on each such application.

(4) The person to whom the licence is so transferred shall enjoy the same powers, and be subject to the same obligations under the licence as the original holder.

48. *Procedure on death or disability of licensee.*—(1) If a licensee dies or becomes insolvent or mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or confiscation under the Act or these rules for exercising the powers granted to the licensee by the licence during such time as may reasonably be required to allow him to make an application for a new licence in his own name for the unexpired portion of the original licence.

(2) A fee of one rupee shall be charged for a new licence for the unexpired portion of an original licence granted to any person applying for it under this rule.

49. *Loss of licence.*—Where a licence granted under these rules is lost or accidentally destroyed, a duplicate may be granted on payment of a fee of one rupee.

50. *Payment of fees.*—(1) Every application for the grant or renewal of a licence shall be accompanied by the fee payable thereon. If the licence is not granted or renewed, the fee shall be refunded.

(2) All fees chargeable under these rules in respect of licences granted by the District Authority shall be paid by means of impressed stamps or in cash.

(3) The payment of all other fees under these rules shall be made in cash or by cheque.

51. *Power to exempt from payment of fees.*—The Governor General in Council may, by general or special order, grant exemption from, or reduction of, any fee payable under these rules.

52. *Production of licence on demand.*—(1) Every person holding or acting under a licence granted under these rules shall produce it, or an authenticated copy of it, at the place to which the licence applies, when called upon to do so by any Inspector.

(2) Copies of any licence may, for the purposes of this rule, be authenticated free of charge by the authority which granted the licence.

FORM B.

(ARTICLE 1 OF SCHEDULE I.)

Licence to store Carbide of Calcium, not to be used by the licensee for generating acetylene gas, in quantity not exceeding 250 pounds at any one time.

No. Fee Rs.

Licence is hereby granted to

valid only for the storage of pounds of Carbide of Calcium in the building described below, subject to the provisions of the Petroleum Act, 1934, and the Carbide of Calcium Rules, 1937, and to the further conditions on the back of this licence.

This licence shall remain in force till the 31st day of December 19 .

The 19 . District Authority.

Description of the building referred to above.

Date of renewal.	Date of expiry.	Signature of licensing authority.

This licence is liable to be cancelled if the licensed premises when inspected are not found conforming to the description and conditions attached hereto and contravention of any of the rules and the conditions under which this licence is granted is also punishable with fine which may extend to five hundred rupees for a first offence and which may extend to two thousand rupees for any subsequent offence.

Conditions of licence.

1. If the licensing authority calls upon the holder of the licence, by notice in writing, to execute any repairs to the building licensed which may, in the opinion of such authority, be necessary for the safety thereof, the holder of the licence shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. Subject to the provisions of rules 19(3) and 21, the licensee shall not deliver any quantity of Carbide of Calcium exceeding twenty-eight pounds to any one who has not a licence to store Carbide of Calcium or

any quantity of Carbide of Calcium exceeding half a pound, except in accordance with the rules as to the manner in which the Carbide is to be packed.

3. Only one receptacle containing Carbide of Calcium shall be opened at a time and only for the time necessary for the removal of the Carbide required or for the refilling of other receptacles. During such removal or refilling every reasonable precaution shall be adopted for preventing moisture being brought into contact with the Carbide of Calcium, as well as for guarding against the risk of ignition of any gas which may be liberated.

4. Every storage receptacle of a greater storage capacity than two pounds shall be secured with a lock or be kept in a locked receptacle, so as to prevent unauthorised persons having access to the contents.

5. Due precautions shall at all times be taken for the prevention of accidents by fire or explosion and no smoking, fire or artificial light or article capable of igniting acetylene shall be permitted at any time within or near the building in which the Carbide is stored.

6. Free access to the licensed premises shall be given at all reasonable times to any Inspector or sampling officer and every facility shall be afforded to an Inspector to ascertain that the rules and the conditions of this licence are duly observed and to a sampling officer to inspect and take samples for testing of any carbide.

7. Any accident, fire or explosion occurring within the licensed premises, which is attended with loss of human life or serious injury to person or property shall be reported to the nearest Magistrate or to the Officer-in-charge of the nearest Police Station immediately and by telegraph or telephone where such means of communication are available.

8. No acetylene gas shall be generated in the licensed building.

FORM C.

(ARTICLE 2 OF SCHEDULE I.)

Licence to store Carbide of Calcium.

No. Fee Rs.

Licence is hereby granted to
valid only for the storage of pounds of Carbide of Calcium at any one time in the building described below subject to the provisions of the Petroleum Act, 1934, and the Carbide of Calcium Rules, 1937, and to the further conditions on the back of this licence.

This licence shall remain in force till the 31st day of December 19

Chief Inspector of Explosives in India.

The *19* .

Description of the building referred to above.

Date of renewal.	Date of expiry.	Signature of licensing authority.

This licence is liable to be cancelled if the licensed premises when inspected are not found conforming to the description and conditions attached hereto and contravention of any of the rules and the conditions under which this licence is granted is also punishable with fine which may extend to five hundred rupees for a first offence and which may extend to two thousand rupees for any subsequent offence.

Conditions of licence.

1. If the licensing authority calls upon the holder of the licence, by notice in writing, to execute any repairs to the building licensed which may, in the opinion of such authority, be necessary for the safety thereof, the holder of the licence shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. Subject to the provisions of rules 19(3) and 21, the licensee shall not deliver any quantity of Carbide of Calcium exceeding twenty-eight pounds to any one who has not a licence to store Carbide of Calcium or any quantity of Carbide of Calcium exceeding half a pound, except in accordance with the rules as to the manner in which the Carbide is to be packed.

3. Only one receptacle containing Carbide of Calcium shall be opened at a time and only for the time necessary for the removal of the Carbide required or for the refilling of other receptacles. During such removal or refilling every reasonable precaution shall be adopted for preventing moisture being brought into contact with the Carbide of Calcium, as well as for guarding against the risk of ignition of any gas which may be liberated.

4. Every storage receptacle of a greater storage capacity than two pounds shall be secured with a lock or be kept in a locked receptacle, so as to prevent unauthorised persons having access to the contents.

5. Due precautions shall at all times be taken for the prevention of accidents by fire or explosion and no smoking, fire or artificial light or article capable of igniting acetylene shall be permitted at any time within or near the building in which the Carbide is stored.

6. If Carbide of Calcium is used for the manufacture of acetylene gas, the following precautions for ensuring safety shall be adopted:—

(*a*) every apparatus for generating and storing acetylene gas other than a portable apparatus holding a charge of less than two pounds of Carbide shall be situate in an outbuilding, or in a suitable place in the open air;

(*b*) such apparatus shall be as far away as may be practicable from dwellings and, if in a building, such building shall be well ventilated and not used for any other purpose;

(*c*) no fire, flame or artificial light or article capable of igniting acetylene gas shall be taken into or near the building or place where the apparatus is situate;

(*d*) where an acetylene generator is used for oxy-acetylene welding or cutting, an efficient device shall be provided for preventing the passage of oxygen into the acetylene gas supply pipe; a separate device shall be provided for each blowpipe. Each such device must be kept in proper working order and shall be placed in a position, or be so protected that in the event of an explosion in the device, there would be no risk of injury to any person in the vicinity; and

(*e*) the rules relating to the manufacture of acetylene gas shall be observed.

7. Free access to the licensed premises shall be given at all reasonable times to any Inspector or sampling officer and every facility shall be afforded to an Inspector to ascertain that the rules and the conditions of this licence are duly observed and to a sampling officer to inspect and take samples for testing of any carbide.

8. Any accident, fire or explosion occurring within the licensed premises, which is attended with loss of human life or serious injury to person or property shall be reported to the nearest Magistrate or to the Officer-in-charge of the nearest Police Station immediately and by telegraph or telephone where such means of communication are available.

CANTONMENTS—REGULATIONS.

No. 202.—The following draft of certain amendments which it is proposed to make in the draft rules published with the notification of the Government of India in the Defence Department No. 150, dated the 27th February 1937, is published as required by sub-section (1) of section 280 of the Cantonments Act, 1924 (II of 1924), for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 20th April 1937.

Any objection or suggestion which may be received from any person with respect to the draft before the said date will be considered by the Governor-General in Council :—

Draft amendments.

1. After rule 27 of the said rules, the following rules shall be inserted, namely:—

"28. Notwithstanding anything contained in these rules, the Governor-General in Council may appoint a Civilian who is serving as an Executive Officer immediately before the introduction of these rules, to be a member of the Service in such grade and on such rate of pay within the scale for the grade as may be determined by the Governor-General in Council in each case.

29. (1) A Civilian Executive Officer appointed to the Service under rule 28 shall be required to pass a departmental examination in accordance with the provisions of rule 8. Such officer shall be on probation until he has successfully passed the departmental examination.

(2) If at the end of two years from the date of appointment the officer has not successfully passed the departmental examination his services shall be dispensed with.

30. Notwithstanding anything contained in these rules the Governor-General in Council may appoint a Class II Executive Officer of the Cantonments Department to be a member of grade I of the Service.

31. The terms and conditions of service of an officer appointed to the Service under rule 30 shall be those set out in Appendix II to these rules. These rules shall, to such extent as they are not inconsistent with the terms and conditions of service set out in Appendix II, apply to all officers appointed to the Service under rule 30."

2. Rules 28, 29 and 30 of the said rules shall be re-numbered 32, 33 and 34, respectively.

3. After Appendix I to the said rules, the following Appendix shall be added, namely:—

"APPENDIX II.

TERMS AND CONDITIONS OF SERVICE FOR EXECUTIVE OFFICERS HOLDING THE VICEROY'S COMMISSION OR BELONGING TO THE INDIAN TERRITORIAL FORCE WHO ARE APPOINTED TO THE CANTONMENT EXECUTIVE OFFICERS SERVICE.

1. An Executive Officer appointed under these rules shall, if he has not already passed the departmental examination for officers of the Cantonments Department, be required to pass the departmental examination, the syllabus of which is prescribed in Appendix I, by the lower standard within two years from the date he was first appointed in an officiating capacity as an Executive Officer of the Cantonments Department and by the higher standard within a further period of one year. Failure to pass the examination within the prescribed period will entail removal from the Service. 30 per cent. of the total number of marks in each paper will be required to pass by the lower standard and 75 per cent. by the higher standard.

2. *Pay.*—He will receive Rs. 400 per mensem on first appointment rising by annual increments of Rs. 20 to Rs. 500. Service in the Cantonments Department will be reckoned as service for pay and increments of pay. Increments up to Rs. 500 per mensem will be sanctioned by the General Officer Commanding-in-Chief, the Command, subject to the recommendation of the Director, Military Lands and Cantonments. The salary of an officer appointed to the Selection Grade will be governed by rule 13.

3. An officer who has successfully passed the departmental examination will be required to retire from the army and will receive the honorary rank of Captain on the analogy of the provisions in paragraph 732 of the Regulations for the Army in India. The grant of honorary rank will not, however, entitle him to a higher rate of pay or pension than that provided in this appendix.

On retirement from the army, which will entail the relinquishment of his commission, he will assume civilian status and will be subject to all general regulations affecting civil

officers including the Government Servants' Conduct Rules. He will be ineligible to return to military duty at any future date. Retirement from the Army will not, however, affect him in any way as regards pay, pension, etc., as laid down in this appendix.

4. *Leave.*—His furlough and leave will be governed by the Civil Service Regulations from the date on which he was confirmed in the Cantonments Department or is appointed to the service provided that he has successfully passed the departmental examination.

5. *Pension.*—The pension of an officer recruited from the regular Indian Army will be:—

Rs. 200 per mensem provided that he has rendered

(1) 10 years combined departmental service in the Cantonments Department and the Cantonment Executive Officers Service, and

(2) 30 years, or, if invalided, 25 years, combined army and departmental service.

Note.—All service will count from 20 years of age, or from the first date of Army service irrespective of rank, whichever is later.

An Executive Officer who does not qualify for the above pension will be entitled, subject to the usual conditions of satisfactory service, to the ordinary pension he would have earned if he had remained in the Army, his service in the Cantonments Department and in the Cantonment Executive Officers Service counting as Army qualifying service for that pension.

An officer recruited from the Indian Territorial Force will not be entitled to any pension.

6. *Provident Fund.*—An officer recruited from the Indian Territorial Force will be required to subscribe to the Provident Fund in accordance with rule 19.

An officer recruited from the regular Indian Army shall not be entitled to subscribe to the Cantonment Provident Fund."

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 19th February, 1937:—

L. A. Bill No. 11 of 1937.

A Bill further to amend the Indian Limitation Act, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for the purpose hereinafter appearing; It is hereby enacted as follows:— IX of 1908.

Short title.

1. This Act may be called the Indian Limitation (Amendment) Act, 1937.

Amendment of Article 149, First Schedule to Act IX of 1908.

2. In Article 149 in the First Division of the First Schedule to the Indian Limitation Act, 1908, to the entry in the first column the following words shall be added, namely:— IX of 1908.

"except a suit before the Federal Court in the exercise of its original jurisdiction".

STATEMENT OF OBJECTS AND REASONS.

Article 149 of the Indian Limitation Act, 1908 (IX of 1908), prescribes a special period of limitation of 60 years for any suit by or on behalf of the Secretary of State for India in Council. This Article will in future govern suits by a Province against a Province or between a Province and the Federation. The reasons which justify a specially long period of limitation for suits by the Crown against a private person hardly seem applicable where both parties represent the Crown. It is, therefore, necessary to amend the Article by excluding from its scope suits brought before the Federal Court in the exercise of its original jurisdiction.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 19th February, 1937:—

L. A. BILL No. 13 OF 1937.

A Bill further to amend the Indian Army Act, 1911, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Army Act, 1911, for the purpose hereinafter appearing; It is hereby enacted as follows:— VIII of 1911.

Short title. **1.** This Act may be called the Indian Army (Amendment) Act, 1937.

Amendment of section 2, Act VIII of 1911. **2.** In section 2 of the Indian Army Act, 1911,— VIII of 1911.

(*a*) to clause (*a*) of sub-section (*1*) the following proviso shall be added, namely:—

"Provided that a person holding a commission in the Army in India Reserve of Officers shall be so subject only when ordered on any duty or service for which he is liable as a member of such reserve force.": and

(*b*) to sub-section (*2*) the following proviso shall be added, namely:—

"Provided that an officer of the Indian Land Forces retired therefrom and appointed to the Indian Regular Reserve of Officers shall again become so subject when ordered on any duty or service for which he is liable as a member of such reserve force."

---

*The Governor General has been pleased to accord the sanction required by section 67 (*2*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

Under section 175 (*9*) of the Army Act, officers of the British wing of the Army in India Reserve of Officers are only subject to military law when called out in a military capacity. There is no corresponding provision in the Indian Army Act for officers in the Indian wing of the Army in India Reserve of Officers. It is proposed, therefore, to amend the Indian Army Act, 1911 (VIII of 1911), to put officers of the Indian wing in exactly the same position as officers in the British wing.

2. When Indian Commissioned Officers retire, they are liable under certain conditions to join the new Indian Regular Reserve. There is however no provision in the Indian Army Act for the subjection to military law of a retired officer who is in this Reserve. This defect is being remedied, but at the same time steps are being taken to ensure that such officers will only be subject to military law when ordered on any duty or service for which they are liable as members of the Reserve.

RESOLUTION—No. 7142L.R.

Calcutta, the 22nd March 1937.

Read—

The report of the Board of Revenue, Bengal, on the administration of the Wards, Attached and Trust Estates in the Presidency of Bengal for the year 1342 B.S. (1935-36).

1. At the beginning of the year under report the total number of estates under the management of the Court of Wards was 125. Seven new estates were brought under management of the Court and 3 estates were released during the year. Thus at the close of the year there were 129 estates in charge of the Court.

2. Out of the aggregate of Rs. 89,75,727 due to Government as revenue and cesses, a sum of Rs. 73,05,186 or 81·3 per cent. of the total was paid during the year, as against 80·2 per cent. in the previous year. The defaults accrued in heavily encumbered estates where the collections were insufficient to meet the pressing liabilities.

3 The total current demand due to the estates on account of rent and cesses was Rs 183·92 lakhs and arrear demand Rs 305·43 lakhs The total sum collected was Rs. 171·68 lakhs representing 35·0 per cent. of the total demand or 93·3 per cent of the current demand against 34·8 per cent. and 95 4, respectively, in the preceding year. The fall in the percentage of collection in certain estates in Chittagong is attributed to the continuance of comparatively low prices in that district.

Though the collection in Kasimbazar Estate is still below the standard, there has been an improvement in the last two years with a resulting improvement in the general position of that estate.

4. The total amount of ascertained debts of the Court of Wards Estates in the Presidency at the close of the year under report stood at Rs. 2,89,41,124 against Rs. 3,39,69,781 in the preceding year. The principal repaid or otherwise reduced was Rs. 44,20,325 and the interest paid or otherwise reduced Rs. 17,18,584 as compared with Rs. 22,25,315 and Rs. 16,40,257, respectively, in the previous year

5. The percentage of cost of management of the estates in the whole Presidency on their current rent and cess demand was 11·8 as against 9·7 of the preceding year. Law expenses rose from Rs. 10·60 lakhs in 1934-35 to Rs 11·69 lakhs.

6. The total sum spent during the year under the heads Schools, dispensaries and works of improvement amounted to Rs. 5,52,269 against Rs. 5,83,122 in the preceding year.

7. The thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the estates under the management of the Court of Wards. He also notices with pleasure the work done by the Managers mentioned in the report.

Order.—Ordered that the resolution be published in the *Calcutta Gazette.*

By order of the Governor in Council,

J. B. KINDERSLEY,

Secy. to the Govt. of Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 23rd March 1937.

Forecast of the Rabi Crops of Bengal for 1936-37.

(*Note.*—On an average of the five years ending 1934-35, the area under summer rice in Bengal has represented some 0·4 per cent. of the total area under rice in British India.)

Character of the season.—Good rainfall in October facilitated the preparatory tillage for and sowing of the crops which commenced generally in the normal time. Subsequent dry weather since November proved helpful to the germination and growth of the crops. In the middle part of February heavy rainfall caused some damage to the crops especially in some districts of West and North Bengal. On the whole, the season has been a fairly favourable one for the crops this year.

Acreage.—The normal area under the different *rabi* crops dealt with in this forecast is estimated at 3,518,000 acres. The area actually sown this year is reported to be 3,221,800 acres as against 3,036,400 acres last year. Of this, the area under summer rice is reported at 432,300 acres as against 403,700 acres last year and that under tobacco is 307,300 acres as against 307,100 acres last year.

Outturn.—According to District Officers' estimates, the average outturn of the different *rabi* crops for the province, as a whole, works out at 84 per cent. of the normal as against 76 per cent. last year, the outturn for the more important *rabi* districts being as follows:—

Mymensingh 100, Dacca 80, Rangpur 90, Murshidabad 76, Faridpur 82, Pabna 79, Noakhali 75, Rajshahi 78, Bakarganj 100, Tippera 70, Nadia 66, Jalpaiguri 84, Malda 80, Bogra 75, Jessore 58 and Khulna 80.

Summer rice and tobacco crops.—The outturn of summer (*boro*) rice, according to District Officers' estimates, is 92 per cent. of the normal as against 85 per cent. last year. The gross yield of the crop for the province on a basis of the normal yield of 15 maunds of clean rice per acre is estimated at 219,200 tons this year as against 189,100 tons last year.

The outturn of tobacco crop is estimated at 88 per cent. of the normal as against 79 per cent. last year. Taking 14½ maunds as the normal yield of the crop per acre, the gross yield of the crop for the province this year is estimated at 144,000 tons as against 129,200 tons last year.

Director of Agriculture, Bengal.

CORPORATION OF CALCUTTA.

NOTICES.

Central Municipal Office, the 23rd March 1937.

It is hereby notified for general information that the Corporation of Calcutta under powers vested in them in this behalf have by a resolution, dated the 10th March 1937, prescribed the alignment of a 20 feet projected public street connecting Olai Chandi Road with a new Calcutta Improvement Trust Road in the open space in Cossipore in Ward No. 30.

A copy of the plan prepared in this behalf may be seen in the office of the Chief Valuer and Surveyor of the Corporation any day except Saturday between the hours of 11 a.m. and 3 p.m. on payment of usual fees.

Central Municipal Office, the 1st April 1937.

In accordance with the provisions of section 486 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Government of Bengal in the Ministry of Local Self-Government have, in their letter No. 598M., dated the 4th February 1937, sanctioned, under section 483 of the Act, the following rules framed by the Corporation in supersession of the existing rules, under sections 71(*9*) and 75(*4*) of the Act, for regulating the conduct of business at the meetings of Standing Committees and their Sub-Committees and of Special Committees of the Corporation :—

Rules framed by the Corporation under sections 71 (9) and 75 (4) of the Calcutta Municipal Act, 1923.

[*For the conduct of business at the meetings of the Standing Committees of the Corporation and their Sub-Committees and of Special Committees.*]

1. *Dates and times of meetings.*—Meetings of Committees shall be called by the Secretary at such times and on such days as may be convenient, subject to any directions which may be given by the Corporation, or the Committee concerned or by the Chairman, or in his absence by the Deputy Chairman of the Committee concerned.

2. *Appointment of President.*—Every Committee shall appoint two of their members to be their Chairman and Deputy Chairman. At the first meeting of every Committee the first business shall be to choose a Chairman and a Deputy Chairman.

In the absence of the Chairman or the Deputy Chairman, the members of the Committee present shall choose one of their members to preside over the meeting for that particular occasion.

3. *Quorum.*—The quorum of any Committee shall be such a number as exceeds by one one-sixth of the number of members on the Committee.

4. *Vacancies in Committees.*—Every vacancy in any Standing or Special Committee or Sub-Committee shall be notified to the Corporation or to the parent Committee, as the case may be, at their next meeting after such vacancy shall have occurred, whereon such vacancy may be filled up.

5. *Information for Committee.*—The Executive Officers or other heads of departments may be present at meetings of Committees when matters relating to their respective departments are being discussed and may put before the Committee the point of view of the department. The abovementioned officers shall, if required by the Committee to do so, attend the meeting of the Committee and place before it all information in their possession.

6. *Reports to be signed by the Chairman.*—The reports of all Committees presented to the Corporation shall be signed by the Chairman, or in his absence by the Deputy Chairman or in his absence by the member presiding.

7. *Submission of resolution by Councillor or Alderman.*—Any Councillor or Alderman may submit to a meeting of any Committee any motion pertaining to any matter within the purview of that Committee provided that he shall give not less than three days' previous notice thereof in writing to the Secretary.

8. *Circulation of the list of business and notice of resolution.*—The Secretary shall send to every member of a Committee not less than forty-eight hours before the time of meeting a list of the business to be transacted at each meeting of the said Committee including any motion of which he may have received notice under rule 7.

9. No Alderman or Councillor, who is not a member of a Committee shall be present at a meeting of the Committee unless invited or unless permitted by the Chairman of the meeting. A Councillor or Alderman, who has given notice of a motion under rule 7 shall be invited to attend the meeting of a Committee only when such motion is taken up for discussion. He may take part in discussion of the motion but he shall not vote.

10. *Mode of deciding a question.*—Every question brought before a Committee shall be decided by a majority of votes of the members voting on that question, the Chairman or the Member presiding having a second or a casting vote in case of equality of votes.

11. *Adjournments of meetings if no quorum.*—If at the expiration of 15 minutes after the hour at which any meeting is appointed to be held on a particular day the number necessary to form a quorum be not present, no business shall be transacted on that day. If at any time during the meeting there is no quorum the meeting shall terminate. Any member may at any time during the meeting move for the adjournment of the meeting and if the motion is carried, such meeting shall be adjourned to such other day as may be found convenient.

12. *Action in case of no quorum.*—If there is no quorum present on three successive occasions when the meeting has been called, the matter shall be placed before the Corporation, or in the case of Sub-Committees, before the parent Committee for necessary directions.

13. *Appointments.*—In determining the question of the appointment of a candidate for employment in the Corporation, the members of the Committee shall proceed by the system of elimination until one candidate obtains an absolute majority of the votes of the members present and voting. The Committee shall decide in each case of appointment the method of voting.

14. *President to regulate business.*—The Chairman or the member presiding shall regulate the course of all business brought forward at the meetings of the Committee. He shall preserve order and all points of order shall be decided by him. No discussion on any point of order shall be allowed. Any member may, at any time, submit a point of order to the decision of the President.

No matter shall be brought forward at any meeting, or if such meeting be adjourned at the adjourned meeting, which at the same meeting or at the adjourned meeting has been disposed of by the Committee.

Amendments having the mere effect of a negative vote shall not be moved.

15. A motion from a Councillor or Alderman to rescind or alter a resolution of a Committee must reach the Secretary within a fortnight of the passing of such resolution. Such a motion shall be considered by the Committee at its next meeting.

No motion for reconsideration or rescission of a resolution passed by a Committee shall be entertained if the Committee has once reconsidered the matter and arrived at a decision thereon:

Provided that it shall be open to the Chief Executive Officer to bring up any matter for reconsideration at any time on sufficient grounds.

16. The Chairman of any Committee shall be entitled to bring up before the Committee any item of business within the purview of the Committee and get it included in the agenda for the meeting.

17. If in any case the Chief Executive Officer is satisfied that the proceedings of any Committee in any respect are in contravention of the Act, he shall forthwith place the matter before the Committee for further consideration.

J. C. MUKERJEA,
Chief Executive Officer.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 24th March 1937.

Summary.—During the week the rainfall was generally light and scattered. More rain is badly needed for sowings of jute and paddy. Harvesting of *rabi* crops is continuing. Prospects of standing crops are generally fair. The average price of common rice for the Province has fallen by about 0·09 per cent. as compared with that of the previous week.

LETTERS PATENT passed under the Great Seal of the Realm constituting the office of Governor of Bengal.

Dated 5th March 1937.

GEORGE THE SIXTH by the Grace of God of Great Britain, Ireland and of the British Dominions beyond the Seas King Defender of the Faith Emperor of India:

To all to whom these Presents shall come

GREETING:

WHEREAS by sections 46 and 48 of the Government of India Act, 1935, it is enacted that the Governor of Bengal is appointed by Us by a Commission under Our Sign Manual:

AND WHEREAS provision is made in section 304 of the said Act for the appointment by Us of persons to act as the Governor of a Province during the absence of the Governor from India:

AND WHEREAS We are minded to make provision for the office of Our Governor of Bengal:

NOW, THEREFORE, We do declare Our Will and Pleasure to be as follows:—

1. We do hereby constitute, order and declare that there shall be a Governor of Bengal.

2. One of Our Principal Secretaries of State may grant to Our Governor of Bengal once during his term of office leave of absence from India for urgent reasons of health or of private affairs. Such leave of absence shall not exceed four months in duration unless Our Secretary of State shall see fit to extend the period so granted, in which case he shall set forth the reasons for the extension in a minute to be signed by himself and laid before both Houses of Parliament.

3. And We do hereby require and command all Our officers, civil and military, and all other the inhabitants of Bengal to be aiding and assisting unto Our said Governor.

4. And We do hereby reserve to Ourselves, Our heirs and successors, full power and authority from time to time to revoke, alter or amend these Our Letters Patent as to Us or them shall seem meet.

IN WITNESS whereof We have caused these Our Letters to be made Patent. Witness Ourself at Westminster the Fifth day of March in the First year of Our Reign.

INDIA.

INSTRUCTIONS passed under the Royal Sign Manual and Signet to the Governor of Bengal.

Dated 8th March 1937.

GEORGE R. I.

INSTRUCTIONS to Our Governor for the time being of Bengal.

GIVEN at Our Court at Buckingham Palace the Eighth day of March 1937 in the First year of Our Reign.

WHEREAS by Letters Patent bearing date the Fifth day of March Nineteen hundred and thirty-seven We have made permanent provision for the Office of Governor of Bengal:

AND WHEREAS by those Letters Patent and by the Act of Parliament passed on the second day of August, Nineteen hundred and thirty-five and entitled the Government of India Act, 1935 (hereinafter called "the Act"), certain powers, functions and authority for the government of the Province of Bengal are declared to be vested in the Governor as Our Representative:

AND WHEREAS, without prejudice to the provision in the Act that in certain regards therein specified the Governor shall act according to instructions received from to time from Our Governor-General, and to the duty of Our Governor to give effect to instructions so received, We are minded to make general provision regarding the due manner in which Our said Governor shall execute all things which, according to the Act and the said Letters Patent, belong to his Office, and to the trust which We have reposed in him:

AND WHEREAS a draft of these Instructions has been laid before Parliament in accordance with the provisions of sub-section (1) of section fifty-three of the Act and an Address has been presented to Us by both Houses of Parliament praying that instructions may be issued in the terms of these Instructions:

NOW, THEREFORE, We do by these Our Instructions under Our Sign Manual and Signet declare Our pleasure to be as follows:—

A.—INTRODUCTORY.

I. Under these Our Instructions, unless the context otherwise require, the term "Governor" shall include every person for the time being acting as Governor according to the provisions of the Act.

II. Our Governor for the time being shall, with all due solemnity, cause Our Commission under Our Sign Manual appointing him to be read and published in the presence of the Chief Justice for the time being, or, in his absence, other Judge, of the High Court of the Province.

III. Our said Governor shall take the oath of allegiance and the oath for the due execution of the Office of Our Governor of Bengal, and for the due and impartial administration of justice, in the form hereto appended, which oaths the Chief Justice for the time being, or in his absence any Judge, of the High Court, shall, and he is hereby required to, tender and administer unto him.

IV. And We do authorise and require Our Governor, by himself or by any other person to be authorised by him in that behalf, to administer to every person appointed by him to hold office as a member of the Council of Ministers the oaths of office and of secrecy hereto appended.

V. And We do further direct that every person who under these Instructions shall be required to take an oath may make an affirmation in place of an oath if he has any objection to making an oath.

VI. And whereas great prejudice may happen to Our service by the absence of Our Governor, he shall not quit India during his term of office without having first obtained leave from Us under Our Sign Manual or through one of Our Principal Secretaries of State.

B.—IN REGARD TO THE EXECUTIVE AUTHORITY OF THE PROVINCE.

VII. In making appointments to his Council of Ministers Our Governor shall use his best endeavours to select his Ministers in the following manner, that is to say, to appoint in consultation with the person who in his judgment is most likely to command a stable majority in the Legislature those persons (including so far as practicable members of important minority communities) who will best be in a position collectively to command the confidence of the Legislature. In so acting, he shall bear constantly in mind the need for fostering a sense of joint responsibility among his Ministers.

VIII. In all matters within the scope of the executive authority of the Province, save in relation to functions which he is required by or under the Act to exercise in his discretion, Our Governor shall in the exercise of the powers conferred upon him be guided by the advice of his Ministers, unless in his opinion so to be guided would be inconsistent with the fulfilment of any of the special responsibilities which

are by the Act committed to him, or with the proper discharge of any of the functions which he is otherwise by or under the Act required to exercise in his individual judgment; in any of which cases Our Governor shall, notwithstanding his Ministers' advice, act in exercise of the powers by or under the Act conferred upon him in such manner as to his individual judgment seems requisite for the due discharge of the responsibilities and functions aforesaid. But he shall be studious so to exercise his powers as not to enable his Ministers to rely upon his special responsibilities in order to relieve themselves of responsibilities which are properly their own.

IX. Our Governor shall interpret his special responsibility for the safeguarding of the legitimate interests of minorities as requiring him to secure, in general, that those racial or religious communities for the members of which special representation is accorded in the Legislature, and those classes of the people committed to his charge who, whether on account of the smallness of their number or their primitive condition or their lack of educational or material advantages or from any other cause, cannot as yet fully rely for their welfare upon joint political action in the Legislature, shall not suffer, or have reasonable cause to fear, neglect or oppression. But he shall not regard as entitled to his protection any body of persons by reason only that they share a view on a particular question which has not found favour with the majority.

Further, Our Governor shall interpret the said special responsibility as requiring him to secure a due proportion of appointments in Our Services to the several communities, and, so far as there may be in his Province at the date of the issue of these Our Instructions an accepted policy in this regard, he shall be guided thereby, unless he is fully satisfied that modification of that policy is essential in the interests of the communities affected or of the welfare of the public.

X. In the discharge of his special responsibility for the securing to members of the public services of any rights provided for them by or under the Act and the safeguarding of their legitimate interests Our Governor shall be careful to safeguard the members of Our Services not only in any rights provided for them by or under the Act or any other law for the time being in force, but also against any action which, in his judgment, would be inequitable.

XI. The special responsibility of Our Governor for securing in the sphere of executive action any of the purposes which the provisions of Chapter III of Part V of the Act are designed to secure in relation to legislation shall be construed by him as requiring him to differ from his Ministers if in his individual judgment their advice would have effects of the kind which it is the purpose of the said Chapter to prevent, even though the advice so tendered to him is not in conflict with any specific provision of the Act.

XII. Our Governor shall construe his special responsibility for the protection of the rights of any Indian State as requiring him to see that no action shall be taken by his Ministers which would imperil the economic life of any State, or affect prejudicially any right of any State heretofore or hereafter recognised, whether derived from treaty, grant, usage, sufferance or otherwise: and he shall refer to Our Governor-General any questions which may arise as to the existence of any such right.

XIII. In the framing of rules for the regulation of the business of the Provincial Government Our Governor shall ensure that, amongst other provisions for the effective discharge of that business, due provision is made that the Finance Minister shall be consulted upon any proposal by any other Minister which affects the finances of the Province: and further that no reappropriation within a Grant shall be made by any Department other than the Finance Department, except in accordance with such rules as the Finance Minister may approve; and that in any case in which the Finance Minister does not concur in any such proposal the matter shall be brought for decision before the Council of Ministers. He shall further in those rules make due provision to secure that prompt attention is paid to any representation received by his Government from any minority.

XIV. Having regard to the powers conferred by the Act upon Our Secretary of State to appoint persons to Our service if, in his opinion, circumstances arise which render it necessary for him so to do in order to secure efficiency in irrigation, Our Governor shall make it his care to see that he is kept constantly supplied with information as to the conduct of irrigation in his Province in order that he may, if need be, place this information at the disposal of Our Governor-General.

XV. In the exercise of the powers by law conferred upon him in relation to the administration of areas declared under the Act to be Excluded or Partially Excluded Areas, or to the discharge of his special responsibility for the safeguarding of the legitimate interests of minorities, Our Governor shall, if he thinks this course would enable him the better to discharge his duties to the inhabitants of those areas or to primitive sections of the population elsewhere, appoint an officer with the duty of bringing their needs to his notice and advising him regarding measures for their welfare.

C.—Matters affecting the Legislature.

XVI. In determining whether he shall in Our name give his assent to, or withhold his assent from, any Bill Our Governor shall, without prejudice to the generality of his power to withhold his assent on any ground which appears to him in his discretion to render such action necessary or expedient, have particular regard to the bearing of the provisions of the Bill upon any of the special responsibilities imposed upon him by the Act.

XVII. Without prejudice to the generality of his powers as to reservation of Bills, Our Governor shall not assent in Our name to, but shall reserve for the consideration of Our Governor-General, any Bill of any of the classes herein specified, that is to say:—

(*a*) any Bill the provisions of which would repeal or be repugnant to the provisions of any Act of Parliament extending to British India;

(*b*) any Bill which in his opinion would, if it became law, so derogate from the powers of the High Court as to endanger the position which that Court is by the Act designed to fill;

(*c*) any Bill regarding which he feels doubt whether it does, or does not, offend against the purposes of Chapter III of Part V or section 299 of the Act;

(*d*) any Bill which would alter the character of the Permanent Settlement.

And in view of the provisions in this clause of these Our Instructions, it is Our will and pleasure that if his previous sanction is required under the Act to the introduction of any Bill of the last-mentioned description Our Governor shall not withhold that sanction to the introduction of the Bill.

XVIII. It is Our will that the power vested by the Act in Our Governor to stay proceedings upon a Bill, clause or amendment in the Provincial Legislature in the discharge of his special responsibility for the prevention of grave menace to peace and tranquillity shall not be exercised unless, in his judgment, the public discussion of the Bill, clause or amendment would itself endanger peace and tranquillity.

XIX. It is Our will and pleasure that the seats in the Legislative Council to be filled by the nomination of Our Governor shall be so apportioned as in general to redress, so far as may be, inequalities of representation which may have resulted from election, and in particular to secure representation for women and the Scheduled Castes in that Chamber.

D.—General.

XX. And generally Our Governor shall do all that in him lies to maintain standards of good administration; to promote all measures making for moral, social and economic welfare and tending to fit all classes of the population to take their due share in the public life and government of the Province; and to secure amongst all classes and creeds co-operation, goodwill and mutual respect for religious beliefs and sentiments; and he shall further have regard to this Instruction in the exercise of the powers by law conferred upon him in relation to matters whether of legislation or of executive government.

XXI. And We do hereby charge Our Governor to communicate these Our Instructions to his Ministers and to publish the same in his Province in such manner as he may think fit.

APPENDIX.

Form of Oath of Allegiance.

I, , do swear that I will be faithful and bear true allegiance to His Majesty, King George the Sixth, Emperor of India, His Heirs and Successors, according to law.

So help me God.

Form of Oath of Office.

I, , do swear that I will well and truly serve Our Sovereign, King George the Sixth, Emperor of India, in the Office of , and that I will do right to all manner of people after the laws and usages of India, without fear or favour, affection or ill-will.

So help me God.

Form of Oath of Secrecy for Ministers.

I, , do swear that I will not directly or indirectly communicate or reveal to any person or persons any matter which shall be brought under my consideration, or shall become known to me as a Minister in Bengal, except as may be required for the due discharge of my duties as such Minister or as may be specially permitted by the Governor in the case of any matter pertaining to the functions to be exercised by him in his discretion.

So help me God.

NOTIFICATION.

No. 8354A.R.—1st April 1937.—In exercise of the powers conferred by section 241 of the Government of India Act, 1935, and of all other powers enabling him in this behalf, the Governor is pleased to make the following rules:—

1. (*1*) These rules may be called the Bengal Legislative Assembly Department Rules, 1937

(*2*) They shall come into force on the 1st April 1937.

2. In these rules—

(*a*) "Assembly" means the Bengal Legislative Assembly;
(*b*) "Speaker" means the Speaker of the Bengal Legislative Assembly.

3. The Assembly Department shall consist of—

(*1*) the Secretary and Assistant Secretary to the Assembly; and
(*2*) so many Superintendents, Reporters, Assistants, clerks, stenographers, and menials as shall from time to time be considered necessary by the Governor.

4. Subject to the ultimate authority of the Governor, the Speaker shall administer the Assembly Department.

5. The Secretary shall, subject to the approval of the Speaker, exercise full control over the clerical and menial staff of the Assembly Department and shall be responsible for the smooth working of the department.

6. The Speaker may delegate to the Secretary such of his powers and for such time as may be necessary. The Secretary similarly may delegate such of his powers for such time as he thinks proper to the Assistant Secretary.

7. The Secretary and Assistant Secretary to the Assembly shall be appointed by the Governor in consultation with the Bengal Public Service Commission:

Provided that it shall not be necessary to consult the Public Service Commission in the case of a temporary or officiating appointment to either of these posts.

8. The pay of the Secretary and Assistant Secretary to the Assembly shall be such as the Governor may direct.

9. It shall be competent for the Speaker after consultation with the Secretary to appoint members of the clerical establishment of the Assembly Department, the methods of recruitment being such as may from time to time be laid down for corresponding grades in the Secretariat.

10. The Speaker may select from the assistants' cadre of the Assembly Department one assistant to act as his Personal Assistant, who, together with the reporter or stenographer attached to the Speaker, shall be under the Speaker's direct control so long as they continue to be his Personal Assistant and reporter or stenographer respectively.

11. Members of the menial establishment shall be appointed by the Secretary.

12. No order involving any of the following punishments, namely:—

(*i*) formal censure,

(*ii*) withholding an increment or promotion including stoppage at an efficiency bar,

(*iii*) suspension,

(*iv*) removal, or

(*v*) dismissal,

shall be passed, in respect of the Secretary or Assistant Secretary, except by the Governor after consulting the Speaker and no such order shall be passed except after consulting the Bengal Public Service Commission.

13. The Secretary may, for good and sufficient reason,

(*1*) censure,

(*2*) withhold increments or promotion (including stoppage at an efficiency bar) or,

(*3*) reduce to a lower post or time-scale or to a lower stage in a time-scale,

(*4*) suspend, where such suspension is imposed not as a punishment but to facilitate the proper investigation of a case against the officer suspended,

any member of the clerical establishment:

Provided that an appeal shall lie to the Speaker against every such order.

14. The Speaker may, for good and sufficient reason,

(*1*) remove or

(*2*) dismiss

any member of the clerical establishment:

Provided that an appeal shall lie to the Governor against any such order and no such appeal shall be decided without consulting the Bengal Public Service Commission.

15. The Secretary may impose any of the punishments specified in rules 13 and 14 on any member of the menial establishment:

Provided that an appeal shall lie to the Speaker against any such order.

16. The grant of leave to the Secretary or Assistant Secretary shall require the sanction of the Speaker and the Governor. Subject to any direction the Speaker may give, it shall be competent for the Secretary to grant casual leave to members of the clerical and menial establishments. The sanction of the Speaker shall be required for the grant of leave other than casual leave. The grant of special disability leave shall require the sanction of the Governor.

17. In respect of all matters affecting the clerical and menial establishment of the Assembly Department, not otherwise provided for in these rules, the rules and orders applicable to persons of corresponding rank in the Secretariat shall apply.

18. In the case of a vacancy in the office of Speaker the Secretary shall, subject to any directions of the Governor, assume full responsibility for the affairs of the department, provided that any matters which would ordinarily require the approval of the Speaker and which can without detriment to the public interest be deferred until a Speaker has been chosen shall be so deferred.

19. Any person holding a post in the Bengal Legislative Council Department immediately prior to the 1st April 1937 shall be deemed to have been duly appointed in accordance with these rules to the corresponding post in the Assembly Department.

G. P. Hogg,

Secy. to the Govt. of Bengal.

HOME DEPARTMENT.

Constitution and Elections.

NOTIFICATION.

No. 8350 A.R.—1st April 1937.—The Bengal Legislative Council Rules in force immediately before the commencement of Part III of the Government of India Act, 1935, as modified and adapted for the purposes of the Bengal Legislative Assembly by the Governor in exercise of his powers under sub-section (3) of section 84 of the said Act are hereby published for general information :—

1. These rules may be called the Bengal Legislative Assembly Rules. Short title.

2. In these rules— Definitions.

"the Act" means the Government of India Act, 1935 ;

"Assembly" means the Bengal Legislative Assembly ;

"Chamber" means a Chamber of the Bengal Legislature ;

"Council" means the Bengal Legislative Council ;

"Finance Minister" means the Minister appointed by the Governor to perform the functions of the Finance Minister under the rules and standing orders ;

"Gazette" means the *Calcutta Gazette* ;

"member" means a member of the Assembly ;

"Minister" means a Member of the Council of Ministers, and includes any member to whom such Minister may delegate any function assigned to him under the rules or standing orders ;

"Secretary" means the Secretary to the Assembly, and includes any person for the time being performing the duties of the Secretary ;

"session" means the whole period, from the time when the Assembly meets to the time when it is prorogued ;

"standing order" means a standing order of the Assembly ;

Words and expressions used in the Act and not defined in these rules shall have the meanings assigned to them in the Act.

Temporary Chairman.

3. At the commencement of every session the Speaker shall nominate from amongst the members of the Assembly a panel of not more than four Chairmen any one of whom may preside over the Assembly in the absence of the Speaker and Deputy Speaker, when so requested by the Speaker, or in his absence, by the Deputy Speaker.

Members absent from meetings of the Assembly for sixty days.

4. (*1*) If a member finds at any time that he is unable to attend meetings of the Assembly for a period of sixty days, computed in the manner provided in the proviso to sub-section (*4*) of section 68 of the Act, he shall apply for permission to be so absent.

(*2*) Such application shall, as soon as possible after receipt, be considered by the Assembly in such manner as the Speaker may determine.

(*3*) The Secretary shall inform the member, as soon as possible, of the decision of the Assembly on his application.

(*4*) If a member is absent without permission, from all meetings of the Assembly for a period of sixty days or more, computed in the manner provided in the proviso to sub-section (*4*) of section 68 of the Act, any member may move that such member's seat be declared vacant.

(*5*) A member shall give three days' notice of such a motion and shall, with his notice, forward a complete statement of the dates on which the member whose seat is to be declared vacant was absent.

(*6*) No such motion shall be admitted for discussion if the Speaker is satisfied that the statement is inaccurate.

(*7*) If such motion is carried, the Secretary shall intimate the fact to the Governor.

(*8*) The Secretary shall keep a list showing the names of all members who are absent for sixty days or more, computed in the manner provided in the proviso to sub-section (*4*) of section 68 of the Act, from all meetings of the Assembly and such list shall be made available for inspection by members.

Election of Speaker by the Assembly.

5. (*1*) When owing to a vacancy in the office of the Speaker it is necessary to choose a member as Speaker the Governor shall fix a date for the holding of the election, and the Secretary shall send to every member notice of the date so fixed.

(*2*) At any time before 1 p.m. on the day preceding the date so fixed any member may nominate another member for election by delivering to the Secretary a nomination paper signed by himself as proposer and by a third member as seconder and stating—

(*a*) the name of the member nominated, and

(*b*) that the proposer has ascertained that such member is willing to serve as Speaker if elected.

(*3*) The person presiding shall read out to the Assembly the names of the members who have been duly nominated together with those of their proposers and seconders, and, if only one member has been so nominated, shall declare that member to be elected. If more than one member has been so nominated, the Assembly shall proceed to elect a Speaker by ballot.

(*4*) For the purposes of sub-rule (*3*), a member shall not be deemed to have been duly nominated or be entitled to vote if he and his proposer and seconder have not, before the reading out of the names by the person presiding, made the oath or affirmation as members of the Assembly.

(*5*) Where more than two candidates have been nominated and at the first ballot no candidate obtains more votes than the aggregate votes obtained by the other candidates, the candidate who has obtained the smallest number of votes shall be excluded from the election and balloting shall proceed, the candidate obtaining the smallest number of votes at each ballot being excluded from the election, until one candidate obtains more votes than the remaining candidate or than the aggregate votes of the remaining candidates, as the case may be.

(*6*) Where at any ballot any of three or more candidates obtain an equal number of votes and one of them has to be excluded from the election under sub-rule (*5*), the determination as between the candidates whose votes are equal of the candidate who is to be excluded shall be by drawing of lots.

Language of the Assembly.

6. If any member is unacquainted or not sufficiently acquainted with the English language he may address the Assembly in Bengali or Hindustani provided that the Speaker may call on any member to speak in any language in which he is known to be proficient.

Decision on points of order.

7. (*1*) The Speaker shall decide all points of order which may arise, and his decision shall be final.

(*2*) Any member may at any time submit a point of order for the decision of the Speaker, but in doing so shall confine himself to stating the point.

Irrelevance or repetition.

8. The Speaker, after having called the attention of the Assembly to the conduct of a member who persists in irrelevance or in tedious repetition either of his own arguments or of the arguments used by other members in debate, may direct him to discontinue his speech.

Power to order withdrawal of member.

9. (*1*) The Speaker shall preserve order and have all powers necessary for the purpose of enforcing his decisions on all points of order.

(2) He may direct any member whose conduct is in his opinion grossly disorderly to withdraw immediately from the Assembly, and any member so ordered to withdraw shall do so forthwith and shall absent himself during the remainder of the day's meeting. If any member is ordered to withdraw a second time in the same session, the Speaker may direct the member to absent himself from the meetings of the Assembly for any period not longer than the remainder of the session, and the member so directed shall absent himself accordingly. The member so directed to be absent shall not be deemed to be absent for the purposes of sub-section (4) of section 68 of the Act.

(3) The Speaker may in the case of grave disorder arising in the Assembly suspend any sitting for a time to be named by him.

Allotment of time for private members' business and precedence of business.

10. (1) The Governor, after considering the state of business of the Assembly shall allot so many days as may in his opinion be possible, compatibly with the public interests for private members' business and may allot different days for the disposal of different classes of such business; and on days so allotted for any particular class of business, business of that class shall have precedence. On other days no business other than Government business shall be transacted except with the consent of the Governor.

(2) Nothing in sub-rule (1) shall affect the provisions of rules 23 and 24.

Governor's power to give precedence to special business.

11. The Governor acting in his discretion may—

(a) at the commencement of a session of the Assembly, allot a day or days for business relating to any matter which, in the opinion of the Governor, affects the discharge of his functions in so far as he is required by or under the Act to act in his discretion or to exercise his individual judgment, and on such day or days such business shall have precedence ;

(b) at any time during a session, require that any business of the nature referred to in clause (a) shall be taken up on any day or days specified in such requisition, and on such day or days such business shall have precedence.

Disallowance of questions by the Speaker.

12. The Speaker may disallow any question or any part of a question, on the ground that it relates to a matter which is not primarily the concern of the Provincial Government and, if he does so, the question, or part of the question, shall not be placed on the list of business.

Certain questions not to be asked without the consent of the Governor.

13. (*1*) No question shall be asked, save with the consent of the Governor acting in his discretion, in regard to any of the following subjects, namely :—

(*i*) any matter connected with the relations between His Majesty or the Governor General and any foreign State or Prince ;

(*ii*) the personal conduct of the Ruler of any Indian State or of a member of the ruling family thereof ;

(*iii*) any matter arising out of or affecting the administration of an excluded area.

(*2*) No question shall be asked on any matter connected with any Indian State unless the Governor acting in his discretion—

(*i*) is satisfied that the matter affects the interests of the Provincial Government or of a British subject ordinarily resident in the Province, and

(*ii*) has given his consent to the question being asked.

(*3*) If the Speaker is of opinion that a question is or may be one which cannot be asked save with the consent of the Governor, he shall, as soon as may be after the receipt of the notice of the question, forward to the Governor a copy thereof and, unless the Governor (whose decision in the matter shall be final), decides in his discretion that the question may be put, it shall not be entered in the list of business.

(*4*) Notwithstanding the fact that the Speaker has made no reference under sub-rule (*3*), if the Governor acting in his discretion considers that any question or part of a question is one which cannot be asked without his consent, he may withhold his consent to the asking of the question and, on communication to the Speaker of his decision which shall be final, the question shall not be entered in the list of business or, if it has been so entered, the Speaker shall decline to allow the question to be put.

(*5*) The Speaker shall disallow any supplementary question if, in his opinion, it infringes the provisions of this rule.

Subject-matter of questions.

14. A question may be asked for the purpose of obtaining information on a matter of public concern within the special cognisance of the member to whom it is addressed.

Disallowance of questions by the Governor.

15. The Governor acting in his discretion may at any time before a question is asked inform the Speaker that he disallows the question or any part of the question on the ground that it affects the discharge by him of his functions in so far as he is required by or under the Act to act in his discretion or to exercise his individual judgment and if he does so the question or part of the question shall not be entered in the list of business or, if it has been so entered, the Speaker shall decline to allow the question to be put.

Questions regarding controversy with higher authorities.

16. In matters which are or have been the subject of controversy between the Governor General in Council or the Secretary of State and the Provincial Government, no question shall be asked, except as to matters of fact, and the answer shall be confined to a statement of facts.

Supplementary questions.

17. Any member may put a supplementary question for the purpose of further elucidating any matter of fact regarding which an answer has been given:

Provided that the Speaker shall disallow any supplementary question if, in his opinion, it infringes the rules as to the subject-matter of questions.

Restrictions on the making of certain motions.

18. The provisions of rules 40 and 42 shall, so far as may be, apply to all motions.

Publication of Bills.

19. The Governor may order the publication of any Bill (together with the Statement of Objects and Reasons accompanying it) in the Gazette, although no motion has been made for leave to introduce the Bill. In that case it shall not be necessary to move for leave to introduce the Bill, and, if the Bill is afterwards introduced, it shall not be necessary to publish it again.

Notice of motion for leave to introduce Bills.

20. (*1*) Any member other than a Minister, desiring to move for leave to introduce a Bill shall give notice of his intention, and shall, together with the notice, submit six copies of the Bill and of the full statement of Objects and Reasons.

(*2*) If notice is given of a motion to introduce a Bill which, in the opinion of the Speaker, cannot be introduced save with previous sanction, the Speaker shall as soon as may be after the receipt of the notice refer the Bill to the Governor and the motion shall not be placed on the list of business unless the Governor has indicated to the Speaker that the previous sanction required has been granted.

(*3*) If any question arises whether a Bill is or is not a Bill which cannot be introduced save with previous sanction, the question shall be referred to the authority which would have power to grant the previous sanction if it were necessary, and the decision of that authority on the question shall be final.

(*4*) The period of notice of a motion for leave to introduce a Bill under this rule shall be fifteen days.

Publication.

21. As soon as may be after a Bill has been introduced, the Bill, unless it has already been published, shall be published in the Gazette.

Persons by whom motions in respect of Bills may be made.

22. (*1*) Subject to the provisions of rule 34 no motion that a Bill be taken into consideration or be passed shall be made by any member other than the member in charge of the Bill and no motion that a Bill be referred to a select committee or be circulated or re-circulated for the purpose of eliciting opinion thereon shall be made by any member other than the member in charge except by way of amendment to a motion, made by the member in charge.

(*2*) For the purposes of this rule "member in charge of the Bill" means, in the case of a Government Bill, any member acting on behalf of the Government and, in any other case, the member who has introduced the Bill.

Discussion of Governor's Bills.

23. (*1*) Within one month after the receipt from the Governor of a message under clause (*b*) of sub-section (*1*) of section 90 of the Act, with a copy of the Bill considered by him to be necessary, any member may, after giving three days' notice to the Secretary, make a motion for an address to the Governor approving or disapproving the Bill and may attach to any such address a list of amendments to be made therein and such amendments shall be dealt with by the Assembly in the same manner as amendments to Bills.

(*2*) The Speaker shall forthwith communicate to the Governor the proceedings of the Assembly in relation to the Bill.

Discussion of Governor's ordinances.

24. As soon as possible after the Governor has promulgated an ordinance under sub-section (*1*) of section 88 of the Act, printed copies of such ordinance shall be made available to the members of the Assembly Within six weeks from the reassembly of the Assembly, any member may, after giving three clear days' notice to the Secretary, move a resolution disapproving the ordinance and if such a resolution is passed, it shall be forwarded to the Council with a message asking for its concurrence

Effect of certification by Governor.

25. A certificate by the Governor under sub-section (*2*) of section 86 of the Act in respect of any Bill or any clause of a Bill or any amendment to a Bill directing that no further proceedings shall be taken thereon may be made by message and shall be communicated to the Assembly by the Speaker On receipt of such a certificate, all notices of motions in connection with the subject-matter of the certificate shall lapse and if any such motion has not already been set down on the list of business, it shall not be so set down. If any such motion has been set down on the list of business, the Speaker shall, when the motion is reached, inform the Assembly of the Governor's certificate and the Assembly shall forthwith without debate proceed to the next item of business. If any such motion has been reached and is under discussion when the certificate is received, the Speaker shall fothwith inform the Assembly

of the Governor's certificate and the Assembly shall forthwith without further debate proceed to the next item of business.

Provisions regarding previous sanction for introduction of Bills to apply to amendments.

26. The provisions of sub-rules (*2*) and (*3*) of rule 20 shall apply *mutatis mutandis* to all amendments.

Bills originating in and passed by the Assembly.

27. Every Bill originating in the Assembly which has been passed by the Assembly shall be sent to the Council.

Bill returned to the Assembly after amendment by the Council.

28. If the Bill is returned to the Assembly after amendment by the Council, copies of the Bill shall be laid on the table at the next following meeting of the Assembly or as soon as possible thereafter.

Appointment of time for consideration of amendments.

29. After the amended Bill has been laid on the table any member acting on behalf of the Government in the case of a Government Bill or, in any other case, any member, after giving seven days' notice or, with the consent of the Speaker without notice, may move that the amendments be taken into consideration.

Procedure on consideration of amendments.

30. (*1*) If a motion that the amendments be taken into consideration is carried, the Speaker shall put the amendments to the Assembly in such manner as he thinks most convenient for their consideration.

(*2*) Further amendments relevant to the subject-matter of the amendments made by the Council may be moved, but no further amendment shall be moved to the Bill, unless it is consequential upon, or an alternative to, an amendment made by the Council.

Procedure consequent on consideration of amendments.

31. (*1*) If the Assembly agrees to the amendments made by the Council, a message intimating its agreement shall be sent to the Council.

(*2*) If the Assembly disagrees with the amendments made by the Council or any of them, the Bill with a message intimating its disagreement shall be sent to the Council.

(*3*) If the Assembly agrees to the amendments or any of them with further amendments or proposes further amendments in place of amendments made by the Council the Bill as further amended with a message to that effect shall be sent to the Council.

(*4*) If the Bill is thereafter returned with a message intimating that the Council insists on amendments to which the Assembly is unable to agree the Assembly may report the fact of the disagreement to the Governor.

Bills originating in and passed by the Council and sent to the Assembly.

32. When a Bill originating in the Council has been passed by the Council and is sent to the Assembly copies of the Bill shall be laid on the table at the next following meeting of the Assembly or as soon as possible thereafter.

Notice.

33. At any time after copies have been laid on the table, any member acting on behalf of the Government in the case of a Government Bill or, in any other case, any member may give notice of his intention to move that the Bill be taken into consideration.

Motion for consideration.

34. On the day on which the motion is set down in the list of business which shall, unless the Speaker otherwise directs, be not less than seven days from the receipt of the notice the member giving notice may move that the Bill be taken into consideration.

Discussion.

35. On the day on which such motion is made or any subsequent day to which the discussion is postponed the principle of the Bill and its general provisions may be discussed, but the details of the Bill must not be discussed further than is necessary to explain its principle.

Reference to select committee.

36. Any member may (if the Bill has not already been referred to a select committee of the Council or to a joint committee of both Chambers, but not otherwise) move as an amendment that the Bill be referred to a select committee and, if such motion is carried, the Bill shall be referred to a select committee and the standing orders regarding select committees on Bills originating in the Assembly shall then apply.

Consideration and passing.

37. If the motion that the Bill be taken into consideration is carried, the Bill shall be taken into consideration and the provisions of the rules and standing orders of the Assembly regarding consideration of amendments to Bills and the subsequent procedure in regard to the passing of Bills shall apply.

Bills passed without amendments.

38. If the Bill is passed without amendment, the Bill with a message to the effect that the Assembly have agreed to the Bill without any amendments shall be sent to the Council.

Bills passed with amendments.

39. (*1*) If the Bill is passed with amendments, the Bill shall be returned with a message asking the concurrence of the Council to the amendments.

(*2*) If the Bill is thereafter returned by the Council with a message that the Council agrees to the amendments or any of them with further amendments or proposes further amendments in place of amendments made by the Assembly, the provisions of rules 28 and 29 and sub-rule (*1*) of rule 30

shall apply and the Assembly may either agree to the Bill as originally passed in the Council or as further amended by the Council, as the case may be, or may return the Bill with a message that it insists on an amendment or amendments to which the Council has disagreed.

Power to disallow certain resolutions.

40. The Governor acting in his discretion may at any time before the resolution is moved inform the Speaker that he disallows any resolution or any part of a resolution on the ground that it relates to or affects the discharge of any of the functions of the Governor in so far as he is by or under the Act required to act in his discretion or exercise his individual judgment, and if he does so, the resolution or part of the resolution shall not be placed on the list of business or if it has been placed on the list of business, it shall not be moved.

Power to disallow other resolutions

41. The Governor may at any time before the resolution is moved disallow any resolution or any part of a resolution on the ground that it cannot be moved without detriment to the public interest or that it relates to a matter which is not primarily the concern of the Provincial Government and if he does so, the resolution or part of the resolution shall not be placed on the list of business or if it has been placed on the list of business, it shall not be moved.

Certain resolutions not to be moved without the consent of Governor.

42. (*1*) No resolution shall be moved, save with the consent of the Governor acting in his discretion, in regard to any of the following subjects, namely :—

(*i*) any matter connected with the relations between His Majesty or the Governor General and any foreign State or Prince ;

(*ii*) the personal conduct of the Ruler of any Indian State or of a member of the ruling family thereof ;

(*iii*) any matter arising out of or affecting the administration of an excluded area.

(*2*) No resolution shall be moved on any matter connected with any Indian State unless the Governor acting in his discretion—

(*i*) is satisfied that the matter affects the interests of the Provincial Government or of a British subject ordinarily resident in the Province, and

(*ii*) has given his consent to the resolution being moved.

(*3*) If the Speaker is of opinion that a resolution is or may be one which cannot be moved save with the consent of the Governor, he shall, as soon as may be after the receipt of the notice of the resolution, forward to the Governor a copy thereof and, unless the Governor (whose decision in the matter shall be final) decides in his discretion that the resolution may be moved, it shall not be entered in the list of business.

(*4*) Notwithstanding the fact that the Speaker has made no reference under sub-rule (*3*), if the Governor acting in his discretion considers that any resolution or part of a resolution is one which cannot be moved without his consent he may withhold his consent to the moving of the resolution and, on communication to the Speaker of his decision which shall be final, the resolution shall not be entered in the list of business or, if it has been so entered, the Speaker shall decline to allow the resolution to be moved.

Form of resolutions.

43. Every resolution shall be in the form of a declaration of opinion by the Assembly.

Copy to Government.

44. A copy of every resolution which has been passed by the Assembly shall be forwarded to the Provincial Government.

Special motion.

45. (*1*) Save in so far as is otherwise provided by the Act or by these rules no discussion of a matter of general public interest shall take place otherwise than on a resolution moved in accordance with the rules and standing orders except with the consent of the Speaker and of the Minister to whose department the motion relates.

(*2*) It shall not be permissible to the Speaker or to the minister concerned to give his consent to the moving of any motion which requires the consent of the Governor under rule 42 unless such consent has been obtained.

(*3*) The Governor may disallow any motion or part of a motion on the ground that it cannot be moved without detriment to the public interest or on the ground that it relates to a matter which is not primarily the concern of the Provincial Government, and if he does so the motion shall not be placed on the list of business.

Motions for adjournments.

46. (*1*) A motion for an adjournment of the business of the Assembly for the purpose of discussing a definite matter of urgent public importance may be made with the consent of the Speaker.

(*2*) The provisions of rules 41 and 42 shall, so far as may be, apply to all such motions.

Power to disallow on certain grounds.

47. The Governor may disallow any motion for an adjournment of the business of the Assembly on the ground that it cannot be moved without detriment to the public interest or that it relates to a matter which is not primarily the concern of the Provincial Government and, if he does so, the adjournment shall not be permitted by the Speaker and no further discussion of the motion shall take place.

Restrictions on power to make motion.

48. The right to move the adjournment of the Assembly for the purpose of discussing a definite matter of urgent public importance shall be subject to the following restrictions, namely :—

(*i*) not more than one such motion shall be made at the same sitting ;

(*ii*) not more than one matter can be discussed on the same motion, and the motion must be restricted to a specific matter of recent occurrence ;

(*iii*) the motion must not revive discussion on a matter which has been discussed in the same session ;

(*iv*) the motion must not anticipate a matter which has been previously appointed for consideration, or with reference to which a notice of motion has been previously given ; and

(*v*) the motion must not deal with a matter on which a resolution could not be moved.

Motion of non-confidence in Ministers.

49. (*1*) A motion expressing want of confidence in a Minister or a motion disapproving the policy of the Minister in a particular respect may be made with the consent of the Speaker and subject to the following restrictions, namely :

(*a*) leave to make the motion must be asked for after questions and before the list of business for the day is entered upon ,

(*b*) the member asking for leave must before the commencement of the sitting of the day leave with the Secretary a written notice of the motion which he proposes to make

(*2*) If the Speaker is of opinion that the motion is in order he shall read the motion to the Assembly and shall request those members who are in favour of leave being granted to rise in their places and if not less than eighty-two members rise accordingly, the Speaker shall intimate that leave is granted and that the motion will be taken on such day, not being more than ten days from the day on which leave is asked, as he may appoint. If less than eighty-two members rise the Speaker shall inform the member that he has not the leave of the Assembly

Resignation of Ministers.

50. (*1*) A member who has resigned the office of Minister may with consent of the Speaker make a personal statement in explanation of his resignation.

(2) Such statement shall be made after questions and before the list of business for the day is entered upon.

(3) On such statement no debate shall be allowed :

Provided that a Minister shall be entitled after the member has made his statement to make a statement pertinent thereto.

Resolution to remove Speaker from office.

51. Any resolution to remove the Speaker from office, of which the required notice of fourteen days has been received, shall be read to the Assembly by the Speaker. He shall then request those members who are in favour of leave being granted to move the resolution to rise in their places and if not less than eighty-two members rise accordingly the Speaker shall intimate that leave is granted. If less than eighty-two members rise, the Speaker shall inform the intending mover thereof that he has not the leave of the Assembly to move it.

Presentation of Budget.

52. The annual financial statement or the statement of the estimated receipts and expenditure of the Province in respect of every financial year (hereinafter referred to as "the Budget") shall be presented to the Assembly on such day in the preceding financial year as the Governor exercising his individual judgment may appoint :

Provided that the provisions of paragraph 5 of the Government of India (Commencement and Transitory Provisions) Order, 1936, shall apply as regards the Budget for the financial year 1937-38.

Demands for grants.

53. (1) A separate demand shall ordinarily be made in respect of the grant proposed for each department of the Government, provided that the Finance Minister may in his discretion include in one demand grants proposed for two or more departments, or make a demand in respect of expenditure, such as Famine Relief and Interest, which cannot readily be classified under particular departments.

(2) Each demand shall contain, first a statement of the total grant proposed, and then a statement of the detailed estimates under each grant, divided into items.

(3) Subject to these rules, the Budget shall be presented in such a form as the Finance Minister may consider best fitted for its consideration by the Assembly.

Stages of the Budget debate.

54. The Budget shall be dealt with by the Assembly in two stages, namely :—.

(i) a general discussion ; and

(ii) the voting of demands for grants.

General discussion.

55. (*1*) On a day or days to be appointed by the Governor, exercising his individual judgment, subsequent to the day on which the Budget is presented and for such time as the Governor exercising his individual judgment may allot for this purpose, the Assembly shall be at liberty to discuss the Budget as a whole or any question of principle involved therein, but no motion shall be moved at this stage, nor shall the Budget be submitted to the vote of the Assembly.

(*2*) The Finance Minister shall have a general right of reply at the end of the discussion.

(*3*) The Speaker may, if he thinks fit, prescribe a time-limit for speeches.

Voting of demands.

56. (*1*) The voting of demands for grants shall take place on such days not exceeding fifteen as the Governor exercising his individual judgment may allot for the purpose.

(*2*) Of the days so allotted, not more than two days shall be taken up by the Assembly for the discussion of any one demand. As soon as the maximum limit of time for discussion is reached, the Speaker shall forthwith put every question necessary to dispose of the demand under discussion.

(*3*) On a day allotted under sub-rule (*1*) for the voting of demands for grants, no other business shall be taken up before 6-30 p.m. except with the consent of the Speaker :

Provided that nothing in this rule shall be deemed to prohibit the asking and answering of questions during the time allowed under the standing orders.

(*4*) On the last day of the days so allotted, at 6-30 p.m. the Speaker shall forthwith put every question necessary to dispose of all the outstanding matters in connection with the demands for grants, and the consideration thereof shall not be anticipated by any motion for adjournment or be interrupted in any manner whatsoever nor shall any dilatory motion be moved in regard thereto.

Further demands for grants.

57. On a day fixed by the Governor before the last of the days allotted by him for the moving of demands for grants further demands for grants may be moved :

Provided that—

(*i*) they are required for purposes which in the opinion of the Governor are of an emergent nature ;

(*ii*) they are for new matters which have not been included, in the original estimates of the year.

Such demands shall be classified according to the original demands for grants, the details being shown by sub-heads of appropriation and detailed account heads under each grant.

Motions at this stage.

58. (*1*) No motion for appropriation can be made, except on the recommendation of the Governor communicated to the Assembly.

(*2*) Motions may be moved at this stage to omit or reduce any grant but not to increase or alter the destination of a grant.

Supplementary demands.

59. (*1*) The Governor, exercising his individual judgment, may from time to time, allot a day for the presentation of a supplementary statement of expenditure.

(*2*) The Governor exercising his individual judgment shall allot one or more days not earlier than three days after the day allotted for such presentation, (*a*) for voting on the demands for supplementary grants, or (*b*) for discussion of the estimates of the expenditure charged on the revenues of the Province, other than estimates relating to expenditure referred to in paragraph (*a*) of sub-section (*3*) of section 78 of the Act, or (*c*) for both such voting and discussion as the case may be.

(*3*) At 6-30 p.m. on the day or the last of such days as the case may be allotted under sub-rule (*2*) all discussion shall terminate and the Speaker shall forthwith put every question necessary to dispose of all the outstanding matters in connection with the demands for supplementary grants.

(*4*) The consideration of the business referred to in sub-rule (*2*) shall not, on the day or days allotted therefore, be anticipated by any motion for adjournment or be interrupted in any manner whatsoever, nor shall any dilatory motion be moved in regard thereto.

Excess grants.

60. If in respect of any financial year money has been spent on any service for which the vote of the Assembly is necessary in excess of the amount granted for that service and for that year, a demand for the excess amount shall be presented to the Assembly and shall be dealt with in the same way by the Assembly as if it were a demand for a grant.

Schedule of authorised expenditure.

61. The schedule of the authorised expenditure of the Province shall be laid before the Assembly in pursuance of sub-section (*2*) of section 80 of the Act on such day as the Governor exercising his individual judgment may appoint for the purpose.

Constitution of committee on public accounts.

62. (*1*) A Committee on public accounts shall be constituted for the purpose of dealing with reports of the Auditor-General of India relating to the appropriation accounts of the Province and such other matters as the Finance Department may refer to the Committee.

(*2*) The Committee on public accounts shall consist of nine members, including the Finance Minister who shall be a member *ex-officio*. They shall be elected by the Assembly from among its members according to the principle of proportional representation by means of the single transferable vote. The term of office of members of the Committee shall be one year but any member shall be eligible for re-election.

(*3*) Casual vacancies shall be filled as soon as possible after they occur in the manner prescribed in sub-rule (*2*) and any person elected to fill such a vacancy shall hold office for so long only as the person in whose place he is elected would have held office.

(*4*) The Chairman shall be elected by the Committee from among their members. In the case of an equality of votes on any matter the Chairman shall have a second or casting vote.

Functions of Committee on public accounts.

63. (*1*) In scrutinising the appropriation accounts of the Province and the report of the Auditor-General thereon, it shall be the duty of the Committee on Public Accounts to satisfy itself—

(*a*) that the moneys shown in the accounts as having been disbursed were legally available for and applicable to the service or purpose to which they have been applied or charged,

(*b*) that the expenditure conforms to the authority which governs it, and

(*c*) that every re-appropriation has been made in accordance with such rules as may be prescribed by the Governor acting in his discretion or by the Finance Department as the case may be.

(*2*) It shall also be a duty of the Committee on Public Accounts—

(*a*) to examine such trading, manufacturing and profit and loss accounts and balance sheets, as the Governor may have required to be prepared, and the Auditor-General's report thereon ;

(*b*) to consider the report of the Auditor-General in cases where the Governor may have required him to conduct an audit of any receipts or to examine the accounts of stores and stock.

Procedure to be followed in making rules.

64. The procedure to be followed by the Assembly in making rules under sub-section (*1*) of section 84 of the Act to regulate its procedure and the conduct of its business shall be such as may be adopted by motion made and carried in the Assembly.

65. An address from the Assembly to the Governor shall be presented through the Speaker after motion made and carried in the Assembly. **Address to the Governor.**

66. The Home Department shall be the channel of communication between the Assembly and the Governor. **Channel of communication between Assembly and Governor.**

67. A copy of every Bill introduced in the Assembly shall, immediately after its introduction, be forwarded by the Secretary to the Governor General for his information. **Copy of Bill to the Governor General.**

68. (*1*) Whenever a private member of the Assembly gives notice of his intention to move for leave to introduce a Bill, the Secretary shall forthwith send two copies of the Bill and Statement of Objects and Reasons to the department to which the case belongs and to the Legislative Department. **Supply of copies of private members' Bills.**

(*2*) The provisions of sub-rule (*1*) shall, as far as may be, apply to all amendments notice of which is given by private members of the Assembly in the case of a Bill.

By order of the Governor,

G. P. Hogg,

Secretary to the Government of Bengal.

HOME DEPARTMENT.

Constitution and Elections.

NOTIFICATION.

No. 8351A.R.—1st April 1937.—The Bengal Legislative Council Standing Orders in force immediately before the commencement of Part III of the Government of India Act, 1935, as modified and adapted for the purposes of the Bengal Legislative Assembly by the Governor in exercise of his powers under sub-section (3) of section 84 of the said Act are hereby published for general information :—

Short title.

1. These standing orders may be called the Bengal Legislative Assembly Standing Orders.

Definition.

2. In these standing orders—

" the Act " means the Government of India Act, 1935 ;

" Assembly " means the Bengal Legislative Assembly ;

" Chamber " means a Chamber of the Bengal Legislature ;

" Council " means the Bengal Legislative Council ;

" Finance Minister " means the Minister appointed by the Governor to perform the functions of the Finance Minister under the rules and standing orders ;

" member " means a member of the Assembly ;

" minister " means a Member of the Council of Ministers, and includes any member to whom such Minister may delegate any function assigned to him under the rules or standing orders ;

" motion " means a proposal made by a member for the consideration of the Assembly relating to any matter which may be discussed by the Assembly and includes an amendment ;

" rule " means a rule of the Assembly ;

" Secretary " means the Secretary to the Assembly, and includes any person for the time being performing the duties of the Secretary ;

" Select Committee " means a committee appointed by the Assembly to consider or take evidence upon any Bill, and to report their opinion for the information and assistance of the Assembly ;

" session " means the whole period, from the time when the Assembly meets to the time when it is prorogued ;

Words and expressions used in the Act and not defined in these standing orders shall have the meanings assigned to them in the Act.

Notification and summons for meeting.

3. Whenever it appears to the Governor acting in his discretion that the Assembly should meet—

(*a*) he shall cause a notification to be published in the local official Gazette, appointing the day, hour and place for a meeting of the Assembly, and

(*b*) the Secretary shall send to each member a summons to attend the meeting.

Sitting of the Assembly.

4. (*1*) Whilst in session, the Assembly shall meet at such hour as the Governor may appoint.

(*2*) Any meeting of the Assembly may be adjourned by the person presiding.

Election of Deputy Speaker.

5. (*1*) As soon as may be after the election of the Speaker, the Assembly shall elect one of its members to be a Deputy Speaker.

(*2*) Any member may nominate another member for election by delivering to the Secretary, before such time as the Governor may appoint, a nomination paper signed by himself as proposer and by a third member as seconder and stating—

(*a*) the name of the member nominated, and

(*b*) that the proposer has ascertained that such member is willing to serve as Deputy Speaker, if elected.

(*3*) The speaker shall read out to the Assembly the names of the members who have been duly nominated together with those of their proposers and seconders, and if only one member has been so nominated shall declare that member to be elected. If more than one member has been so nominated, the Assembly shall proceed to elect a Deputy Speaker by ballot.

(*4*) The provisions of sub-rules (*4*), (*5*) and (*6*) of rule 5 shall apply to such election.

(*5*) If a vacancy in the office of Deputy Speaker occurs during the life of an Assembly a fresh election shall be held in accordance with the procedure hereinbefore mentioned.

Members' places.

6. The members shall sit in such order as the Speaker may appoint.

Members to rise when speaking.

7. A member desiring to make any observations on any matter before the Assembly shall speak from his place, shall rise when he speaks, and shall address the Speaker. At any time if the Speaker rises, any member speaking shall immediately resume his seat.

Explanations.

8. When, for the purpose of explanation during discussion or for any other sufficient reason, any member has occasion to ask a question of another member on any matter then under the consideration of the Assembly, he shall ask the question through the Speaker.

Limitations on debate.

9. (*1*) The matter of every speech must be strictly relevant to the matter before the Assembly.

(*2*) A member while speaking must not—

(*i*) refer to any matter of fact on which a judicial decision is pending ;

(*ii*) make a personal charge against a member ;

(*iii*) use offensive expressions regarding the conduct of the Indian or any Provincial legislature ;

(*iv*) reflect upon the conduct of His Majesty the King or the Governor General or His Majesty's Representative for the exercise of the functions of the Crown in its relations with Indian States or any Governor or any court of justice ;

(*v*) utter treasonable, seditious or defamatory words ; and

(*vi*) use his right of speech for the purpose of wilfully obstructing the business of the Assembly.

Business left over from session.

10. (*1*) On the termination of a session all pending notices shall lapse and fresh notice must be given for the next session except in the case of a question which has not been answered. Such question shall, if the member intimates in writing not less than fifteen days before the commencement of the next session his desire to proceed with the question, be carried over for reply to the list of questions for the next session.

(*2*) On the termination of a session Bills which have been introduced shall be carried over to the pending list of business of the next session :

Provided that if the member in charge of a Bill makes no motion in regard to the same during two complete sessions, the Bill shall lapse, unless the Assembly on a motion by that member make a special order for the continuance of the Bill.

Arrangement of business.

11. (*1*) At times when Government business has precedence, the Governor may arrange that business in such order as he thinks fit.

(*2*) The relative precedence of notices of Bills and resolutions given by private members shall from time to time, be determined by ballot in such manner as the Speaker may direct. The order of priority as determined by the ballot shall, subject to the provisions of standing order 60 be final.

(*3*) On a day allotted for the disposal of private members' Bills, such Bills shall, provided that any notice required by the rules or standing orders has been given, have relative precedence in the following order :—

(*a*) Bills returned by the Governor with a message under section 75 or section 76 of the Act ;

(*b*) Bills originating in the Assembly which have been returned by the Council after amendment ;

(*c*) Bills originating in the Council which have been sent to the Assembly ;

(*d*) other Bills.

Bills of each of the above classes shall be arranged so as to give priority to those which are most advanced. The relative precedence of Bills which have reached the same stage shall be determined by ballot in such manner as the Speaker may direct.

List of business.

12. (*1*) A list of business for the day shall be prepared by the Secretary and shall be circulated to all members.

(*2*) No business not included in the list of business for the day shall be transacted at any meeting without the leave of the Speaker.

Business outstanding at end of day.

13. All business appointed for any day and not disposed of on that day shall stand over until the next day of the session available for business of the class to which it belongs.

Time for questions.

14. The first hour of every meeting shall be available for the asking and answering of questions.

Notice of questions.

15. A member who wishes to ask a question shall give fifteen days' notice of his intention and shall, together with the notice, submit a copy of the question he wishes to ask :

Provided that the Speaker may, with the consent of the Minister in charge of the Department to which the question pertains, allow a question to be put at shorter notice than fifteen days :

Provided also that no member shall, unless he has obtained the special permission of the Speaker, be permitted to send in notice of more than twelve questions during one session of the Assembly, exclusive of any question that may have been carried over for reply from a previous session.

Form and contents of questions.

16. In order that a question may be admissible, it must satisfy the following conditions, namely :—

(*i*) it must not bring in any name or statement not strictly necessary to make the question intelligible ;

(*ii*) if it contains a statement, the member asking it must make himself responsible for the accuracy of the statement ;

(*iii*) it must not contain arguments, inferences, ironical expressions or defamatory statements ;

(*iv*) it must not ask for expression of opinion or the solution of a hypothetical proposition ;

(*v*) it must not be asked as to the character or conduct of any person except in his official or public capacity ;

(*vi*) it must not be of excessive length ; and

(*vii*) it must not refer to any matter which is under adjudication by a court of law.

Speaker to decide admissibility of question.

17. The Speaker shall decide on the admissibility of a question with reference to the provisions of standing order 16 and shall disallow any question when, in his opinion, it is an abuse of the right of questioning, or is in contravention of those provisions.

List of questions and answers.

18. Subject to the provisions of rules 13 and 15 as soon as answers to questions which have not been disallowed are received by the Secretary they shall be entered in a list of questions and answers to be prepared for the next day of meeting, and the questions shall be put, if the time available for questions permits, in the order in which they stand in the list before any other business is entered upon at the meeting. Any questions left over owing to time not being available shall be postponed to the next day of meeting when they shall take precedence over other questions.

Matters to which they must relate.

19. A question addressed to a Minister must relate to the public affairs with which he is officially connected, or to a matter of administration for which he is responsible.

Questions how put.

20. Questions shall be put and answers given in such manner as the Speaker may, in his discretion, determine.

Answers to withdrawn questions.

21. The Speaker at the request of a Minister may direct that any answer to a question may be given on the ground of public interest even though the question is not put or the member in whose name it stands is absent.

22. The Minister to whom a supplementary question is put may, if he is not prepared to give an answer immediately, ask for notice of the question, in which case the supplementary question shall be treated as a fresh question to be answered at a subsequent meeting of the Assembly. **Minister may ask for notice of supplementary question.**

23. No discussion shall be permitted in respect of any question or of any answer given to a question. **Prohibition of discussion.**

24. (*1*) A matter requiring the decision of the Assembly is brought forward by means of a question put by the Speaker on a motion proposed by a member. **Motions.**

(*2*) A member who wishes to move a motion (other than a motion for which a specified period is otherwise prescribed) shall give notice of his intention to the Secretary ten days before the meeting at which he intends to move the motion :

Provided that the Speaker may, in his discretion, admit at any time any motion at shorter notice than that prescribed by any order, or may admit a motion without notice.

(*3*) Votes may be taken by voices, by show of hands or by division, and shall be taken by division if any member so desires. The Speaker shall determine the method of taking votes by division.

(*4*) The result of a division shall be announced by the Speaker and shall not be challenged.

25. (*1*) Except as otherwise provided in the rules the Speaker shall decide on the admissibility of a motion. **Admissibility of motions.**

(*2*) The Speaker may disallow any motion when in his opinion, it does not comply with the rules or standing orders.

26. A motion must not raise a question substantially identical with one on which the Assembly has given a decision in the same session. **Repetition of motions.**

27. Where substantially identical motions stand in the names of two or more members, the Speaker shall decide whose motion shall be moved and the other motions shall thereupon be deemed to be withdrawn. **Identical motions.**

28. (*1*) When any member has made a motion, other members may speak to it in such order as the Speaker may direct. **Order of speeches, right of reply and explanations; time-limit of speeches.**

(*2*) Except in the exercise of a right of reply or as otherwise provided, no member shall speak more than once to any motion, except with the permission of the Speaker for the purpose of making a personal explanation, but in that case no debatable matter may be brought forward.

(*3*) A member who has moved a substantive motion may speak again by way of reply, and if the motion is moved by a private member, the Minister to whose Department the matter relates shall have the right of speaking after the mover, whether he has previously spoken in the debate or not.

(*4*) Except with the permission of the Speaker no speech upon any motion shall exceed fifteen minutes in duration :

Provided that the mover of a motion, when moving the same, and the Minister in charge of the Department to which the motion relates, when speaking for the first time, may speak for thirty minutes.

Rules as to amendments.

29. (*1*) An amendment must be relevant to and within the scope of the question to which it is proposed.

(*2*) An amendment may not be moved which has merely the effect of a negative vote.

(*3*) After a decision has been given on an amendment to any part of a question, an earlier part shall not be amended.

(*4*) An amendment on a question must not be inconsistent with the previous decision on the same question given at the same stage of any Bill or motion.

(*5*) The Speaker may refuse to put an amendment which is in his opinion frivolous.

Order of amendments.

30. (*1*) When an amendment to any motion is moved, or when two or more such amendments are moved, the Speaker shall, before taking the sense of the Assembly thereon, state or read to the Assembly the terms of the original motion and of the amendment or amendments proposed.

(*2*) It shall be in the discretion of the Speaker to put first to the vote either the original motion or any of the amendments which may have been brought forward.

Division of motion.

31. When any motion involving several points has been discussed, it shall be in the discretion of the Speaker to divide the motion, and put each or any point separately to the vote as he may think fit.

Withdrawal of motions.

32. (*1*) A member who has moved a motion shall not withdraw the same, except by leave of the Assembly.

(*2*) No discussion shall be permitted on a request for leave to withdraw, except with the permission of the Speaker.

If the leave of the Assembly has been given to withdraw a motion to which an amendment has been proposed the mover of the amendment may forthwith move the motion in its amended form.

Closure.

33. When any motion is under discussion, any member may move "that the question be now put," and unless it appears to the Speaker that the request is an abuse of the rules of the Assembly or an infringement of the rights of reasonable debate, the question "that the question be now put" shall be put forthwith. There shall be no debate on such motion. If such motion be carried the question shall be put accordingly.

Motion for leave to introduce a Bill.

34. (*1*) If a motion for leave to introduce a Bill is opposed, the Speaker after permitting, if he thinks fit, a brief explanatory statement from the member who moves and from the member who opposes the motion, may, without further debate, put the question thereon.

(*2*) If such motion be carried, the Secretary shall read the title of the Bill, and the Bill shall thereupon be deemed to be introduced in the Assembly.

Motion after introduction.

35. When a Bill is introduced, or on some subsequent occasion, the member in charge of the Bill may make one of the following motions in regard to the Bill, namely :—

(*a*) that it be taken into consideration by the Assembly either at once or at some future day to be then mentioned, or

(*b*) that it be referred to a select committee, or

(*c*) that it be circulated for the purpose of eliciting opinion thereon :

Provided that no such motion shall be made until after copies of the Bill have been made available for the use of members, and that any member may object to any such motion being made, unless copies of the Bill have been so available for seven days before the motion is made, and such objection shall prevail, unless the Speaker in exercise of his power to suspend this order allows the motion to be made.

Discussion of Bills.

36. (*1*) On the day on which any such motion is made, or on any subsequent day to which the discussion is postponed, the principle of the Bill and its general provisions may be discussed, but the details of the Bill must not be discussed further than is necessary to explain its principle.

(*2*) At this stage no amendments to the Bill may be moved, but—

(*a*) if the member in charge moves that the Bill be taken into consideration, any member may move as an amendment that the Bill be referred to a select committee or be circulated for the purpose of eliciting opinion thereon before a date to be mentioned in the motion, or

(*b*) if the member in charge moves that the Bill be referred to a select committee, any member may move as an amendment that the Bill be circulated for the purpose of eliciting opinion.

(*3*) Where a motion that the Bill be circulated for the purpose of eliciting opinion is carried in the Assembly and the Bill is circulated in accordance with that direction, and opinions have been received thereon before the date mentioned in the motion, the member in charge, if he wishes to proceed with the Bill thereafter, must move that the Bill be referred to a select committee, unless the Speaker in the exercise of his power to suspend this order allows a motion to be made that the Bill be taken into consideration.

Select committee.

37. (*1*) The Minister in charge of the Department to which a Bill relates, the member who introduced the Bill and the other members of the select committee shall be named as members in the motion proposing the appointment of the committee.

(*2*) The Minister in charge of the Department to which a Bill relates shall, if he is a member of the Assembly, ordinarily be Chairman of the committee.

(*3*) If such Minister is not a member of the Assembly, the committee shall choose a member of the Committee to be their Chairman.

(*4*) In the case of an equality of votes, the Chairman shall have a second or casting vote.

(*5*) A select committee may hear expert evidence and representatives of special interests affected by the measure before them.

Proceedings of select committee to be treated as confidential.

38. All proceedings of a select committee shall be treated as confidential, and their recommendations shall not be disclosed until the report has been made available for the use of each member or has been published in the local official gazette.

Reports by select committee.

39. (*1*) When a Bill has been referred to a select committee, the Committee shall make a report thereon.

(*2*) Reports may be either preliminary or final.

(*3*) The select committee shall, in their report, state whether or not, in their judgment, the Bill has been so altered as to require re-publication, whether the publication directed by the rules or by the Assembly has taken place and the date on which the publication has taken place or, where publication in more than one language is ordered, the date on which the publication in each such language has taken place.

(*4*) If any member of a select committee desires to record a minute of dissent on any point, he must sign the majority report, stating that he does so subject to his dissent, and must at the same time hand in his minute.

(*5*) Every such minute of dissent must be confined to a discussion of matter contained in the report, and must be free from personal remarks.

Printing and publication of reports.

40. (*1*) The Secretary shall cause every report of a select committee to be printed, and a copy of the report shall be made available for the use of each member. The report, with the amended Bill, shall be published in the local official gazette.

(*2*) If any member is unacquainted with English, the Secretary shall also, if requested, cause the report to be translated for his use into such vernacular language as the Speaker may direct.

Presentation of report and procedure after presentation.

41. (*1*) Every report by a select committee on a Bill, shall be presented to the Assembly by the Chairman of the committee.

(*2*) In presenting a report the Chairman shall if he makes any remarks, confine himself to a brief statement of fact.

(*3*) After the presentation of the final report, the member in charge may move—

(*i*) that the Bill as reported by the select committee be taken into consideration, but any member may object to its being so taken into consideration if a copy of the report has not been available for the use of members for seven days, and such objection shall prevail, unless the Speaker in exercise of his power to suspend this order allows the report to be taken into consideration ; or

(*ii*) that the Bill be re-committed either—

(*a*) without limitation, or

(*b*) with respect to particular clauses or amendments only, or

(*c*) with instructions to the select committee to make some particular or additional provision in the Bill.

(*4*) If the member in charge moves that the Bill be taken into consideration, any member may move as an amendment that the Bill be re-committed.

Proposal of amendments.

42. When a motion has been agreed to by the Assembly that a Bill be taken into consideration, any member may propose an amendment of such Bill.

Notice of amendments.

43. (*1*) Any member who wishes to move an amendment to any Bill under the consideration of the Assembly shall send written notice thereof to the Secretary so as to reach him at least ten days before the first day on which the Bill is to be taken into consideration by the Assembly and shall, together with the notice send a copy of the amendment which he desires to move.

(*2*) The Secretary shall, if time permits, cause every notice of a proposed amendment to be printed, and a copy shall be made available for the use of each member.

(*3*) If any member present is unacquainted with English the Secretary, shall also, if requested, and if time permits cause every such notice to be translated into such vernacular language as the Speaker may direct.

Order of amendments.

44. Amendments shall ordinarily be considered in the order of the clauses of the Bill to which they respectively relate.

Submission of Bill clause by clause.

45. Notwithstanding anything in the foregoing orders, it shall be in the discretion of the Speaker when a motion that a Bill be taken into consideration has been carried, to submit the Bill, or any part of the Bill, to the Assembly clause by clause. When this procedure is adopted, the Speaker shall call each clause separately, and, when the amendments relating to it have been dealt with, shall put the question "that this clause, or (as the case may be) this clause as amended, stand part of the Bill."

Passing of Bills.

46. (*1*) If no amendment be made when a motion that a Bill be taken into consideration has been agreed to by the Assembly, the Bill may at once be passed.

(*2*) If any amendment be made, any member may object to the passing of the Bill at the same meeting ; and such objection shall prevail, unless the Speaker in exercise of his powers to suspend this standing order allows the motion that the Bill be passed to be made.

(*3*) Where the objection prevails, the Bill shall be brought forward again at a future meeting ; and may then be passed with or without further amendment.

Formal revision of Bill and submission of it to Speaker for authentication.

47. When a Bill is passed by the Assembly the Secretary shall, if necessary, renumber the clauses, revise and complete the marginal notes thereof and make such purely formal consequential amendments therein as may be required, and a copy of the Bill shall be submitted to the Speaker and shall be signed by him.

Assent to Bill and publication of Bill as Act.

48. When a Bill, which has originated in the Assembly, has been passed by both Chambers of the Provincial Legislature, it shall be signed by the Speaker and shall be submitted to the Governor for his assent, and, if assented to by him or by the Governor General or by His Majesty, it shall be published in the local official gazette as an Act of

the Bengal Legislature assented to by the Governor or the Governor General in the name of His Majesty or by His Majesty, as the case may be.

Reconsideration of Bills returned by the Governor.

49. (*1*) When a Bill which has been passed is returned by the Governor to the Assembly for reconsideration, the point or points referred for reconsideration or the amendments recommended shall be put before the Assembly by the Speaker and shall be discussed and voted upon in the same manner as amendments to a Bill or in such other way as the Speaker may consider most convenient for their consideration by the Assembly.

(*2*) An amendment may be moved at this stage notwithstanding that it raises a question substantially identical with one on which the Assembly has already given a decision in the same session.

(*3*) No amendments other than the amendments referred to the Assembly by the Governor shall be admissible at this stage.

Withdrawal of Bill.

50. The member in charge of a Bill may at any stage of the Bill move that the Bill be withdrawn, and, if such motion be carried, the Bill shall be withdrawn accordingly.

Communications as to Bills.

51. Communications on matters connected with any Bill before the Assembly must be addressed to the Secretary.

Circulation of communications.

52. The Secretary shall, if time permits, cause such communications to be printed, and send a copy to each member, and shall also refer them to the select committee sitting on any Bill to which they may relate.

Notice of resolutions.

53. A member who wishes to move a resolution shall give twenty-one days' notice of his intention, and shall, together with the notice, submit a copy of the resolution which he wishes to move :

Provided that the Speaker, with the consent of the Minister in charge of the Department concerned may allow a resolution to be entered on the list of business at shorter notice than twenty-one days :

Provided also that no member shall, unless he has obtained the special permission of the Speaker, be permitted to send in notice of more than three resolutions during one session of the Assembly.

Restrictions on the form and contents of resolution.

54. Subject to the restrictions contained in the rules and the provisions of the standing orders, any member may move a resolution relating to a matter of general public interest :

Provided that no resolution shall be admissible which does not comply with the following conditions, namely :—

(*a*) it shall be clearly and precisely expressed and shall raise a definite issue ;

(*b*) it shall not contain arguments, inferences, ironical expressions or defamatory statements, nor shall it refer to the conduct or character of persons except in their official or public capacity ; and

(*c*) it shall not refer to any matter which is under adjudication by a court of law.

Procedure on motion to withdraw.

55. (*1*) A member in whose name a resolution appears on the list of business shall, when called on, either—

(*a*) withdraw the resolution, in which case he shall confine himself to a mere statement to that effect, but may make such brief statement of his reasons for withdrawal as he may consider necessary ; or

(*b*) move the resolution, in which case he shall commence his speech by a formal motion in the terms appearing in the list of business.

(*2*) If the member when called on is absent, the resolution standing in his name shall be considered to have been withdrawn :

Provided that the Speaker in his discretion, may allow another member to move such resolution, or may postpone it.

Limits of discussion.

56. The discussion of a resolution shall be strictly limited to the subject of the resolution.

Amendments.

57. When a resolution is under discussion, any member may, subject to all the rules and orders relating to resolutions, move an amendment to such resolution.

Notice of amendment.

58. (*1*) If a copy of such amendment has not been sent to the Secretary seven days before the day fixed for the discussion of the resolution, any member may object to the moving of the amendment, and such objection shall prevail, unless the Speaker in exercise of his power to suspend this order allows the amendment to be moved.

(*2*) The Secretary shall, if time permits, cause every amendment to be printed, and send a copy for the information of each member.

Limitation of time of discussion of resolution.

59. (*1*) The Speaker may, if he thinks fit, allot the maximum limit of time which shall be available for the discussion of any resolution of a private member on any day allotted for the discussion of such resolutions.

(*2*) As soon as the maximum limit of time for discussion is reached, the Speaker shall forthwith put every question necessary to dispose of the resolution under discussion.

(*3*) Notwithstanding anything contained in sub-section (*4*) of standing order 28, the Speaker may, in the case of any resolution for the discussion of which he has allotted the maximum time under sub-section (*1*), prescribe a time-limit for speeches shorter than that referred to in that standing order.

Procedure for taking a resolution out of turn.

60. (*1*) Notwithstanding anything contained in sub-section (*2*) of standing order 11, on the written requisition of not less than ninety members that a resolution be taken out of its turn on a day allotted for the discussion of resolutions of private members the resolution shall, with the consent of the Speaker and the Minister in charge of the Department concerned, be given precedence on that day over all other resolutions for which a ballot has been held :

Provided that not more than one resolution shall be given such precedence in any one session of the Assembly.

(*2*) If more than one such requisition is received in respect of any one day, and the consent required by sub-section (*1*) is obtained thereto, a special ballot shall be held in such manner as the Speaker may direct to determine which of the resolutions specified in such requisitions shall be given precedence on that day.

(*3*) A resolution shall not have precedence under this standing order on any day unless the Minister concerned has received at least six days' notice, and the members at least twenty-four hours' notice, from the Secretary, that the resolution will be given precedence on that day :

Provided that, with the consent of the Speaker, six days' notice shall not be necessary if the Minister agrees to accept shorter notice.

Time of asking leave.

61. Leave to move a motion for the adjournment of the business of the Assembly for the purpose of discussing a definite matter of urgent public importance must be asked for after questions and before the list of business for the day is entered upon.

Method of asking leave.

62. The member asking leave must hand to the Speaker a written statement of the matter proposed to be discussed, and must annex thereto the consent of the Speaker in writing, to his motion.

Procedure to be followed.

63. If the Speaker is of opinion that the matter proposed to be discussed is in order, and if it has not been disallowed under the rules, the Speaker shall read the statement to the Assembly and ask whether the member has the leave of the Assembly. If no objection is taken, the Speaker shall intimate the hour at which the motion will be taken. If objection is taken, he shall request those members who support the motion to rise in their places, and, if not less than fifty members rise accordingly, he shall similarly intimate the hour If less than fifty members rise, the Speaker shall inform the member that he has not the leave of the Assembly.

Limitation of time of discussion.

64. (*1*) The debate on a motion to discuss a matter of urgent public importance if not earlier concluded shall automatically terminate at the end of two hours, and thereafter no question can be put.

(*2*) No speech during the debate shall exceed fifteen minutes in duration.

Discussion of Budget.

65. No discussion of the Budget shall take place on the day on which it is presented.

Giving of notice.

66. (*1*) Every notice required by the rules or standing orders shall be given in writing, addressed to the Secretary, and may be left at the Assembly office, which shall be open for this purpose between the hours of 11 and 3 o'clock on every day, except Sunday or a public holiday, or may be posted.

(*2*) Notices left, or delivered by post, when the office is closed shall be treated as given on the next open day.

Journal.

67. (*1*) The Secretary shall keep a journal, in which a short record of the proceedings of the Assembly for each day shall be fairly entered.

(*2*) The journal shall be submitted after each meeting to the Speaker for his confirmation and signature; and, when so signed, shall be the record of the proceedings of the Assembly.

Full report of proceedings.

68. (*1*) The Secretary shall also cause to be prepared a full report of the proceedings of the Assembly at each of its meetings, and publish it as soon as practicable.

(*2*) He shall send a copy of such report to each member of the Assembly and to the Governor and the Governor General.

Admission of strangers.

69. The admission to the Assembly Chamber of—

(*1*) visitors to the visitors' gallery,

(*2*) representatives of the Press to the Press gallery, and

(*3*) officials

during the sittings of the Assembly shall be regulated in accordance with orders made by the Speaker with the previous sanction of the Governor:

Provided that until orders are made by the Speaker the orders regulating admission to the Chamber of the Bengal Legislative Council prior to the 1st April, 1937, shall, *mutatis mutandis*, be applicable and the functions of the Speaker thereunder shall, until the appointment of a member to act as Speaker, be exercised by the Minister in charge of the Home Department.

Power to order withdrawal of strangers.

70. The Speaker whenever he thinks fit, may order the galleries to be cleared.

By order of the Governor,

G. P. Hogg,

Secretary to the Government of Bengal.

HOME DEPARTMENT.

Constitution and Elections.

Words and expressions used in the Act and not defined in these Rules shall have the meanings assigned to them in the Act.

Temporary Chairman.

3. At the commencement of every session the President shall nominate from amongst the members of the Council a panel of not more than four Chairmen any one of whom may preside over the Council in the absence of the President and Deputy President, when so requested by the President, or in his absence, by the Deputy President.

Members absent from meetings of the Council for sixty days.

4. (*1*) If a member finds at any time that he is unable to attend meetings of the Council for a period of sixty days, computed in the manner provided in the proviso to sub-section (*4*) of section 68 of the Act, he shall apply for permission to be so absent.

(*2*) Such application shall, as soon as possible after receipt, be considered by the Council in such manner as the President may determine.

(*3*) The Secretary shall inform the member, as soon as possible, of the decision of the Council on his application.

(*4*) If a member is absent without permission, from all meetings of the Council for a period of sixty days or more, computed in the manner provided in the proviso to sub-section (*4*) of section 68 of the Act, any member may move that such member's seat be declared vacant.

(*5*) A member shall give three days' notice of such a motion and shall, with his notice, forward a complete statement of the dates on which the member whose seat is to be declared vacant was absent.

(*6*) No such motion shall be admitted for discussion if the President is satisfied that the statement is inaccurate.

(*7*) If such motion is carried, the Secretary shall intimate the fact to the Governor.

(*8*) The Secretary shall keep a list showing the names of all members who are absent for sixty days or more, computed in the manner provided in the proviso to sub-section (*4*) of section 68 of the Act, from all meetings of the Council and such list shall be made available for inspection by members.

Election of President by the Council.

5. (*1*) When owing to a vacancy in the office of the President it is necessary to choose a member as President the Governor shall fix a date for the holding of the election, and the Secretary shall send to every member notice of the date so fixed.

(*2*) At any time before 1 p.m. on the day preceding the date so fixed any member may nominate another member for election by delivering to the Secretary a nomination paper signed by himself as proposer and by a third member as seconder and stating—

(*a*) the name of the member nominated, and

(*b*) that the proposer has ascertained that such member is willing to serve as President if elected.

(*3*) The person presiding shall read out to the Council the names of the members who have been duly nominated together with those of their proposers and seconders, and, if only one member has been so nominated, shall declare that member to be elected. If more than one member has been so nominated, the Council shall proceed to elect a President by ballot.

(*4*) For the purposes of sub-rule (*3*), a member shall not be deemed to have been duly nominated or be entitled to vote if he and his proposer and seconder have not, before the reading out of the names by the person presiding, made the oath or affirmation as members of the Council.

(*5*) Where more than two candidates have been nominated and at the first ballot no candidate obtains more votes than the aggregate votes obtained by the other candidates, the candidate who has obtained the smallest number of votes shall be excluded from the election and balloting shall proceed, the candidate obtaining the smallest number of votes at each ballot being excluded from the election, until one candidate obtains more votes than the remaining candidate or than the aggregate votes of the remaining candidates, as the case may be.

(*6*) Where at any ballot any of three or more candidates obtain an equal number of votes and one of them has to be excluded from the election under sub-rule (*5*), the determination as between the candidates whose votes are equal of the candidate who is to be excluded shall be by drawing of lots.

Language of the Council.

6. If any member is unacquainted or not sufficiently acquainted with the English language he may address the Council in Bengali or Hindustani provided that the President may call on any member to speak in any language in which he is known to be proficient.

Decision on points of order.

7. (*1*) The President shall decide all points of order which may arise, and his decision shall be final.

(*2*) Any member may at any time submit a point of order for the decision of the President, but in doing so shall confine himself to stating the point.

Irrelevance or repetition.

8. The President, after having called the attention of the Council to the conduct of a member who persists in irrelevance or in tedious repetition either of his own arguments or of the arguments used by other members in debate, may direct him to discontinue his speech.

Power to order withdrawal of member.

9. (*1*) The President shall preserve order and have all powers necessary for the purpose of enforcing his decisions on all points of order.

(*2*) He may direct any member whose conduct is in his opinion grossly disorderly to withdraw immediately from the Council, and any member so ordered to withdraw shall do so forthwith and shall absent himself during the remainder of the day's meeting. If any member is ordered to withdraw a second time in the same session, the President may direct the member to absent himself from the meetings of the Council for any period not longer than the remainder of the session, and the member so directed shall absent himself accordingly. The member so directed to be absent shall not be deemed to be absent for the purposes of sub-section (*4*) of section 68 of the Act.

(*3*) The President may in the case of grave disorder arising in the Council suspend any sitting for a time to be named by him.

Allotment of times for private members business and precedence of business.

10. (*1*) The Governor, after considering the state of business of the Council, shall allot so many days as may in his opinion be possible, compatibly with the public interests for private members' business and may allot different days for the disposal of different classes of such business ; and on days so allotted for any particular class of business, business of that class shall have precedence. On other days no business other than Government business shall be transacted except with the consent of the Governor.

(*2*) Nothing in sub-rule (*1*) shall affect the provisions of rules 23 and 24.

Governor's power to give precedence to special business.

11. The Governor acting in his discretion may—

(*a*) at the commencement of a session of the Council, allot a day or days for business relating to any matter which, in the opinion of the Governor, affects the discharge of his functions in so far as he is required by or under the Act to act in his discretion or to exercise his individual judgment, and on such day or days such business shall have precedence ;

(*b*) at any time during a session, require that any business of the nature referred to in clause (*a*) shall be taken up on any day or days specified in such requisition, and on such day or days such business shall have precedence.

Disallowance of questions by the President.

12. The President may disallow any question or any part of a question, on the ground that it relates to a matter which is not primarily the concern of the Provincial Government and, if he does so, the question, or part of the question, shall not be placed on the list of business.

Certain questions not to be asked without the consent of the Governor.

13. (*1*) No question shall be asked, save with the consent of the Governor acting in his discretion, in regard to any of the following subjects, namely:—

(*i*) any matter connected with the relations between His Majesty or the Governor General and any foreign State or Prince ;

(*ii*) the personal conduct of the Ruler of any Indian State or of a member of the ruling family thereof ;

(*iii*) any matter arising out of or affecting the administration of an excluded area.

(*2*) No question shall be asked on any matter connected with any Indian State unless the Governor acting in his discretion—

(*i*) is satisfied that the matter affects the interest of the Provincial Government or of a British subject ordinarily resident in the Province, and

(*ii*) has given his consent to the question being asked.

(*3*) If the President is of opinion that a question is or may be one which cannot be asked save with the consent of the Governor, he shall, as soon as may be after the receipt of the notice of the question, forward to the Governor a copy thereof and, unless the Governor (whose decision in the matter shall be final) decides in his discretion that the question may be put, it shall not be entered in the list of business.

(*4*) Notwithstanding the fact that the President has made no reference under sub-rule (*3*), if the Governor acting in his discretion considers that any question or part of a question is one which cannot be asked without his consent, he may withhold his consent to the asking of the question and, on communication to the President of his decision which shall be final, the question shall not be entered in the list of business or, if it has been so entered, the President shall decline to allow the question to be put.

(*5*) The President shall disallow any supplementary question if, in his opinion, it infringes the provisions of this rule.

14. A question may be asked for the purpose of obtaining information on a matter of public concern within the special cognisance of the member to whom it is addressed. **Subject matter of questions.**

15. The Governor acting in his discretion may at any time before a question is asked inform the President that he disallows the question or any part of the question on the ground that it affects the discharge by him of his functions in so far as he is required by or under the Act to act in his discretion or to exercise his individual judgment and if he does so, the question or part of the question shall not be entered in the list of business or, if it has been so entered, the President shall decline to allow the question to be put. **Disallowance of questions by the Governor.**

16. In matters which are or have been the subject of controversy between the Governor General in Council or the Secretary of State and the Provincial Government, no question shall be asked, except as to matters of fact, and the answer shall be confined to a statement of facts. **Questions regarding controversy with higher authorities.**

17. Any member may put a supplementary question for the purpose of further elucidating any matter of fact regarding which an answer has been given : **Supplementary questions.**

Provided that the President shall disallow any supplementary question if, in his opinion, it infringes the rules as to the subject-matter of questions.

18. The provisions of rules 40 and 42 shall, so far as may be, apply to all motions. **Restrictions on the making of certain motions.**

19. The Governor may order the publication of any Bill (together with the Statement of Objects and Reasons accompanying it) in the Gazette, although no motion has been made for leave to introduce the Bill. In that case it shall not be necessary to move for leave to introduce the Bill, and, if the Bill is afterwards introduced, it shall not be necessary to publish it again. **Publication of Bills.**

20. (*1*) Any member other than a Minister, desiring to move for leave to introduce a Bill shall give notice of his intention, and shall, together with the notice, submit six copies of the Bill and of the full statement of Objects and Reasons. **Notice of motion for leave to introduce Bills.**

(*2*) If notice is given of a motion to introduce a Bill which, in the opinion of the President, cannot be introduced save with previous sanction, the President shall as soon as may be after the receipt of the notice refer the Bill to the Governor and the motion shall not be placed on the list of business unless the Governor has indicated to the President that the previous sanction required has been granted.

(*3*) If any question arises whether a Bill is or is not a Bill which cannot be introduced save with previous sanction, the question shall be referred to the authority which would have power to grant the previous sanction if it were necessary, and the decision of that authority on the question shall be final.

(*4*) The period of notice of a motion for leave to introduce a Bill under this rule shall be fifteen days.

Publication.

21. As soon as may be after a Bill has been introduced, the Bill, unless it has already been published, shall be published in the Gazette.

Persons by whom motions in respect of Bills may be made.

22. (*1*) Subject to the provisions of rule 34 no motion that a Bill be taken into consideration or be passed shall be made by any member other than the member in charge of the Bill and no motion that a Bill be referred to a select committee or be circulated or recirculated for the purpose of eliciting opinion thereon shall be made by any member other than the member in charge except by way of amendment to a motion, made by the member in charge

(*2*) For the purposes of this rule " member in charge of the Bill " means, in the case of a Government Bill, any member acting on behalf of the Government and, in any other case, the member who has introduced the Bill.

Discussion of Governor's Bills.

23. (*1*) Within one month after the receipt from the Governor of a message under clause (*b*) of sub-section (*1*) of section 90 of the Act, with a copy of the Bill considered by him to be necessary, any member may, after giving three days' notice to the Secretary, make a motion for an address to the Governor approving or disapproving the Bill and may attach to any such address a list of amendments to be made therein, and such amendments shall be dealt with by the Council in the same manner as amendments to Bills.

(*2*) The President shall forthwith communicate to the Governor the proceedings of the Council in relation to the Bill.

Discussion of Governor's ordinances.

24. As soon as possible after the Governor has promulgated an ordinance under sub-section (*1*) of section 88 of the Act, printed copies of such ordinance shall be made available to the members of the Council Within six weeks from the reassembly of the Council, any member may, after giving three clear days' notice to the Secretary, move a resolution disapproving the ordinance and if such a resolution is passed, it shall be forwarded to the Assembly with a message asking for its concurrence.

Effect of certification by Governor.

25. A certificate by the Governor under sub-section (*2*) of section 86 of the Act in respect of any Bill or any clause of a Bill or any amendment to a Bill directing that no

further proceedings shall be taken thereon may be made by message and shall be communicated to the Council by the President. On receipt of such a certificate, all notices of motions in connection with the subject-matter of the certificate shall lapse and if any such motion has not already been set down on the list of business, it shall not be so set down. If any such motion has been set down on the list of business, the President shall, when the motion is reached, inform the Council of the Governor's certificate and the Council shall forthwith without debate proceed to the next item of business. If any such motion has been reached and is under discussion when the certificate is received, the President shall forthwith inform the Council of the Governor's certificate and the Council shall forthwith without further debate proceed to the next item of business.

Provisions regarding previous sanction for introduction of Bills to apply to amendments.

26. The provisions of sub-rules (*2*) and (*3*) of rule 20 shall apply *mutatis mutandis* to all amendments.

Bills originating in and passed by the Council.

27. Every Bill originating in the Council which has been passed by the Council shall be sent to the Assembly.

Bills returned to the Council after amendment by the Assembly.

28. If the Bill is returned to the Council after amendment by the Assembly, copies of the Bill shall be laid on the table at the next following meeting of the Council or as soon as possible thereafter.

Appointment of time for consideration of amendments.

29. After the amended Bill has been laid on the table any member acting on behalf of the Government in the case of a Government Bill or, in any other case, any member, after giving seven days' notice or, with the consent of the President without notice, may move that the amendments be taken into consideration.

Procedure on consideration of amendments.

30. (*1*) If a motion that the amendments be taken into consideration is carried, the President shall put the amendments to the Council in such manner as he thinks most convenient for their consideration.

(*2*) Further amendments relevant to the subject-matter of the amendments made by the Assembly may be moved, but no further amendment shall be moved to the Bill, unless it is consequential upon, or an alternative to, an amendment made by the Assembly.

Procedure consequent on consideration of amendments.

31. (*1*) If the Council agrees to the amendments made by the Assembly, a message intimating its agreement shall be sent to the Assembly.

(*2*) If the Council disagrees with the amendments made by the Assembly or any of them, the Bill with a message intimating its disagreement shall be sent to the Assembly.

(*3*) If the Council agrees to the amendments or any of them with further amendments or proposes further amendments in place of amendments made by the Assembly the Bill as further amended with a message to that effect shall be sent to the Assembly.

(*4*) If the Bill is thereafter returned with a message intimating that the Assembly insists on amendments to which the Council is unable to agree the Council may report the fact of the disagreement to the Governor.

Bills originating in and passed by the Assembly and sent to the Council.

32. When a Bill originating in the Assembly has been passed by the Assembly and is sent to the Council copies of the Bill shall be laid on the table at the next following meeting of the Council or as soon as possible thereafter.

Notice.

33. At any time after copies have been laid on the table, any member acting on behalf of the Government in the case of a Government Bill or, in any other case, any member may give notice of his intention to move that the Bill be taken into consideration.

Motion for consideration.

34. On the day on which the motion is set down in the list of business which shall, unless the President otherwise directs, be not less than seven days from the receipt of the notice the member giving notice may move that the Bill be taken into consideration.

Discussion.

35. On the day on which such motion is made or any subsequent day to which the discussion is postponed the principle of the Bill and its general provisions may be discussed, but the details of the Bill must not be discussed further than is necessary to explain its principle.

Reference to select committee.

36. Any member may (if the Bill has not already been referred to a select committee of the Assembly or to a joint committee of both Chambers, but not otherwise) move as an amendment that the Bill be referred to a select committee and, if such motion is carried, the Bill shall be referred to a select committee and the standing orders regarding select committees on Bills originating in the Council shall then apply.

Consideration and passing.

37. If the motion that the Bill be taken into consideration is carried, the Bill shall be taken into consideration and the provisions of the rules and standing orders of the Council regarding consideration of amendments to Bills and the subsequent procedure in regard to the passing of Bills shall apply.

Bills passed without amendments.

38. If the Bill is passed without amendment, the Bill with a message to the effect that the Council have agreed to the Bill without any amendments shall be sent to the Assembly.

Bills passed with amendments.

39. (*1*) If the Bill is passed with amendments, the Bill shall be returned with a message asking the concurrence of the Assembly to the amendments.

(*2*) If the Bill is thereafter returned by the Assembly with a message that the Assembly agrees to the amendments or any of them with further amendments or proposes further amendments in place of amendments made by the Council, the provisions of rules 28 and 29 and sub-rule (*1*) of rule 30 shall apply and the Council may either agree to the Bill as originally passed in the Assembly or as further amended by the Assembly, as the case may be, or may return the Bill with a message that it insists on an amendment or amendments to which the Assembly has disagreed.

Power to disallow other resolutions.

40. The Governor acting in his discretion may at any time before the resolution is moved inform the President that he disallows any resolution or any part of a resolution on the ground that it relates to or affects the discharge of any of the functions of the Governor in so far as he is by or under the Act required to act in his discretion or exercise his individual judgment, and if he does so, the resolution or part of the resolution shall not be placed on the list of business or if it has been placed on the list of business, it shall not be moved.

Power to disallow certain resolutions.

41. The Governor may at any time before the resolution is moved disallow any resolution or any part of a resolution on the ground that it cannot be moved without detriment to the public interest or that it relates to a matter which is not primarily the concern of the Provincial Government and if he does so, the resolution or part of the resolution shall not be placed on the list of business or if it has been placed on the list of business, it shall not be moved.

Certain resolutions not to be moved without the consent of Governor.

42. (*1*) No resolution shall be moved, save with the consent of the Governor acting in his discretion, in regard to any of the following subjects, namely :—

(*i*) any matter connected with the relations between His Majesty or the Governor General and any foreign State or Prince ;

(*ii*) the personal conduct of the Ruler of any Indian State or of a member of the ruling family thereof ;

(*iii*) any matter arising out of or affecting the administration of an excluded area.

(*2*) No resolution shall be moved on any matter connected with any Indian State unless the Governor acting in his discretion—

(*i*) is satisfied that the matter affects the interests of the Provincial Government or of a British subject ordinarily resident in the Province, and

(*ii*) has given his consent to the resolution being moved.

(*3*) If the President is of opinion that a resolution is or may be one which cannot be moved save with the consent of the Governor, he shall, as soon as may be after the receipt of the notice of the resolution, forward to the Governor a copy thereof and, unless the Governor (whose decision in the matter shall be final) decides in his discretion that the resolution may be moved, it shall not be entered in the list of business.

(*4*) Notwithstanding the fact that the President has made no reference under sub-rule (*3*), if the Governor acting in his discretion considers that any resolution or part of a resolution is one which cannot be moved without his consent he may withhold his consent to the moving of the resolution and, on communication to the President of his decision which shall be final, the resolution shall not be entered in the list of business or, if it has been so entered, the President shall decline to allow the resolution to be moved.

Form of resolutions.

43. Every resolution shall be in the form of a declaration of opinion by the Council.

Copy to Government.

44. A copy of every resolution which has been passed by the Council shall be forwarded to the Provincial Government.

Special motion.

45. (*1*) Save in so far as is otherwise provided by the Act or by these rules no discussion of a matter of general public interest shall take place otherwise than on a resolution moved in accordance with the rules and standing orders except with the consent of the President and of the Minister to whose department the motion relates.

(*2*) It shall not be permissible to the President or to the Minister concerned to give his consent to the moving of any motion which requires the consent of the Governor under rule 42 unless such consent has been obtained.

(*3*) The Governor may disallow any motion or part of a motion on the ground that it cannot be moved without detriment to the public interest or on the ground that it relates to a matter which is not primarily the concern of the Provincial Government, and if he does so the motion shall not be placed on the list of business.

Motions for adjournments.

46. (*1*) A motion for an adjournment of the business of the Council for the purpose of discussing a definite matter of urgent public importance may be made with the consent of the President.

(*2*) The provisions of rules 41 and 42 shall, so far as may be, apply to all such motions.

Power to disallow on certain grounds.

47. The Governor may disallow any motion for an adjournment of the business of the Council on the ground that it cannot be moved without detriment to the public interest or that it relates to a matter which is not primarily the concern of the Provincial Government and, if he does so, the adjournment shall not be permitted by the President and no further discussion of the motion shall take place.

Restrictions on powers to make motion.

48. The right to move the adjournment of the Council for the purpose of discussing a definite matter of urgent public importance shall be subject to the following restrictions, namely :—

(*i*) not more than one such motion shall be made at the same sitting ;

(*ii*) not more than one matter can be discussed on the same motion, and the motion must be restricted to a specific matter of recent occurrence ;

(*iii*) the motion must not revive discussion on a matter which has been discussed in the same session ;

(*iv*) the motion must not anticipate a matter which has been previously appointed for consideration, or with reference to which a notice of motion has been previously given ; and

(*v*) the motion must not deal with a matter on which a resolution could not be moved.

Motion of non-confidence in Ministers.

49. (*1*) A motion expressing want of confidence in a Minister or a motion disapproving the policy of the Minister in a particular respect may be made with the consent of the President and subject to the following restrictions, namely :—

(*a*) leave to make the motion must be asked for after questions and before the list of business for the day is entered upon ;

(*b*) the member asking for leave must before the commencement of the sitting of the day leave with the Secretary a written notice of the motion which he proposes to make.

(*2*) If the President is of opinion that the motion is in order he shall read the motion to the Council and shall request those members who are in favour of leave being granted to rise in their places and if not less than twenty-one members rise accordingly, the President shall intimate

that leave is granted and that the motion will be taken on such day, not being more than ten days from the day on which leave is asked, as he may appoint. If less than twenty-one members rise the President shall inform the member that he has not the leave of the Council.

Resignation of Ministers.

50. (*1*) A member who has resigned the office of Minister may with consent of the President make a personal statement in explanation of his resignation.

(*2*) Such statement shall be made after questions and before the list of business for the day is entered upon.

(*3*) On such statement no debate shall be allowed.

Provided that a Minister shall be entitled after the member has made his statement to make a statement pertinent thereto.

Resolution to remove President from office.

51. Any resolution to remove the President from office, of which the required notice of fourteen days has been received, shall be read to the Council by the President. He shall then request those members who are in favour of leave being granted to move the resolution to rise in their places and if not less than twenty-one members rise accordingly the President shall intimate that leave is granted. If less than twenty-one members rise, the President shall inform the intending mover thereof that he has not the leave of the Council to move it.

Presentation of Budget.

52. The annual financial statement or the statement of the estimated receipts and expenditure of the Province in respect of every financial year (hereinafter referred to as "the Budget") shall be presented to the Council on such day in the preceding financial year as the Governor exercising his individual judgment may appoint :

Provided that the provisions of paragraph 5 of the Government of India (Commencement and Transitory Provisions) Order, 1936, shall apply as regards the Budget for the financial year 1937-38.

General discussion.

53. (*1*) On a day or days to be appointed by the Governor, exercising his individual judgment, subsequent to the day on which the Budget is presented and for such time as the Governor exercising his individual judgment may allot for this purpose, the Council shall be at liberty to discuss the Budget as a whole or any question of principle involved therein.

(*2*) The Finance Minister shall have a general right of reply at the end of the discussion.

(*3*) The President may, if he thinks fit, prescribe a time-limit for speeches.

Supplementary statement of expenditure.

54. (*1*) The Governor, exercising his individual judgment, may from time to time, allot a day for the presentation of a supplementary statement of expenditure.

(*2*) The Governor, exercising his individual judgment, shall allot one or more days, subsequent to the day of presentation, for discussion of the estimates of expenditure other than estimates relating to expenditure referred to in paragraph (*a*) of sub-section (*3*) of section 78 of the Act.

Procedure to be followed in making rules.

55. The procedure to be followed by the Council in making rules under sub-section (*1*) of section 84 of the Act to regulate its procedure and the conduct of its business shall be such as may be adopted by motion made and carried in the Council.

Address to the Governor.

56. An Address from the Council to the Governor shall be presented through the Speaker after motion made and carried in the Council.

Channel of communication between Council and Governor.

57. The Home Department shall be the channel of communication between the Council and the Governor.

Copy of Bill to the Governor General.

58. A copy of every Bill introduced in the Council shall, immediately after its introduction, be forwarded by the Secretary to the Governor General for his information.

Supply of copies of private members' Bills.

59. (*1*) Whenever a private member of the Council gives notice of his intention to move for leave to introduce a Bill, the Secretary shall forthwith send two copies of the Bill and Statement of Objects and Reasons to the department to which the case belongs and to the Legislative Department.

(*2*) The provisions of sub-rule (*1*) shall, as far as may be, apply to all amendments notice of which is given by private members of the Council in the case of a Bill.

By order of the Governor,

G. P. HOGG,

Secretary to the Government of Bengal.

NOTIFICATION.

No. 8353 A.R.—1st April, 1937.—The Bengal Legislative Council Standing Orders in force immediately before the commencement of Part III of the Government of India Act, 1935, as modified and adapted for the purposes of the Bengal Legislative Council by the Governor in exercise of his powers under sub-section (*3*) of section 84 of the said Act are hereby published for general information :—

Short title.

1. These standing orders may be called the Bengal Legislative Council Standing Orders.

Definitions.

2. In these standing orders—

" the Act " means the Government of India Act, 1935 ;

" Assembly " means the Bengal Legislative Assembly ;

" Chamber " means a Chamber of the Bengal Legislature ;

" Council " means the Bengal Legislative Council ;

" Finance Minister" means the Minister appointed by the Governor to perform the functions of the Finance Minister under the rules and standing orders ;

" member " means a member of the Council ;

" Minister " means a Member of the Council of Ministers and includes any member to whom such Minister may delegate any function assigned to him under the rules or standing orders ;

"motion " means a proposal made by a member for the consideration of the Council relating to any matter which may be discussed by the Council and includes an amendment ;

" rule " means a rule of the Council ;

" Secretary " means the Secretary to the Council and includes any person for the time being performing the duties of the Secretary ;

" Select Committee " means a Committee appointed by the Council, to consider or take evidence upon any Bill, and to report their opinion for the information and assistance of the Council ;

"session" means the whole period, from the time when the Council meets to the time when it is prorogued.

Words and expressions used in the Act and not defined in these standing orders shall have the meanings assigned to them in the Act.

Notification and summons for meeting.

3. Whenever it appears to the Governor acting in his discretion that the Council should meet—

(*a*) he shall cause a notification to be published in the local official Gazette, appointing the day, hour and place for a meeting of the Council, and

(*b*) the Secretary shall send to each member a summons to attend the meeting.

Sitting of the Council.

4. (*1*) Whilst in session, the Council shall meet at such hour as the Governor may appoint.

(*2*) Any meeting of the Council may be adjourned by the person presiding.

Election of Deputy President.

5. (*1*) As soon as may be after the election of the President, the Council shall elect one of its members to be a Deputy President.

(*2*) Any member may nominate another member for election by delivering to the Secretary, before such time as the Governor may appoint, a nomination paper signed by himself as proposer and by a third member as seconder and stating—

(*a*) the name of the member nominated, and

(*b*) that the proposer has ascertained that such member is willing to serve as Deputy President, if elected.

(*3*) The President shall read out to the Council the names of the members who have been duly nominated together with those of their proposers and seconders, and if only one member has been so nominated shall declare that member to be elected. If more than one member has been so nominated, the Council shall proceed to elect a Deputy President by ballot.

(*4*) The provisions of sub-rules (*4*), (*5*) and (*6*) of rule 5 shall apply to such election.

(*5*) If a vacancy in the office of Deputy President occurs a fresh election shall be held in accordance with the procedure hereinbefore mentioned.

Members' places.

6. The members shall sit in such order as the President may appoint.

Members to rise when speaking.

7. A member desiring to make any observations on any matter before the Council shall speak from his place, shall rise when he speaks, and shall address the President. At any time if the President rises, any member speaking shall immediately resume his seat.

Explanations.

8. When, for the purpose of explanation during discussion or for any other sufficient reason, any member has occasion to ask a question of another member on any matter then under the consideration of the Council he shall ask the question through the President.

Limitations on debate.

9. (*1*) The matter of every speech must be strictly relevant to the matter before the Council.

(*2*) A member while speaking must not—

(*i*) refer to any matter of fact on which a judicial decision is pending ;

(*ii*) make a personal charge against a member ;

(*iii*) use offensive expressions regarding the conduct of the Indian or any Provincial legislature ;

(*iv*) reflect upon the conduct of His Majesty the King or the Governor General or His Majesty's Representative for the exercise of the functions of the Crown in its relations with Indian States or any Governor or any Court of Justice ;

(*v*) utter treasonable, seditious or defamatory words ; and

(*vi*) use his right of speech for the purpose of wilfully obstructing the business of the Council.

Business left over from session

10. (*1*) On the termination of a session all pending notices shall lapse and fresh notice must be given for the next session except in the case of a question which has not been answered. Such question shall, if the member intimates in writing not less than fifteen days before the commencement of the next session his desire to proceed with the question, be carried over for reply to the list of questions for the next session.

(*2*) On the termination of a session Bills which have been introduced shall be carried over to the pending list of business of the next session :

Provided that if the member in charge of a Bill makes no motion in regard to the same during two complete sessions, the Bill shall lapse, unless the Council on a motion by that member make a special order for the continuance of the Bill.

Arrangement of business.

11. (*1*) At times when Government business has precedence, the Governor may arrange that business in such order as he thinks fit.

(*2*) The relative precedence of notices of Bills and resolutions given by private members shall, from time to time, be determined by ballot in such manner as the President may direct. The order of priority as determined by the ballot shall, subject to the provisions of standing order 60 be final.

(*3*) On a day allotted for the disposal of private members' Bills, such Bills shall, provided that any notice required by the rules or standing orders has been given, have relative precedence in the following order :—

(*a*) Bills returned by the Governor with a message under section 75 or 76 of the Act ;

(*b*) Bills originating in the Council which have been returned by the Assembly after amendment ;

(*c*) Bills originating in the Assembly which have been sent to the Council ;

(*d*) other Bills.

Bills of each of the above classes shall be arranged so as to give priority to those which are most advanced. The relative precedence of Bills which have reached the same stage shall be determined by ballot in such manner as the President may direct.

List of business.

12. (*1*) A list of business for the day shall be prepared by the Secretary and shall be circulated to all members.

(*2*) No business not included in the list of business for the day shall be transacted at any meeting without the leave of the President

Business outstanding at end of day.

13. All business appointed for any day and not disposed of on that day shall stand over until the next day of the session available for business of the class to which it belongs.

Time for questions.

14. The first hour of every meeting shall be available for the asking and answering of questions.

Notice of questions.

15. A member who wishes to ask a question shall give fifteen days' notice of his intention and shall, together with the notice, submit a copy of the question he wishes to ask :

Provided that the President may, with the consent of the Minister in charge of the Department to which the question pertains, allow a question to be put at shorter notice than fifteen days :

Provided also that no member shall, unless he has obtained the special permission of the President, be permitted to send in notice of more than twelve questions during one session of the Council, exclusive of any question that may have been carried over for reply from a previous session.

Form and contents of questions.

16. In order that a question may be admissible, it must satisfy the following conditions, namely :—

(*i*) it must not bring in any name or statement not strictly necessary to make the question intelligible ;

(*ii*) if it contains a statement, the member asking it must make himself responsible for the accuracy of the statement ;

(*iii*) it must not contain arguments, inferences, ironical expressions or defamatory statements ;

(*iv*) it must not ask for expression of opinion or the solution of a hypothetical proposition ;

(*v*) it must not be asked as to the character or conduct of any person except in his official or public capacity ;

(*vi*) it must not be of excessive length ; and

(*vii*) it must not refer to any matter which is under adjudication by a court of law.

President to decide admissibility of question.

17. The President shall decide on the admissibility of a question with reference to the provisions of standing order 16 and shall disallow any question when, in his opinion, it is an abuse of the right of questioning, or is in contravention of those provisions.

List of questions and answers.

18. Subject to the provisions of rules 13 and 15 as soon as answers to questions which have not been disallowed are received by the Secretary they shall be entered in a list of questions and answers to be prepared for the next day of meeting, and the questions shall be put, if the time available for questions permits, in the order in which they stand in the list before any other business is entered upon at the meeting. Any questions left over owing to time not being available shall be postponed to the next day of meeting when they shall take precedence over other questions.

Matters to which they must relate.

19. A question addressed to a Minister must relate to the public affairs with which he is officially connected, or to a matter of administration for which he is responsible.

Questions how put.

20. Questions shall be put and answers given in such manner as the President may, in his discretion, determine.

21. The President at the request of a Minister may direct that any answer to a question may be given on the ground of public interest even though the question is not put or the member in whose name it stands is absent. **Answers to withdrawn questions.**

22. The Minister to whom a supplementary question is put may, if he is not prepared to give an answer immediately, ask for notice of the question, in which case the supplementary question shall be treated as a fresh question to be answered at a subsequent meeting of the Council. **Minister may ask for notice of supplementary question.**

23. No discussion shall be permitted in respect of any question or of any answer given to a question. **Prohibition of discussion.**

24. (*1*) A matter requiring the decision of the Council is brought forward by means of a question put by the President on a motion proposed by a member. **Motions.**

(*2*) A member who wishes to move a motion (other than a motion for which a specified period is otherwise prescribed) shall give notice of his intention to the Secretary ten days before the meeting at which he intends to move the motion :

Provided that the President may, in his discretion, admit at any time any motion at shorter notice than that prescribed by any order, or may admit a motion without notice.

(*3*) Votes may be taken by voices, by show of hands or by division, and shall be taken by division if any member so desires. The President shall determine the method of taking votes by division.

(*4*) The result of a division shall be announced by the Speaker and shall not be challenged.

25. (*1*) Except as otherwise provided in the rules the President shall decide on the admissibility of a motion. **Admissibility of motions.**

(*2*) The President may disallow any motion when in his opinion, it does not comply with the rules or standing orders.

26. A motion must not raise a question substantially identical with one on which the Council has given a decision in the same session. **Repetition of motions.**

27. Where substantially identical motions stand in the names of two or more members, the President shall decide whose motion shall be moved and the other motions shall thereupon be deemed to be withdrawn. **Identical motions.**

Order of speeches, right of reply and explanations; time-limit of speeches.

28. (*1*) When any member has made a motion, other members may speak to it in such order as the President may direct.

(*2*) Except in the exercise of a right of reply or as otherwise provided, no member shall speak more than once to any motion, except with the permission of the President for the purpose of making a personal explanation, but in that case no debateable matter may be brought forward.

(*3*) A member who has moved a substantive motion may speak again by way of reply, and if the motion is moved by a private member, the Minister to whose Department the matter relates shall have the right of speaking after the mover, whether he has previously spoken in the debate or not.

(*4*) Except with the permission of the President no speech upon any motion shall exceed fifteen minutes in duration :

Provided that the mover of a motion, when moving the same, and the Minister in charge of the Department to which the motion relates, when speaking for the first time, may speak for thirty minutes.

Rules as to amendments.

29. (*1*) An amendment must be relevant to and within the scope of the question to which it is proposed.

(*2*) An amendment may not be moved which has merely the effect of a negative vote.

(*3*) After a decision has been given on an amendment to any part of a question, an earlier part shall not be amended.

(*4*) An amendment on a question must not be inconsistent with the previous decision on the same question given at the same stage of any Bill or motion.

(*5*) The President may refuse to put an amendment which is in his opinion frivolous.

Order of amendments.

30. (*1*) When an amendment to any motion is moved, or when two or more such amendments are moved, the President shall, before taking the sense of the Council thereon, state or read to the Council the terms of the original motion and of the amendment or amendments proposed.

(*2*) It shall be in the discretion of the President to put first to the vote either the original motion or any of the amendments which may have been brought forward.

Division of motion.

31. When any motion involving several points has been discussed, it shall be in the discretion of the President to divide the motion, and put each or any point separately to the vote as he may think fit.

Withdrawal of motions.

32. (*1*) A member who has moved a motion shall not withdraw the same, except by leave of the Council.

(*2*) No discussion shall be permitted on a request for leave to withdraw, except with the permission of the President.

If the leave of the Council has been given to withdraw a motion to which an amendment has been proposed the mover of the amendment may forthwith move the motion in its amended form.

Closure.

33. When any motion is under discussion any member may move "that the question be now put," and unless it appears to the President that the request is an abuse of the rules of the Council or an infringement of the rights of reasonable debate, the question "that the question be now put" shall be put forthwith. There shall be no debate on such motion. If such motion be carried the question shall be put accordingly.

Motion for leave to introduce a Bill.

34. (*1*) If a motion for leave to introduce a Bill is opposed, the President after permitting, if he thinks fit, a brief explanatory statement from the member who moves and from the member who opposes the motion, may, without further debate, put the question thereon.

(*2*) If such motion be carried, the Secretary shall read the title of the Bill, and the Bill shall thereupon be deemed to be introduced in the Council.

Motion after introduction.

35. When a Bill is introduced, or on some subsequent occasion, the member in charge of the Bill may make one of the following motions in regard to the Bill, namely :—

(*a*) that it be taken into consideration by the Council either at once or at some future day to be then mentioned, or

(*b*) that it be referred to a select committee, or

(*c*) that it be circulated for the purpose of eliciting opinion thereon :

Provided that no such motion shall be made until after copies of the Bill have been made available for the use of members, and that any member may object to any such motion being made, unless copies of the Bill have been so available for seven days before the motion is made, and such objection shall prevail, unless the President in exercise of his power to suspend this order allows the motion to be made.

Discussion of Bills.

36. (*1*) On the day on which any such motion is made or on any subsequent day to which the discussion is postponed, the principle of the Bill and its general provisions may be discussed, but the details of the Bill must not be discussed further than is necessary to explain its principle.

(2) At this stage no amendments to the Bill may be moved, but—

(a) if the member in charge moves that the Bill be taken into consideration, any member may move as an amendment that the Bill be referred to a select committee or be circulated for the purpose of eliciting opinion thereon before a date to be mentioned in the motion, or

(b) if the member in charge moves that the Bill be referred to a select committee, any member may move as an amendment that the Bill be circulated for the purpose of eliciting opinion.

(3) Where a motion that the Bill be circulated for the purpose of eliciting opinion is carried in the Council and the Bill is circulated in accordance with that direction, and opinions have been received thereon before the date mentioned in the motion, the member in charge, if he wishes to proceed with the Bill thereafter, must move that the Bill be referred to a select committee, unless the President in the exercise of his power to suspend this order allows a motion to be made that the Bill be taken into consideration.

Select committee.

37. (1) The Minister in charge of the Department to which a Bill relates, the member who introduced the Bill and the other members of the select committee shall be named as members in the motion proposing the appointment of the committee.

(2) The Minister in charge of the Department to which a Bill relates shall, if he is a member of the Council, ordinarily be Chairman of the committee.

(3) If such Minister is not a member of the Council, the committee shall choose a member of the Committee to be their Chairman.

(4) In the case of an equality of votes, the Chairman shall have a second or casting vote.

(5) A select committee may hear expert evidence and representatives of special interests affected by the measure before them.

Proceedings of select committee to be treated as confidential.

38. All proceedings of a select committee shall be treated as confidential, and their recommendations shall not be disclosed until the report has been made available for the use of each member or has been published in the local official gazette.

Reports by select committee.

39. (1) When a Bill has been referred to a select committee, the Committee shall make a report thereon.

(2) Reports may be either preliminary or final.

(*3*) The select committee shall, in their report, state whether or not, in their judgment, the Bill has been so altered as to require republication, whether the publication directed by the rules or by the Council has taken place and the date on which the publication has taken place or, where publication in more than one language is ordered, the date on which the publication in each such language has taken place.

(*4*) If any member of a select committee desires to record a minute of dissent on any point, he must sign the majority report, stating that he does so subject to his dissent, and must at the same time hand in his minute.

(*5*) Every such minute of dissent must be confined to a discussion of matter contained in the report, and must be free from personal remarks.

Printing and publication of reports.

40. (*1*) The Secretary shall cause every report of a select committee to be printed, and a copy of the report shall be made available for the use of each member. The report, with the amended Bill, shall be published in the local official gazette.

(*2*) If any member is unacquainted with English, the Secretary shall also, if requested, cause the report to be translated for his use into such vernacular language as the President may direct.

Presentation of report and procedure after presentation.

41. (*1*) Every report by a select committee on a Bill, shall be presented to the Council by the Chairman of the committee.

(*2*) In presenting a report the Chairman shall, if he makes any remarks, confine himself to a brief statement of fact.

(*3*) After the presentation of the final report, the member in charge may move—

(*i*) that the Bill as reported by the select committee be taken into consideration, but any member may object to its being so taken into consideration if a copy of the report has not been available for the use of members for seven days, and such objection shall prevail, unless the President in exercise of his power to suspend this order allows the report to be taken into consideration ; or

(*ii*) that the Bill be recommitted either—

(*a*) without limitation, or

(*b*) with respect to particular clauses or amendments only, or

(*c*) with instructions to the select committee to make some particular or additional provision in the Bill.

(*4*) If the member in charge moves that the Bill be taken into consideration, any member may move as an amendment that the Bill be recommitted.

Proposal of amendments.

42. When a motion has been agreed to by the Council that a Bill be taken into consideration, any member may propose an amendment of such Bill.

Notice of amendments.

43. (*1*) Any member who wishes to move an amendment to any Bill under the consideration of the Council shall send written notice thereof to the Secretary so as to reach him at least ten days before the first day on which the Bill is to be taken into consideration by the Council and shall, together with the notice send a copy of the amendment which he desires to move.

(*2*) The Secretary shall, if time permits, cause every notice of a proposed amendment to be printed, and a copy shall be made available for the use of each member.

(*3*) If any member present is unacquainted with English the Secretary, shall also, if requested, and if time permits cause every such notice to be translated into such vernacular language as the President may direct.

Order of amendments.

44. Amendments shall ordinarily be considered in the order of the clauses of the Bill to which they respectively relate.

Submission of Bill clause by clause.

45. Notwithstanding anything in the foregoing orders, it shall be in the discretion of the President when a motion that a Bill be taken into consideration has been carried, to submit the Bill, or any part of the Bill, to the Council clause by clause. When this procedure is adopted, the President shall call each clause separately, and, when the amendments relating to it have been dealt with, shall put the question "that this clause, or (as the case may be) this clause as amended, stand part of the Bill."

Passing of Bills.

46. (*1*) If no amendment be made when a motion that a Bill be taken into consideration has been agreed to by the Council, the Bill may at once be passed.

(*2*) If any amendment be made, any member may object to the passing of the Bill at the same meeting ; and such objection shall prevail, unless the President in exercise of his powers to suspend this standing order allows the motion that the Bill be passed to be made.

(*3*) Where the objection prevails, the Bill shall be brought forward again at a future meeting ; and may then be passed with or without further amendment.

47. When a Bill is passed by the Council the Secretary shall, if necessary, renumber the clauses, revise and complete the marginal notes thereof and make such purely formal consequential amendments therein as may be required and a copy of the Bill shall be submitted to the President and shall be signed by him. **Formal revision of Bill and submission of it to President for authentication.**

48. When a Bill, which has originated in the Council, has been passed by both Chambers of the Provincial Legislature, it shall be signed by the President and shall be submitted to the Governor for his assent, and, if assented to by him or by the Governor General or by His Majesty, it shall be published in the local official Gazette as an Act of the Bengal Legislature assented to by the Governor or the Governor General in the name of His Majesty or by His Majesty, as the case may be. **Assent to Bill and publication of Bill as Act.**

49. (*1*) When a Bill which has been passed is returned by the Governor to the Council for reconsideration, the point or points referred for reconsideration or the amendments recommended shall be put before the Council by the President and shall be discussed and voted upon in the same manner as amendments to a Bill or in such other way as the President may consider most convenient for their consideration by the Council. **Reconsideration of Bills returned by the Governor.**

(*2*) An amendment may be moved at this stage notwithstanding that it raises a question substantially identical with one on which the Council has already given a decision in the same session.

(*3*) No amendments other than the amendments referred to the Council by the Governor shall be admissible at this stage.

50. The member in charge of a Bill may at any stage of the Bill move that the Bill be withdrawn, and, if such motion be carried, the Bill shall be withdrawn accordingly. **Withdrawal of Bills.**

51. Communications on matters connected with any Bill before the Council must be addressed to the Secretary. **Communications as to Bills.**

52. The Secretary shall, if time permits, cause such communications to be printed, and send a copy to each member, and shall also refer them to the select committee sitting on any Bill to which they may relate. **Circulation of communications.**

53. A member who wishes to move a resolution shall give twenty-one days' notice of his intention, and shall, together with the notice, submit a copy of the resolution which he wishes to move: **Notice of resolutions.**

Provided that the President, with the consent of the Minister in charge of the Department concerned may allow a resolution to be entered on the list of business at shorter notice than twenty-one days;

Provided also that no member shall, unless he has obtained the special permission of the President, be permitted to send in notice of more than three resolutions during one session of the Council.

Restrictions on the form and contents of resolutions.

54. Subject to the restrictions contained in the rules and the provisions of the standing orders, any member may move a resolution relating to a matter of general public interest :

Provided that no resolution shall be admissible which does not comply with the following conditions, namely :

(*a*) it shall be clearly and precisely expressed and shall raise a definite issue ;

(*b*) it shall not contain arguments, inferences, ironical expressions or defamatory statements, nor shall it refer to the conduct or character of persons except in their official or public capacity ; and

(*c*) it shall not refer to any matter which is under adjudication by a court of law.

Procedure on motion to withdraw.

55. (*1*) A member in whose name a resolution appears on the list of business shall, when called on, either—

(*a*) withdraw the resolution, in which case he shall confine himself to a mere statement to that effect, but may make such brief statement of his reasons for withdrawal as he may consider necessary ; or

(*b*) move the resolution, in which case he shall commence his speech by a formal motion in the terms appearing in the list of business.

(*2*) If the member when called on is absent, the resolution standing in his name shall be considered to have been withdrawn :

Provided that the President in his discretion, may allow another member to move such resolution, or may postpone it.

Limits of discussions.

56. The discussion of a resolution shall be strictly limited to the subject of the resolution.

Amendments.

57. When a resolution is under discussion, any member may, subject to all the rules and orders relating to resolutions, move an amendment to such resolution.

Notice of amendment.

58. (*1*) If a copy of such amendment has not been sent to the Secretary seven days before the day fixed for the discussion of the resolution, any member may object to the moving of the amendment, and such objection shall prevail, unless the President in exercise of his power to suspend this order allows the amendment to be moved.

(2) The Secretary shall, if time permits, cause every amendment to be printed, and send a copy for the information of each member.

Limitation of time of discussion of resolution

59. (1) The President may, if he thinks fit, allot the maximum limit of time which shall be available for the discussion of any resolution of a private member on any day allotted for the discussion of such resolutions.

(2) As soon as the maximum limit of time for discussion is reached, the President shall forthwith put every question necessary to dispose of the resolution under discussion.

(3) Notwithstanding anything contained in sub-section (4) of standing order 28, the President may, in the case of any resolution for the discussion of which he has allotted the maximum time under sub-section (1), prescribe a time-limit for speeches shorter than that referred to in that standing order.

Procedure for taking a resolution out of turn.

60. (1) Notwithstanding anything contained in sub-section (2) of standing order 11, on the written requisition of not less than twenty-three members that a resolution be taken out of its turn on a day allotted for the discussion of resolutions of private members the resolution shall, with the consent of the President and the Minister in charge of the Department concerned, be given precedence on that day over all other resolutions for which a ballot has been held :

Provided that not more than one resolution shall be given such precedence in any one session of the Council.

(2) If more than one such requisition is received in respect of any one day, and the consent required by sub-section (1) is obtained thereto, a special ballot shall be held in such manner as the President may direct to determine which of the resolutions specified in such requisitions shall be given precedence on that day.

(3) A resolution shall not have precedence under this Standing Order or any day unless the Minister concerned has received at least six days' notice, and the members at least twenty-four hours' notice, from the Secretary, that the resolution will be given precedence on that day :

Provided that, with the consent of the President, six days' notice shall not be necessary if the Minister agrees to accept shorter notice.

Time of asking leave.

61. Leave to move a motion for the adjournment of the business of the Council for the purpose of discussing a definite matter of urgent public importance must be asked for after questions and before the list of business for the day is entered upon.

Method of asking leave.

62. The member asking leave must hand to the President a written statement of the matter proposed to be discussed, and must annex thereto the consent of the President in writing, to his motion.

Procedure to be followed.

63. If the President is of opinion that the matter proposed to be discussed is in order, and if it has not been disallowed under the rules, the President shall read the statement to the Council and ask whether the member has the leave of the Council. If no objection is taken, the President shall intimate the hour at which the motion will be taken. If objection is taken, he shall request those members who support the motion to rise in their places, and, if not less than thirteen members rise accordingly, he shall similarly intimate the hour. If less than thirteen members rise, the President shall inform the member that he has not the leave of the Council.

Limitation of time of discussion.

64. (*1*) The debate on a motion to discuss a matter of urgent public importance if not earlier concluded shall automatically terminate at the end of two hours, and thereafter no question can be put.

(*2*) No speech during the debate shall exceed fifteen minutes in duration.

Discussion of Budget.

65. No discussion of the Budget shall take place on the day on which it is presented.

Giving of notice.

66. (*1*) Every notice required by the rules or standing orders shall be given in writing, addressed to the Secretary and may be left at the Council office, which shall be open for this purpose between the hours of 11 and 3 o'clock on every day, except Sunday or a public holiday, or may be posted.

(*2*) Notices left, or delivered by post, when the office is closed shall be treated as given on the next open day.

Journal.

67. (*1*) The Secretary shall keep a journal, in which a short record of the proceedings of the Council for each day shall be fairly entered.

(*2*) The journal shall be submitted after each meeting to the President for his confirmation and signature; and, when so signed, shall be the record of the proceedings of the Council.

Full report of proceedings.

68. (*1*) The Secretary shall also cause to be prepared a full report of the proceedings of the Council at each of its meetings, and publish it as soon as practicable.

(*2*) He shall send a copy of such report to each member of the Council and to the Governor and the Governor General.

Admission of strangers.

69. The admission to the Council Chamber of—

(*1*) visitors to the visitors' gallery,

(*2*) representatives of the Press to the Press gallery, and

(*3*) officials

during the sittings of the Council shall be regulated in accordance with orders made by the President with the previous sanction of the Governor:

Provided that until orders are made by the President the orders regulating admission to the Chamber of the Bengal Legislative Council prior to the 1st April, 1937, shall, *mutatis mutandis*, be applicable and the functions of the President thereunder shall, until the appointment of a member to act as President, be exercised by the Minister in charge of the Home Department.

Power to order withdrawal of strangers.

70. The President, whenever he thinks fit, may order the galleries to be cleared.

By order of the Governor,

FINANCE DEPARTMENT.

NOTIFICATION.

No. 3552F.—1st April 1937.—In exercise of the powers conferred by sub-section (2) of section 265 and sub-section (3) of section 266 of the Government of India Act, 1935, the Governor of Bengal is pleased to make the following regulations, namely:—

THE BENGAL PUBLIC SERVICE COMMISSION REGULATIONS, 1937.

Part I.—Preliminary.

1. These Regulations may be called the Bengal Public Service Commission Regulations, 1937.

2. In these Regulations, unless there is anything repugnant in the subject or context,—

(*a*) "Commission" means the Bengal Public Service Commission; and

(*b*) "Governor" means the Governor acting in his discretion;

(*c*) "Member" means a Member of the Commission and includes the Chairman thereof;

(*d*) "the Act" means the Government of India Act, 1935.

Part II.—Composition of Commission, pay and tenure of office.

3. The Commission shall consist of a Chairman and two other Members.

4. The Chairman shall receive a pay of Rs. 3,000 a month, and each of the other Members a pay of Rs. 2,000 a month.

5. (*a*) A Member who, prior to his appointment as such, has retired from the service of the Crown in India, may draw, in addition to his pay as Member, such annuity, pension, allowance or gratuity as has been sanctioned in respect of his previous service.

(*b*) A Member who, at the time of his appointment as such, is in the service of the Crown in India, shall, during his term of office on the Commission, and subject to the provisions of regulation 10, continue to be governed, as regards retirement and pension, by the rules applicable to the service to which he belongs. If, under those rules, he is required or permitted to retire or resign from the said service during his term of office on the Commission, he may, in addition to his pay as Member, draw from the date of such resignation or retirement, such annuity, pension, allowance or gratuity as is admissible to him under the rules applicable to the service to which he belongs and is sanctioned.

6. A Member shall hold office for five years:

Provided that—

(*a*) a Member's tenure of office may be extended by the Governor by any period not exceeding five years;

(*b*) no Member may continue to serve after he has reached the age of 65 years;

(*c*) the appointment of any Member may be terminated by the Governor at any time, if the Member is for any reason unable or unfit to continue to perform the duties of his office.

7. An officiating appointment may be made in the place of any Member absent on leave or on the occurrence of a vacancy in the office of a Member until the permanent incumbent has returned from leave or some person has been permanently appointed to the office and has entered upon the discharge of the duties thereof.

Part III.—Leave.

8. A Member who at the date of his appointment was in the service of the Crown in India may be granted leave under the rules applicable to him and his service as Member shall count for such leave.

9. A Member who at the date of his appointment was not in the service of the Crown in India may be granted leave as follows:—

(*a*) Leave on leave salary equivalent to full pay up to one-eleventh of the period spent on duty as a Member subject to a maximum of four months at any one time.

(*b*) Leave on medical certificate on leave salary equivalent to half pay subject to a maximum of three months at any one time;

(*c*) Extraordinary leave without allowances subject to a maximum of three months at any one time.

Explanation.—All or any two, of these kinds of leave may be granted in combination at any one time.

Part IV.—Pension.

10. No pension shall attach to the office of Member as such, but in the case of a Member who at the date of his appointment was in the service of the Crown in India in a pensionable capacity, service as Member up to the age of 55 shall count for pension under the rules applicable to the service to which such Member belongs and shall, unless the Member be a member of the Indian Civil Service, also count for the higher additional pension under rule 475-A, Civil Service Regulations.

Part V.—Passages.

11. (*a*) A Member who, at the time of his first appointment, is—

(*i*) domiciled and permanently resident elsewhere than in Asia; and

(*ii*) is on leave preparatory to retirement from the service of the Crown in India or is not in the service of the Crown in India,

shall be entitled to one first-class single passage from a port outside Asia to a port in India not exceeding the cost of a single passage by sea between Bombay and London by P. & O. First-class "B":

Provided that, should the cost of the passage engaged be less than the cost of a passage by sea between Bombay and London by P. & O. First-class "B" and should any part of the journey between port and port be performed by land, the Member concerned shall be entitled to the actual cost of the railway fare but not exceeding the difference between the cost of the passage engaged and the cost of passage by sea between Bombay and London by P. & O. First-class "B."

Note (*1*).—A journey by land may be deemed to include the passage across the English Channel and railway fare may be deemed to include the cost of such a passage.

Note (*2*).—Colombo shall be deemed to be a port in India.

(*b*) A Member who, at the date of his appointment, was in the service of the Crown in India and was eligible for passage benefits, shall be entitled as Member to passage benefits equivalent to the balance remaining to his credit in his passage account immediately prior to his appointment as Member.

(*c*) A Member who, prior to the date of his appointment, has retired from the service of the Crown in India but who, while in service, was eligible for passage benefits, shall be entitled as Member to such passage benefits as may have lapsed to Government in accordance with the passage rules applicable to him prior to retirement.

(*d*) The passage benefits to which he may be entitled under sub-regulations (*b*) and (*c*) may be enjoyed by a Member in addition to the passage to which he may be entitled under sub-regulation (*a*).

Part VI.—Travelling Allowance.

12. (*a*) For journeys on duty, a Member may draw such travelling allowance as would be admissible to a Government servant of the first grade in respect of similar journeys.

(*b*) No travelling allowance will be granted to a Member on first appointment for a journey to join the Commission, save that a Member who, on the date of his first appointment as such, is in the service of the Crown in India, may draw for the journey to join the Commission the travelling allowance which would be admissible to him for a journey on transfer under Section XI of the Subsidiary Rules for Travelling Allowance under Fundamental Rule 44.

Part VII.—Provident Fund.

13. A Member who, at the date of his appointment, was in the service of the Crown in India and prior to that date had been admitted to the benefits of a special or a contributory provident fund maintained by Government, shall be eligible after appointment to continue to subscribe to the said fund on the same terms and conditions and subject to the same rules as previously:

Provided that on attaining the age of 55 the amount standing to his credit in the fund or the balance thereof after such deductions have been made as are authorised under the rules applicable to him, shall, notwithstanding anything contained in the said rules, become payable to him and shall be paid in the manner provided in section 4 of the Provident Funds Act, 1925 (XIX of 1925), and Government will make no contribution to nor pay any interest on his account in the fund for any period after he has attained the age of 55.

Part VIII.—Staff of the Commission.

14. The staff of the Commission shall consist of—

(*i*) a Secretary;

(*ii*) such number of clerks and menials as may from time to time be sanctioned by the Governor.

Part IX.—The Secretary.

15. The Secretary shall be appointed by the Commission with the approval of the Governor.

16. The Secretary shall hold office for a period of five years inclusive of any period spent on leave:

Provided that the Governor may extend the tenure of office of the Secretary by a period not exceeding five years at a time.

17. If, on the date of his appointment as Secretary, the person so appointed is in the service of the Crown in India, he shall receive pay according to the time-scale of the service to which he belongs and, in addition, shall receive a special pay of Rs. 150 per mensem; otherwise he shall be paid a salary on the scale of Rs. 750—50—1,000 per mensem.

18. If, on the date of his appointment as Secretary, the person so appointed is in the service of the Crown in India in a pensionable capacity his service as Secretary shall count for pension under the rules applicable to the branch of the service to which he belonged immediately prior to such appointment; otherwise he shall be required to subscribe to a contributory provident fund under the terms of the Contributory Provident Fund Rules (Bengal).

19. If, on the date of his apointment as Secretary, the person so appointed is in the service of the Crown in India, he shall be allowed leave under the rules applicable to him immediately prior to such appointment and his service as Secretary shall count for such leave; otherwise his leave shall be governed by special orders which shall ordinarily be modelled on the Provincial Government's "Leave terms for officers engaged on contract."

20. Subject to the provisions of regulations 17, 18 and 19, the Secretary shall in the matter of his pay, allowances (including travelling allowance), leave, leave salary, pension and other conditions of service be governed by the rules for the time being in force and generally applicable to persons holding appointments under the Provincial Governments.

Part X.—Clerical and menial establishment.

21. The clerical and menial establishment of the Commission shall be appointed by the Secretary.

22. The clerical and menial establishment shall be paid salaries on the following scales:—

(*i*) Clerks—Rs. 110—12/2—170—5/2—175.

(*ii*) Clerks—Rs. 45—45—50—6/2—80—5/2—105.
(Efficiency bar after 14th stage.)

(*iii*) Typists—Rs. 45—5/2—70.

(*iv*) Stenographer—80—5/2—105—10/2—155.
(Efficiency bar after 10th stage.)

(*v*) Jamadar—20—1/2—24.

(*vi*) Peons—Rs. 15—1/5—19.

23. A person appointed to the clerical or menial establishment shall be governed in respect of leave by the rules which were applicable to him immediately prior to his appointment to the said establishment, or if at the time of his appointment he was not in the service of the Crown in India, by the Bengal Services (Revision of Leave) Rules, 1934.

24. Subject to the provisions of regulations 22 and 23, the members of the clerical and menial establishments shall, in the matter of their pay, allowances (including travelling allowance), leave salary, pension and other conditions of service, be governed by the rules for the time being in force and generally applicable to persons holding appointments under the Provincial Government.

Part XI.—Control, discipline and appeal.

25. The Commission may, for good and sufficient reason, remove or dismiss the Secretary, provided the Secretary was not, on the date of his appointment to the post, in the service of the Crown in India.

26. The Chairman may, for good and sufficient reason, impose upon the Secretary any of the penalties prescribed in rule 49 of the Civil Services (Classification, Control and Appeal) Rules other than those of removal and dismissal.

27. The Secretary may, for good and sufficient reasons, impose upon the members of the clerical and menial establishments any of the penalties prescribed in rule 49 of the Civil Services (Classification, Control and Appeal) Rules.

28. An appeal from any order passed by the Commission under regulation 25 or by the Chairman under regulation 26 shall lie to the Governor.

29. An appeal from an order of removal or dismissal passed by the Secretary under regulation 27 shall lie to the Commission, and an appeal from any order other than one of removal or dismissal passed by the Secretary under the said regulation shall lie to the Chairman.

Part XII.—General Provision.

30. In respect of any matter for which special provision is not made by these regulations, the conditions of service of a person serving as a Member of the Commission or on its staff shall be governed by the rules and orders for the time being applicable to such classes of Government servants as shall be specified by the Governor.

Part XIII.—Matters on which it shall not be necessary to consult the Commission.

31. It shall not be necessary to consult the Commission with respect to the matters specified in clauses (*a*) and (*b*) of sub-section (3) of section 266 of the Act for those services and posts the appointing authority for which is an authority subordinate to the Provincial Government.

32. With respect to recruitment by promotion to the Bengal Police Service and to the posts of Assistant Commissioner of Police, Calcutta, it shall not be necessary to consult the Commission, except with regard to—

(*a*) the claims of such candidates as may be nominated by the Governor or the Inspector-General of Police or the Commissioner of Police, Calcutta, as the case may be; and

(*b*) in the case of each candidate so nominated, whether his qualifications are sufficient and whether his record proves him to have the requisite character and ability for the service to which it is proposed to appoint him.

33. Subject to the provisions of regulation 35, when a post in the Bengal General Service is filled by promotion from a post in that service subordinate to such post, it shall not be necessary to consult the Commission.

Illustrations.

(*a*) The Second Assistant Secretary, Legislative Department, is subordinate to the First Assistant Secretary, Legislative Department.

(*b*) An Electric Inspector is subordinate to the Electrical Adviser and Chief Inspector.

(*c*) The Registrar, Court of Small Causes, Calcutta, is not subordinate to the Administrator-General and Official Trustee.

34. It shall not be necessary to consult the Commission with respect to the filling of the posts in the Bengal General Service specified in Schedule A annexed hereto when such posts are filled by promotion or transfer from another Provincial Service.

35. It shall not be necessary to consult the Commission with respect to the filling of the posts in the Bengal General Service specified in Schedule B annexed hereto, except on the claims of such candidates as may be nominated by the Governor.

36. Where Assistant Secretaryships to Government in the Bengal General Service, other than those in the Legislative Department, are filled by promotion from the Secretariat clerical staff, it shall not be necessary to consult the Commission, except on the claims of such candidates as may be nominated by the Governor.

37. With respect to the filling of the posts of Registrar in the Secretariat in the Bengal General Service, it shall not be necessary to consult the Commission, except on the claims of such candidates as may be nominated by the Governor.

38. With respect to the posts of Personal Assistant in the Bengal General Service, where appointment is made by promotion from a subordinate or clerical service, it shall not be necessary to consult the Commission, except on the claims of such persons as may be nominated by the Governor.

39. It shall not be necessary to consult the Commission with respect to the filling of any officiating appointment.

40. It shall not be necessary to consult the Commission with respect to any appointment to a temporary post, the necessity for which is declared at the time of its creation to be unlikely to continue for more than a year, and which is filled by a person not already confirmed in a civil service or employed in a civil post on a contract.

41. It shall not be necessary to consult the Commission with respect to any appointment to a temporary post which is filled by a person who has already been confirmed in a civil service or is already employed in a civil post on a contract.

42. It shall not be necessary to consult the Commission with respect to any appointment to a part-time post, where such post is filled by an officer who is already confirmed in a civil service or is already employed in a civil post on a contract.

43. It shall not be necessary to consult the Commission with regard to the termination of the probation of any person.

44. It shall not be necessary to consult the Commission with regard to the discharge or reversion of an officer otherwise than as a penalty.

45. It shall not be necessary to consult the Commission regarding the termination of the employment of any person in accordance with the terms of his contract of employment.

46. It shall not be necessary to consult the Commission with respect to the imposition of any penalty laid down in any rule or order for failure to pass any test or examination within a specified time.

47. It shall not be necessary to consult the Commission with respect to any case in which the Commission at any previous stage has given advice in regard to the orders to be passed and in which no fresh question has thereafter arisen for their determination.

48. In regard to petitions and memorials in disciplinary cases it shall not be necessary for the Commission to be consulted before an order rejecting such a petition is passed by the Governor.

49. It shall not be necessary to consult the Commission with respect to the matters specified in clauses (*a*) and (*b*) of sub-section (*3*) of section 266 of the Act in the case of posts in the Eastern Frontier Rifles (Bengal Battalion).

50. It shall not be necessary to consult the Commission with respect to the matters specified in clauses (*a*), (*b*) and (*c*) of sub-section (*3*) of section 266 of the Act in the case of officers of His Majesty's forces to be appointed to or holding civil posts under the Provincial Government.

51. It shall not be necessary to consult the Commission with respect to the matters specified in clauses (*a*), (*b*) and (*c*) of sub-section (*3*) of section 266 of the Act in the case of persons whose appointment the Governor is empowered by or under the Act to make either in his discretion or exercising his individual judgment.

52. With respect to the matters specified in clause (*c*) of sub-section (*3*) of section 266 of the Act,

(*a*) it shall not be necessary to consult the Commission prior to the passing of orders by any authority subordinate to the Provincial Government which is competent to pass such orders; and

(*b*) it shall not be necessary to consult the Commission in the case of disciplinary orders of the Provincial Government imposing on members of a subordinate service any of the following punishments:—

(*i*) formal censure;

(*ii*) withholding an increment or promotion, including stoppage at an efficiency bar; and

(*iii*) suspension, where such suspension is imposed not as a punishment, but to facilitate the proper investigation of a case against a suspended officer.

NOTIFICATION.

No. 2547J.—1st April 1937.—In exercise of the power conferred by sub-section (*1*) of section 55 of the Government of India Act, 1935, the Governor is pleased to appoint Sir Asoka Kumar Roy, Kt., to be Advocate-General for the Province of Bengal, with effect from the 1st April 1937.

N. G. A. EDGLEY,
Secy. to the Govt. of Bengal.

JUDICIAL AND LEGISLATIVE DEPARTMENTS.

Judicial.

NOTIFICATION.

No. 2549J.—1st April 1937.—The Governor is pleased to issue the following directions regarding the appointment and remuneration of the Advocate-General of the Province of Bengal and the duties to be referred or assigned to him, namely:—

Advocate-General.

1. *Terms and conditions of appointment.*—(*a*) The Advocate-General is the Chief Legal Adviser of the Government of Bengal. Subject to the provisions of section 55 of the Government of India Act, 1935, his appointment shall ordinarily be for a term of five years, but terminable earlier on six months' notice by either the Governor or the Advocate-General and renewable at the option of the Governor at the end of the period. Such renewals shall not be restricted in number but shall never exceed five years at a time. He will receive a monthly retainer of Rs. 2,000 which will cover all his work of an advisory nature as well as the duties enumerated in Rule 3 *post*.

(*b*) During any absence or deputation of the Advocate-General, the Governor may appoint a person to act as Advocate-General and the person so appointed will receive the full amount of the retainer of the post and exercise all the powers of an Advocate-General until his predecessor in office has returned to his duties.

2. *Statutory powers and functions.*—The Statutory powers and functions vested in the Advocate-General, Bengal, are as follows:—

(*i*) East Indian Company Act, 1813, 53 Geo. 3, c. 155, s. III; power to file information for debts due to the Crown.

Note.—This power was kept alive by section 2 of the Government of India Act, 1833, and again by section 1 of the Government of India Act, 1853, merged in the Government of India Act, 1858.

This has not been limited or affected by the Code of Civil Procedure (section 79 of Code).

(*ii*) Civil Procedure Code, Act V of 1908, s. 91; power to institute and sanction suits in respect of public nuisances.

(*iii*) Civil Procedure Code, section 92; power to institute and sanction suits in cases of public trusts of a charitable or religious nature.

All Collectors and Deputy Commissioners are empowered under section 93 of the Civil Procedure Code to exercise within the limits of their respective districts (excluding the town of Calcutta) the power conferred by sections 91 and 92 of the Code.

(Eastern Bengal and Assam Government notification No. 704J., dated the 22nd February 1909, and Bengal Government notification No. 3592L.R., dated the 15th April 1918.)

These notifications do not, however, divest the Advocate-General, Bengal, of his powers under sections 91 and 92 though these enable them also to be exercised by the above officers of the Local Government.

(*iv*) Indian High Courts Act, 1861, Letters Patent for the High Court, 1865, clause 26; power to certify for review of criminal cases tried on the Original Side of the High Court on ground of error of law.

(*v*) Criminal Procedure Code, Act V of 1898, section 333; power to stay proceedings in the High Court at any stage of a criminal trial.

(*vi*) Criminal Procedure Code, section 194 (*2*); power (with the previous consent of the Government of India or of the Local Government) to exhibit information for all purposes for which the Attorney-General may exhibit information on behalf of the Crown in the High Courts of Justice in England.

Note.—The Attorney-General has power to exhibit ex-officio criminal information (as a mode of instituting criminal proceedings without indictment by a Grand Jury) in any case of misdemeanour as distinguished from felony.

(*vii*) Criminal Procedure Code, section 495 (1); the right to conduct a prosecution before any Magistrate without permission of the Magistrate.

(*viii*) Lunacy Act, IV of 1912, section 39; power to make application for inquisition in Lunacy.

3. *Duties without fees.*—In addition to the duties the Advocate-General has to perform under English and Indian Statutes, he shall perform without fees the following duties:—

(*i*) He will advise upon any matter upon which he is consulted by the Governor through the Government Solicitor, the Legal Remembrancer or the Standing Counsel.

(*ii*) He will appear in the following civil cases:—

(*a*) Cases in the ordinary or extraordinary Original Jurisdiction of the High Court to which the Province is a party.

(*b*) Cases in the ordinary or extraordinary Original Jurisdiction of the High Court to which Government officers are parties and which the Governor has decided to conduct on behalf of such officers.

(*c*) Cases in the ordinary or extraordinary Original Jurisdiction of the High Court in which neither the Governor nor Government officers are directly interested, but in which the Governor considers himself to be sufficiently interested to render it advisable to conduct the cases on behalf of some third person.

This does not include cases of the Court of Wards, Calcutta Corporation, Calcutta Improvement Trust, Calcutta Port Trust or any other public corporate body. Cases of such quasi-public departments as the Board of Examiners are however included.

(*d*) Original cases of the same nature as those referred to in items (*a*), (*b*) and (*c*) originally filed in some other Court and transferred to the High Court.

(*iii*) Appeals from the cases referred to in clause (*ii*).

(*iv*) He will appear in the High Court (Original Side) in the references under the Stamp Act, Probate Act and the like.

(*v*) He will similarly appear when so required before the High Court on its Original Side in references from the Presidency Small Causes Court Judges to which the Province is a party or can otherwise be heard.

Note.—In all the above cases the Advocate-General will be at liberty should he be so disposed, to claim his fees if recovered from the other party.

(*vi*) He will represent the Crown at all stages in all criminal cases arising within the ordinary Original Jurisdiction of the High Court, whether the Tribunal be a Judge and Jury or a Special Tribunal and in all quasi-criminal matters such as cases under the Press Act, Habeas Corpus and Extradition cases arising within the same limits provided always that the Governor considers that owing to the special importance of the case the attendance of the Advocate-General is desirable.

Note.—Ordinary criminal prosecutions in the High Court are left to the Standing Counsel.

4. *Scale of fees.*—The Advocate-General will appear in any case other than those mentioned in rule 3 when so required by the Legal Remembrancer, and will be paid fees according to the following scale:—

(*i*) Appearance in the High Court—

(*a*) Regular civil appeals, criminal appeals, miscellaneous proceedings in which evidence is taken or the hearing of which extends for the whole day—30 gold mohurs.

Note.—Analogous criminal appeals and references arising from the same judgment shall be deemed to be one appeal or reference for the purpose of this rule.

(*b*) Second appeals, miscellaneous appeals motions and other miscellaneous proceedings except those mentioned above—15 gold mohurs.

Note—Analogous second appeals and application arising from the same judgment shall be deemed to be one appeal or application for the purpose of this rule.

(*c*) Appearance before special benches of the Calcutta High Court if the case is one arising outside the limits of Ordinary Original Jurisdiction of the High Court—30 gold mohurs.

(*ii*) Appearance in Calcutta outside the High Court such as appearances in the Police Court, Small Causes Court or Board of Revenue—30 gold mohurs.

(*iii*) Appearances in Howrah, Alipore, Sealdah or elsewhere in the suburbs of Calcutta—45 gold mohurs.

(*iv*) Appearance in the mufassal outside the above limits—60 gold mohurs.

(*v*) Consultation fee in cases for appearance in which fees are payable each—5 gold mohurs.

Note.—Ordinarily one consultation fee only will be allowed. The Legal Remembrancer, however, before delivering the brief will, after consulting the lawyer-in-charge of the case, form an estimate of the number of consultations which may be necessary and will inform the Advocate-General accordingly. This number may be increased in a proper case at the instance of the Advocate-General and on a reference to the Legal Remembrancer. If in the course of a trial or appeal an immediate consultation becomes necessary, the Advocate-General will be entitled to hold the same and will inform the Legal Remembrancer without delay.

(*vi*) *Perusal fee.*—No fee is ordinarily admissible.

Note.—The Legal Remembrancer, however, after consulting the lawyer-in-charge of the case may recommend a special perusal fee, if claimed, in cases of complexity involving prolonged labour, which will be fixed by the Governor exercising his individual judgment.

(*vii*) When two or more regular civil appeals are heard together on the Appellate Side of the High Court 30 gold mohurs for the first appeal and 7½ gold mohurs for each analogous appeal subject to a maximum of sixty gold mohurs for the whole day.

5. *Governor's power*—The Governor may grant fees to the Advocate-General in any cases falling within the classes for which ordinarily he would receive no fees provided they are of exceptional difficulty or that the hearings have been or likely to be unduly prolonged.

6. *Approval of Finance Department.*—When the Legal Remembrancer proposes to engage the Advocate-General or the Standing Counsel at a fee higher than their prescribed rates or any counsel at a fee higher than twenty gold mohurs, he will obtain the previous approval of the Finance Department to the fee proposed. When, however, there is no time to make a reference to the Finance Department, the Legal Remembrancer may act on his own responsibility and refer to the Finance Department as soon as possible after the engagement is made.

7. *His limitations.*—The Advocate-General as conditions of his service is debarred from—

(*i*) Advising or holding briefs against the Province;

(*ii*) Defending accused persons in criminal prosecutions; unless specially authorized by the Governor.

[*e. g.*, in a private prosecution in which Government is not interested.]

(*iii*) Advising private parties in cases in which he is likely to be called on to advise the Governor; and

(*iv*) Accepting appointment as a Director in any Company without the sanction of the Governor.

The officer himself must, however, be the judge as to whether he can, or cannot under rule (*iii*) advise on a question of law any private party who applies to him.

8. *Control of expenditure.*—The Legal Remembrancer is the controlling officer in respect of expenditure incurred by the Advocate-General.

No. 8771A.R.—5th April 1937.—In exercise of the powers conferred by the proviso to sub-section (*4*) of section 71 of the Government of India Act, 1935, the Governor of Bengal is pleased to make the following rules for regulating the attendance before committees of either chamber of the Legislature of Bengal of persons who are or have been in the service of the Crown in India, and for safeguarding confidential matter from disclosure:—

1. These rules may be called the Bengal Legislature Committees (Evidence of Officials) Rules.

2. In these rules, unless there is anything repugnant in the subject or context,—

(*a*) "Legislature" means the Legislature of Bengal,

(*b*) "committee" means a committee of either chamber of the Legislature,

(*c*) "official" means a person who is or has been in the service of the Crown in India.

3. The Governor may, by general or special order, empower any official to attend a meeting of a committee for the purpose of giving evidence relating to his official duties and/or producing any official document or class of official documents which may be necessary for the proper elucidation of the matter on which the official is required to give evidence; and no official shall attend a meeting of a committee for the purpose of giving evidence or of producing official documents unless he has been so empowered.

4. A requisition issued by the Chairman of a committee to any official to attend a meeting of the committee for the purpose of giving evidence relating to his official duties or producing official documents shall be addressed to the Secretary to Government in the Home Department and shall state with as much precision as may be possible the matter or matters on which the evidence of the official is required and what, if any, documents he is required to produce.

5. The official, if generally empowered in this behalf or after being specially empowered under rule 3, shall appear before the committee, and shall take with him all documents which are relevant to the matter or matters on which his evidence is required, and which he has been authorised to produce by general or special order under rule 3. If, notwithstanding such authorisation, he considers that any evidence which he is asked to give, or any document which he is required to produce, should, in the public interest, not be given or produced, he shall make at the appropriate moment a statement to that effect before the committee, and, if he has not already received orders on the matter, he shall refer it, through proper official channels, to the Minister in charge of the department to which the case belongs, who shall refer it for the orders of the Governor.

6. Nothing contained in any Act passed by the Legislature which provides for the punishment on conviction before a court of persons who refuse to give evidence or produce documents before a committee shall be deemed to subject an official to punishment on the ground that he has failed to give evidence relating to his official duties, or to produce an official document before a committee or that he has failed to appear before a committee to give such evidence or produce such documents.

7. In the discharge of his functions under these rules the Governor shall exercise his individual judgment.

8. These rules shall be subject to the provisions of any rule made under section 58 of the Government of India Act, 1935.

Appointment.

No. 3319F.—30th March 1937.—In exercise of the powers conferred by rule 41 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers is pleased to make the following amendment to the Bengal Passage Rules, 1927, to regulate the grant of passages by air to officers who are entitled to the benefits of the Passage Rules, namely:—

Rule.

3A. The officer, his wife and any of his children shall, within the amounts under sub-rule (*1*) of rule 3 read with rule 4, be entitled to receive passages by air between a place in India and a place outside Asia, and the said accounts shall be debited with the cost of such passages actually engaged up to the limit in each case prescribed for passages by sea in clause (*a*) of sub-rule (*1*) of rule 3. Payment on account of passages by air shall be made by the Accountant-General, Bengal, to the air-ship companies either direct or through their recognised agents.

No. 3339F.—31st March 1937.—In exercise of the powers conferred by rule 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers hereby makes the following rules:—

Rules.

1. (*1*) These rules may be called the Bengal Services (Increases to Pensions) Rules, 1937.

(*2*) They shall be deemed to have come into force on the 1st March 1936 and shall, in the case of pensioners other than those in class C in rule 2, remain in force so long only as Government may decide.

2. These rules shall apply to the following classes of pensioners:—

(*i*) *Class A.*—Pensioners in receipt of a superior pension who retired before the introduction of revised rates of pay—

(*a*) in 1919-21, or
(*b*) during the post-war period

on account of the increased cost of living. Those who were on long leave on the date of the introduction of the revised rates of pay and retired on a pension calculated on the old rates shall, for the purposes of this clause, be deemed to have retired before the pay of the establishments in which they were employed was revised.

(*ii*) *Class B.*—Pensioners in receipt of a superior pension who retired after the introduction of the revised rates of pay—

(*a*) in 1919-21, or
(*b*) during the post-war period

on account of the increased cost of living but did not receive the full pensionary benefit of the revision.

(*iii*) *Class C.*—Pensioners in receipt of an inferior pension who retired on or before the 31st March 1936.

(*iv*) *Class D.*—Pensioners in receipt of a pension granted under the rules in Part VI of the Civil Service Regulations.

3. (*1*) The pensions of those in class A in rule 2 shall be raised on the scale shown below:—

Scale.

Pensions not exceeding Rs. 10 a month by Rs. 2.
Pensions exceeding Rs. 10 but not exceeding Rs. 20 a month by Rs. 3.
Pensions exceeding Rs. 20 but not exceeding Rs. 30 a month by Rs. 4.
Pensions exceeding Rs. 30 but not exceeding Rs. 40 a month by Rs. 5.
Pensions exceeding Rs. 40 but below Rs. 45 a month by an amount which will bring the pension up to Rs. 45 a month.

(*2*) The pensions of those in class B in rule 2 shall be raised on the scale given in sub-rule (*1*) reduced by one-sixth for every completed six months of service qualifying for pension from the date of the introduction of the revised rates of pay—

(*a*) in 1919-21, or
(*b*) during the post-war period

on account of the increased cost of living as the case may be.

(*3*) The pensions of those in class C in rule 2, who retired before the introduction of the revised rates of pay—

(*a*) in 1918-21, or
(*b*) during the post-war period

on account of the increased cost of living, as well as of those who retired after the introduction of the revised rates of pay but on pension calculated on the old rates, shall be raised by Rs. 2 a month. In the case of those who retired after the introduction of the revised rates of pay—

(*a*) in 1918-21, or
(*b*) during the post-war period

on account of the increased cost of living, as the case may be, the maximum limit of pension in Article 481(*b*) of the Civil Service Regulations as it stood on the 14th January 1921 shall be enhanced by Rs. 2 a month.

(*4*) The pensions of those in class D in rule 2 shall be enhanced on the scale given in sub-rule (*1*):

Provided that in the case of pensions granted on the new scales laid down in revised Chapter XXXVIII of the Civil Service Regulations promulgated with the Government of India, Finance Department, Resolution No. 429-C.S.R., dated the 15th May 1922, pensioners shall have the option of drawing their pensions at the new rates or at the old rates *plus* the increase thereon permissible under sub-rule (*1*).

4. In cases where a portion of the pension has been commuted the increase shall be calculated on the original amount of the pension before commutation.

5. Re-employed pensioners drawing a pension not exceeding Rs. 10 a month shall be entitled to the increase on the scale laid down in rule 3. In the case of a pensioner who is in receipt of separate pensions from both the Civil and the Military Departments, the said limit of Rs. 10 shall have reference to the total of the combined civil and military pensions.

6. In the case of a pensioner who is in receipt of separate pensions from both the Civil and the Military Departments and is entitled to an increase under these rules, such increase shall be assessed on the total of the combined civil and military pensions, either on the scale laid down in rule 3 or on the military scale, whichever may be the more favourable to him.

7. No part of an increase of pension allowed under these rules shall be taken into account for purposes of commutation of pension.

MEMORANDUM ON THE BENGAL SERVICES (REVISION OF SPECIAL PAY) RULES, 1937.

No. 3238F.—27th March 1937.—In 1931 Government decided that all pays and special pays subject to their rule-making control should be examined with a view to their reduction and, as an *ad interim* measure, passed what are generally known as "the 15 per cent. cut orders." These laid down, with certain exceptions, that all new appointments made after the 21st July 1931 should be made on a provisional basis, and should carry pay (including special pay) at the current rates less 15 per cent. The term "new appointments" covered not merely appointments of new recruits to Government service, but also promotions to higher duties of persons already in Government service.

2. A permanent revision of *pays proper*, superseding the above *ad interim* orders, was promulgated—

(*a*) for permanent posts in the Bengal Services (Revision of Pay) Rules, 1934; and

(*b*) for temporary posts in the Bengal Services (Pay of Temporary Posts) Rules, 1935.

3. A permanent revision of *special pays* completing the supersession of those *ad interim* orders has now been completed, and will be found in the Bengal Services (Revision of Special Pay) Rules, 1937, published in the Finance Department notification No. 3262F., dated the 27th March 1937.

4. The principles adopted in this revision of special pays are much the same as those adopted in the case of the pays proper of permanent posts, for an account of which a reference is invited to Finance Department's "Memorandum on the Bengal Services (Revision of Pay) Rules, 1934, and matters connected therewith"—No. 1999F., dated the 28th March 1934. All special pays of corresponding amounts are subjected to a corresponding cut; the amount of the cut on smaller special pays is smaller than the amount on larger special pays, and a limit (Rs. 10) is adopted below which no special pay is reduced. A slightly different treatment is accorded to special pays on account of "unhealthiness of locality". Those which stood at Rs. 25 or below prior to the 15 per cent. cut orders are restored to that figure, while those which exceeded Rs. 25 are subjected to a flat cut of 15 per cent. as in the 15 per cent. cut orders but subject to a resultant minimum of Rs. 25.

5. There are a few cases in which no "revised rate" was called for, because the "unrevised rate" was in fact a rate already permanently fixed in conformity with the pattern of the general revision. These will be found in Schedule I of the rules.

6. As regards the application of the revised rates to Government servants already in service, the rules provide saving clauses, as did the rules revising pays proper, in favour of those who were in service on the 21st July 1931. A special provision deemed necessary in favour of those classes of Government servants who were exempted from the 15 per cent. cut orders is made in rule 7 (*c*). The Government servants

in question are the Police establishment enrolled under the Police Act, and head warders and warders of all grades (including female warders) in the Jail Department.

7. For the purpose of interpreting the words "in the same line of service" wherever they occur in the rules, reference should be made to the orders which have been issued from time to time "grouping" posts in definition of the term "Outside the ordinary line of a person's service" in the Bengal Services (Revision of Pay) Rules, 1934.

8. For the avoidance of mistakes, it has been arranged with the Accountant-General, Bengal, that he will check in advance all calculations of the first special pay proposed to be drawn under the Bengal Services (Revision of Special Pay) Rules by persons already in service on the 28th February 1937. No such person may therefore draw special pay on the basis of these rules until he has been authorised to do so by the Accountant-General. Pending receipt of the Accountant-General's authorisation, special pay should be drawn at the rate applicable to the month of February 1937. When the Accountant-General's authorisation is received, supplementary bills may be presented for the difference, if any, between the pay actually drawn for service after the 28th February 1937 and the pay authorised for the same period by the Accountant-General. The Accountant-General will shortly issue detailed instructions in the matter.

9. It is requested that departments will inform the Finance Department of any posts carrying special pays prior to the 1st March 1937 which have not been included in either Schedule I or Schedule II of the Bengal Services (Revision of Special Pay) Rules, 1937. It is desired to make the rules exhaustive.

D. GLADDING,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 3262F.—27th March 1937.—In exercise of the powers conferred by rules 41 and 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers hereby makes the following rules in respect of persons subject to his rule-making control:—

Rules.

1. These rules may be called the Bengal Services (Revision of Special Pay) Rules, 1937.

2. With effect from the 1st March 1937, the Bengal Services (*ad interim* Revision of Pay) Rules, 1931 (hereinafter called "the 15 per cent. cut orders"), shall, save as provided in rule 3, cease to apply to special pays.

3. The 15 per cent. cut orders shall continue to apply as a permanent measure to special pays of more than Rs. 25 granted on account of unhealthiness of locality:

Provided that they shall not operate to reduce a special pay granted on account of unhealthiness of locality to a figure below Rs. 25.

4. Holders of the posts included in Schedule I will draw on and after the 1st March 1937, the rates of special pay shown against them.

5. With effect from the 1st March 1937, the posts included in Schedule II shall carry revised rates of special pay (granted for reasons other than unhealthiness of locality) as shown therein.

6. (*a*) The revised rates of special pay (hereinafter called "the revised rates") shown against the posts in Schedule II shall apply to

all occupants of those posts appointed or reappointed thereto after the 21st July 1931, subject to the exceptions provided in rule 7.

(*b*) A person who was appointed or reappointed to a post in Schedule II on or before the 21st July 1931, and has, save for periods of leave or for periods of officiating or temporary service in another post on the same time-scale or in a higher post, held it continuously since then, shall be entitled to draw, so long as he holds that post, the special pay which would have been attached to it, had the 15 per cent. cut orders and these present rules never been issued; otherwise he shall draw the revised rates.

7. The following persons who otherwise would be liable under rule 6 to the revised rates, shall be excepted from their application to the extent indicated:—

(*a*) A person who was in Government service on the 21st July 1931 and held on that date a lien or a suspended lien on a permanent post, appointed or reappointed to a post included in Schedule II after the 21st July 1931, shall, if the post is in the same line of service with the permanent post which he held on the 21st July 1931, be entitled to draw, while holding the post, the special pay to which he would have been entitled had the 15 per cent. cut orders been continued in force, or the revised rate, whichever is greater.

(*b*) A person to whom sub-rule (*a*) does not apply, appointed or reappointed to a post included in Schedule II after the 21st July 1931 but before the 1st March 1937, shall, if the rate of special pay actually drawn by him on the 28th February 1937 was more than the revised rate, be allowed, while holding the post to draw, in addition to the revised rate, a personal pay equal to the difference, such personal pay being absorbed in future increments (if any) of pay proper in the manner specified in Fundamental Rule 37.

(*c*) (*i*) A person belonging to a class which, under rule 6 of the Bengal Services (*ad interim* Revision of Pay) Rules, 1931, has been exempted from the operation of the 15 per cent. cut orders, appointed or reappointed after the 21st July 1931 but prior to the 1st March 1937 to a post included in Schedule II, shall be entitled to draw, for so long as he holds the post and is not appointed to a new post, the amount of special pay which he actually drew in respect of the post on the 28th February 1937.

Note.—Reappointment after a period of leave or a period of officiating or temporary service in a post on the same time-scale or a still higher post, to the post which a person held on the 28th February 1937, shall not be considered as an appointment to a new post for the purposes of this clause.

(*ii*) Such a person appointed or reappointed on or after the 1st March 1937 to a post included in Schedule II, shall draw the revised rates:

Provided that if, on the 28th February 1937 he held a lien or a suspended lien on a permanent post, and the post included in Schedule II to which he is appointed or reappointed on or after the 1st March 1937 is in the same line of service with the post on which he held a lien or a suspended lien on the 28th February 1937, he shall be entitled to draw, while holding the post, the special pay which he would have drawn had the 15 per cent. cut orders been continued in force and had he been subject to them, or the revised rate, whichever is greater.

8. No adjustments of special pay shall be allowed to any officer in respect of periods prior to the 1st March 1937.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 3540Com.—30th March 1937.—In exercise of the power conferred by section 29 of the Indian Boilers Act, 1923 (V of 1923), the Government of Bengal is pleased to make the following amendments in the Bengal Boilers Rules, 1928, published under notification No. 2827-Com., dated the 7th July 1928, namely:—

Amendments.

1. *For* rule 2 of the said rules *substitute* the following rule:—

"2. *Payment of fees, etc.*—All fees, costs and penalties payable under the Act or any regulation or rule framed thereunder, shall be deposited in a Government treasury under the head 'XXXVI—Miscellaneous Departments—Fees for the Inspection of Steam Boilers', by chalan in triplicate, the original copy being forwarded to the Chief Inspector of Boilers, Bengal, Calcutta, together with the application for inspection. An application under section 7 or section 8, to which the treasury receipt obtained on payment of the prescribed fee is attached, shall be deemed to be accompanied by the prescribed fee."

2. In rule 10 of the said rules—

(*i*) in clause (*4*) *for* the word "calendar" *substitute* the word "financial";
(*ii*) after clause (*4*) *insert* the word "and";
(*iii*) *omit* the semicolon and the word "and" at the end of clause (*5*); and
(*iv*) *delete* clause (*6*).

3. *For* clause (*7*) of rule 12 of the said rules *substitute* the following clause:—

"(*7*) *Additional fee for inspection on Sundays and certain holidays.*—(*a*) Notwithstanding the provisions of clause (*3*) an additional fee of Rs. 50 shall be charged for the inspection of a boiler on a Sunday, Christmas Day, New Year's Day, Good Friday and the King's Birthday, provided that such inspection is made at the request of the owner of the boiler.
(*b*) The additional fee charged under sub-clause (*a*) shall be paid in the manner prescribed in rule 2."

[*Note.*—The Inspector who makes the inspection shall be entitled to an allowance equal to half the additional fee so charged.]

4. *For* rule 19 of the said rules *substitute* the following rule:—

"19. *Application for inspection and certificate.*—When a certificate is required for a boiler, application shall be made by the owner to the Inspector through the Chief Inspector of Boilers at the Head Office,

Calcutta, in Form B No. 1, appended to these rules, stating the date on which the boiler will be ready for inspection. Such application shall be accompanied by the treasury receipt in original obtained on payment of the prescribed fee On receipt of the application at the head office it shall be sent to the Inspector concerned with the necessary endorsement thereon by the Cashier, showing that the fee and the extra fee, if any, chargeable for inspection on a Sunday or other holiday as laid down in clause (7) of rule 12 together with the Inspector's travelling expenses, if any, chargeable under sub-clause (*a*) or sub-clause (*b*) of clause (8) of rule 12 have been deposited in a Government Treasury. If the date on which the boiler will be ready for inspection as stated in the application by the owner is unsuitable for inspection of the boiler, the Inspector shall fix a date within thirty days from the date of the receipt of the application for such inspection and will give the owner not less than ten days' notice of the date so fixed."

5. *For* Form B No. 1 appended to the said rules *substitute* the following form:—

Chittagong Hill Tracts.— No. 7515E.A. — 24th March 1937.—In exercise of the power conferred by section 18 of the Chittagong Hill Tracts Regulation, 1900 (Regulation I of 1900), the Governor in Council is pleased to direct that the following amendments be made in the rules for administration of the Chittagong Hill Tracts framed under notification No. 123P.D., dated the 1st May 1900, as subsequently amended, namely:—

In rule 42B of the said rules—

(*i*) *Insert* the following *before* the word "labour" in the beginning of sub-rule (*1*):—

"Whenever voluntary labour on payment is not available,"

(*ii*) *Insert* the following as sub-rule (*15*) and *re-number* existing sub-rules (*15*) and (*16*) as sub-rules (*16*) and (*17*), respectively:—

(15) If any person employed under this rule shall be temporarily or permanently incapacitated by injury or sickness caused by reason of, and during, the service rendered, he may apply for compensation to the Deputy Commissioner, who, after such inquiries as he considers necessary, may order, subject to the approval of the Commissioner, an equitable compensation to be paid to such person for his incapacity by Government or by the Chief or headman, who has employed him. In assessing the compensation the Deputy Commissioner will consider to what extent, if any, the incapacity, sickness, or death of the person employed was due to contributory negligence on his part. If death should result, the compensation may be paid to the dependants of the person deceased in such proportion as the Deputy Commissioner thinks fit.

Darjeeling. — No. 8201E.A.—31st March 1937.—In exercise of the power conferred by clause (*a*) of section 76 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor in Council is pleased to make the following rules with respect to municipalities in the district of Darjeeling:—

Rules regarding qualifications of Municipal Engineers, Overseers (including Sub-Overseers) and Accountants.

1. A candidate for first employment by the Commissioners as a Municipal Engineer shall possess one of the following qualifications, that is to say, he shall—

(*a*) (*i*) be at the time of seeking the employment, or have previously been, a member of the permanent establishment of the Public Works or Public Health Department in the grade of Executive, Assistant Executive or Assistant Engineer or Sub-Engineer or Supervisor or upper subordinate; or

(*ii*) hold the degree of Bachelor of Engineering of the Calcutta University or any of the degrees or diplomas which are declared by the Public Works Department to be equivalent to the B.E. degree of the Calcutta University for the purpose of direct appointment to the Bengal Engineering Service of that Department; or

(*iii*) be a Licentiate of Engineering of an Indian University, or have passed the final examination of the Engineering Department of the Civil Engineering Colleges at Sibpur, Roorkee, Poona or Madras or any other equivalent examination; or

(*iv*) hold the Associateship or Diploma of the Board of Apprenticeship Training; or

(*v*) have served an apprenticeship of not less than three years in the United Kingdom with some recognised firm of Civil Engineers of high standing; and

(*b*) produce evidence that he has held charge of important works for not less than five years and shall produce a certificate from his immediate superior during such employment that his conduct and work were satisfactory. The candidate shall also produce evidence that his knowledge of the vernacular is such as to qualify him for employment as a Municipal Engineer.

2. A candidate for employment by the Commissioners as an overseer shall possess one of the following qualifications, that is to say, he shall hold—

(*a*) the Overseer Certificate or the P. W D. Honours grade certificate of the Overseer Examination Board; or

(*b*) the Associateship or Diploma or the Apprenticeship Certificate of the Board of Apprenticeship Training; or

(*c*) a certificate from the Principal, Bengal Engineering College, Sibpur, or the Head Master, Dacca School of Engineering (now styled Principal, Ahsanulla School of Engineering, Dacca), that prior to 1909 the candidate passed the annual examination held at the end of three-and-a-half years of the courses for apprentices, and that he possesses the qualifications of a third grade overseer in the Public Works Department; or

(*d*) a certificate from the Principal, Bengal Engineering College, that prior to 1909 the candidate passed the second year examination of the Engineering Department of that College; or

(*e*) a certificate from the Principal, Bengal Engineering College, that he passed the Intermediate Examination in Engineering of the Calcutta University and that he qualified in the College workship tests of the first and second years.

3. A candidate for employment by the Commissioners as a sub-overseer shall possess one of the following qualifications, that is to say, he shall hold—

(*a*) a Sub-Overseer Certificate of the Overseer Examination Board; or

(*b*) the Associateship or Diploma or the Apprenticeship Certificate of the Board of Apprenticeship Training; or

(*c*) a certificate from the Principal, Bengal Engineering College, or the Principal, Bihar School (now styled College) of Engineering, that prior to 1909 the candidate passed the annual examination held at the end of the second year of the course for apprentices or a certificate from the Head Master, Dacca School of Engineering (now styled Principal, Ahsanulla School of Engineering, Dacca), that prior to 1909 he passed the final examination at the end of the third year of the course for sub-overseers, and that he possesses the qualification required of a sub-overseer in the Public Works Department; or

(*d*) a certificate from the Head Master, Dacca School of Engineering (now styled Principal, Ahsanulla School of Engineering, Dacca), that prior to 1915 he passed the final examination held at the end of the second year course.

4. A candidate for employment by the Commissioners as a subordinate on the staff of a Municipal Engineer who already holds a similar appointment under another municipality or under a district board need not bring evidence of the qualifications specified in the foregoing rules, but shall produce a certificate of approved service from the Chairman of the municipality or district board under whom he has been employed.

5. A candidate for employment by the Commissioners as an accountant shall hold certificate that he has passed the Bengal Local Bodies Accountant's Examination or the examination prescribed in paragraph 98 and Appendix 3 (with the exception specified therein) of the Public Works Account Code (first edition):

Provided that this rule shall not apply to a municipality with an average income of less than Rs. 20,000 per annum.

Explanation.—The average income should be computed from the actuals of the last three years.

6. Notwithstanding anything contained in these rules, the Commissioners may appoint to act as a Municipal Engineer, as an overseer or sub-overseer or as an accountant for a period not exceeding four months, any person who, though not qualified under these rules to hold any such appointment permanently, is, in the opinion of the Commissioners, sufficiently well acquainted with the duties of the appointment to be able to perform them efficiently for the period of the vacancy.

DEPARTMENT OF INDUSTRIES AND LABOUR.

NOTIFICATIONS.

New Delhi, the 22nd March 1937.

No. L.-3068.—In pursuance of sub-section (3) of section 1 of the Payment of Wages Act, 1936 (IV of 1936), the Governor-General in Council is pleased to appoint the 28th March 1937 as the date on which the said Act shall come into force.

New Delhi, the 18th March 1937.

No. L.-3050.—In exercise of the powers conferred by sub-section (4) of section 33 of the Factories Act, 1934 (XXV of 1934), the Governor-General in Council is pleased to make the following rules, the same having been previously published as required by sub-section (*1*) of section 79 of the said Act, namely:—

RULES.

1. (*a*) *Title and application.*—These rules may be called the Hazardous Occupations (Lead) Rules, 1937.

(*b*) They shall apply to all factories in which any operation specified in the Schedule is carried on.

2. *Declaration of occupations as Hazardous.*—The operations specified in the Schedule are declared to be hazardous operations when carried on in any factory.

3. (1) *Definition of "lead compound".*—In these rules "lead compound" means any compound of lead, other than galena, or any mixture which contains a compound of lead, other than galena (but does not include an alloy containing lead):

Provided that the compound or mixture when subjected to the treatment prescribed in sub-rule (3) yields to an aqueous solution of hydrochloric acid a quantity of soluble lead compound exceeding, when calculated as lead monoxide, five per cent. of the dry weight of the portion taken for analysis.

(2) In the case of paints and similar products and other mixtures containing oil or fat the "dry weight" means the dry weight of the material remaining after the substance has been thoroughly mixed and treated with suitable solvents to remove oil, fats, varnish or other media, and the treatment referred to in sub-rule (1) shall be applied to the material so remaining.

(3) The treatment referred to in sub-rule (1) shall be as follows:—

A weighed quantity of the material which has been dried at 100°C and thoroughly mixed shall be continuously shaken for one hour, at the common temperature, with 1,000 times its weight of an aqueous solution of hydrochloric acid containing 0·25 per cent. by weight of hydrogen chloride. This solution shall thereafter be allowed to stand for one hour and then filtered. The lead salt contained in the clear filtrate shall then be precipitated as lead sulphide and weighed as lead sulphate.

4. *Sampling.*—When an Inspector of Factories suspects that any substance used or intended for use in any factory contains a lead compound he may at any time take for analysis sufficient samples of that substance:

Provided that the manager of the factory may, at the time when a sample is taken and on providing the necessary appliances, require the Inspector to divide the sample into two parts and to make and seal and deliver to him one such part.

5. *Prohibition of employment of women, adolescents and children.*—No woman, adolescent or child shall be employed in any factory in any of the operations specified in items (*i*) to (*vii*) inclusive of the Schedule.

6. *Medical certification and examination.*—(1) No person shall be employed in any factory for more than 15 days in the year, in any of the operations specified in the Schedule unless a special certificate of fitness in the Form appended to these rules granted to him by a certifying surgeon appointed under section 12 of the Factories Act, 1934, is in the custody of the manager of the factory.

(2) The Chief Inspector of Factories may require that any person granted a certificate under sub-rule (1) shall carry with him while at work a token giving reference to such certificate.

(3) Every person so employed shall be medically examined by a certifying surgeon or by a registered medical practitioner specially appointed by the Local Government to be a certifying surgeon for the purpose of these rules, at intervals of not more than six months, and a record of such examinations shall be entered in the Form appended to these rules and be preserved by the manager of the factory.

(4) If at any time the certifying surgeon is of opinion that any person is no longer fit for employment in any of the operations specified in the Schedule, he shall cancel the special certificate of fitness of that person.

(5) No person whose special certificate of fitness has been cancelled shall be employed in any of the operations specified in the Schedule unless the certifying surgeon again certifies him to be fit.

7. *Exhaust draughts.*—Where gas, dust or fume is produced in any of the operations specified in the Schedule, provision shall be made for removing the gas, dust or fume by means of an efficient exhaust draught so contrived as to operate on the gas, dust or fume as closely as possible to the point of origin:

Provided that where the provision of an efficient exhaust draught is not reasonably practicable the Inspector of Factories may require:—

(*a*) respirators of a type approved by him to be provided and maintained in a clean and efficient condition by the occupier and worn by every person working under such conditions;

(*b*) the damping of floors, apparatus and material to prevent the raising of dust.

Explanation.—"Efficient exhaust draught" means localised ventilation effected by heat or mechanical means, for the removal of gas, vapour, dust or fumes so as to prevent them (as far as practicable under the atmospheric conditions usually prevailing) from escaping into the air of any place in which work is carried on. No draught shall be deemed efficient which fails to remove smoke generated at the point where such gas, vapour, fumes or dust originate.

8. *Floors and work-benches.*—(1) The floor of every room, in which any person is employed on any of the operations specified in items (*i*) to (*vi*) of the Schedule, shall be of smooth cement or other smooth impervious material.

(2) The top of every work-bench in every such room shall be of smooth impervious material.

(3) The said floors and work-benches shall be kept clean and in good condition.

(4) The Chief Inspector of Factories may require by order in writing the said floors and work-benches to be kept wet in such manner as he may deem suitable, in order to reduce dust.

9. *Washing facilities.*—The occupier shall provide and maintain in a cleanly state and in good repair for the use of persons employed on any of the operations specified in the Schedule either—

(i) a trough with a smooth impervious surface fitted with a waste pipe without plug, and of sufficient length to allow at least two feet for every five such persons employed at any one time, and having a constant supply of water from taps or jets above the trough at intervals of not more than two feet; or

(ii) at least one lavatory basin for every five such persons employed at any one time, fitted with a waste pipe and plug, having a constant supply of water;

together with, in either case, a sufficient supply of nail brushes, soap or other suitable cleansing material, and clean towels.

10 *Food, drink and tobacco.*—(1) No food, drink, *pansupari*, or tobacco shall be brought into any room in which any person is employed upon any of the operations specified in the Schedule.

(2) No food, drink, *pansupari*, or tobacco shall be consumed in any room in which any person is employed upon any of the operations specified in the Schedule.

11. *Protective clothing.*—Adequate protective clothing such as overalls in a clean condition shall be provided by the occupier and worn by every person employed on any of the operations specified in the Schedule.

12. *Tools and apparatus.*—All tools and apparatus used in any operation specified in the Schedule and all rooms in which such operations are carried on shall be kept clean.

13. The Chief Inspector of Factories may grant exemption from the operation of rule 8, 9, 10 (1) or 11 to the extent he deems suitable, where he is satisfied that their observance is not necessary for safeguarding the health of the operatives.

SCHEDULE.

(*i*) Work at a furnace where the reduction or treatment of zinc or lead ores is carried on;

(*ii*) The manipulation, treatment, or reduction of ashes containing lead, the desilverising of lead or the refining of dross containing lead;

(*iii*) The manufacture of alloys containing more than ten per cent. of lead;

(*iv*) The manufacture of any oxide, carbonate, sulphate, chromate, acetate, nitrate, or silicate of lead;

(*v*) Handling or mixing of lead tetra ethyl;

(*vi*) Mixing or pasting in connection with the manufacture or repair of electric accumulators;

(*vii*) The cleaning of work-rooms where any of the processes aforesaid are carried on;

(*viii*) Every other manufacturing operation involving the use of any lead compound or the cleaning of work-rooms where any such operation is carried on.

2. *Declaration of operations as hazardous.*—The manufacture of aerated waters and processes incidental thereto are declared to be hazardous operations when carried on in any factory.

3. *Fencing of machines.*—All machines for filling bottles or syphons shall be so constructed, placed or fenced, as to prevent as far as may be practicable a fragment of a bursting bottle or syphon from striking any person employed in the factory.

4. *Face guards and gauntlets.*—(*1*) The occupier shall provide and maintain in good condition for the use of all persons engaged in filling bottles or syphons:—

(*a*) suitable face guards to protect the face, neck and throat, and

(*b*) suitable gauntlets for both arms to protect the whole hand and arms:

Provided that:—

(i) this rule shall not apply where bottles are filled by means of an automatic machine so constructed that no fragment of a bursting bottle can escape, and

(ii) where a machine is so constructed that only one arm of the bottler at work upon it is exposed to danger, a gauntlet need not be provided for the arm which is not exposed to danger.

(*2*) The occupier shall provide and maintain in good condition for the use of all persons engaged in corking, crowning, screwing, wiring, foiling, capsuling, sighting, or labelling bottles or syphons—

(*a*) suitable face guards to protect the face, neck and throat, and

(*b*) suitable gauntlets for both arms to protect the arm and at least half of the palm and the space between the thumb and forefinger.

5. *Wearing of face guards and gauntlets.*—All persons engaged in any of the processes named in rule 4 shall, while at work in these processes, wear the face guards and gauntlets provided in pursuance of these rules.

No. L.-3050 (3).—In exercise of the powers conferred by sub-section (*4*) of section 33 of the Factories Act, 1934 (XXV of 1934), the Governor-General in Council is pleased to make the following rules, the same having been previously published as required by sub-section (*1*) of section 79 of the said Act, namely:—

RULES.

1. (*a*) *Title and application.*—These rules may be called the Hazardous Occupations (Rubber) Rules, 1937.

(*b*) They shall apply to all factories in which the operations specified in rule 2 are carried on.

2. *Declaration of operations as hazardous.*—Work on a rubber mixing machine and the use of any organic solvents in the manufacture of goods containing rubber, are declared to be hazardous operations when carried on in any factory.

3. *Prohibition of the employment of children.*—No child shall be employed in any factory on any of the operations specified in rule 2.

4. *Exhaust draughts.*—An efficient exhaust draught shall be provided by mechanical means for any process in which an organic solvent is used in the manufacture of goods containing rubber. The draught shall operate on the vapour given off in the process as near as may be at the point of origin, so as to prevent it (as far as practicable under the atmospheric conditions usually prevailing) from escaping into the air of any place in which work is carried on.

No. L.-3050 (4).—In exercise of the powers conferred by sub-section (*4*) of section 33 of the Factories Act, 1934 (XXV of 1934), the Governor-General in Council is pleased to make the following rules, the same having been previously published as required by sub-section (*1*) of section 79 of the said Act, namely:—

RULES.

1. (*a*) *Title and application.*—These rules may be called the Hazardous Occupations (Chromium) Rules, 1937.

(*b*) They shall apply to all factories in which any operation involving the use of soluble chromium compounds is carried on.

2. *Declaration of operations as hazardous.*—Operations involving the use of soluble chromium compounds are declared to be hazardous operations when carried on in any factory.

3. *Prohibition of the employment of women, children and adolescents.*—No woman, child or adolescent shall be employed in any factory in any of the operations specified in rule 2.

4. *Protective clothing.*—(*a*) The occupier shall provide water-proof aprons (of a pattern approved by the Chief Inspector of Factories) or overalls in a clean condition which every person employed on any of the operations specified in rule 2 shall wear.

(*b*) The occupier shall provide loose fitting rubber gloves of suitable length and rubber boots or other waterproof footwear for the use of those working at any vessel in which the electrolytic plating or oxidation of metal articles by the use of an electrolyte containing chromic acid or other chromium compounds, or any process subsequent thereto, is carried on:

Provided that the Chief Inspector of Factories may grant exemption from any or all the provisions of this rule where he is satisfied that they are not necessary to secure the health of the workers.

5. *Exhaust draughts.*—An efficient exhaust draught shall be provided by mechanical means for the process of electrolytic plating or oxidation of metal articles by the use of an electrolyte containing chromic acid or other chromium compounds. The draught shall operate on the vapour or spray given off in the process as near as may be at the point of origin, so as to prevent it (as far as practicable under the atmospheric conditions usually prevailing) from escaping into the air of any place in which work is carried on.

No. L.-3050 (5).—In exercise of the powers conferred by sub-section (*4*) of section 33 of the Factories Act, 1934 (XXV of 1934), the Governor-General in Council is pleased to make the following rules, the same having been previously published as required by sub-section (*1*) of section 79 of the said Act, namely:—

RULES.

1. (*a*) *Title and application.*—These rules may be called the Hazardous Occupations (Cellulose Spraying) Rules, 1937.

(*b*) They shall apply to all factories in which the spraying of cellulose ester paints and lacquers is carried on.

2. *Declaration of operation as hazardous.*—The spraying of cellulose ester paints, or lacquers, is declared to be a hazardous operation when carried on in any factory.

3. *Prohibition of the employment of children and adolescents.*—No child or adolescent shall be employed in any factory on the operation specified in rule 2.

4. *Exhaust draughts.*—An efficient exhaust draught shall be provided by mechanical means for the process specified in rule 2. The draught shall operate on the vapour given off in the process as near as may be at the point of origin so as to prevent it (as far as practicable under the atmospheric conditions usually prevailing) from escaping into the air of any place in which work is carried on. The draught shall be maintained working for a period of at least five minutes after the cessation of the operation:

Provided that the Chief Inspector of Factories may grant exemption from the provisions of this rule if he is satisfied that due to the casual nature of the operation they are not necessary to secure the health of the workers.

5. *Position of spray operators.*—Arrangement shall, as far as practicable, be made so as to render it unnecessary for the person operating the spray to be in a position between a ventilating outfit and the article being sprayed.

No. L.-3050 (6).—In exercise of the powers conferred by sub-section (*4*) of section 33 of the Factories Act, 1934 (XXV of 1934), the Governor-General in Council is pleased to make the following rules, the same having been previously published as required by sub-section (*1*) of section 79 of the said Act, namely:—

RULES.

1. (*a*) *Title and application.*—These rules may be called the Hazardous Operations (Sand Blasting) Rules, 1937.

(*b*) They shall apply to all factories in which the operation of sand blasting, as defined in rule 2, is carried on.

2. *Definition.*—In these rules "sand blasting" means the use of a jet of sand, metal shot, grit or other abrasive, propelled by a blast of compressed air or steam.

3. *Declaration of operation as hazardous.*—Sand blasting is declared to be a hazardous operation when carried on in any factory.

4. *Prohibition of the employment of women, adolescents and children.*—No woman, adolescent or child shall be employed in any factory on sand blasting.

5. (*1*) *Protective clothing.*—No person shall be allowed to perform or to assist at sand blasting in the open air or to work within 30 feet of sand blasting apparatus in operation in the open air, unless he is wearing a suitable protective helmet and gauntlets.

(*2*) No person shall be allowed to work in or remain in a sand blasting chamber unless he is wearing a suitable protective helmet, overalls and gauntlets, or to insert his arm or hand into the chamber unless he is wearing a suitable gauntlet, while sand blasting is being carried on.

(*3*) The occupier shall provide and maintain in good condition all helments, gauntlets and overalls necessary for compliance with sub-rules (*1*) and (*2*).

(*4*) A protective helmet shall not be considered suitable unless it carries the distinguishing mark of the person to whom it is issued and by whom it is intended to be used and is provided with a sufficient supply of pure air for breathing and ventilation, together with suitable arrangements to permit the escape of the expired air.

(*5*) No person shall wear a protective helmet that has been worn by another person unless and until such protective helmet shall have been thoroughly disinfected.

The 22nd March 1937.

No. M.-826 (1).—In exercise of the powers conferred by sub-section (*l*) of section 13 of the Petroleum Act, 1934 (XXX of 1934), read with section 22 of the General Clauses Act, 1897 (X of 1897), the Governor-General in Council is pleased to authorise the officers specified in the first column of the annexed Schedule to exercise the powers mentioned in the said sub-section in the areas specified in the corresponding entry in the second column of that Schedule.

The 23rd March 1937.

No. M.-826(1).—In exercise of the powers conferred by sub-section (*1*) of section 30 of the Petroleum Act, 1934 (XXX of 1934), read with section 22 of the General Clauses Act, 1897 (X of 1897), the Governor-General in Council is pleased to apply to calcium phosphide the provisions of sections 2-4, 12-14, 23-29 and 31 of the first-mentioned Act.

No. M.-826(3).—In exercise of the powers conferred by proviso (e) to section 6 of the Petroleum Act, 1934 (XXX of 1934), read with section 22 of the General Clauses Act, 1897 (X of 1897), the Governor-General in Council is pleased to exempt from the operation of the first-mentioned section—

(i) tanks within installations or refineries or at or near oil wells; and

(ii) receptacles in the possession of His Majesty's forces.

No. M.-826(4).—In exercise of the powers conferred by section 12 of the Petroleum Act, 1934 (XXX of 1934), read with section 22 of the General Clauses Act, 1897 (X of 1897), the Governor-General in Council is pleased to exempt from all the provisions of Chapter I of the first-mentioned Act—

(i) petroleum which is in the possession of any officer of Government for the purpose of the performance by him of any duties entrusted to him by or under the first-mentioned Act or any rules made under it; and

(ii) Turpentine, Turpentine Oil and Spirits of Turpentine, when derived wholly from the various species of *pinus*.

No. M.-826(5).—In pursuance of sub-section (*3*) of section 1 of the Petroleum Act, 1934 (XXX of 1934), the Governor-General in Council is pleased to appoint the 30th March 1937 as the date on which the said Act shall come into force.

No. M-826 (6).—In exercise of the powers conferred by section 4, sub-section (*2*) of section 5, sub-section (*2*) of section 14, sections 21 and 22 and sub-section (*1*) of section 29 of the Petroleum Act, 1934 (XXX of 1934), read with section 22 of the General Clauses Act, 1897 (X of 1897), the Governor-General in Council is pleased to make the following rules which have been previously published as required by sub-section (*2*) of section 29 of the first-mentioned Act, namely:—

RULES.

CHAPTER I.

Preliminary.

1. *Short title and application.*—(1) These rules may be called the Petroleum Rules, 1937.

(2) The application of these rules to Burma shall be subject to the modifications contained in Schedule IV.

(3) The application of these rules to Aden shall be subject to the modifications contained in Schedule V.

2. *Supersession and savings.*—(1) All notifications and rules issued, and all appointments made, by local Governments under the Indian Petroleum Act, 1899, and all rules made by the Governor General in Council under section 8 of that Act are hereby superseded, but—

(i) all licences or duplicates granted or renewed and all fees imposed or levied shall be deemed to have been respectively granted, renewed, imposed or levied under these rules; and

(*ii*) all approval given and all powers conferred by or under any notification or rule so superseded shall, so far as they are consistent with the Act and these rules, be deemed to have been given or conferred by or under these rules.

(2) Anything not in conformity with these rules which was permitted to be done by or under any rule in force immediately before the coming into force of these rules, and which, under these rules, may be permitted by the Chief Inspector to be done, shall be deemed to have been so permitted by the Chief Inspector, unless the Chief Inspector, after such notice of his intention as he considers reasonable, declares that it is not so permitted.

3. *Definitions.*—In these rules, unless there is anything repugnant in the subject or context,—

(*a*) "The Act" means the Petroleum Act, 1934;

(*b*) "Chief Inspector" means the Chief Inspector of Explosives in India;

(*c*) "Conservator of the Port" includes any person acting under the authority of the officer or body of persons appointed to be Conservator of the Port under section 7 of the Indian Ports Act, 1908;

(*d*) "District Authority" means—

(*i*) in a Presidency-town, or its suburbs, the Commissioner of Police; and

(*ii*) elsewhere, the District Magistrate;

(*e*) "District Magistrate" includes an "Additional District Magistrate";

(*f*) "Heavy petroleum" means petroleum which has its flashing-point not below 150°F.;

(*g*) "Inspector" means an officer authorised by the Governor General in Council under sub-section (*1*) of section 13 of the Act;

(*h*) "Installation" means any premises within which any place has been specially prepared for the storage of petroleum in bulk, but does not include a well-head tank;

(*i*) "Petroleum in bulk" means petroleum contained in a receptacle exceeding two hundred gallons in capacity;

(*j*) "Protected works" includes—

(*a*) buildings, in which persons dwell or assemble, docks, wharves, timber yards and buildings or places where petroleum is stored; and

(*b*) any public road or other place which the Chief Inspector has by written order declared to be a protected work;

but does not include any building or place which forms part of an installation;

(*k*) "Sampling officer" means an officer authorised by the Governor General in Council under sub-section (1) of section 14 of the Act.

(*l*) "Storage shed" means a building used for the storage of petroleum otherwise than in bulk, whether it forms or does not form part of an installation, but does not include a building used for the storage of petroleum exempt from licence under sections 7, 8 or 9 of the Act;

(*m*) "Testing officer" means an officer authorised by the Governor General in Council to test petroleum under section 17 of the Act; and

(*n*) "Well-head tank" means a tank into which crude petroleum flowing or being pumped from a well is first discharged

4. *Excluded petroleum.*—Nothing in these rules, except Chapter IX, applies to petroleum which has its flashing-point not below 200°F.

CHAPTER I.

Importation of Petroleum.

PART I.—GENERAL.

5. *Licence for import of dangerous petroleum.*—Save as provided in sections 8, 9 and 10 of the Act, dangerous petroleum shall not be imported except under a licence granted under these rules.

6. *Petroleum exempted.*—(1) Nothing in this Chapter applies to—

(*a*) dangerous petroleum, not exceeding 6 gallons in quantity, which is not intended for sale;

(*b*) dangerous petroleum contained in any fuel tank incorporated in a motor conveyance;

(*c*) non-dangerous petroleum, comprised in a ship's stores and manifested as such, provided it is not of an unreasonably large amount.

(2) If any question arises as to whether any petroleum manifested as ship's stores is of an unreasonably large amount, the decision thereon of the Collector of Customs shall be final.

PART II.—IMPORTATION BY SEA.

7. *Importation by sea.*—(1) Petroleum shall not be imported by sea except into the ports of—

Bombay.	Karachi.
Calcutta.	Madras.
Calicut.	Malpe.
Chittagong.	Mangalore.
Cocanada.	Port Blair.
Cochin.	Tellichery.
Coondapur.	Tuticorin.
Hangarkatta.	Vizagapatam.

(2) Notwithstanding anything contained in sub-rule (1), non-dangerous petroleum not in bulk on which the duty leviable in British India has been paid may, subject to such conditions as the Collector of Salt Revenue, Bombay, may impose, be imported from Marmugao at

the following ports, if the petroleum is accompanied by a certificate in form G or by a certified copy of such certificate granted under rule 162 of these rules:—

Alibag, Revdanda, Bankot, Kelshi, Harnai, Dabhol, Borya, Jaigad, Varoda, Ratnagiri, Purnagad, Jaitapur, Viziadurg, Deogad, Achra, Malwan, Kochra, Vengurla, Kirnapani, Majali (Tilmati), Karawar, Sadashivgad, Chendya, Belekari, Ankola, Gangavali, Kodar, Tadri, Kumta, Manki, Murdeshvar, Shirali, Bhatkal and Honawar.

(3) Nothing in rules 8 to 11 and 13 to 15 shall apply to petroleum imported under sub-rule (2).

8. *Declaration by master of ship carrying petroleum or by the ship's agent.*—The master of every ship carrying petroleum shall deliver to the pilot, before entering any of the ports mentioned in sub-rule (1) of rule 7, a written declaration in Form A under his signature.

Provided that if, in anticipation of a ship's arrival, the agent for such ship delivers to the Conservator of the Port a written declaration as aforesaid under his signature, no such declaration need be made by the master of the ship.

9. *Delivery of certificate.*—If the master or agent declares that any petroleum which it is intended to land at that port or at any other port in British India is petroleum certified in accordance with rule 11 he shall deliver to the pilot or Conservator of the Port, as the case may be, along with his declaration, the certificate relating to such petroleum.

10. *Declaration and certificate to be forwarded to Collector of Customs.*—Every declaration and certificate delivered to a pilot under rules 8 and 9 shall be made over by him without delay to the Conservator of the Port, and every declaration and certificate received by the Conservator of the Port under rule 8 or rule 9 or this rule shall be forwarded by him, with all convenient despatch, to the Collector of Customs of the port.

11. *Certified petroleum.*—For the purposes of rules 9 and 156 and Form A, petroleum shall be deemed to be certified if it is accompanied by a certificate in Form B granted at the port of shipment or, subject to the approval of the Collector of Customs, in any other form containing the material particulars required by Form B, and has a flashing-point not below 76°F.:

Provided that the Collector of Customs may refuse to accept any certificate, if he is not satisfied as to its genuineness.

12. *Anchorage of ships carrying petroleum.*—Every ship having petroleum on board shall be anchored at such anchorage as the Conservator of the Port shall appoint in this behalf and shall not leave such anchorage without the general or special order of the Conservator of the Port and subject to such conditions as may be specified in such order. Such anchorage shall in no case be the same as that for vessels laden with explosives and shall be at such distance from the anchorage for vessels laden with explosives as to render it impossible for a fire originating at the former anchorage to affect vessels anchored at the latter.

13. *Production of certificate and licence for import.*—(1) Every person desiring to import petroleum shall furnish personally or through his agent to the Collector of Customs a certificate of storage accommodation in Form C signed by the said person or his agent:

Provided that, where the importer intends to import both dangerous and non-dangerous petroleum, separate Forms shall be furnished for dangerous and non-dangerous petroleum:

Provided further that this sub-rule shall not apply where the quantity of non-dangerous petroleum to be imported by any one consignee does not exceed 500 gallons, or where the quantity of dangerous petroleum to be so imported does not exceed 60 gallons.

(2) Every person desiring to import dangerous petroleum shall produce, personally or through his agent, before the Collector of Customs his licence for the import and storage of such petroleum.

14. *Permission of Collector of Customs to land petroleum.*—(1) No imported petroleum shall be landed except with the permission of the Collector of Customs.

(2) If the Collector of Customs, after receiving—

(*a*) the testing officer's report on any petroleum or, in the case of petroleum of Burmese origin a certificate containing the particulars required by Form B granted by a testing officer appointed by the Government of Burma;

(*b*) the certificate required by sub-rule (1) of rule 13; and

(*c*) the licence, if required by sub-rule (2) of rule 13;

and after making such further inquiries as he deems necessary, is satisfied that the petroleum can lawfully be imported and that there is suitable accommodation for it, he shall permit it to be landed.

(3) Nothing in this rule shall affect the power of the Collector of Customs to detain the petroleum under any other law or rule for the time being in force.

15. *Landing of non-dangerous petroleum in anticipation of the testing officer's report.*—(1) Notwithstanding anything contained in rule 14, where the consignee furnishes a guarantee to re-ship the petroleum if the testing officer's report proves unfavourable, the Collector of Customs may, in anticipation of the testing officer's report, permit any petroleum which he believes to be non-dangerous to be discharged into boats or to be landed.

(2) The permission granted under sub-rule (1) shall be subject to the condition that the boats into which the petroleum is discharged shall remain at such place as the Conservator of the Port may appoint or that the petroleum shall be landed at a landing-place duly appointed for this purpose by him and stored in an installation licensed under these rules.

16. *Unloading of petroleum in bulk.*—Subject to the rules in Part II of Chapter III, petroleum imported in bulk shall be discharged into storage tanks on shore either directly or by means of barges or lighters specially constructed for carrying petroleum in bulk and only at such places as the Conservator of the Port may by general or special order direct.

17. *Unloading of petroleum otherwise than in bulk.*—(1) Subject to the rules in Part II of Chapter III, petroleum imported otherwise than in bulk shall be landed either at jetties provided for the purpose, or in barges or lighters and only at such places as the Conservator of the Port shall direct.

(2) No petroleum contained in casks, drums or other receptacles shall be landed unless such receptacles are free from leakage and of such strength and construction as not to be liable to be broken or to leak except in case of gross carelessness or extraordinary accident:

Provided that petroleum contained in casks, drums or other receptacles which do not satisfy the requirements of this sub-rule may, subject to the rules in Part II of Chapter III and to such conditions as the Conservator of the Port may impose, be landed at a separate landing place approved for the purpose.

18. *Transhipment of petroleum.*—Petroleum may be transhipped from one ship to another for conveyance to any other port, whether within or beyond the limits of British India, subject to the rules in Part II of Chapter III.

19. *Heavy petroleum.*—(1) Nothing in rules 12 to 18 inclusive applies to heavy petroleum.

(2) Notwithstanding anything contained in the preceding rules, if the master of, or agent for, a ship produces a certificate that any petroleum on board is heavy petroleum, the Collector of Customs shall allow it to be discharged in the same manner as ordinary cargo:

Provided that the sampling officer may at any time require a sample of any of the petroleum to be delivered to him, with a view to having it tested.

PART III.—IMPORTATION BY LAND.

20. *Importation by land.*—Petroleum shall not be imported by land save in accordance with rules 21, 22 and 23.

21. *Importation through Castle Rock.*—Petroleum may be imported by land from Marmugao through Castle Rock if the petroleum, unless it is declared to be dangerous, is accompanied by a certificate in Form G or by a certified copy of such certificate granted under rule 162.

22. *Importation through the Viramgam Custom Line.*—Petroleum landed at Port Okha may be imported at the land customs stations on the Viramgum custom line if the customs authority is satisfied that the petroleum, unless it is declared to be dangerous petroleum, has been tested in the manner laid down in the Act and these rules.

23. *Importation from Karikal.*—(1) Non-dangerous petroleum may be imported from Karikal with the written permission of the Chief Inspector and subject to such conditions as he may impose.

(2) No such permission shall be granted to any applicant who was not importing petroleum *via* Karikal before the 1st January, 1935.

CHAPTER III.

Transport of Petroleum.

PART I.—GENERAL.

24. *Prevention of accidents.*—All due precaution shall be taken at all times to prevent accident by fire or explosion.

25. *Prevention of escape of petroleum.*—All due precautions shall be taken at all times to prevent any escape of petroleum during transport especially into any drain, sewer, harbour, river or water course.

26. *Empty receptacles.*—All empty tanks or other receptacles which have contained dangerous petroleum or which have contained non-dangerous petroleum in bulk shall, except when they are opened for the purpose of cleaning them and rendering them free from petroleum vapour, be kept securely closed unless they have been thoroughly cleaned and freed from petroleum vapour.

27. *Receptacles for dangerous petroleum.*—(1) Dangerous petroleum, if not in bulk, shall be contained in gas-tight tinned, galvanised or otherwise externally rust-proofed sheet iron or steel receptacles which shall be fitted with well-made filling apertures and well-fitting screw plugs, or with screw caps or other caps with metal air-tight under-caps. The receptacles shall be kept in proper repair.

(2) No receptacles, other than tanks on tank-carts of a type approved in writing by the Chief Inspector, shall be of more than 65 gallons capacity excluding the air-space prescribed by sub-rule (7).

(3) The receptacles, other than tanks on tank-carts, shall be of a type approved in writing by the Chief Inspector and shall have the following thickness of metal:—

Capacity exclusive of the prescribed air-space—	Not less than—
not exceeding 2 gallons	... 27 B. G.
exceeding 2 but not exceeding 4 gallons	... 22 B. G.
exceeding 4 but not exceeding 30 gallons	... 18 B. G.
exceeding 30 but not exceeding 45 gallons	... 17 B. G.
exceeding 45 gallons	... 16 B. G.

(4) Where the approval of the Chief Inspector is sought to a type of receptacle not previously approved, three copies of a detailed drawing thereof to scale shall be forwarded to him.

(5) The receptacles shall be so constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident to become defective, leaky or insecure in transit.

(6) The receptacles shall bear a stamped, embossed, painted or printed warning exhibiting in conspicuous characters the words "Petrol" or "Motor Spirit" or an equivalent warning of the dangerous nature of the petroleum.

(7) An air-space of not less than 7½ per cent. of its capacity shall be left in each tank, drum or other receptacle containing dangerous petroleum.

(8) Nothing in sub-rules (1), (2), (3), (4) and (6) shall apply to receptacles in the possession of His Majesty's forces.

28. *Receptacles for non-dangerous petroleum.*—Non-dangerous petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron or in other receptacles not easily broken or in tanks permanently fixed to carts, wagons, boats or other means of carriage, and of types approved by the Chief Inspector:

Provided that, in the case of an unberthed passenger ship to which Part IV of the Indian Merchant Shipping Act, 1923 applies, the petroleum shall be packed either in tins enclosed in outer wooden cases or in hermetically sealed iron or steel drums or, if it is heavy petroleum, in sound well-coopered wooden casks of not more than 50 gallons capacity.

29. *Restriction on delivery and despatch of petroleum.*—(1) No person shall deliver any petroleum to any one other than the holder of a storage licence or his authorized agent or a Port Authority or railway administration.

(2) No person shall despatch any petroleum to any one other than the holder of a storage licence.

(3) Notwithstanding anything contained in sub-rule (2) non-dangerous petroleum not exceeding 3,000 gallons in quantity packed in sealed air-tight tins or drums of steel or iron may be despatched to a person not holding a storage licence, provided that the person despatching the petroleum has satisfied himself that prior arrangements have been made by the person to whom the petroleum is despatched for the immediate disposal in the original packages of any quantity in excess of 500 gallons.

(4) This rule shall not apply to the delivery or despatch of petroleum in quantities which are permitted by the Act or these rules to be stored without licence, or to any petroleum in the possession of His Majesty's forces.

PART II.—TRANSPORT BY WATER.

30. *Conditions of carriage of petroleum in bulk by water.*—Petroleum in bulk shall not be carried by water except in a ship or other vessel certified annually as suitable for the carriage of petroleum in bulk by an officer appointed by the Governor General in Council in this behalf, and the petroleum shall be stored in such part of the ship or other vessel and in such manner as may be approved by general or special order, by the officer so appointed after consultation with the Chief Inspector:

Provided that—

(*a*) nothing in this rule shall apply to ships importing petroleum;

(*b*) petroleum in tank-wagons may, with the permission in writing of the Chief Inspector and subject to such conditions as he may specify, be transported across a river by a recognised wagon ferry.

31. *Requirements as to construction of vessels.*—Every ship or other vessel carrying petroleum in bulk, other than a recognised wagon ferry permitted to transport tank-wagons under proviso (*b*) to rule 30, must be of steel or iron well and substantially constructed with scantlings of ample dimensions in proportion to the size of the vessel.

32. *Tank fittings on vessels.*—In petroleum tank-ships or other vessels used for the transport of petroleum other than heavy petroleum the following provisions shall apply:—

(*a*) all tanks shall be fitted with independent approved filling and suction pipes and valves or with stand-pipes with blank flanges, all pipes being carried down nearly to the bottom of the tanks, and no petroleum in bulk shall be taken on board or discharged except through such pipes and valves, unless otherwise permitted by the Chief Inspector in writing;

(*b*) all tanks shall be fitted with manholes having screwdown covers with petroleum-tight joints and, in the case of tanks intended for use with dangerous petroleum, with ventilators or relief valves of approved pattern properly protected with wire gauze of a mesh of not less than 28 to the linear inch; and

(*c*) ventilators similarly protected shall be fitted to all spaces around tanks:

Provided that the Chief Inspector may, by order in writing, exempt from the provisions of this rule any vessel which was employed in transporting petroleum in bulk before the 1st April, 1937.

33. *Self-propelled barges.*—The following conditions shall be observed in self-propelled barges transporting petroleum other than heavy petroleum:—

(*a*) the whole of the machinery shall be at the stern of the barge and shall be entirely separated from the cargo by a cofferdam consisting of two transverse petroleum-proof bulkheads separated by a space of at least two feet six inches;

(*b*) the barge shall be provided with a heavy wood belting; and

(*c*) suitable ventilators shall be fitted to the cargo space:

Provided that condition (*a*) shall not be applicable to any barge which was employed in transporting petroleum before the 1st April, 1937.

34. *Petroleum in bulk on barges or flats.*—(1) Petroleum in bulk shall not be transported in a barge or flat unless the barge or flat—

(*a*) is self-propelled and carries at least four fire extinguishers, or

(*b*) is in tow of, or otherwise attended by, a steamer or tug carrying at least four fire extinguishers.

(2) The fire extinguishers referred to in sub-rule (1) shall be of a pattern approved by the officer appointed under rule 30 and shall be fitted in positions approved by him.

35. *Inflammable cargo, or passengers.*—(1) No ship or other vessel shall carry petroleum in bulk if it is carrying passengers, or any inflammable cargo other than petroleum or coal.

(2) This rule shall not apply to heavy petroleum used as fuel and carried in cellular double bottoms under engine and boiler compartments and under ordinary holds, and in peak tanks, deep tanks or bunkers of approved construction; such oil fuel storage tanks and installations connected therewith shall comply with the provisions of rules 228 to 243 of the Indian Merchant Shipping (Construction and Survey of Passenger Steamers) Rules, 1935.

36. *Restrictions as to inflammable cargo.*—(1) No steamer or tug employed in towing or otherwise attending a barge, flat or lighter carrying petroleum, other than heavy petroleum, in bulk shall at the same time tow or otherwise attend any other vessel carrying an inflammable cargo other than petroleum or coal.

(2) No such steamer or tug shall carry any inflammable cargo other than petroleum or coal.

(3) All such steamers or tugs shall be fitted with efficient spark arresters.

37. *Ventilation and cleaning of holds and tanks.*—(1) Before any petroleum is discharged from a ship or vessel the holds of such vessel shall be thoroughly ventilated:

Provided that nothing in this sub-rule shall apply to any vessel carrying dangerous petroleum not exceeding 6 gallons or non-dangerous petroleum not exceeding 500 gallons or heavy petroleum not in bulk.

(2) After all petroleum has been discharged from any such vessel the holds, tanks and bilges of the vessel shall be rendered free from inflammable vapour.

(3) Sub-rule (2) shall not apply to the tanks of a ship importing petroleum which leaves the port without delay after the discharge of cargo or remains only, for the purpose of taking on board bunkers stores or ballast or for such other purposes as may be approved by the Conservator of the Port, if the tanks of every such ship are securely fastened down immediately after the discharge of the cargo.

(4) Sub-rule (2) shall not apply to barges or lighters continuously engaged in the transport of petroleum in bulk,—

(*a*) an interval of not more than 72 hours is likely to elapse between an operation of unloading or discharging and the next loading operation; and

(*b*) the tanks are securely fastened down immediately after unloading.

(5) Sub-rule (2) shall not apply to specially constructed steel tank motor-vessels approved by the Chief Inspector which are engaged in transport of petroleum in bulk on such rivers and on such parts thereof as may be approved by him in areas outside port limits, or by the Conservator of the Port within port limits, if the tanks of such vessels are securely fastened down immediately after unloading and the vessels depart not later than 12 hours after completion of discharge for their next place of loading.

(6) All ships or other vessels which by sub-rules (3), (4) or (5) are exempted from the application of sub-rule (2) shall, until their holds and tanks have been rendered free from inflammable vapour, comply with all the rules applicable to ships, or other vessels when carrying petroleum in bulk.

38. *Master of vessel specially responsible.*—The master or other officer in charge of any ship with petroleum on board or of any vessel certified under rule 30 shall be responsible that—

(*a*) all due precautions are taken for the prevention of accident in the loading or discharge of petroleum;

(*b*) so long as there is petroleum or inflammable vapour in a tank, all openings from the tank to the atmosphere, except the gas escape line, are kept closed and locked or otherwise fastened in a manner certified as satisfactory by the officer appointed under rule 30; and when it is necessary to take dips or samples, the ullage plugs or sighting ports are closed immediately this has been done;

Provided that, subject to the provisions of clause (*c*), such master or officer in charge may cause the necessary openings to be opened or unlocked for the purpose of taking on board or discharging non-dangerous petroleum, for cleaning the tanks, or for other sufficient reason;

(*c*) every person entering a tank wears a safety helmet of a description approved by the Chief Inspector, unless a Conservator of the Port or other officer appointed by the Governor General in Council in this behalf has examined the tank with the aid of a vapour-testing instrument and has certified it to be free from dangerous vapour;

(*d*) the vessel and any steamer or tug towing or otherwise attending on such vessel exhibits conspicuously:—

(*i*) from sunrise to sunset a red flag not less than three feet square with a white circular centre six inches in diameter, if dangerous petroleum is carried, and a red flag not less than three feet square if non-dangerous petroleum is carried; and

(*ii*) from sunset to sunrise such warning lights as may be required by the Conservator of the Port;

(*e*) the vessel, when carrying petroleum in bulk, at all times lies afloat unless otherwise permitted by general or special order in writing of the Chief Inspector or the Conservator of the Port;

(*f*) the vessel, when carrying petroleum in bulk, is constantly under the control and personal supervision of a responsible person;

(*g*) iron or steel hammers or other instruments capable of causing a spark are not used for the purpose of opening or closing the hatches or tank covers; and

(*h*) footwear which exposes any iron or steel is not worn on the deck of any vessel while the loading or unloading of dangerous petroleum is proceeding.

39. *Loading and unloading by night.*—(1) Where adequate electric lighting is installed and rule 105 is complied with, tank-ships and barges may discharge or load non-dangerous petroleum at any time and tank-ships and barges which have commenced the discharge into storage tanks on shore, or loading into their own tanks, of dangerous petroleum in bulk before sunset may continue the said discharge or loading.

(2) Should anything occur during discharging or loading dangerous petroleum after sunset which necessitates a repair or disconnection of the plant pipes or connections, such discharging or loading shall be discontinued until after sunrise.

(3) Save as provided by sub-rule (1), petroleum shall not be discharged or loaded or landed between the hours of sunset and sunrise.

(4) This rule shall not apply to the refueling of aircraft by vessels certified under rule 30, subject to any conditions which the Chief Inspector may impose in this behalf.

40. *Loading and discharge of bulk petroleum.*—(1) The loading and discharge of petroleum in bulk shall be by armoured hose and metal pipes.

(2) All pipes and other appliances used in the landing or loading of petroleum in bulk shall be free from leakage.

(3) When a ship has finished discharging petroleum other than heavy petroleum, the pipe line shall be immediately emptied of petroleum by pumping water through the line.

(4) The Chief Inspector may, by written order, grant exemptions in any particular case from the provisions of sub-rules (1) and (3).

41. *Precautions on suspension of loading or discharge.*—When the loading or landing of petroleum has been commenced such loading or landing shall proceed with due diligence, and if it is discontinued, the tanks and holds of the ships or other vessels concerned and all loading or discharge valves shall be closed immediately.

42. *Naked lights, fire and smoking on board a vessel prohibited.*—No fire, naked light, fusees, matches, or other appliance for producing ignition or explosion and no smoking shall be allowed on board any barge, flat or lighter carrying petroleum in bulk, or on board any such vessel used for the transport of dangerous petroleum otherwise than in bulk or for the transhipment of petroleum to or from any vessel within the limits of any port:

Provided that nothing in this rule shall prevent the use on a self-propelled barge of the machinery of propulsion.

43. *Smoking, fire and lights prohibited during loading and unloading.*—At all times during the loading or unloading of a ship or other vessel until such time as all petroleum shall have been loaded into or removed from the holds or tanks and the holds or tanks shall have been securely closed down and, in the case of landing, rendered free from inflammable vapour, there shall be no fire or artificial light or smoking on board such ship or other vessel or within 100 feet of the place where the petroleum is being loaded or landed:

Provided that this rule shall not apply to the use of lamps, cookers or other similar apparatus, electric or otherwise, so designed, constructed and maintained as to be incapable of igniting inflammable vapour or, in the case of heavy petroleum, the use of galley fires:

Provided further that this rule shall not apply to the discharging or loading of a ship, under conditions approved by the Conservator of the Port, by means of steam from her own boilers or power generated by electric motors or internal combustion engines placed in a position away from cargo holds and pumprooms or by means of electric motors so designed, constructed and maintained as to be incapable of igniting inflammable vapour and maintained in accordance with Lloyd's or any other approved classification society's requirements.

44. *Matches.*—No person engaged in landing or loading petroleum shall carry fusees, matches, or any other appliance for producing ignition or explosion.

45. *Fire-extinguishing appliances to be ready for use.*—Vessels discharging or loading petroleum shall have adequate fire-extinguishing appliances so disposed that they can be put into immediate use, and, if the petroleum is dangerous petroleum, shall have their awnings furled.

46. *Restriction on the conveyance of petroleum.*—Dangerous and non-dangerous petroleum shall not be simultaneously conveyed to the shore or to another ship on the same vessel.

47. *Restriction as to leaky tins.*—Leaky tins or other receptacles containing petroleum shall not be discharged into a vessel containing sound tins or other sound receptacles.

48. *Transport by sea of petroleum which has not been tested.*—(1) Petroleum which has been imported into any port specified in sub-rule (1) of rule 7 and which has not been tested at such port in accordance with the rules contained in Chapter IX, shall not be transported to any other port otherwise than to a port at which importation is permitted under sub-rule (1) of rule 7 and in accordance with the provisions of all the rules in Chapter II, except rule 5, when it arrives at such other port.

(2) Nothing in sub-rule (1) shall apply to petroleum of Burmese origin which is covered by a certificate in Form B granted by a testing officer appointed by the Government of Burma.

49. *Transport by sea of petroleum which has been tested.*—Petroleum which has been tested at one of the ports specified in sub-rule (1) of rule 7 and petroleum of Burmese origin which is covered by a certificate in Form B granted by a testing officer appointed by the Government of Burma, may be transported to any other port and the provisions of rules 8 to 14, 16 and 17 shall apply to such petroleum when it arrives at such other port.

50. *Transport over the Viramgam Custom Line.*—(1) Petroleum which has already been imported at Bombay or Karachi and has been tested there by the testing officer in accordance with these rules, or petroleum of Indian or Burmese origin which has been similarly tested at a refinery and has been despatched to Kathiawar by sea from any customs port may be transported over the Viramgam custom line, in accordance with the provisions of sub-rules (2), (3) and (4).

(2) If the consignment covered by a shipping bill from a customs port is brought as a whole, the shipping bill shall be presented with the consignment and the import application at the land customs station.

(3) If the consignment is brought in parts, the shipping bill shall accompany the first part of the consignment. Subsequent portions of the consignment shall be covered by a certificate from the customs officer of the port of landing in Kathiawar, declaring that "the petroleum forms part of the consignment covered by shipping bill No....., dated .....forwarded on the.....with the first portion of the consignment".

(4) No petroleum shall be transported over the custom line after the expiry of two months from the date of the shipping bill covering it.

(5) If the petroleum is in packages the marks, on the packages shall be fully described in the shipping bill.

(6) The Collector of Salt Revenue, Bombay, may waive the strict enforcement of sub-rules (2), (3) and (4) in case of emergency, if he is satisfied that the petroleum sought to be transported was originally despatched from a customs port to Kathiawar.

PART III.—COASTWISE TRANSPORT OF DANGEROUS PETROLEUM OTHERWISE THAN IN BULK.

51. *Application.*—(1) The rules in this Part apply only to the transport coastwise of dangerous petroleum otherwise than in bulk.

(2) Unless otherwise expressly provided in this Part nothing contained in Part II of this Chapter, except rule 39, shall apply to any petroleum transported in accordance with this Part.

52. *Maximum quantity allowed to be carried.*—Dangerous petroleum may be transported otherwise than in bulk by country craft or steam or motor vessels other than unberthed passenger ships as defined in the Indian Merchant Shipping Act, 1923, subject to the provisions of rules 53 to 62 inclusive, if the quantity of petroleum does not exceed:—

(*a*) in the case of country craft, the licensed carrying capacity of the vessel after taking into account the weight of the barrels or tins in which the petroleum is carried; or

(*b*) in the case of steam or motor-vessels, 15 tons.

53. *Loading of barrels and drums.*—Barrels and drums shall be loaded with the bungs upwards.

54. *Carriage below decks.*—Dangerous petroleum shall not be carried below decks in decked vessels unless the hold is properly ventilated.

55. *Provision of bulkhead.*—In all vessels other than country craft a solid gas-tight bulkhead without openings, and in country craft a solid bulkhead without openings, shall be fitted between the hold and the after-deck where the crew are accommodated; and in vessels fitted with a poop the bulkhead shall be placed immediately in front of the poop. In decked vessels the bulkhead shall reach up to the deck; in all other vessels it shall reach to within six inches of the gunwhale.

56. *Fire, lights and smoking.*—(1) No fire, naked light of any description, and no smoking, shall be allowed on any part of a vessel transporting dangerous petroleum except abaft the solid bulkhead.

(2) The navigation lights on any such vessel shall be carried abaft the bulkhead.

57. *Carriage of other inflammable cargo.*—No inflammable cargo other than dangerous petroleum or other petroleum products or the dunnage used for packing purposes shall be carried on a vessel transporting petroleum.

58. *Fire buckets.*—Buckets containing dry sand shall be placed at convenient points on a vessel transporting petroleum. Not less than two such buckets shall be placed on the after-deck.

59. *Construction of steam or motor-vessels.*—Steam or motor-vessels not specially constructed for the carriage of petroleum shall not carry petroleum unless they are constructed only of iron or steel.

60. *Transport in steam or motor-vessels.*—On steam or motor-vessels not specially constructed for the carriage of petroleum:—

(*a*) any petroleum shall either be carried in separate compartments which shall be gas-tight and shall be efficiently sealed, or in a hold in which there are efficient ventilators in accordance with clause (*b*), or on deck in accordance with rule 61;

(*b*) half of the ventilators provided in accordance with clause (*a*) shall extend to the bottom of the space, and the other half only a short distance, below the deck; the short ventilators shall be labelled "Outlet or to Leeward" and the long "Inlet or to Windward"; such ventilators shall have large cowl heads, the openings being covered with double fine brass wire gauze;

(*c*) dangerous petroleum shall be contained in receptacles complying with the provisions of rule 27; and

(*d*) special precautions shall be taken against smoking and the use of lights or fire of any kind while the cargo is being loaded or unloaded, or while the hatches are off, or any deck openings are uncovered; before any lights are used in a compartment which contains petroleum precautions shall be taken to ensure that the space is clear of vapour; all empty receptacles which have contained dangerous petroleum shall be kept securely closed.

61. *Transport on deck.*—Petroleum may be carried on deck in steam or motor-vessels not specially built for the carriage of petroleum, subject to the following conditions:—

(*a*) in cargo ships dangerous petroleum shall not occupy more than 50 per cent. of the open deck area and shall be so stowed as not to interfere with the navigation of the ship, or make it unseaworthy;

(*b*) in passenger ships a limited quantity of dangerous petroleum may be carried provided proper precautions are taken regarding stowage and keeping the packages away from passenger's promenade or deck space;

(*c*) the petroleum shall be protected from the direct rays of the sun by the use of a canvas awning or otherwise; and

(*d*) conspicuous notices shall be posted up drawing attention to the danger arising from smoking or striking matches near the deck cargo.

62. *Conditions of transport by country craft.*—No dangerous petroleum shall be transported in country craft except subject to the following conditions:—

(*a*) subject to the provisions of rule 27, the petroleum shall be carried—

(*i*) in 40/65 gallon steel barrels the screw bungs of such barrels being well-fitting and sealed; or

(*ii*) in 4 gallon sealed steel drums, not more than three tiers of which may be carried on any single vessel; or

(*iii*) in 2 gallon sealed steel tins, not more than six tiers of which may be carried on any single vessel;

(*b*) all barrels or tins shall be carefully examined and no leaky barrels or tins shall be taken on board the craft; and

(*c*) no barrels, drums or tins shall be placed within four feet of the after-deck where the crew are accommodated in the case of an undecked vessel or on deck in the case of a decked vessel.

PART IV.—TRANSPORT ON LAND BY VEHICLES.

63. *Prohibition of fires and smoking.*—(1) No fire or other artificial light capable of igniting inflammable vapour shall be allowed on any vehicle containing petroleum in bulk.

(2) No person shall smoke while on or attending such a vehicle.

(3) No article or substance capable of causing fire or explosion shall be carried on such a vehicle.

Explanation.—For the purposes of this rule any tank or other receptacle which has contained petroleum and which has not been thoroughly cleaned and freed from inflammable vapour shall be deemed to contain petroleum.

64. *Filling and discharge of tanks.*—(1) Tank-wagons, lorries or carts transporting petroleum shall only be filled or discharged by means of metal pipes or armoured hose in which the armouring is electrically continuous throughout.

(2) Tanks, other than fuel tanks on vehicles, containing dangerous petroleum shall not be filled or discharged—

(*i*) within 100 feet of any fire, furnace or artificial light capable of igniting inflammable vapour; or

(*ii*) at any place where the lorry, wagon or cart is exposed to sparks:

Provided that the distance specified in clause (*i*) may be reduced to 30 feet when the petroleum is filled or discharged under seal and closed vapour return pipe lines are provided:

Provided further that the distance specified in clause (i) may be reduced to the figure prescribed in the licence in Form K where the petroleum is filled, stored and discharged into a tank in any premises licensed in that Form.

Explanation.—A pipe supplying liquid to a tank is "under seal" to that tank if it is screwed to the tank or otherwise attached so that no liquid or vapour can escape into the air except through an approved vent.

65. *Means of extinguishing fire to be carried.*—An adequate supply of dry sand or other efficient means of extinguishing fire shall be carried in an easily accessible position on every vehicle transporting petroleum in bulk by road.

66. *Prohibition as to public service vehicles.*—Petroleum shall not be transported on any public vehicle which is carrying passengers.

67. *Vehicles to be constantly attended.*—(1) Every vehicle while engaged in the transport of petroleum by road shall be constantly attended by at least one person:

Provided that such vehicles may be left unattended in places previously approved by the Chief Inspector.

(2) Every vehicle on which more than 1,000 gallons of petroleum is being transported by road, or which, while transporting any petroleum by road is being trailed by another vehicle, shall so long as it is in motion, be attended by at least two persons.

68. *Trailers attached to vehicles transporting petroleum by road.*—(1) A trailer not exclusively used for transporting petroleum shall not be attached to any vehicle transporting petroleum.

(2) A trailer transporting petroleum shall not be attached to any vehicle other than a vehicle used for transporting petroleum, and not more than one trailer shall be so attached.

(3) A trailer shall have two axles.

(4) When a trailer is attached to a vehicle, the total quantity of petroleum transported on the trailer and the vehicle combined shall not exceed 2,000 gallons.

(5) If a trailer transporting dangerous petroleum is attached to a vehicle transporting non-dangerous petroleum, the vehicle shall comply with all the provisions of these rules relating to vehicles transporting dangerous petroleum.

(6) A trailer other than a tank trailer shall not be attached to a tank-wagon. The capacity of a tank trailer shall not exceed 500 gallons, and no trailer shall be attached to a tank-wagon of greater capacity than 1,500 gallons.

(7) No trailer attached to a tank-wagon shall be employed within any thickly populated area without the permission in writing of the District Authority.

69. *Tank capacity.*—In these rules the tank forming part of a tank-wagon or tank trailer shall be deemed to include any number of tanks on the same chassis and any limitation herein prescribed on the capacity of a tank shall be construed so as to permit of the tank containing the amount specified under varying degrees of temperature.

70. *Employment of electric light.*—If electric lighting is employed on any vehicle, including a trailer, used in the transport of petroleum other than heavy petroleum by road, the following conditions shall be complied with:—

(*i*) the pressure shall not exceed sixteen volts;

(*ii*) the circuit shall be heavily insulated and shall be independent of the chassis, and the wiring shall be so fixed and protected as to reduce as far as possible the risk of damage;

(*iii*) the generator, battery, switches and fuses shall be carried in front of the fire-resisting screen and the battery shall be in an easily accessible position; and

(*iv*) means of cutting off the current close to the battery by a double pole switch or other suitable method shall be provided.

71. *Fuelling from vehicles.*—(1) No motor conveyance other than aircraft shall fill or replenish its fuel tanks with petroleum other than heavy petroleum directly from vehicles carrying petroleum in bulk.

(2) Aircraft may receive fuel by means of specially constructed tank lorries or wagons only if these are of a type approved by the Chief Inspector for this purpose.

(3) During the fuelling of aircraft used for the conveyance of passengers no passengers shall be allowed to remain in the machine.

(4) No person shall be allowed to smoke within 100 feet of any aircraft while it is being, or is about to be, fuelled.

(5) All aircraft engines within the distance specified in sub-rule (4) shall be stopped so long as fuelling is in progress.

(6) Nothing in sub-rules (2) and (5) shall apply to military aircraft fuelling on military aerodromes.

72. *Owner responsible for observance of rules.*—The owner of a vehicle used for the transport of petroleum who employs any person in connection with such transport, shall be responsible that all necessary measures have been taken to ensure that such person is acquainted with and carries out the provisions of these rules.

73. *Precautions to be observed during filling or emptying tank-wagons.*—During the filling, discharging or emptying of any tank-wagon or trailer transporting petroleum in bulk other than heavy petroleum the following precautions shall be observed:—

(*i*) if the vehicle is mechanically-driven the engine shall be stopped so long as the filling, discharging or emptying is in progress and shall not be restarted until all tanks and valves have been securely closed:

Provided that this condition may be dispensed with in the case of vehicles approved under sub-rule (2) of rule 71, which are supplying aircraft;

(*ii*) adequate provision shall be made to prevent the accumulation of a dangerous static charge of electricity;

(*iii*) if the wagon is drawn by an animal or animals, they shall be removed from the wagon and the wheels securely scotched before the filling, discharging or emptying of any dangerous petroleum is begun; and

(*iv*) the vehicle shall be constantly attended by a competent person.

74. *Composite vehicles.*—Petroleum in cans or other receptacles shall not be transported by road on any tank-wagon used for the transport of petroleum unless the wagon is so constructed as to comply with the conditions applicable to transport on wagons other than tank-wagons as well as with the conditions applicable to transport on tank-wagons.

75. *Filling and dipping pipes to be kept closed.*—Except during the operations of filling or emptying a tank-wagon the filling and dipping pipes shall be kept securely closed. Where the filling pipes are not provided with a liquid seal, the covers shall be kept locked or properly sealed except during the operation of filling a tank-wagon, and the keys shall not be carried on the wagon.

76. *Filling and empting by night.*—Except where approved electric lighting as specified in rule 105 is exclusively used, the filling, discharging and emptying of tank-wagons shall be performed between the hours of sunrise and sunset.

77. *Approval of vehicles for transport in bulk necessary.*—(1) Petroleum in bulk shall not be transported by land except in a vehicle of a type approved in writing by the Chief Inspector.

(2) All such vehicles other than those exclusively used for the transport of heavy petroleum shall have a stamped, embossed, painted or printed warning exhibiting in conspicuous characters the words "Petrol", "Motor Spirit", "Kerosene" or an equivalent warning of the nature of the contents.

(3) Every such vehicle and its fittings shall be maintained in good condition.

78. *Vehicles for transport other than in bulk.*—(1) Every vehicle on which petroleum not in bulk is transported shall be strongly constructed and with sides and back of adequate height and shall be maintained in good condition.

(2) In the case of an animal-drawn vehicle the requirement in sub-rule (1) regarding the sides and back of the vehicle shall not apply if the load is securely fastened to the vehicle.

(3) All receptacles shall be so packed as not to project beyond the sides or back of the vehicle.

79. *Engines of mechanically-driven vehicles.*—(1) In every mechanically-driven vehicle used for the transport by road of petroleum other than non-dangerous petroleum not in bulk or heavy petroleum:—

(*a*) the engine shall be of an internal combustion type;

(*b*) the engine fuel tank and electric batteries shall be effectively screened from the body of the vehicle by a fire-resisting shield carried up above the height of the load and down to within twelve inches of the ground; and

(*c*) the exhaust shall be wholly in front of the fire-resisting shield.

(2) If windows are provided in the fire-resisting shield they shall be fitted with wired glass.

(3) The fuel tank of every such vehicle other than an articulated vehicle may be behind the fire-resisting shield if—

(*a*) a fuel feed apparatus, placed in front of the shield, is used to lift the contents from the fuel tank; and

(*b*) the fuel tank is protected from blows by the frame or by stout steel guards, and the filling hole cover is provided with a lock.

(4) The fuel tank of any vehicle may be behind the fire-resisting shield if the fuel used in the engine is heavy petroleum.

(5) A quick action cut-off valve shall be fitted to the fuel feed pipe of every such vehicle in an easily accessible position, which shall be clearly marked.

80. *Speed limit for vehicles.*—Without prejudice to the operation of any other provision of law for the time being in force whereby a lower limit of speed is imposed, the speed of a motor tank-wagon, or a motor lorry transporting petroleum in receptacles shall not exceed 30 miles per hour if fitted with pneumatic tyres and 15 miles per hour if fitted with solid tyres.

81. *Exemptions.*—(1) If the Chief Inspector is satisfied that in respect of any class of vehicle any of the requirements of rules 68, 78 and 79 may be safely suspended or relaxed, he may authorise such suspension or relaxation for such period and under such conditions as he may think fit.

(2) Nothing in rules 68, 70, 77, 78 and 79 shall apply to vehicles and trailers in the possession of His Majesty's forces.

82. *Special provisions for motor conveyances.*—(1) Rules 63 to 80 shall not apply to the conveyance of petroleum in any motor vehicle for use only in the propulsion of such vehicle.

(2) No motor conveyance carrying passengers on hire shall carry any petroleum other than:—

(*i*) petroleum in the fuel tank incorporated in the conveyance, and

(*ii*) petroleum not exceeding 20 gallons in quantity intended to be used to generate motive power for the conveyance and kept in the manner provided in sub-section (*2*) of section 8 of the Act.

(3) During the filling or replenishment of the fuel tank of a vehicle licensed for the conveyance of more than six passengers on hire, no passengers shall be allowed to remain in the vehicle.

(4) All petroleum tins carried in a vehicle carrying passengers for hire shall be securely closed and shall be carried in a specially prepared receptacle which is not accessible to passengers in the vehicle, and is not on the roof.

PART V.—TRANSPORT BY PIPE LINES.

83. *Application.*—The rules in this part apply only to the transport of petroleum by means of pipe lines other than those in any area in which operations for the winning of natural petroleum or natural gas or both are carried on or within the limits of refineries and installations.

84. *Casings.*—(1) An approved casing shall be put over the pipe line where it passes under any railway or public road and an approved protective casing shall be constructed round the pipe where it crosses over any railway or protected work:

Provided that the Chief Inspector may waive this rule in the case of any specified road or roads, if he is satisfied that the safety of the public is not likely to be endangered thereby.

(2) The Chief Inspector may require an extra casing to be put over the pipe line where it crosses any stream, road, railway or protected work.

85. *Patrol.*—The whole of every pipe line shall be efficiently patrolled.

86. *Prevention of excessive pressure.*—As a precaution against excessive pressure in the pipe line, an automatic bypass relief valve and a reliable pressure gauge shall be placed on the common discharge pipe at pumping stations.

87. *Telegraph and telephone.*—A telephone or telegraph line shall be provided with connections at frequent intervals along the pipe line. One telephone or telegraph line shall suffice for a series of parallel pipe lines:

Provided that this rule shall not apply to a pipe line connecting railway sidings with installations if the length of such pipe line does not exceed one mile.

88. *Gate valves.*—Gate valves shall be provided at reasonable intervals.

89. *Checking of tank gauges.*—Tank gauges shall be checked between stations at frequent intervals.

CHAPTER IV.

Storage of Petroleum Requiring Licence.

90. *Licence for storage.*—Save as provided in sections 7, 8 and 9 of the Act and by rule 109 no one shall store any petroleum except under a licence granted under these rules:

Provided that no licence shall be necessary for storage in a well-head tank.

91. *Precautions against fire.*—(1) No person shall smoke in any installation or storage shed.

(2) No person shall carry matches, fusees or other appliance for producing ignition or explosion in any installation or storage shed which is used for the storage of dangerous petroleum.

(3) No fire, furnace or other source of heat or light capable of igniting inflammable vapour shall be allowed in any licensed installation or storage shed save in places specially authorised by the licensing authority for the purpose.

(4) An adequate supply of dry sand or earth together with the necessary implements for its convenient application, or other efficient means of extinguishing petroleum fires, shall always be kept in every installation and in or adjacent to every storage shed.

92. *Supervision of operations within an installation or storage shed.*—All operations within an installation or storage shed shall be conducted under the supervision of an experienced responsible agent or supervisor.

93. *Cleanliness of installation or storage shed.*—The ground in the interior of an installation, and the protected area surrounding any storage shed or installation, shall be kept clean and free from all inflammable material, waste vegetation and rubbish.

Explanation.—In this rule "protected area" means the area necessary for the maintenance of the distances required under the conditions of the licence to be kept clear between any installation or storage shed and any protected work.

94. *Drainage.*—(1) All enclosures surrounding tanks or buildings belonging to an installation or storage shed shall be kept drained and no water shall be allowed to accumulate in the enclosure.

(2) Where drainage is effected by means of a pipe, the pipe shall be fitted with a valve actuated from the outside of the enclosure:

Provided that this sub-rule shall not apply to storage sheds which are not required under these rules or the terms of the licence to be provided with an enclosure wall or embankment.

(3) All valves and other openings for draining off water shall be kept closed except when water is being drained off.

(4) The nature of the drainage arrangements shall be shown in the plan submitted with the application for a licence.

95. *Exclusion of unauthorised persons.*—(1) Every installation shall be surrounded by a wall or fence of at least six feet in height:

Provided that nothing in this sub-rule shall apply to an installation licensed under the rules in force immediately before these rules come into operation unless its fencing is considered by the licensing authority to be unsatisfactory.

(2) Precautions shall be taken to prevent unauthorised persons from having access to any storage shed or installation.

96. *Children.*—No person under the age of 15 years shall be employed in or allowed to enter any premises licensed under these rules.

97. *Receptacles for petroleum.*—The provisions of rules 26, 27 and 28 shall apply to petroleum stored under licence.

98. *Petroleum only to be stored.*—No installation or storage shed shall without permission in writing from the Chief Inspector be used for any purpose other than the storage and distribution of petroleum and purposes directly connected therewith.

99. *Marking of capacity of tanks.*—The capacity in gallons of every tank in an installation shall be conspicuously marked on the tank.

100. *Construction of tanks.*—(1) Every tank or other receptacle used for the storage of petroleum in bulk other than a well-head tank shall be constructed of iron or steel properly erected and designed according to sound engineering practice; and, together with all pipes and fittings, shall be so constructed and maintained as to prevent any leakage of petroleum.

(2) The height of a storage tank shall not exceed its diameter:

Provided that, in the case of tanks of less than 30,000 gallons capacity, the height may extend to one and half times the diameter.

(3) No tank shall be more than 50 feet in height.

101. *Testing of tanks.*—(1) Storage tanks or other receptacles for the storage of petroleum in bulk other than well-head tanks, after being placed in a final position and before being brought into use, shall, unless they were in use before the 1st April 1937, be tested by water pressure by the licensee in the presence of an Engineer accepted as qualified for the purpose by the licensing authority.

(2) The water used for testing shall be free from petroleum and shall not be passed through any pipes or pumps ordinarily used for the conveyance of petroleum:

Provided that, where the licensing authority is satisfied that it is not reasonably possible to convey water by pipes or pumps other than those ordinarily used for the conveyance of petroleum, he may permit the use of a petroleum-pipe or pump for the conveyance of water subject to such conditions as he may impose.

(3) The test referred to in sub-rule (1) shall also be made before any receptacles for the storage of petroleum in bulk are brought into use after being repaired.

102. *Earthing of tanks.*—All tanks or other receptacles for the storage of petroleum in bulk, other than well-head tanks or tanks or receptacles of less than 10,000 gallons capacity containing heavy petroleum, shall be electrically connected with the earth in an efficient manner by means of not less than two separate and distinct connections placed at opposite extremities of such tank or receptacle. The roof and all metal connections of such tank or receptacle shall be in efficient electrical contact with the body of such tank or receptacle.

103. *Inspection of earth connections.*—(1) The connections and contacts required by rule 102 shall be inspected and tested at least once in every year by the licensee of the tank or receptacle in the manner prescribed by the Chief Inspector.

(2) A record of such inspections and tests shall be maintained by such licensee, and shall be produced on demand by any Inspector.

104. *Night working.*—No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise except where approved electric lighting as specified in rule 105 is exclusively used.

105. *Electric apparatus.*—(1) All electric wires installed at less than 15 feet from the ground in any petroleum installation or situated within 20 feet of any building or tank containing dangerous petroleum shall consist of insulated cables, enclosed in metallic coverings which shall be gas-tight, electrically and mechanically continuous throughout, and effectively earthed outside the building.

(2) No electric wire shall pass over any petroleum tank, filling, painting or storage shed.

(3) In filling, painting and storage sheds and pump rooms used for—

(*i*) dangerous petroleum—

(*a*) all electric meters, distribution boards, switches, fuses, plugs and sockets shall be placed outside the building and shall be of flame-proof construction satisfying the requirements of the British Standard Specification No. 229, and the frames shall be effectively earthed;

(*b*) all electric fixed lamps shall be enclosed in a well glass flame-proof fitting, either doubly enclosed with an inner and an outer well glass or singly enclosed with substantial metal protection; such lamps shall be installed at 12 feet where possible, but in no case less than 8 feet, above the floor level;

(*c*) all electric portable hand lamps of the self-contained pattern shall be of a type approved by the Chief Inspector;

(*d*) for the examination of cans and other containers, electric torches employing a separate battery may be used; these torches shall be fitted with substantially protected flame-proof globes and shall be supplied through a cable of cab-tyre or other suitable sheathing and properly constructed flame-proof connectors; and

(*e*) no single fixed lamp shall exceed 150 watts.

(*ii*) non-dangerous petroleum:—

(*a*) all electric metres, distribution boards, switches, fuses, plugs and sockets shall be enclosed in iron-clad, gas-tight cases and shall be fixed at least 5 feet above the floor level in well-ventilated positions close to the door;

(*b*) all electric fixed lamps shall be enclosed in a gas-tight well glass fitting provided with substantial metal protection;

(*c*) all electric portable hand lamps shall be fitted with substantially protected gas-tight globes and supplied through a flexible cab-tyre or other suitable sheathing and properly constructed gas-tight connectors; and

(*d*) no single fixed lamp shall exceed 200 watts and no hand lamp shall exceed 30 watts.

106. *Pumping.*—No internal combustion engine or electric motor shall be used for driving pumps for pumping petroleum save in a pump house specially constructed for the purpose and under such conditions as may be approved by the Chief Inspector:

Provided that this rule shall not apply where the motor control switchgear and starting apparatus are of flame-proof construction satisfying the requirements of the British Standard Specification No. 229.

107. *Posting up of rules and conditions.*—Copies of the preceding rules in this Chapter and of the conditions of the licence shall be exhibited in a conspicuous place in every licensed installation and storage shed.

108. *Petroleum in possession of His Majesty's forces.*—Nothing in rules 90, 95, 98, 101 and 104 shall apply to petroleum in the possession of His Majesty's forces.

CHAPTER V.

Storage of Petroleum not Requiring Licence.

109. *Exemption of heavy petroleum.*—(1) Notwithstanding anything contained in these rules, it shall be permissible to store without licence, subject to the conditions of this Chapter, heavy petroleum in quantities not exceeding 10,000 gallons, which is not stored in the same installation or storage shed as other petroleum.

(2) The provisions of Chapter IV shall not apply to petroleum so permitted to be stored without licence under sub-rule (1).

110. *Storage of exempted heavy petroleum in bulk.*—(1) Heavy petroleum in bulk, if stored otherwise than under a licence, shall be stored in a tank constructed of iron or steel properly erected and designed and the tank with all pipes and fittings shall be so constructed and maintained as to prevent any leakage of petroleum.

(2) All tanks of a capacity exceeding 1,000 gallons shall be surrounded by a bank or wall, or sunk in a pit, so constructed and maintained as to be able to contain without leakage the whole of the petroleum liable to be present at any one time in the tank.

(3) A distance of not less than ten feet shall be kept clear between protected works and the enclosure walls or banks.

(4) Nothing in this rule shall apply to petroleum in the possession of His Majesty's forces.

111. *Storage of exempted heavy petroleum not in bulk.*—Heavy petroleum which is not in bulk, if stored otherwise than under a licence, shall, if the quantity exceeds 500 gallons, be stored in a storage shed of which either—

(*a*) the doorways and other openings shall be built up to a height of one foot above the level of the floor; or

(*b*) the floor shall be sunk to a depth of one foot.

112. *Prior report of storage of exempted heavy petroleum.*—Every person intending to store heavy petroleum in quantity exceeding 1,000 gallons otherwise than under a licence shall send to the Chief Inspector a prior report stating the situation of the premises on which such petroleum is to be stored.

113. *Garages and hangars.*—(1) Every garage or hangar used for housing any motor conveyance containing dangerous petroleum in bulk in any tank incorporated in the conveyance, whether such petroleum is intended to be used to generate motive power for the conveyance or not, shall be constructed of uninflammable material and be effectively and safely ventilated to the open air.

(2) Every such garage or hangar shall be in charge of a competent person who shall be responsible for taking all proper precautions against fire and shall prevent unauthorised persons from having access to the building.

CHAPTER VI.

Licences.

114. *Application for licence.*—(1) A person wishing to obtain or to renew a licence prescribed under these rules shall submit an application in writing to the authority empowered to grant such a licence.

(2) Every application for the grant or renewal of a licence to store or to import and store petroleum shall be in Form D.

115. *Grant of licence.*—(1) Licences for importation and storage may be granted by the licensing authorities set forth in Schedule I in the forms, for the purposes, and on payment of the fees, specified therein.

(2) A licence in Form H may be granted for such period as the licensing authority may deem necessary subject to a maximum of twelve months. Every other licence granted or renewed under these rules shall remain in force until the 31st day of December of the year for which the licence is granted or renewed.

(3) Where the licensing authority is the Chief Inspector, an applicant for a new licence may apply to the District Authority for a certificate to the effect that there is no objection to the applicant receiving a licence for the site proposed and the District Authority shall, if he sees no objection, grant such certificate to the applicant who may forward it to the Chief Inspector with his application in Form D.

(4) The Chief Inspector may refer an application not accompanied by a certificate granted under sub-rule (3), to the District Authority for his observations.

(5) If the District Authority, either on a reference being made to him or otherwise, intimates to the Chief Inspector that any licence which has been applied for, should not in his opinion be granted, such licence shall not be issued without the sanction of the Governor General in Council.

(6) No licence in Form H shall be granted except to a person holding a licence in Form I.

(7) In the case of a licence granted for storage one copy of the plan or plans of the storage premises signed in token of approval by the licensing authority shall be attached to the licence and one copy shall be filed for record in the office of the licensing authority.

116. *Particulars of licence.*—Every licence granted under these rules shall be held subject to the conditions endorsed on it and shall contain all the particulars which are contained in the form prescribed for it by these rules.

117. *Power of licensing authority to alter conditions.*—(1) Notwithstanding anything contained in rule 116 the licensing authority, at the time of issuing a licence, may omit, alter or add to any of the conditions specified in the prescribed form of licence.

(2) The power conferred by sub-rule (1) shall not be exercised by the District Authority without the prior concurrence of the Chief Inspector.

118. *Amendment of licence.*—(1) Any licence granted under these rules may be amended by the authority granting such a licence:

Provided that the amendments shall not be inconsistent with any rule in this Chapter.

(2) A licensee who desires to have his licence amended shall submit it to the licensing authority with an application stating the nature of the amendment and the reasons therefor.

(3) The fee for the amendment of a licence shall be one rupee *plus* the amount (if any) by which the fee that would have been payable if the licence had originally been issued in the amended form exceeds the fee originally paid for the licence.

119. *Renewal of licence.*—(1) A licence may be renewed by the authority empowered to grant such a licence.

(2) Every application for the renewal of a licence shall be made not less than thirty days before the date on which the licence expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority renews the licence or until an intimation that the renewal of the licence is refused has been communicated to the applicant.

(3) The same fee shall be charged for the renewal of a licence as for a licence.

120. *Refusal of licence.*—(1) A licensing authority refusing to grant, amend or renew a licence, shall record his reasons for such refusal in writing.

(2) A copy of the order containing the reasons for such refusal shall be given to the applicant on payment of a fee of one rupee.

121. *Cancellation of licence.*—(1) Every licence granted under these rules shall be liable to be cancelled by order of the licensing authority for any contravention of the Act or of any rule thereunder, or of any condition contained in such licence.

(2) A licensing authority cancelling a licence shall record his reasons for so doing in writing.

(3) A copy of the order containing the reasons for the cancellation of a licence shall be given to the holder of the licence on payment of a fee of one rupee.

122. *Appeals.*—(1) Any person may appeal to the Governor General in Council from an order of the Chief Inspector refusing to grant, amend or renew a licence or cancelling a licence.

(2) Any person may appeal to the immediate official superior of the District Authority from an order of the District Authority refusing to grant, amend or renew a licence or cancelling a licence.

(3) Every appeal shall be in writing and shall be accompanied by a copy of the order against which the appeal is made.

(4) The appeal shall be presented within 30 days when the order appealed against has been passed by the District Authority and within 60 days when the order has been passed by the Chief Inspector.

123. *Supply of rules.*—With every licence granted for the storage of petroleum, a copy of rules 90 to 107 in Chapter IV, shall be given free of charge to the licensee.

124. *Certificates of safety.*—(1) Before petroleum is stored in any installation for which a licence is being granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments constructed in accordance with the conditions of the licence are of such a nature as to ensure safety.

(2) The certificate shall be signed by an Engineer accepted as qualified for the purpose by the licensing authority.

(3) When the licence is not granted for the first time, but is being granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former licence is stored in the installation.

125. *Transfer of licence for storage.*—(1) The holder of a licence for the storage of petroleum may, at any time before the expiry of the licence, apply for permission to transfer his licence to another person.

(2) Such application shall be made to the licensing authority who shall, if he approves of the transfer, enter upon the licence, under his signature, an endorsement to the effect that the licence has been transferred to the person named.

(3) A fee of one rupee shall be charged on each such application.

(4) The person to whom the licence is so transferred shall enjoy the same powers and be subject to the same obligations under the licence as the original holder.

126. *Procedure on death or disability of licensee.*—(1) If a licensee dies or becomes insolvent or mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or confiscation under the Act or these rules for exercising the powers granted to the licensee by the licence during such time as may reasonably be required to allow him to make an application for a new licence in his own name for the unexpired portion of the original licence.

(2) A fee of one rupee shall be charged for a new licence for the unexpired portion of an original licence granted to any person applying for it under this rule.

127. *Loss of licence.*—Where a licence granted under these rules is lost or accidentally destroyed, a duplicate may be granted on payment of a fee of one rupee.

128. *Payment of fees.*—(1) Every application for the grant or renewal of a licence shall be accompanied by the fee payable thereon. If the licence is not granted or renewed, the fee shall be refunded.

(2) All fees chargeable under these rules in respect of licences granted by the District Authority shall be paid by means of impressed stamps or in cash.

(3) The payment of all other fees under these rules shall be made in cash or by cheque.

129. *Power to exempt from payment of fees.*—The Governor General in Council may, by general or special order, grant exemption from, or reduction of, any fee payable under these rules.

130. *Production of licence on demand.*—(1) Every person holding or acting under a licence granted under these rules shall produce it, or an authenticated copy of it, at the place to which the licence applies, when called upon to do so by any Inspector.

(2) Copies of any licence may, for the purposes of this rule, be authenticated free of charge by the authority which granted the licence.

131. *Procedure on reports of infringements.*—The District Authority shall inform the Chief Inspector of the action taken by him on any reports of infringements of the Act or of these rules which the Chief Inspector may make to him.

CHAPTER VII.

Refining and Blending of Petroleum.

132. *Approval of refinery.*—(1) No person shall refine or blend petroleum unless the plans showing the general arrangement of tanks, stills, fencing, gates, and all plant and buildings at the place where it is proposed to refine or blend petroleum (hereinafter in this Chapter referred to as the refinery) have been approved by the Chief Inspector.

(2) The Chief Inspector on receiving an application under sub-rule (1) may require the submission of such particulars as he may specify regarding the materials used or to be used in the construction of stills, condensing pipes and tanks, and the method of their erection.

133. *Retention of plans.*—A copy of the approved plans, which shall incorporate any alterations sanctioned under rule 135 from time to time shall be kept at the refinery.

134. *Application of rules.*—Rules 135 to 147 inclusive apply only to refineries.

135. *Alterations.*—No alteration in a refinery involving the general arrangement of tanks, stills, any other plant and buildings or the materials used in the construction or the method of erection of the stills, condensing pipes and tanks shall be carried out without the previous sanction in writing of the Chief Inspector.

136. *Use of fire-proof materials.*—All buildings in which petroleum is handled shall be built of fire-proof materials.

137. *Situation of storage tanks.*—No storage tank, the capacity of which exceeds 50,000 gallons, shall be situated nearer than 300 feet to any still, boiler or furnace.

138. *Size of service tanks.*—Unless specially permitted by the Chief Inspector service tanks (*i.e.*, tanks which contain fuel for boiler and still fires) shall not be larger than is necessary to conserve 24 hours fuel for the fire which they serve.

139. *Drainage.*—Suitable arrangements shall be made for the proper carrying off and fire-trapping of all drainage and possible leakage from a still or bench of stills.

140. *Fires and smoking.*—(1) No fire, furnace or source of heat or light capable of igniting inflammable vapour shall be allowed except in the firing spaces of stills or boilers.

(2) No smoking shall be allowed except in spaces or buildings specially approved for the purpose by the Chief Inspector.

141. *Supply of sand or earth.*—(1) An adequate quantity of dry sand or earth together with the necessary implements for its convenient application or other efficient means of extinguishing petroleum fires shall always be kept readily accessible near tanks and stills.

(2) The Chief Inspector may specify the quantity of dry sand or earth which shall be deemed to be adequate for the purposes of this rule.

142. *Hydrants and hoses.*—(1) In a refinery with a still capacity exceeding on an average 1,000 gallons daily, hydrants with a minimum pressure of 40 lbs. with the necessary hose, shall be provided at suitable points. Their location shall be shown in the approved plans of the refinery.

(2) All hydrants and hose shall be kept in an efficient condition.

143. *Pumping of dangerous petroleum.*—All dangerous petroleum as it leaves the stills, with the exception of such quantities as may be pumped direct to service tanks for fuel, shall be at once pumped out of the refinery to storage tanks, and shall not be stored in the immediate neighbourhood of stills and boilers:

Provided that the Chief Inspector may permit dangerous petroleum to be disposed of otherwise.

144. *Prevention of danger from electricity.*—Adequate provision shall be made to prevent the accumulation of dangerous static charges of electricity.

145. *Plans.*—Fire walls and efficient separators for drainage shall be shown, in the plans referred to in rule 132 and may be required to be erected when deemed necessary by the Chief Inspector.

146. *Reports of fires.*—The occurrence of any fire at a refinery shall be reported immediately by the person in charge of the refinery for the time being to the nearest Police Station and to the Chief Inspector.

147. *Closing of refinery.*—If a refinery is closed down, the area within the fence surrounding it shall be cleared of all petroleum having a flashing-point below 200°F. as soon as possible.

CHAPTER VIII.

Tetra Ethyl Lead Mixtures.

148. *Addition of tetra ethyl lead.*—Tetra ethyl lead shall not be added to petroleum in such quantity as to render the proportion of tetra ethyl lead to petroleum in excess of one part in 1,000 parts by volume or one part in 450 parts by weight.

149. *Importation, transport and storage.*—No person shall import, transport or store any petroleum containing tetra ethyl lead in which the proportion of tetra ethyl lead exceeds one part in 1,000 parts by volume or one part in 450 parts by weight.

150. *Power to increase proportion.*—The Chief Inspector may by an order in writing in special cases permit the proportions of tetra ethyl lead prescribed in rules 148 and 149 to be increased.

151. *Coloration.*—Every mixture of petroleum and tetra ethyl lead shall be distinctively coloured before being sold to the public.

152. *Marking of receptacles.*—All receptacles containing a mixture of petroleum and tetra ethyl lead shall unless they are in the possession of His Majesty's forces bear a warning in the following terms—

"Warning.

This spirit contains lead and should be used as a motor fuel only."

CHAPTER IX.

Testing of Petroleum.

153. *Drawing of samples.*—(1) In all cases the sampling officer shall personally superintend the drawing of the sample. Where the sample is drawn from an original unopened receptacle containing petroleum not in bulk the opening shall be sufficient to admit of the sample being rapidly transferred from the receptacle.

(2) Two bottles, each of the capacity of about 40-fluid ounces, shall be filled to three-quarters of their capacity with the sample and corked. The corks shall be driven home and cut off level with the neck; and melted sealing wax shall be worked into the corks and the bottles shall be efficiently sealed.

(3) In the case of petroleum imported by sea the bottles containing the sample shall, after being sealed, be labelled with the name of the ship, the name of the consignee, and such other distinguishing marks as may be necessary.

154. *Forwarding and retention of samples.*—One of the bottles referred to in sub-rule (2) of rule 153 shall be preserved for reference in case of need and the other shall be forwarded to the testing officer.

155. *Procedure for delivery of samples from ship's cargo.*—(1) When the master of, or the agent for, a ship has made the declaration required by rule 8, the sampling officer shall go on board the vessel and obtain samples of all the petroleum on board which it is intended to land at the port. If the importer so desires the sampling officer shall also take samples of all the petroleum on board which it is intended to land at any other port in British India:

Provided that no sample need be taken of—

(*a*) petroleum which is declared to be dangerous; or

(*b*) petroleum of Burmese origin which is covered by a certificate in Form B granted by a testing officer appointed by the Government of Burma.

(2) The master shall deliver to the sampling officer, without charge, samples of every variety of petroleum comprised in the petroleum of which samples are to be taken under sub-rule (1). Such samples shall, if the sampling officer so requires, be taken from the particular receptacles indicated by him:

Provided that when the petroleum is in cases, samples may be taken as landing proceeds.

156. *Selection of samples from ship's cargo.*—The minimum number of samples to be selected of each brand or quality contained in the cargo shall be as follows:—

(*a*) of petroleum certified in accordance with rule 11—

(*i*) in cases—one sample for every 15,000 cases or part thereof;

(*ii*) in casks or drums, declared to be of uniform quality—one sample for every 120,000 gallons or part thereof;

(*iii*) in bulk or in tanks—one sample from each group of tanks or tank compartments certified to be of the same brand or quality;

(*b*) of other petroleum—

(*i*) in cases—one sample for every 10,000 cases or part thereof;

(*ii*) in casks or drums, declared to be of uniform quality—one sample for every 80,000 gallons or part thereof;

(*iii*) in bulk or in tanks—one sample from each tank or tank compartment.

157. *Standard Test Apparatus.*—(1) The Standard Test Apparatus and thermometers shall—

(*a*) agree in every respect with the specifications laid down in Schedule III; and

(*b*) have been tested and certified by the Board of Trade or the National Physical Laboratory, London, and marked with the year of test.

(2) The standard thermometers shall be replaced at least once in every three years.

158. *Certification of apparatus.*—(1) When any apparatus for determining the flashing-point of petroleum is submitted to the officer appointed under sub-section (*l*) of section 15 of the Act for comparison with the Standard Test Apparatus, that officer shall examine the apparatus including the thermometers and the barometers or aneroids.

(2) No certificate shall be granted under section 16 of the Act if—

(*a*) the apparatus is in any respect outside the tolerances laid down in Schedule III to these rules or is otherwise defective; or

(*b*) any thermometer shows readings varying by more than 1°F. at temperatures of 76°F. and 120°F. as given by the Standard Test Apparatus; or

(*c*) any barometer or aneroid shows a variation of more than half an inch from the pressure given by the Standard Test Apparatus.

(3) A certificate in Form E shall be granted in respect of any apparatus which has been found to agree with the Standard Test Apparatus within the limits mentioned in sub-rule (2).

(4) A certificate granted under this rule shall be valid for a period of three years.

159. *Register of certificates.*—A register of all certificates granted under rule 158 shall be maintained in Form F by the officer appointed under sub-section (*l*) of section 15 of the Act.

160. *Methods of test.*—(1) The testing officer shall test the samples in the manner laid down in Schedule III to these rules.

(2) In all cases at least three samples shall be separately tested, the average of the three readings being corrected for the thermometer correction, if any, and for the barometric correction in case of dispute.

(3) If the average flashing-point is not lower than 76°F. and no one test gives a flashing-point below 73°F. the whole of the petroleum represented by the samples shall be deemed to be non-dangerous petroleum.

161. *Procedure when tests show want of uniformity.*—(1) If the testing officer, after testing samples taken from a ship's cargo, considers further tests necessary to satisfy himself that none of the petroleum is dangerous, he shall report to the Collector of Customs accordingly.

(2) On receipt of a report under sub-rule (1)—

(*a*) when the consignment is imported in cases or casks or drums, the Collector of Customs shall cause the petroleum in question to be landed and stacked in lots of not more than 1,500 cases or casks or drums each, or to be discharged into boats each containing not more than 1,500 cases or casks or drums, and the sampling officer shall select and deliver to the testing officer one sample from each lot;

(*b*) when the consignment is imported in bulk, the sampling officer shall forward a second sample and the Collector of Customs may, until the receipt of the testing officer's further report, prevent the landing of any portion of the contents of the tank in question, or may permit it to be landed as provided in rule 15;

(*c*) If the petroleum has been already landed and stored under rule 15—

(*i*) if it is not in bulk it shall be divided into lots and samples of each lot shall be selected as provided in clause (*a*);

(*ii*) if it is in bulk samples be shall drawn from each separate storage tank containing the petroleum.

162. *Certificate of tests.*—(1) The testing officer shall as soon as practicable, and ordinarily within twenty-four hours after receipt of any samples make out a certificate in Form G and shall forward it in the case of samples of petroleum taken on board a ship to the Collector of Customs and in the case of other samples to the officer submitting the sample.

(2) The testing officer shall, at the request of any person concerned, furnish him with a certified copy of the certificate in Form G on payment of a fee of one rupee.

163. *Fees for inspection and comparison.*—(1) The fee for each inspection of the Standard Test Apparatus shall be one rupee.

(2) The fees for comparing a privately owned test apparatus with the Standard Test Apparatus shall be as follows:—

	Rs.
Abel Flash Point Apparatus or Pensky-Martens Apparatus	30
Barometer	10
Thermometer ..	10

164. *Fees for testing.*—(1) The fee for testing each sample of imported petroleum shall be five rupees:

Provided that the aggregate fees chargeable under this sub-rule shall not, in the case of any one ship, exceed Rs. 50.

(2) The fee for re-testing each sample under section 20 of the Act shall be five rupees. It shall be refunded if the original test is proved to be erroneous.

SCHEDULE I.

LICENCES (*vide Rule 115*).

Article No.	Form of License (See Schedule II).	Purpose for which granted.	Authority empowered to grant license.	Fee.	
1	2	3	4	5	
1	H	To import dangerous petroleum other than petroleum which can be used in an internal combustion engine, in quantity not exceeding 60 gallons at any one time.	The District Authority.	Rs. 1.	
2	I	To store dangerous petroleum in quantity not exceeding 60 gallons.	The District Authority.	Rs. 4.	
				FOR ARTICLES 3, 4, 5, 6 AND 7.	
				Non-dangerous petroleum.	
3	J	To store non-dangerous petroleum, otherwise than in bulk, in quantity not exceeding 5,000 gallons.	The District Authority.	(*a*) When the quantity to be stored does not exceed five hundred gallons.	Rs. 8.
				(*b*) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.	Rs. 12.
4	K	To store petroleum in a tank or tanks in connection with a pump outfit for fuelling motor conveyances.	The Chief Inspector.	(*c*) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons. Conditions of licence.

1. Dangerous petroleum shall be imported in gas-tight tinned, galvanised or otherwise externally rust-proofed sheet iron or steel receptacles which shall be fitted with well-made filling apertures and well-fitting screw plugs or with screw caps or other caps with metal air-tight under-caps.

2. The receptacles shall have the following thickness of metal:—

Capacity exclusive of the prescribed air-space	Not less than—
not exceeding 2 gallons	27 B.G.
exceeding 2 but not exceeding 4 gallons ...	22 B.G.
exceeding 4 but not exceeding 30 gallons ...	18 B.G.
exceeding 30 but not exceeding 45 gallons ...	17 B.G.
exceeding 45 gallons	16 B.G.

3. The receptacles shall be so constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to become defective, leaky or insecure in transit and shall bear a stamped, embossed, painted or printed warning exhibiting in conspicuous characters the words "Highly Inflammable" or an equivalent warning of the dangerous nature of the petroleum.

4. An air-space of not less than 7½ per cent. of its capacity shall be left in each receptacle at the time of filling.

This licence is liable to be cancelled if the licensed premises when inspected are not found conforming to the description and conditions attached hereto and contravention of any of the rules and conditions under which this licence is granted is also punishable with fine which may extend to five hundred rupees for a first offence and which may extend to two thousand rupees for any subsequent offence.

Conditions of licence.

1. Dangerous petroleum shall be stored only—

(*i*) in a storage shed constructed of suitable uninflammable material; the doors and windows may be of wood; or

(*ii*) in a properly ventilated iron bin of a design approved by the Chief Inspector, placed on private ground in the open air.

2. The storage shed shall be adequately ventilated near the ground level and also near or in the roof. The ventilators shall be provided with two thicknesses of fine copper or other non-corroding metal wire gauze of mesh not less than 28 to the linear inch.

3. The storage shed shall not form part of, or be attached to, any building in which any person resides or works or where persons assemble for any purpose unless it is separated therefrom by a substantial floor or partition which is constructed of uninflammable material and has no openings therein.

4. The storage shed, if in any building, shall not be situated under any staircase or under any other means of exit likely to be required to be used for escape in case of fire.

5. Any two storage sheds or bins or other storage premises not more than twenty feet apart, shall be deemed to be one storage shed.

6. No alterations shall be carried out in the storage shed or bin without the previous sanction in writing of the licensing authority.

7. If the licensing authority calls upon the holder of a licence, by a notice in writing, to execute any repairs to the storage shed, which are in the opinion of such authority, necessary for the safety of the shed, the holder of the licence shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

8. Dangerous petroleum other than paints, varnishes, lacquers and similar products shall not be kept in any receptacle other than the standard petrol tins of capacity not exceeding two gallons exclusive of the prescribed air-space.

9. All empty receptacles which have contained dangerous petroleum shall, except when they are opened for the purpose of cleaning them and rendering them free from petroleum vapour, be kept securely closed unless they have been thoroughly cleaned and freed from petroleum vapour.

10. No receptacles shall be repaired on the premises and no person shall repair or cause to be repaired any receptacle in which, to his knowledge, any dangerous petroleum is or has been kept until he has taken all reasonable precautions to ensure that the receptacle has been rendered free from dangerous petroleum and any inflammable vapour.

11. Adequate precautions shall be taken at all times for the prevention of accident by fire or explosion.

12. Every care shall be taken to prevent any dangerous petroleum escaping into any drain, sewer, harbour, river or water course.

13. Adequate precautions shall be taken to prevent unauthorised persons having access to any dangerous petroleum kept and to the vessel which contains or has contained petroleum.

14. Any accident, fire, or explosion occurring within the licensed premises, which is attended with loss of human life or serious injury to person or property shall be reported to the nearest Magistrate or to the Officer-in-charge of the nearest Police Station immediately and by telegraph or telephone where such means of communication are available.

15. Free access to the licensed premises shall be given at all reasonable times to any Inspector or Sampling Officer and every facility shall be afforded to such officer for ascertaining that the rules and the conditions of this licence are duly observed.

(Article 4 of Schedule I)

Licence to store petroleum in a tank or tanks in connection with a pump outfit for fuelling motor conveyances.

No

Fee Rs .

Licence is hereby granted to valid only for the storage of gallons of petroleum in a tank (tanks) in the licensed premises described below and shown on the plan hereto attached subject to the provisions of the Petroleum Act, 1934, and the rules made thereunder and to the further conditions on the back of this licence.

*This licence shall be renewable for years in the absence of contravention of the provisions of the Petroleum Act, 1934, or of the rules framed thereunder or of any condition of this licence.

This licence shall remain in force till the 31st day of December 19 .

Chief Inspector of Explosives in India.

The 19 .

Plan No. , dated .

Description of the licensed premises referred to above.

The licensed premises are situated and consist of a gas-tight tank (tanks) of a capacity of gallons sunk underground.

Date of renewal.	Date of expiry.	Signature of licensing authority.

Conditions of licence.

1. The petroleum shall be stored in one or more gas-tight metal tanks of a capacity of gallons sunk completely underground in the position shown on the plan attached hereto and each placed in a masonry or concrete pit, the tank being packed round with sand, earth or clay so that no air-space is left between the tank and the masonry or concrete pit and the tank is not visible. Such masonry or concrete pit shall not be obligatory if the tank is a welded one tested up to a pressure of 3 lbs. per square inch and is buried and is on private, leased or rented land away from public traffic. The space over the buried tanks must not be used for any purpose.

*Not applicable to kerbside outfits.

2. There shall be no openings in any tank other than those necessary for the introduction or removal of the petroleum or for ventilating or dipping the tank. The filling and dipping pipes shall be carried down nearly to the bottom of the tank.

3. Every tank shall be fitted with a vent pipe leading into the open air. The vent pipe shall be securely supported and shall be not less than 12 feet in height. The upper opening shall be covered with fine copper or other non-corroding metal wire gauze of mesh not less than 28 to the linear inch and fitted with a hood or the upper opening shall be fitted with an inlet valve and an exhaust valve.

4. After the 1st April 1937, no pump or tank shall be erected inside a building and, if prior to that date any tank is installed inside a building, it shall only be filled from a tank-wagon through an underground filling pipe having a filling point in the open air at a distance of not less than 12 feet from the building.

5. No alteration of the position of a pump or tank and no replacement of a tank shall be effected except with the previous sanction in writing of the licensing authority. All alterations sanctioned under this condition shall be shown on an amended plan to be attached to this licence.

6. If the licensing authority calls upon the holder of a licence by a notice in writing to execute any repairs to the licensed premises which are, in the opinion of such authority, necessary for the safety of the premises, the holder of the licence shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

7. Every tank, before being repaired, shall be cleared of all petroleum and of all inflammable vapours. When a tank in position is open for cleaning or repairs no electric or other lamps, electric cables or electric fans shall be brought near the manhole of the tank until the tank has been certified in writing to be 'gas free' by a qualified Chemist or Engineer. (The inside of the tank may be lighted by the use of mirrors.)

8. The petroleum shall enter a tank "under seal" and shall not be supplied to the tank between the hours of sunset and sunrise except by a motor tank-wagon of a type approved by the Chief Inspector for the purpose and with the approval in writing of the licensing authority.

NOTE.—A pipe supplying liquid to a tank is "under-seal" to that tank if it is screwed to the tank or otherwise attached so that no liquid or vapour can escape into the air except through the vent pipe fitted to the tank as required by condition 3.

9. No artificial light capable of igniting inflammable vapour shall at any time be present in the immediate vicinity of the tank-wagon during the transfer of the petroleum to the tank and no person engaged in such transfer shall smoke. When the underground tank is filled with petroleum from barrels no such light shall be allowed within a distance of 30 feet from the barrels.

10. No petroleum shall be removed from a tank except by means of the pump or pumps at the position marked on the plan hereto attached. Every pump shall together with its connections and fittings be so constructed and maintained as to be gas and petroleum-tight. The pipe connections between the tank and a pump shall be placed underground.

11. For the purpose of charging the tanks of motor vehicles the petroleum shall only be supplied by being—

(*a*) pumped through strong metal piping by means of approved pumps into above ground measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions, and run thence through sound hose, fitted with a secure self-closing cock and nozzle, into the tanks of motor vehicles, or

(*b*) pumped through strong metal piping by means of approved pumps into an above ground service tanks of approved capacity, fixed in an approved position, and run thence through strong metal piping into measuring tanks of a capacity not exceeding 30 gallons fixed in approved positions and thence through sound hose, fitted with a secure self-closing cock and nozzle, into the tanks of motor vehicles, or

(*c*) pumped by means of approved measuring pumps, fixed in approved positions, through sound hose fitted with a secure tap and nozzle, into the tanks of motor vehicles.

12. Petroleum may be supplied to a motor vehicle between the hours of sunset and sunrise from the pump provided that (i) lights other than the electric lights of the vehicle receiving the petroleum are extinguished, (ii) the pump and the vehicle are illuminated by electric light or failing this by some other form of lighting and (iii) no light capable of igniting inflammable vapour is situated or brought within twelve feet of the pump or vehicle receiving the petroleum.

13. Petroleum shall not be placed in any motor vehicle while the engine is running and persons in and engaged in connection with such motor vehicle shall not be permitted to smoke.

14. Except when absolutely necessary for the purposes of condition 7 or for testing the accuracy of the pump's discharge by means of a standard capacity measure, petroleum shall not be filled from the tank or pump into any receptacle other than one clamped or fitted to a motor vehicle.

15. This licence shall be held to cover the use of a portable kerb-side pump outfit for a period of not more than one month in the place of the licensed permanent outfit in the event of the latter being out of order, provided notice in writing is given to the licensing authority before the portable pump is taken into use, and the conditions of this licence which apply to a portable pump are observed. No petroleum shall be allowed above ground (except that actually in the pump) in any case where the underground tanks can be used in connection with the portable pump by making a temporary connection from the portable pump to the underground tank.

16. In cases where portable pumps are used not more than two barrels of petroleum in reserve shall be kept within 20 feet of the pump or on public property nearby.

17. Adequate precautions shall be taken to prevent unauthorised persons from having access to the petroleum or to the vessels which contain or have contained petroleum.

18. Every person managing or employed on or in connection with the licensed premises shall abstain from any act whatever which tends

to cause fire or explosion and which is not reasonably necessary and, to the best of his ability, shall prevent any other person from doing such act.

19. Every care shall be taken to prevent any petroleum escaping into any drain or sewer.

20. The licensee shall provide for each pump, whether kerbside or portable, a minimum of two tins or drums of dry sand which shall be kept ready for extinguishing fires.

21. Any accident, fire or explosion occurring within the licensed premises, which is attended with loss of human life or serious injury to person or property shall be reported to the nearest Magistrate or to the Officer-in-charge of the nearest Police Station immediately and by telegraph or telephone where such means of communication are available.

22. Free access to the licensed premises shall be given at all reasonable times to any Inspector or Sampling Officer and every facility shall be afforded to such officer for ascertaining that the rules and the conditions of this licence are duly observed.

Chief Inspector of Explosives in India.

Plan No. , dated

Description of the place referred to above.

Date of renewal.	Date of expiry.	Signature of licensing authority.

This licence is liable to be cancelled if the licensed premises when inspected are not found conforming to the description and conditions attached hereto and contravention of any of the rules and conditions under which this licence is granted is also punishable with fine which may extend to five hundred rupees for a first offence and which may extend to two thousand rupees for any subsequent offence.

Conditions of licence.

1. Petroleum shall be kept only in the storage tanks and storage and filling sheds or other approved places within the installation specified for the purpose on the plan attached hereto.

2. (i) The tank or tanks shall be supported on an approved foundation and shall be surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall contain only one of the following classes of petroleum, shall be of dimensions sufficient to contain the quantity of petroleum specified under the class to be stored and shall be so constructed and maintained as to prevent the escape therefrom of any petroleum in the form of liquid, whether under the action of fire or otherwise—

(*a*) *Dangerous petroleum*—10 per cent. more petroleum than the tank or tanks are capable of containing;

(*b*) *Non-dangerous petroleum other than heavy petroleum*—the amount of petroleum the tank or tanks are capable of containing;

(*c*) *Heavy petroleum*—the amount of petroleum the largest tank in the enclosure is capable of containing:

Provided that heavy petroleum may be stored in the same enclosure as non-dangerous petroleum other than heavy petroleum if the dimension under (*b*) above is observed.

(ii) Except for the necessary pipes and valves the space within an enclosure and not occupied by the tank or tanks, shall be kept entirely clear and unoccupied. Alternatively gas-tight metal tanks may be sunk completely underground the tanks being packed round with sand, earth or clay, so that no air-space is left below ground level and the tank is not visible. Tanks so buried shall not be required to maintain the safety distances laid down in condition 8 but the space over the buried tanks must not be used for any purpose. The filling and dipping pipes in an underground tank shall be carried down to the bottom of the tank.

3. All tanks shall be fitted with a vent pipe leading into the open air, the open end being covered with fine copper or other non-corroding metal wire gauze of mesh not less than 28 to the linear inch, and fitted

with a hood or the tank shall be fitted with an approved relief valve or other approved means for preventing dangerous internal or external pressures being produced.

4. Cast iron valves are not permitted on any tank and all valves in an installation must be permanently marked in a manner clearly indicating the direction of opening and shutting the valve.

5. Pumps shall be placed only in the positions shown on the plan attached hereto and they shall together with all connections and fittings be so constructed and maintained as to prevent leakage of petroleum.

6. Storage or filling sheds shall be constructed of suitable uninflammable material. The building shall rest on foundation walls and shall be surrounded by a wall or embankment of substantial construction or the walls and floor shall be suitably finished to form a sump or enclosure not more than two feet deep. A combination of these methods is permissible. The enclosure or sump thus formed shall be of sufficient capacity to contain the total quantity of petroleum liable at any time to be present in the building and shall be so constructed and maintained as to prevent the escape therefrom of any petroleum in the form of liquid whether under the action of fire or otherwise. In the case of dangerous petroleum or partly dangerous and partly non-dangerous petroleum the enclosure or sump shall be capable of receiving and retaining a volume not less than 5 per cent. in excess of the maximum quantity allowed in the building. The sumps and enclosures must be kept clean and free from any accumulation of inflammable liquids.

7. Every storage or filling shed in which dangerous petroleum is stored or filled shall be adequately ventilated near the ground level immediately above any walls constructed to prevent any leakage of petroleum and also near or in the roof. The ventilators shall be provided with two thicknesses of fine copper or other non-corroding metal wire gauze of mesh not less than 28 to the linear inch.

8. (*a*) A distance of not less than 100 feet shall be kept clear between (*i*) a storage tank and any other storage tank (*ii*) between a storage tank and a storage or filling shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage or filling sheds, as the case may be.

(*b*) A distance of not less than 150 feet shall be kept clear between any storage tank or storage or filling shed and any protected work.

(*c*) Notwithstanding anything contained in clause (*a*) or clause (*b*)—

(*i*) Where the quantity of dangerous petroleum or partly dangerous and partly non-dangerous petroleum not in bulk to be stored in a storage shed does not exceed 50,000 gallons, the following reduced distances may be kept clear between the shed or enclosure wall and (A) any other building forming part of the installation, (B) any protected work or (C) any storage tank containing non-dangerous petroleum having a capacity not exceeding 50,000 gallons:—

	Feet.
Not exceeding 1,000 gallons	20
Exceeding 1,000 gallons but not exceeding 10,000 gallons ...	30
Exceeding 10,000 gallons but not exceeding 20,000 gallons ...	40
Exceeding 20,000 gallons but not exceeding 30,000 gallons ...	50
Exceeding 30,000 gallons but not exceeding 40,000 gallons ...	60
Exceeding 40,000 gallons but not exceeding 50,000 gallons ...	70

(*ii*) When a storage tank containing non-dangerous petroleum has a capacity not exceeding 1,00,000 gallons, a distance of not less than 50 feet may be kept clear between it and (A) another such tank of similar or less capacity or (B) a storage or filling shed containing non-dangerous petroleum.

Such a storage tank and storage or filling shed may, where the total quantity stored does not exceed 2,00,000 gallons, keep a distance of not less than 50 feet clear between the enclosure wall or embankment and any protected works.

(*iii*) When a storage tank containing non-dangerous petroleum has a capacity not exceeding 50,000 gallons, a distance of—

(*a*) for horizontal tanks, not less than one-third

(*b*) for perpendicular tanks, not less than one-half

the height of the tank may be kept clear between it and (A) another such tank or (B) a storage or filling shed wherein non-dangerous petroleum is stored in quantity not exceeding 50,000 gallons.

Such a storage tank and storage or filling shed may, where the total quantity stored does not exceed 1,00,000 gallons, keep a distance of not less than 20 feet clear between the enclosure wall or embankment and any protected works.

(*iv*) In the case of heavy petroleum a distance of not less than 20 feet may be kept clear between a storage tank and (A) another such tank or (B) a storage or filling shed containing such petroleum and a distance of not less than 50 feet shall be kept clear between such storage tank or filling or storage shed and any protected works. When the total quantity stored in such storage tank and storage or filling shed does not exceed 1,00,000 gallons, half the distances given in clause (*iii*) for the like quantity of non-dangerous petroleum other than heavy petroleum may be observed.

9. The distances specified in condition 8 may be reduced by the licensing authority in cases where screen walls are provided or other special precautions taken or where there are special circumstances that, in his opinion, warrant the alteration.

10. Notwithstanding anything herein to the contrary when petroleum is stored in an installation at or near wells, pumping stations or refineries, the concessions in clause (*c*) of condition 8 shall not apply and no storage tank, the capacity of which exceeds 50,000 gallons, or storage or filling shed shall be placed nearer than 300 feet to any still, boiler, furnace or fire. In such an installation all tanks shall be situated in a compact area (*a*) under a single control (*b*) enclosed or capable of being enclosed by one continuous fence (*c*) on which there shall be no protected works.

11. No alterations shall be carried out in the installation without the previous sanction in writing of the licensing authority. Such alterations so sanctioned shall be shown on an amended plan to be attached to this licence.

12. If the licensing authority calls upon the holder of a licence, by a notice in writing, to execute any repairs to the licensed premises, which are, in the opinion of such authority, necessary for the safety of the premises, the holder of the licence shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

13. The responsible agent or supervisor referred to in rule 92 shall not allow any person to enter a tank, which has contained petroleum, unless—

(*a*) such person wears a safety helmet of a description approved by the Chief Inspector, or

(*b*) (*i*) the responsible agent or supervisor has certified in writing, as the result of an examination of the tank by himself or by some other competent person, that the atmosphere in the tank is fit for persons to enter, and

(*ii*) at least one safety helmet of a pattern approved by the Chief Inspector shall have been kept ready for instant use at the manhole of the tank which is being cleaned or repaired.

14. No work, involving the use of fire, welding or hot rivetting, shall be performed in or on any tank until the tank has been certified in the manner laid down in clause (*b*) of condition 13 to be free from petroleum vapour. When any water is pumped into or withdrawn from the tank no further work of the above description shall be done until the tank has been re-tested and a fresh certificate issued. When a tank is open for cleaning or repairs no lamps of any description either ordinary or electric, electric torches, electric cables or fans other than of a flame-proof type satisfying the requirements of the British Standard Specification No. 229 shall be brought near the tank.

15. No person shall repair or cause to be repaired any receptacle or pipe in which, to his knowledge, any petroleum is or has been kept until he has taken all reasonable precautions to ensure that the receptacle or pipe has been rendered free from petroleum and any inflammable vapour:

Provided that this condition shall not be deemed to prohibit the usual soldering operations connected with the filling and despatching of petroleum receptacles.

16. All empty receptacles which have contained dangerous petroleum shall, except when they are opened for the purpose of cleaning them and rendering them free from petroleum vapour, be kept securely closed unless they have been thoroughly cleaned and freed from petroleum and inflammable vapour.

17. Adequate precautions shall be taken at all times for the prevention of accident by fire or explosion.

18. Every care shall be taken to prevent any petroleum escaping into any drain, sewer, harbour, river or water course and enclosures or sumps must not be permanently connected with any drain or sewer.

19. Any accident, fire or explosion occurring within the area specified in the licence, which is attended with loss of human life or serious injury to person or property shall be reported to the nearest Magistrate or to the Officer-in-charge of the nearest Police Station immediately and by telegraph or telephone where such means of communication are available.

20. Free access to the licensed premises shall be given at all reasonable times to any Inspector or Sampling Officer and every facility shall be afforded to such officer for ascertaining that the rules and the conditions of this licence are duly observed.

FORM M.

(Article 6 of Schedule I.)

Licence to import and store dangerous petroleum otherwise than in bulk and to store otherwise than in bulk (a) non-dangerous petroleum in quantity exceeding 5,000 gallons or (b) partly dangerous petroleum and partly non-dangerous petroleum.

No.

Fee Rs.

Licence is hereby granted to valid only for the importation of gallons of dangerous petroleum and for the storage of gallons of dangerous petroleum and gallons of non-dangerous petroleum in the storage shed described below and shown on the plan attached hereto, subject to the provisions of the Petroleum Act, 1934, and the rules made thereunder and to the further conditions on the back of this licence.

This licence shall remain in force till the 31st day of December 19 .

Chief Inspector of Explosives in India.

Plan No. Dated

Description of the storage shed referred to above.

Date of renewal.	Date of expiry.	Signature of licensing authority.

This licence is liable to be cancelled if the licensed premises when inspected are not found conforming to the description and conditions attached hereto and contravention of any of the rules and conditions under which this licence is granted is also punishable with fine which may extend to five hundred rupees for a first offence and which may extend to two thousand rupees for any subsequent offence.

Conditions of licence.

1. The petroleum shall be stored only in the storage shed which shall be constructed of suitable uninflammable material provided that, when only non-dangerous petroleum is stored, the beams, rafters, columns, windows and doors may be of wood. The building shall rest on foundation walls and shall be surrounded by a wall or embankment of substantial construction or the walls and floor shall be suitably finished to form

a sump or enclosure not more than two feet deep. A combination of these methods is permissible. The enclosure or sump thus formed shall be of sufficient capacity to contain the total quantity of petroleum liable at any time to be present in the building and shall be so constructed and maintained as to prevent the escape therefrom of any petroleum in the form of liquid whether under the action of fire or otherwise. In the case of dangerous petroleum or partly dangerous and partly non-dangerous petroleum the enclosure or sump shall be capable of receiving and retaining a volume not less than 5 per cent. in excess of the maximum quantity allowed in the building. The sumps and enclosures must be kept clean and free from any accumulation of inflammable liquids.

2. The storage shed, if it is used for the storage of dangerous petroleum, shall be adequately ventilated near the ground level immediately above any walls constructed to prevent any leakage of petroleum and also near or in the roof. The ventilators shall be provided with two thicknesses of fine copper or other non-corroding metal wire gauze of mesh not less than 28 to the linear inch.

3. If the licensing authority calls upon the holder of a licence, by a notice in writing, to execute any repairs to the licensed premises which may, in the opinion of such authority, be necessary for the safety of the premises, the holder of the licence shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

4. No alteration shall be carried out in the licensed premises without the previous sanction in writing of the licensing authority. All alterations shall be shown on an amended plan to be attached to this licence.

5. The following distances shall be kept clear at all times between protected works and a storage shed or an enclosure wall used for the storage of dangerous petroleum or partly dangerous and partly non-dangerous petroleum:—

Quantity to be stored	*Distances to be kept clear.*
	Feet.
not exceeding 500 gallons	20
exceeding 500 gallons but not exceeding 1,000 gallons ...	25
exceeding 1,000 gallons but not exceeding 5,000 gallons	30
exceeding 5,000 gallons but not exceeding 20,000 gallons	40
exceeding 20,000 gallons but not exceeding 30,000 gallons	50
exceeding 30,000 gallons but not exceeding 40,000 gallons	60
exceeding 40,000 gallons but not exceeding 50,000 gallons	70
exceeding 50,000 gallons	100

6. The following distances shall be kept clear at all times between protected works and a storage shed or an enclosure wall used for the storage of non-dangerous petroleum only:—

Quantity to be stored	*Distances to be kept clear.*
	Feet.
exceeding 5,000 gallons but not exceeding 10,000 gallons	15
exceeding 10,000 gallons but not exceeding 50,000 gallons	20
exceeding 50,000 gallons	30

7. The distances specified in conditions 5 and 6 may be reduced by the licensing authority in cases where screen walls are provided or other special precautions taken or where there are special circumstances that, in his opinion, warrant the reduction.

8. Drums or other receptacles containing petroleum shall only be opened in the licensed premises and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of petroleum or the vapour therefrom.

9. All empty receptacles which have contained dangerous petroleum shall, except when they are opened for the purpose of cleaning them and rendering them free from petroleum vapour, be kept securely closed unless they have been thoroughly cleaned and freed from petroleum and inflammable vapour.

10. No person shall repair or cause to be repaired any receptacle in which, to his knowledge, any petroleum is or has been kept until he has taken all reasonable precautions to ensure that the receptacle has been rendered free from petroleum and any inflammable vapour:

Provided that this condition shall not be deemed to prohibit the usual soldering operations connected with the filling and despatching of petroleum receptacles when such operations are conducted in an approved place outside the storage shed.

11. Adequate precautions shall be taken at all times for the prevention of accident by fire or explosion.

12. Every care shall be taken to prevent any petroleum escaping into any drain, sewer, harbour, river or water course.

13. Adequate precaution shall be taken to prevent unauthorised persons having access to any petroleum kept and to any receptacles which contain or have contained petroleum.

14. Any accident, fire or explosion occurring within the licensed premises, which is attended with loss of human life or serious injury to person or property shall be reported to the nearest Magistrate or to the Officer-in-Charge of the nearest Police Station immediately and by telegraph or telephone where such means of communication are available.

15. Free access to the licensed premises shall be given at all reasonable times to any Inspector or Sampling Officer and every facility shall be afforded to such officer for ascertaining that the rules and the conditions of this licence are duly observed.

SCHEDULE III.

METHODS OF TESTING PETROLEUM.

Determination of Flashing-Point.

[*See Rules 157 and 160.*]

I. APPARATUS TO BE USED.

The flashing-point of petroleum and petroleum mixtures which are fluid at 50°F. and which flash not above 120°F. shall be determined by the Abel apparatus as hereinafter defined.

The flashing-point of petroleum and petroleum mixtures which are solid at 50°F. and which flash not above 120°F. shall be determined by the Abel apparatus, the test being modified as hereinafter described.

The flashing-point of petroleum and petroleum mixtures which flash above 120°F. shall be determined by the Pensky-Martens apparatus as hereinafter defined.

II. PREPARING THE SAMPLES FOR TEST.

About ten fluid ounces of the sample, sufficient for three tests, should be transferred from the bottle into which the sample has been drawn to a pint, flask or bottle, which should be immersed in water artificially cooled until a thermometer, introduced into the sample, indicates a temperature not exceeding 50°F.

III. (1) ABEL APPARATUS.

The apparatus to be employed shall be the Abel petroleum testing apparatus modified by having an oil cup provided with a stirrer. It shall be constructed to the dimensions herein specified within the limits of accuracy prescribed by the tolerances set forth below.

Oil Cup.—The oil cup consists of a cylindrical vessel open at the top and fitted on the outside with a flat circular flange projecting at right angles.

Within the cup, fixed through the wall and silver soldered or brazed in place, there is a gauge consisting of a piece of wire bent upwards and terminating in a point.

Material.—Brass or gun-metal.

Gauge, distance of point from level of upper edge of cup ..	0·7 in.	±0·005

Cover.—The cup is provided with a close-fitting cover with a downward projecting rim barely reaching the flange on the cup. The downward projecting rim is made solid with the top or silver soldered or

moves, and a white bead. The top of the cover is pierced by three rectangular holes symmetrically placed on a diameter, one in the centre and the other two as close as practicable to the inner sides of the cover-rim and opposite each other. These three holes are covered or uncovered by means of a slide moving in suitably disposed guides. The slide has two perforations, one corresponding in all particulars to the centre hole in the cover and the other to one of the holes at the side. The movement of the slide is restricted by suitable stops, and its length and the disposition of the holes are such, that at the outer extremity of the movement of the slide, the holes in the cover are simultaneously just completely opened and at the inner extremity of the movement of the slide they are completely closed.

The trunnions supporting the test lamp are fixed on the top of the guides and the lamp is mounted in the trunnions so that it is free to oscillate. The lamp is provided with a jet to contain a wick and is so arranged that when the slide is moved so as to uncover the holes, the

oscillating lamp is caught by a pin fixed in the slide and tilted over the central hole in such a way that the lower edge of the cover bisects the circle formed by the bore of the jet when in the lowest position. The flame then occupies a central position within the hole in both directions.

A suitably mounted gas-jet may be substituted for the lamp

The thermometer socket is in the form of a split tube, mounted on a diameter at right angles to the diameter through the centre of the holes, and fitted at such an angle as to bring the bulb of the thermometer, when in place, vertically below the centre of the cover and at the correct distance from it

A white bead, the dimensions of which represent the size of test flame to be used, is mounted in a visible position on the cover

Materials.—All parts excepting bead, brass or gun-metal Bead, ivory or other suitable material.

Cover fitted with stirrer.—Provision may be made in the cover for the reception of a stirrer which projects into the oil cup, for use with viscous materials only.

A bush is mounted on the cover in a position diametrically opposite the thermometer mounting, and its length is such and it is set at such an angle that the stirrer rod clears the oil-level gauge and the blades operate below the level of, and without fouling, the thermometer bulb. The bush is placed as near as practicable to the outer edge of the cover.

The stirrer consists of a round stem having four blades or vanes silver soldered in place at one end. A collar is fixed on the stem so that when the stem is inserted into the bush from below, it is arrested at a position such that the correct length protrudes into the oil cup.

The top end of the stem is reduced and screwed.

A long sleeve having an internally screwed, knurled knob soldered to its upper end, is passed over the upper end of the stem and screwed home. The length of the sleeve is such that a flat-faced collar at its lower end just comes into contact with the upper end of the bush, leaving the stirrer free to rotate without appreciable vertical play.

A flat-headed cylindrical plug is provided for insertion in the bush when the stirrer is not in use.

Material.—Brass or gun-metal.

Heating vessel.—The heating vessel or bath consists of two flat-bottomed cylindrical copper vessels placed coaxially one inside the other and soldered at their tops to a flat copper ring, greater in outside diameter than the larger vessel and of smaller inside diameter than the smaller vessel. The space between the two vessels is thus totally enclosed and is used as a water jacket.

An ebonite or fibre ring of right-angle section is fitted into the hole in the centre of the flat ring forming the top of the bath and, when the apparatus is in use, the oil cup fits into, and its flange rests upon, this ebonite or fibre ring so that the oil cup is centrally disposed within the heating vessel. The ebonite or fibre ring is secured in place by means of six small screws having their heads sunk below the surface of the ring, to avoid metallic contact between the bath and the oil cup.

A split socket, similar to that on the cover of the oil cup, but set vertically, allows a thermometer to be inserted into the water-space. A funnel and overflow pipe also communicate with the water-space through the top plate and two loop handles are provided thereon.

The bath rests upon a cast-iron tripod stand, to the ring of which is attached a cylindrical copper jacket not less than 24 I.W.G. flanged inwards at the top, and of such dimensions that the bath, while resting firmly on the iron ring, just touches with its outward projecting flange the inward-turned flange of the jacket. Two handles are provided on the outer jacket.

Diameter of the outer jacket 6·5 inches ± 0·1 inch.

Spirit lamp.—A spirit lamp is provided for raising the temperature of the water bath, but any other suitable means may be employed for this purpose.

Thermometers.—Two thermometers are provided, the one for ascertaining the temperature of the bath, the other for determining the flashing-point.

III. (II) METHOD.

(1) FOR PETROLEUM FLASHING BELOW 90° F.

The test apparatus shall be placed for use in a position where it is not exposed to currents of air or draughts.

The heating vessel or water-bath shall be filled by pouring water into the funnel until it begins to flow out at the spout of the vessel. The temperature of the water at the beginning of the test shall be 130° F., and no heat shall be applied to the water-bath during the test. When a test has been completed and it is desired to make another test the water-bath shall be again raised to 130°F., which may conveniently be done while the petroleum cup is being emptied, cooled and refilled with a fresh sample to be tested. The next test is then proceeded with.

If an oil test-lamp is being used it shall be prepared by fitting it with a piece of flat plaited candle-wick and filling it with colza or rape oil up to the lower edge of the opening of the spout or wick tube. The lamp shall be trimmed so that when lighted it gives a flame of about 0·15 of an inch diameter, and this size of flame, which is represented by the projecting white bead on the cover of the oil-cup is readily maintained by simple manipulation from time to time with a small wire trimmer. A gas test-flame may be employed, and if so, the size of the jet of flame shall be adjusted to the size laid down above.

The bath having been raised to the proper temperature, the cup shall be placed on a level surface in a good light, and the oil to be tested shall be poured into it, until the level of the liquid just reaches the point of the gauge which is fixed in the cup. Before a test is begun the temperature of the oil shall be determined and shall be brought to approximately 60°F. The cover, with the slide closed, shall then be put on to the cup and pressed down so that its edge rests on the rim of the cup, and the cup shall be so placed into the bath or heating vessel, every care being taken to avoid wetting the sides of the cup with the oil. The thermometer in the lid of the cup has been adjusted so as to have the correct immersion when the brass collar of the thermometer is properly seated, and its position shall not in any circumstances be altered. When the cup has been placed in the proper position, the scale of the thermometer faces the operator.

The test-lamp shall then be placed in position upon the lid of the cup. When the temperature has reached 66°F. the operation of testing shall be begun, the test-flame being applied once for every rise of one degree, in the following manner:—

The slide shall be slowly drawn open while a metronome, set at 75 to 80 beats per minute, beats three times and shall be closed during the fourth beat. A pendulum of 24 inches effective length may be used in place of the metronome, counting one beat from one extremity of the swing to the other.

The barometric pressure shall be observed and recorded. No corrections shall be made except in case of dispute, when the flashing-point figure shall be corrected according to the following rule:—

For each inch (25·4 mm.) below 29·92 in. (760 mm.) barometric reading add 1·6°F. to the flashing-point.

For each inch (25·4 mm.) above 29·92 in. (760 mm.) barometric reading subtract 1·6°F. from the flashing-point.

(2) FOR PETROLEUM FLASHING BETWEEN 90° F. AND 120° F.

The air-chamber which surrounds the oil-cup shall be filled with cold water at a depth of 1·5 inch, and the heating vessel or water-bath filled as usual, but also with cold water. The lamp shall then be placed under the apparatus and kept there during the entire operation, and the temperature of the oil raised at the rate of 2°F. to 2·25°F. per minute, the testing being carried out as laid down in the previous section, except that the test flame shall first be applied when the temperature has reached 80°F.

(3) FOR SOLID PETROLEUM MIXTURES.

Solid petroleum mixtures are to be tested in the Abel apparatus in the following manner:—

The solid mixture must be cut into cylinders 1·5 inch long and 0·25 inch in diameter by means of a cork borer or other similar cutter having the correct internal diameter. These cylinders are to be placed in the petroleum cup of the testing apparatus in a vertical position in such number as will completely fill the cup. The cylinders must be in contact with one another, but must not be so tightly packed as to be deformed in shape.

Five or six of the cylinders in the centre of the cup must be shortened to 0·5 inch to allow space for the thermometer bulb.

The air bath of the testing apparatus must be filled to a depth of 1·5 inch with water. The water bath must then be raised to, and maintained at, a temperature of about 80°F.

The cup must then be placed in the air bath, and the temperature of the sample must be allowed to rise until the thermometer in the oil-cup shows 75°F., when the test flame must be applied.

If no flash is obtained, this temperature must be maintained constant in the oil-cup for one hour, at the expiration of which time the test flame must again be applied.

If a flash is obtained, the solid mixture will be subject to the provisions of the Petroleum Act, 1934.

NOTE—It may, in many cases, save time in testing samples of petroleum mixtures to apply the test flame after the sample has been a few minutes in the cup and while still at the temperature of the room in which the test is being carried out, provided that this temperature is below 76°F. If a flash is obtained by this means, it is unnecessary (*for the purpose of Petroleum Act*) to proceed with the test at a higher temperature.

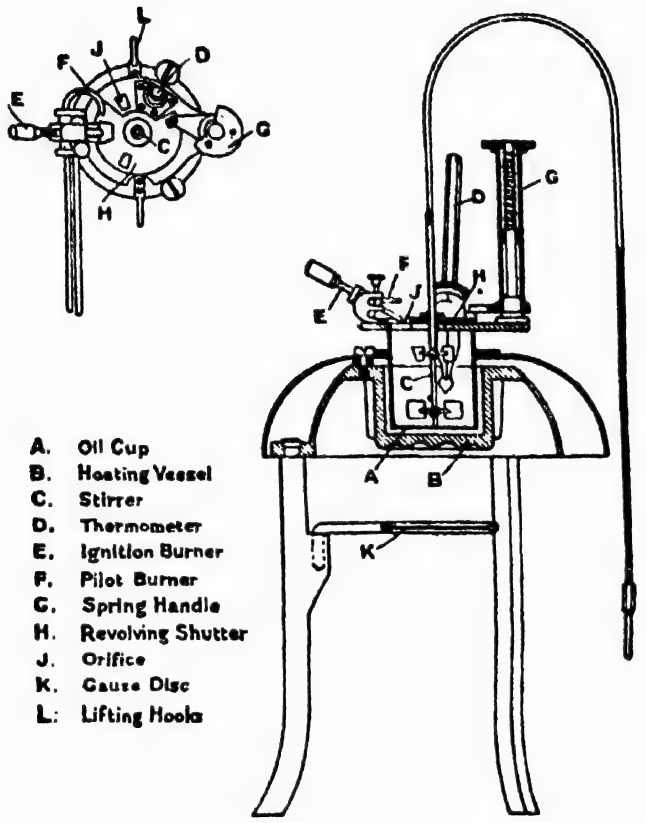
IV. (I) THE PENSKY-MARTENS APPARATUS.

The standard Pensky-Martens Closed Tester shall be used for determining the flashing-point of all petroleum products having a flashing-point above 120°F.

Every instrument shall be marked with the letters I.P.T., an identification number (on the cup, cover and top plate) and the name of the maker or vendor, such stamping implying a guarantee that the instrument complies with the requirements specified below.

The Pensky-Martens Tester shall include the following major parts:—

Cup.—The cup of the standard Pensky-Martens Tester shall be made of brass and shall satisfy the following dimensional specifications:—



THE PENSKY-MARTENS CLOSED TESTER.

Dimensions.	Inches. Normal.	Tolerances.
Inside diameter below filling mark ..	2·000	±0·050
Difference, inside and outside diameters below filling mark	0·125	±0·010
Inside height	2·200	±0·050
Thickness of bottom	0·095	±0·025
Distance from rim to filling mark ..	0·860	±0·015
Distance lower surface flange to bottom of cup	1·795	±0·015

The inside of the cup may be turned to a slightly larger diameter above the filling mark and the ouside may be tapered above the flange but the wall thickness at the upper edge shall be not less than 0·04 in. The flange should be approximately 0·5 in. wide and approximately 0·125 in. thick. It shall be equipped with devices for locating the position of the lid on the cup and the cup centrally in the stove. A handle, attached permanently to the flange of the cup, is a desirable accessory.

NOTE.—If the bottom of the cup is affixed it shall be brazed or hard soldered.

Stirring device.—The lid shall be equipped with a stirring device consisting of a vertical steel shaft, not less than 0·1 in. nor more than 0·125 in. in diameter, mounted in the centre of the cup, carrying two two-bladed brass propellers, and provided with any convenient means for operating. The blades of both propellers shall be approximately 0·3 in. wide and shall be set at an angle of approximately 45°. The smaller (upper) propeller shall have an over-all diameter of approximately 0·75 in. The larger (lower) propeller shall have an over-all diameter between 1·25 and 1·75 in. The thickness of the propeller blades shall be not less than 0·048 in. nor more than 0·08 in., which limits correspond respectively to No. 18 and No. 14 S.W.G. The propeller blades shall be brazed or hard soldered to collars on the vertical shaft and the collars shall have horizontal and vertical dimensions not greater than 0·4 in.

The plane of the centre of the upper propeller shall be 0·4 in. below the level of the rim of the cup. The plane of the centre of the lower propeller shall be 2·0 in. below the level of the rim of the cup. The level of the rim of the cup is in effect the level of the plane part of the portion of the lower surface of the lid inside the rim.

Cover proper.—The cover proper shall be of brass and shall have a rim projecting downward almost to the flange of the cup and fitting the outside of the cup closely. The thickness of the cover, measured just inside the rim, shall be not less than 0·03 in. nor more than 0·08 in. There shall be a proper locating device engaging with a corresponding locating device on the flange of the cup.

There shall be four openings in the cover.

Opening A is an area defined by arcs of two concentric circles and the intersected lengths of two radii. The radius of the outer circle shall be not less than 0·94 in. nor more than 0·97 in. The chord of the arc of the outer circle shall be not less than 0·5 in. nor more than 0·54 in.

Openings B and C are equal areas, each of the same general form as opening A but of approximately half the (angular) width. The radii of the defining inner and outer circles shall be within the limits specified for the radii of the two circles, arcs of which partially define opening A. The chord of the outer arc for opening B or opening C shall be not less than 0·19 in. nor more than 0·22 in. The sum of the areas of openings B and C shall be not less than 75 per cent. nor more than 100 per cent. of the area of opening A.

COVER OF PENSKY-MARTENS TESTER.

Openings B and C shall be equally distant from opening A, and radii drawn through each of their centres shall be at an angle of not less than 135° nor more than 140°.

Openings A, B, and C need not conform exactly to the shape of geometrical figures bounded by arcs of two concentric circles and intersected length of radii. Their boundaries must, however, fall on or between the lines indicated by the limiting values of the dimensional specification of the preceding text.

Opening D is a split tube to grip the thermometer collar. It shall be set at an angle of not less than 10° nor more than 15° from the perpendicular. Its centre is approximately 0·75 in. from the centre

of the lid and on a radius at an angle of not less than 50° nor more than 60° from the radius passing through the opening C. Its height shall be such that, when a standard thermometer is in position, the bottom of the bulb shall be 1·5 in. ± 0·1 in., below the level of the rim of the cup (which corresponds to the lower surface of the portion of the lid inside the rim).

Shutter.—The lid shall be equipped with a brass shutter, approximately 0·1 in. thick, operating on the plane of the upper surface of the lid. The shutter shall be so shaped and mounted that it rotates on the surface of the lid about an axis normal to the lid, and through its centre, between two stops so placed that when in one extreme position the openings A, B, and C of the lid are completely closed and when in the other extreme position these openings are completely opened.

Flame exposure device.—The tip of the flame jet shall have an orifice 0·027 in. to 0·03 in. diameter. The flame-exposure device shall be equipped with an operating mechanism which, when the shutter is in the "open" position, depresses the tip so that the centre of the orifice is between the plane of the under and upper surfaces of the lid proper, at a point on a radius passing through the centre of the larger opening A and approximately 0·1 in. from the outer edge of the opening.

The test flame shall be approximately spherical and shall be regulated to be of the same mean diameter as a bead 0·16 in. in diameter of some suitable material mounted on the lid.

The mechanism operating the shutter should be of the spring type and constructed so that when at rest the shutter shall completely close the three openings. When operated to the other extreme the three openings in the lid shall be fully open and the tip of the exposure tube shall be fully depressed.

NOTE.—A pilot flame for automatic relighting of the test flame should be provided.

Where gas is not available, an oil burner shall be used as the test flame, the position of which shall correspond with that of the gas flame previously specified.

Stove.—Heat shall be supplied to the cup by means of a properly designed stove which is equivalent to an air bath. This stove shall consist of (1) an air bath and (2) a top plate on which the flange of the cup rests.

Air bath.—The air bath shall have a cylindrical interior 1·625 in. to 1·66 in. deep and a diameter not less than 0·125 in. nor more than 0·156 in. greater than the outside diameter of the cup, with the minimum clearance of 0·05 in. The air bath shall be a flame-heated metal casting.

NOTE.—The casting shall be so designed and used that the temperature of bottom and walls is approximately the same. On this account it should be not less than 0·25 in. thick. The apparatus shall be designed so that products of combustion of the flame cannot come into contact with any part of the cup.

Top plate.—The top plate shall be of metal. The total distance from the upper surface of the plate to the bottom of the air bath shall exceed the distance from the under surface of the flange to the bottom of the cup by not less than 0·063 in. nor more than 0·125 in.

The top plate shall be mounted with an air gap between it and the air bath. The top plate may be attached to the air bath by means of three screws and spacing bushings. The spacing bushings should be of

proper thickness to define the air gap which shall be not less than 0·125 in. nor more than 0·187 in. The spacing bushings shall be not more than 0·375 in. in diameter.

Thermometers.—A low range thermometer shall be used with the Standard Pensky-Martens tester for determining the flashing-point above 120°F. The thermometer shall comply with the specification given below.

The thermometers shall conform to the following general specification:—

Type.—Mercury in glass, except where otherwise stated. Engraved stem. Nitrogen filled.

Stem.—The stem shall be made of lead glass or other suitable glass. Enamel back.

Bulb.—The bulb shall be made of a suitable thermometric glass approved by the National Physical Laboratory. At present these glasses are:—

—	Identification mark.	Approved for temperatures up to—
Normal glass made by James Powell and Sons, Ltd.	Single blue stripe ..	350°C.*
Normal glass made by Frank Tomey and Co., Ltd.	Two blue stripes ..	350°C.*
Normal glass, Jena[111] made by Schott and Genossen.	Purple stripe ..	350°C.*
Normal glass, Gege Eff, made by Glaswerk Gustav Fischer.	Blue and a red stripe ..	350°C.
Corning Borosilicate made by Corning Glass Co.	....	450°C.
Jena 59[111] made by Schott and Genossen ..	....	450°C.
Jena 2954[111] made by Schott and Genossen	Single black stripe ..	450°C.

Expansion and contraction chambers.—No contraction chamber shall be above the immersion line and no enlargement of the bore shall be within 10 mm. of the immersion line or of any part of the scale.

Graduation and figuring.—The graduation lines shall be clearly etched, and of uniform thickness not exceeding 0·15 mm. The lines shall all be at right angles to the axis of the thermometer. When the thermometer is viewed from the front and in a vertical position the lines shall all finish on a line parallel to the axis on the left hand side. Certain of the graduation lines shall be extended on the right hand side but the shortest graduations shall not extend across the bore. When the diameter of the tube permits the figures shall be upright when the thermometer is viewed from the front and in a vertical position, and should preferably be placed so that they would be intersected by the line to which they refer if it were extended.

*May be used up to 400°C. if a careful examination of the zero is made periodically.

Marking.—In addition to the special markings given in the table, each thermometer shall be marked with an identification number, and the maker's or vendor's name or trade mark.—

Name and special marking.	"I. P. T. P. M.—Low."
Dimensions— Stem, diameter	6-7 mm.*
Bulb, shape	Round.
Bulb, length	....
Bulb, diameter	8 mm. max.
Overall length, ± 5 mm.	275 mm.
Length of graduated portion	150-180 mm.
Distance, bottom of bulb to 20° mark	70-85 mm.
Range	20°F. to 230°F.
Graduation	1°F.
Longer lines at each	5°F. and 10°F.
Figured at each	10°F.
Expansion chamber	Required.
Immersion	2·2 in.
Top finish	Glass ring.

Each thermometer shall be mounted securely in a thermometer collar so that from the under-side of this collar to the bottom of the bulb the distance is 2·1 in. (± 0·05 in.). The thermometer collar shall have an outside diameter of 0·5 in., ± 0·002 in., and a flange 0·1 in., ± 0·01 in., in thickness. The cement used to fasten the thermometer into the collar shall be of such a nature that it will withstand the action of oil up to the highest temperature at which the thermometer is used.

Drying of the sample.

If gas oil or fuel oil is being tested, the sample shall be dried by the following method:—

One hundred grams of well-dried granular calcium chloride is placed in a dry wide-mouth stoppered glass bottle.

Two hundred and fifty millilitres† of the oil is then poured upon the calcium chloride. The stopper is secured in position by tying. The bottle is then well-shaken and is stood in a vessel of water, the level of the water being up to about one-third of the height of the oil

*A swelling to be provided to ensure the location of the thermometer collar at the correct point.

† If a smaller quantity of oil is to be dried the amount of calcium chloride must be adjusted in proportion.

in the bottle. The water is next raised to a temperature of 50°C. (120°F.), and is maintained at this temperature for a period of seven hours, the bottle and its contents being well-shaken up at intervals of about an hour. At the end of this treatment the bottle and its contents are allowed to cool to atmospheric temperature; the bottle is then opened and sufficient of the oil for test filtered through paper on a Buchner funnel.

IV. (II) METHOD.

All parts of the cup and its accessories shall be thoroughly clean and dry before starting the test. Particular care should be taken to avoid the presence of any gasoline or naptha used to clean the apparatus after a previous test.

The cup shall be filled with the oil to be tested up to the level indicated by the filling mark.

The lid shall be placed on the cup and the latter set in the stove. Care should be taken to have the locating devices properly engaged. The thermometer shall be inserted.

The test flame shall be lighted and adjusted so that it is of the size of a bead 0·16 in. in diameter.

Heat shall be supplied at such a rate that the temperature read on the thermometer increases not less than 9 or more than 11 degrees per minute. The stirrer shall be turned at a rate of approximately 60 revolutions per minute.

Application of the test flame shall be made at each temperature reading which is a multiple of 2°F. up to 220°F. For the temperature range above 220°F., application shall be made at each temperature reading which is a multiple of 5°F. The first application of the test flame shall be made at a temperature at least 50°F. below the actual flashing-point. Application of the test-flame shall be made by operating the device controlling the shutter and test-flame burner so that the flame is lowered in one-half second, left in its lowered position for one second, and quickly raised to its high position. Stirring shall be discontinued during the application of the test-flame.

The flashing-point is taken as the temperature read on the thermometer at the time of the flame application that causes a distinct flash in the interior of the cup. The true flash must not be confused with the bluish halo that sometimes surrounds the test flame for the applications preceding the one that causes the actual flash.

The barometric pressure shall be observed and recorded. No corrections shall be made except in case of dispute, when the flashing-point figure shall be corrected according to the following rule:—

For each inch (25·4 mm.) below 29·22 in. (760 mm.) barometric reading add 1·6°F. to the flashing-point.

For each inch (25·4 mm.) below 29·22 in. (760 mm.) barometric reading subtract 1·6°F. from the flashing-point.

V. THE FLASHING-POINT.

If a flash takes place at any temperature below 76°F. the temperature at which it occurs is noted. Two fresh portions of the sample are then to be successively tested in a similar manner and the results recorded. If no greater difference than two degrees Fahrenheit exists

between any two of the three recorded results and if in no instance the flash has taken place within eight degrees Fahrenheit of the temperature at which the testing was commenced, the average of the three readings gives the flashing-point recorded by that particular instrument, but without either apparatus correction or thermometer correction. In the event of there being a greater difference than two degrees Fahrenheit between any two of the readings, or if the flash has occurred within eight degrees of the temperature at which the testing was commenced, the series of tests is to be rejected and a fresh series of three similarly obtained.

If, however, a flash has occurred at or below 64°F. when the test was applied in the manner above described, the next test shall be commenced 10°F. lower than the temperature at which the flash had been previously obtained, and this procedure shall be continued until the results of three consecutive tests do not show a greater difference than two degrees Fahrenheit and until a flash has not occurred in any of the three tests within eight degrees Fahrenheit of the temperature at which the test was commenced. Provided always that if at the commencement of the series of tests a flash has occurred on the first application of the test-flame at 66°F. and if a flash has also occurred on the first application of the flame in each of the three successive tests in which the test-flame is first applied at 66°F. as above directed, the testing officer shall certify that the petroleum has a flashing-point below 67°F. and the sample shall be reported as "dangerous petroleum".

If a temperature of 76°F. has been reached without a flash occurring, the application of the test-flame is to be continued at every degree rise of temperature until a temperature of 89°F. has been reached. If no flash occurs up to this point, the test shall be continued on a fresh sample as in Section III (II) (2) above.

If no flash occurs up to 120°F., the flashing-point shall be determined by the Pensky-Martens apparatus and method, as described above.

SCHEDULE IV.

[SEE RULE 1 (2).]

Modifications of the rules in their application to Burma.

1. In rule 3—

(*a*) in clause (*b*) for the words "in India" the words "appointed by the Government of Burma" shall be substituted.

(*b*) for clause (*d*) the following shall be substituted, namely:—

"(*d*) 'District Authority' means—

(*i*) in Rangoon, the Commissioner of Police;

(*ii*) in the Yenangyaung and Chauk Notified Oilfields, the Warden, Yenangyaung; and

(*iii*) elsewhere, the District Magistrate."

2. The heading "Part I—General" preceding rule 5 and the heading "Part II—Importation by sea" preceding rule 7 shall be omitted.

3. For rule 7, the following shall be substituted, namely:—

"7. *Importation by sea.*—Petroleum shall not be imported by sea except into the ports of Akyab, Bassein, Moulmein and Rangoon".

4. In rule 8 the words, figure and brackets "sub-rule (1) of " shall be omitted.

5. In rule 9 for the words "British India" the word "Burma" shall be substituted.

6. For clause (*a*) of sub-rule (2) of rule 14, the following clause shall be substituted, namely:—

"(*a*) the testing officer's report on any petroleum;"

7. In rule 18 for the words "British India" the word "Burma" shall be substituted.

8. The heading "Part III—Importation by Land" and rules 20 to 23 shall be omitted.

9. In rule 30 for the words "Governor General in Council" the words "Government of Burma" shall be substituted.

10. To rule 31 the following proviso shall be added, namely:—

"Provided that this rule shall not apply to open country craft carrying such class of crude petroleum in bulk as the Warden of the Oilfields, Yenangyaung, may specify in writing and subject to such conditions as he may impose".

11. In clause (*c*) of rule 38 for the words "Governor General in Council" the words "Government of Burma" shall be substituted.

12. In rule 48—

(*a*) in sub-rule (1) the words, figure and brackets "sub-rule (1) of" wherever they occur shall be omitted;

(*b*) sub-rule (2) shall be omitted and sub-rule (1) shall be renumbered as rule 48.

13. For rule 49, the following rule shall be substituted, namely:—

"49. *Transport by sea of petroleum which has been tested.*—Petroleum which has been tested at one of the ports specified in rule 7 may be transported to any other port and the provisions of rules 8 to 14, 16 and 17 shall apply to such petroleum when it arrives at such other port."

14. Rule 50 shall be omitted.

15. In sub-rule (1) of rule 81 after the figures "68" the figures "70" shall be inserted.

16. In sub-rule (5) of rule 115 for the words "Governor General in Council" the words "Government of Burma" shall be substituted.

17. In sub-rule (1) of rule 122 and in rule 129 for the words "Governor General in Council" the words "Government of Burma" shall be substituted.

18. In rule 132—

(*a*) in sub-rule (1) for the words "the Chief Inspector" the words "an officer appointed by the Government of Burma in this behalf" shall be substituted;

(*b*) in sub-rule (2) for the words "The Chief Inspector" the words "Such officer" shall be substituted.

19. In rules 135, 138, 140(2), 141(2), 143 and 145 for the words "Chief Inspector" the words "officer appointed under rule 132" shall be substituted.

20. In sub-rule (1) of rule 155—

(*a*) for the words "British India" the word "Burma" shall be substituted; and

(*b*) for the proviso the following proviso shall be substituted, namely:—

"Provided that no sample need be taken of petroleum which is declared to be dangerous".

21. In Schedule II—

(*a*) in column 3 of Form A, for the words "British India" the word "Burma" shall be substituted;

(*b*) in column 1 of Form D, in entry 2 the word "Province" shall be omitted; and

(*c*) in Forms K, L and M for the words "*Chief Inspector of Explosives in India*" the words "*Chief Inspector of Explosives*" shall be substituted.

SCHEDULE V.

[SEE RULE 1 (3).]

Modifications of the rules in their application to Aden.

1. In rule 3—

(*a*) for clause (*b*) the following clauses shall be substituted, namely:—

"(*b*) 'Chief Commissioner' means the Chief Commissioner of Aden;

(*bb*) 'Chief Inspector' means any officer appointed by the Chief Commissioner in this behalf";

(*b*) for clause (*d*) the following clause shall be substituted, namely:—

"(*d*) 'District Authority' means the District Magistrate";

(*c*) in clause (*h*) the words "but does not include a well-head tank" shall be omitted; and

(*d*) clause (*n*) shall be omitted.

2. The heading "Part I—General" preceding rule 5 and the heading "Part II—Importation by sea" preceding rule 7 shall be omitted.

3. Rule 7 shall be omitted.

4. In rule 8 for the words "any of the ports mentioned in sub-rule (1) of rule 7" the words "the port of Aden" shall be substituted.

5. In rule 9 the words "at that port or at any other port in British India" shall be omitted.

6. In rule 18 for the words "whether within or beyond the limits of British India" the words "beyond Aden" shall be substituted.

7. The heading "Part III—Importation by land" and rules 20 to 23 shall be omitted.

8. Rules 30 to 38 shall be omitted.

9. In sub-rule (4) of rule 39 the words "by vessels certified under rule 30" shall be omitted.

10. For rule 42, the following rule shall be substituted, namely:—

"42. *Naked lights, fire and smoking prohibited during transhipment.*—No fire, naked light, fuses, matches or other appliance for producing ignition or explosion and no smoking shall be allowed on board any barge, flat or lighter used for the transhipment of petroleum to or from any vessel within the limits of the port:

Provided that nothing in this rule shall prevent the use on a self-propelled barge of the machinery of propulsion".

11. Rules 48 to 50, the heading "Part III—Coastwise transport of dangerous petroleum otherwise than in bulk" and rules 51 to 62 shall be omitted.

12. In rule 83 the words "in any area in which operations for the winning of natural petroleum or natural gas or both are carried on or" and the words "refineries and" shall be omitted.

13. In rule 90 the proviso shall be omitted.

14. In sub-rule (1) of rule 100 the words "other than a well-head tank" shall be omitted.

15. In sub-rule (1) of rule 101 the words "other than well-head tanks" shall be omitted.

16. In rule 102 the words "well-head tanks or" shall be omitted.

17. In rule 115, sub-rules (3), (4) and (5) shall be omitted.

18. In rule 117, sub-rule (2) shall be omitted and sub-rule (1) shall be renumbered as rule 117.

19. For rule 122, the following rule shall be substituted, namely:—

"122. *Appeals.*—(1) Any person may appeal to the Chief Commissioner from an order of the District Authority refusing to grant, amend or renew a licence or cancelling a licence.

(2) Every appeal shall be in writing and shall be accompanied by a copy of the order against which the appeal is made.

(3) The appeal shall be presented within 30 days."

20. In rule 128, for sub-rules (2) and (3) the following sub-rule shall be substituted, namely:—

"(2) All fees chargeable under these rules shall be paid by means of impressed stamps or in cash or by cheque".

21. In rule 129 for the words "Governor General in Council" the words "Chief Commissioner" shall be substituted.

22. Rule 131 shall be omitted.

23. Chapter VII shall be omitted.

24. In sub-rule (1) of rule 155 the words "If the importer so desires the sampling officer shall also take samples of all the petroleum on board which it is intended to land at any other port in British India" shall be omitted.

25. Rules 157, 158 and 159 shall be omitted.

26. For rule 160, the following rule shall be substituted, namely:—

"160. *Methods of test.*—Petroleum shall be tested in such manner as the Chief Commissioner may from time to time direct"

27. Rule 163 shall be omitted.

28. In column 4 of Schedule I against Articles 4, 5, 6 and 7, for the words "Chief Inspector" the words "Chief Commissioner" shall be substituted.

29. In Schedule II—

(*a*) in column 3 of Form A the words "in British India at...Name of port" shall be omitted;

(*b*) in column 1 of Form D. for entry 2, the following entry shall be substituted, namely:—

"Situation of the premises where petroleum is to be stored...";

(*c*) Forms E and F shall be omitted;

(*d*) in condition 14 of Form I, condition 12 of Form J, condition 21 of Form K, condition 19 of Form L and condition 14 of Form M, the words "to the nearest Magistrate or" shall be omitted;

(*e*) in Forms K, L and M, for the words "*Chief Inspector of Explosives in India*" the words "*Chief Commissioner*" shall be substituted; and

(*f*) condition 10 of Form L shall be omitted.

30. Schedule III shall be omitted.

NOTIFICATION.

New Delhi, the 22nd March 1937.

No. F.5/1X/37-G (A).—The following Orders of the King's Most Excellent Majesty in Council are published for general information:—

THE GOVERNMENT OF INDIA (FAMILY PENSION FUNDS) ORDER, 1936.

AT THE COURT AT BUCKINGHAM PALACE.

The 18th day of December, 1936.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by section two hundred and seventy-three of the Government of India Act 1935, (in this Order referred to as "the Act") His Majesty in Council is empowered to provide for the vesting of certain family pension funds in Commissioners and for other matters in connection with those funds:

AND WHEREAS certain other provisions are made by the said section in connection with those funds:

AND WHEREAS by section three hundred and ten of the Act His Majesty in Council is empowered, for the purpose of facilitating the transition from the provisions of the Government of India Act to the provisions of the Act, to direct that the Act shall, during a specified period, have effect subject to adaptations and modifications:

AND WHEREAS difficulties will arise unless certain adaptations and modifications are made in the said section two hundred and seventy-three in relation to the period before the commencement of Part III of the Act:

AND WHEREAS the public Trustee has consented to accept the trusts created by this Order and to become a Commissioner thereunder accordingly:

AND WHEREAS a draft of this Order has been laid before Parliament in accordance with the provisions of subsection (1) of section three hundred and nine of the Act and an Address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order:

NOW, THEREFORE, His Majesty, in the exercise of the said powers and of all other powers enabling him in that behalf, is pleased, by and with the advice of His Privy Council, to order and it is hereby ordered as follows:—

Short Title.

1. This Order may be cited as "The Government of India (Family Pension Funds) Order, 1936"

The Funds.

2. Not later than the first day of April, nineteen hundred and thirty-seven, two funds shall be formed, the first out of the moneys contributed and to be contributed under the Indian Military Service Family Pension Regulations for the purpose of paying pensions payable under those regulations, and the second out of the moneys contributed and to be contributed under the Indian Civil Service Family Pension Rules for the purpose of paying pensions payable under those rules.

3. In this Order the expression "the funds" means the Indian Military Widows' and Orphans' Fund, the Superior Services (India) Family Pension Fund, and the two funds directed to be formed by the provisions of the last preceding paragraph

The Commissioners.

4. There shall be a body of Commissioners for each of the funds.

5. (1) Each of the said bodies shall consist of five Commissioners, of whom one shall be the Public Trustee and four shall be appointed by the Secretary of State.

The Secretary of State shall so exercise his powers under this subparagraph as to secure that two of the Commissioners for each fund are persons who are, or have been, subscribers to that fund

(2) Each of the Commissioners appointed by the Secretary of State shall be appointed for a period of four years, and shall be eligible for reappointment:

Provided that—

(*a*) in the case of each fund, two of the first four Commissioners appointed by the Secretary of State, to be selected by lot, shall retire after two years, but shall be eligible for reappointment;

(*b*) any Commissioner appointed by the Secretary of State may at any time, by notice in writing to the Secretary of State, resign his office, and the Secretary of State may terminate the appointment of any such Commissioner if satisfied that that Commissioner is for any reason unfit to perform, or unable properly to perform, the duties of his office.

6. (1) Each body of Commissioners may act notwithstanding any vacancy in their number.

(2) At any meeting of the Commissioners, three shall be a quorum, and, in the event of a difference of opinion, the decision of the majority of the Commissioners present shall be the decision of the Commissioners.

(3) Notwithstanding anything in the last preceding sub-paragraph the Commissioners may by rules of business provide that a meeting need not be held for the discussion and determination of any matter if, after consultation in writing the Commissioners are all agreed as to the decision to be taken.

(4) Any instrument shall be deemed to be validly executed by any of the said bodies of Commissioners if it is signed or sealed, as the case may be, by three or more of the Commissioners, of whom the Public Trustee shall be one; and any instrument signed or sealed on behalf of the Public Trustee in any manner authorised by the Public Trustee Act, 1906, and the rules made thereunder shall be deemed for the purposes of this sub-paragraph to be signed or sealed, as the case may be, by the Public Trustee.

7. (1) The said bodies of Commissioners shall be known respectively as the Commissioners for the Indian Military Widows' and Orphans' Fund, the Commissioners for the Superior Services (India) Family Pension Fund, the Commissioners for the Indian Military Service Family Pension Fund, and the Commissioners for the Indian Civil Service Family Pension Fund; and investments may be made and moneys held by them in the names respectively assigned to them by this sub-paragraph.

(2) Investments so made and moneys so held shall, on any change in the membership of the Commissioners, devolve to the Commissioners for the time being without transfer or assignment, and any authority or direction given by the Commissioners with respect to dividends, interest or other moneys accruing to the Commissioners shall remain valid notwithstanding any change in their membership.

(3) The production of a notification in the London Gazette of the appointment of the Commissioners or of any change in the membership of the Commissioners shall be sufficient evidence thereof.

8. (1) There shall be paid to a Commissioner appointed by the Secretary of State out of the fund for which that Commissioner acts such remuneration, if any, as may be specified by the Secretary of State at the time of his appointment.

(2) The fees payable to the Public Trustee in respect of any fund shall be paid out of that fund.

9. Any administrative expenses incurred by any of the said bodies of Commissioners shall be paid out of the fund in their hands.

Vesting of the Funds in the Commissioners.

10. The balances existing at the end of March, nineteen hundred and thirty-six, in respect of the Indian Military Widows' and Orphans' Fund and the Superior Services (India) Family Pension Fund, and in respect of the moneys theretofore contributed under the Indian Military Service Family Pension Regulations and the Indian Civil Service Family Pension Rules shall, subject to the provisions of subsection (3) of section two hundred and seventy-three of the Act, be transferred to the appropriate Commissioners before the end of March, nineteen

hundred and thirty-nine by such instalments, and with such interest, as the Secretary of State may determine. Any question as to the amount to be transferred under this paragraph to any body of Commissioners shall be decided by the Secretary of State.

11. Any sums paid under the last preceding paragraph before the commencement of Part III of the Act shall be paid out of the revenues of India, any sums paid thereunder after the commencement of Part III of the Act but before the establishment of the Federation shall be paid out of the revenues of the Governor-General in Council, and any sums paid thereunder after the establishment of the Federation shall be paid out of the revenues of the Federation.

12. The Commissioners shall invest so much of the funds respectively in their hands as is available for investment in such securities as they think fit, being either—

(*a*) securities in which a trustee may invest trust moneys under the powers of section one of the Trustee Act, 1925, as extended by any subsequent enactment; or

(*b*) the stocks, funds, bonds, mortgages, debentures or securities of any public body incorporated in the United Kingdom by or under any Act of Parliament or of the Parliament of Northern Ireland; or

(*c*) the bonds, mortgages, debentures, debenture or rentcharge stock of any railway, gas, electric light or power company in the United Kingdom; or

(*d*) the preference stock or shares of any such gas, electric light or power company which has paid a dividend on its ordinary stock or shares at a rate of not less than three per cent. during each of the five years immediately preceding the date of the investment,

and may, as and when they think fit, realise, convert or otherwise deal with any such securities:

Provided that—

(i) the proviso to sub-section (1) of section two of the Trustee Act, 1925 (which restricts the purchase by trustees of securities standing at a premium), shall not apply to the Commissioners;

(ii) the Commissioners shall not invest in real securities in the Irish Free State, or in the stock of the Bank of Ireland.

13. Any interest, dividends or other sums received by the Commissioners of any of the funds in respect of any such securities shall form part of that fund.

Functions of Secretary of State.

14. (1) The funds shall in all other respects be administered by the Secretary of State, and all pensions payable out of any of the funds shall be paid by, or by authority of, the Secretary of State, and all contributions to any of the funds received by any person shall be accounted for to the Secretary of State.

(2) For the avoidance of doubt, it is hereby declared that the requirement of this paragraph that the funds shall be administered by the Secretary of State does not exempt the proper officers in India, Burma, Aden or elsewhere from the duty of collecting and accounting

for the contributions, and paying the pensions, in the cases and classes of case in which contributions and pensions have heretofore been so collected and paid.

15. The Commissioners shall, as and when requested by the Secretary of State, pay to him out of the funds for which they are respectively responsible such sums as he may certify to be required by him for the purposes of the fund in question.

16. The Secretary of State shall pay over to the appropriate Commissioners all contributions to any of the funds made after the end of March, nineteen hundred and thirty-six:

Provided that nothing in this paragraph shall be construed as preventing the application by, or by authority of, the Secretary of State, and with the consent of the Commissioners, of a part of any such contributions for the purpose of meeting obligations falling to be met out of the fund.

17. Notwithstanding anything in Part X of the Act or in the regulations or rules relating to any of the funds, the Secretary of State may, having obtained from an actuary a report on any of the funds, make such alterations in any pensions payable out of that fund as may appear to him after consideration of the report to be reasonably necessary in consequence of the transfer of that fund effected under this Order, including alterations in pensions granted (whether temporarily or not) before the making of the alteration.

The powers conferred on the Secretary of State by this paragraph shall be in addition to and not in derogation of, any powers otherwise conferred on him by the said regulations and rules.

18. The fees of an actuary appointed at any time with the approval of the Secretary of State to make a report to the subscribers to, or beneficiaries under, any fund with respect to the position of that fund may to such extent as the Secretary of State deems proper be paid out of that fund.

Objection to Transfer.

19. At any time before the end of March 1937, or before the expiration of such longer period as may in special circumstances be allowed by the Secretary of State in any particular case or class of cases, any of the existing subscribers or beneficiaries may make a written objection to the Secretary of State to the vesting of the fund in which he is interested in the Commissioners.

20. In the case of any existing beneficiary who has not attained the age of twenty-one years or is of unsound mind, objection may be made as aforesaid on his behalf by his parent or guardian, or, as the case may be, by any person who satisfies the Secretary of State that he has by law authority to receive on behalf of the beneficiary any pension payable to him out of the fund:

Provided that where under section three hundred and thirty-five of the Lunacy Act, 1890, or any corresponding enactment in force outside England payments from the Fund are being made to an institution or person having the care of the beneficiary, then, if the Secretary of State is satisfied that there is no person who would apart from this proviso be entitled to make objection on behalf of the beneficiary, objection may be made as aforesaid on behalf of the beneficiary by

any person who satisfies the Secretary of State that he contributes towards the expense of maintaining the beneficiary.

21. In the case of any existing subscriber who is of unsound mind, objection may be made as aforesaid on his behalf by any person who satisfies the Secretary of State that he has by law authority to make such an objection on behalf of that subscriber or that he has by law authority to receive on behalf of the subscriber any pension payable to him out of the revenues of India:

Provided that where under section three hundred and thirty-five of the Lunacy Act, 1890, or any corresponding enactment in force outside England payments are being made from the revenues of India to an institution or person having the care of the subscriber, then, if the Secretary of State is satisfied that there is no person who would apart from this proviso be entitled to make objection on behalf of the subscriber objection may be made as aforesaid on behalf of the subscriber by his wife, or, if he has no wife, by, or as the case may be, by the guardian of any child of the subscriber who may become entitled to a pension from the Fund, (so, however, that no objection shall be made by, or by the guardian of any such child without the consent of, or, as the case may be, of the guardians of, the other children who may become entitled to pensions from the Fund).

22. Where any objection is duly made as aforesaid, subsection (3) of section two hundred and seventy-three of the Act shall have effect as from the first day of April, nineteen hundred and thirty-six, in relation to the interest of the person by whom or on whose behalf the objection is made, and any necessary adjustments shall be made as respects payments made by, to or in connection with that person on or after that date.

Temporary Adaptations and Modifications of section 273.

23. As respects the period preceding the commencement of Part III of the Act, section two hundred and seventy-three of the Act shall have effect subject to the following adaptations and modifications:—

(*a*) for the words "the Secretary of State", where they first occur in subsection (1), there shall be substituted the words "the Secretary of State in Council";

(*b*) any refenence in subsection (2) or subsection (3) to the Governor-General shall be construed as a reference to the Secretary of State in Council;

(*c*) the reference in paragraph (*a*) of subsection (3) to the revenues of the Federation shall be construed as a reference to the revenues of India;

(*d*) the reference in paragraph (*b*) of subsection (3) to the Secretary of State shall be construed as a reference to the Secretary of State in Council.

Miscellaneous.

24. This Order shall come into force on the date of the making thereof.

25. The date as from which, under subsection (1) of section two hundred and seventy-three of the Act, pensions payable under the Indian Military Service Family Pension Regulations and the Indian

Civil Service Family Pension Rules (being the pensions not heretofore payable out of any specific fund) are, subject to the provisions of subsection (3) of that section, to be payable out of the appropriate fund to be formed for the purposes of this Order and vested in Commissioners, shall be the date of the payment of the last instalment payable under paragraph ten of this Order; but the appropriate fund shall be debited with any payments of any such pension made before that date and after the end of March, nineteen hundred and thirty-six.

26. Anything to be done by or to the Secretary of State under this Order shall, until the commencement of Part III of the Act, be done by or to the Secretary of State in Council.

Interpretation.

27. The Interpretation Act, 1889, shall apply for the interpretation of this Order as it applies for the interpretation of an Act of Parliament, and subsection (6) of section two hundred and seventy-three of the Act shall apply with respect to this Order as it applies with respect to that section.

28. In this Order, except so far as the context otherwise requires, the expression "contributions" in relation to any of the funds includes references to any donation or fine payable under the rules or regulations relating to that fund, and references to subscribers or contributions to the funds include, in relation to the two funds directed to be formed by this Order, subscribers and contributions under the Indian Military Service Family Pension Regulations or, as the case may be, the Indian Civil Service Family Pension Rules.

29. References in this Order to the Secretary of State shall, as respects the period subsequent to the commencement of Part III of the Act, be construed as references to the Secretary of State acting with the concurrence of his advisers in accordance with the provisions of section two hundred and sixty-one of the Act.

NOTIFICATION.

INCOME-TAX.

New Delhi, the 27th March 1937.

No. 8.—In pursuance of sub-section (3) of section 5 of the Indian Income-tax Act, 1922 (XI of 1922), the Governor-General in Council is pleased to appoint Mr. K. C. Basak, I.C.S., to officiate as Commissioner of Income-tax, Punjab, North-West Frontier and Delhi Provinces, with effect from the afternoon of the 15th March 1937.

A. H. LLOYD,
Joint Secy. to the Govt. of India.

DEPARTMENT OF INDUSTRIES AND LABOUR.

NOTIFICATION.

New Delhi, the 23rd March 1937.

No. V-26.—In exercise of the powers conferred by sections 5 and 7 and sub-section (2) of section 8 of the Indian Aircraft Act, 1934 (XXII of 1934), and section 4 of the Indian Telegraph Act, 1885 (XIII of 1885)', and in supersession of the Indian Aircraft Rules, 1920, with the exception of Part IX thereof, the Governor General in Council is pleased to make the following rules, the same having been previously published, as required by section 14 of the former Act, namely:—

RULES.

PART I.—PRELIMINARY.

1. *Short title and extent.*—(1) These rules may be called the Indian Aircraft Rules, 1937.

(2) They apply (unless the contrary intention appears) to all aircraft for the time being in or over British India, provided that in the case of aircraft registered elsewhere than in British India, for the provisions of Parts IV, V, VI and IX of these rules relating to registration, licensing of personnel, airworthiness and log books there shall be substituted the regulations of the State in which the aircraft is registered.

2. *Nationality of aircraft.*—An aircraft shall be deemed to possess the nationality of the State on the register of which it is entered.

3. *Definitions and Interpretation.*—(1) In these rules, unless there is anything repugnant in the subject or context—

"Acrobatics" means any aerial manœuvres voluntarily accomplished other than those which are carried out in the course of normal flight;

"Aerial work aircraft" means aircraft used for an industrial or commercial purpose or any lucrative purpose other than public transport;

"Aerodrome" means any definite or limited ground or water area intended to be used, either wholly or in part, for the landing or departure of aircraft, and includes all buildings, sheds, vessels, piers and other structures thereon or appertaining thereto;

"Aerodrome light" means any light exhibited at an aerodrome for the purpose of assisting the navigation or manœuvres of an aircraft or of signalling to or from an aircraft;

"Aerodyne" means an aircraft, whose support in flight is derived dynamically from the reaction on surfaces in motion relative to the air, and includes all aeroplanes, helicopters, gyroplanes, gliders and kites;

"Aeroplane" means a mechanically driven aerodyne supported by aerodynamic reactions on surfaces remaining fixed under the same conditions of flight;

"Aerostat" means an aircraft supported in the air statically and includes all airships and balloons;

"Aircraft" means any machine which can derive support in the atmosphere from reactions of the air, and includes balloons whether fixed or free, airships, kites, gliders and flying machines;

"Airship" means a mechanically driven aerostat, having means of directional control;

"Balloon" means an aerostat, not provided with mechanical means of propulsion;

"Contracting State" means any state which is for the time being a party to the Convention relating to the Regulation of Aerial Navigation signed at Paris, October 13, 1919, with the additional Protocol, signed at Paris, May 1, 1920, and any amendment which may be made thereto under the provisions of Article 34 thereof;

"Course" means the forward direction of the intersection of the plane of symmetry (supposed vertical) of an aircraft with a horizontal plane. It is defined by the angle which it makes with a meridian of origin. By extension the angle itself;

"Export" means taking out of British India;

"Flying machine" means a mechanically driven aerodyne, and includes all aeroplanes, helicopters and gyroplanes;

"Glider" means an aerodyne supported in flight by aerodynamic reactions on surfaces remaining fixed under the same conditions of flight and not provided with mechanical means of propulsion;

"Government aerodrome" means an aerodrome which is maintained by or on behalf of Government;

"Import" means bringing into British India;

"Landing area" means that part of an aerodrome reserved for the departure or landing of aircraft;

"Making way": An aircraft is said to be "making way" when under way in the air or on the surface of the water, it has a velocity relative to the air or water respectively;

"Military aircraft" includes naval, military and airforce aircraft; and every aircraft commanded by a person in naval, military or airforce service detailed for the purpose shall be deemed to be a military aircraft;

"Normal flight" means flight comprising climbing, horizontal flight, turning and descending; provided, however, that it does not entail abrupt variations in height or in the attitude of the aircraft;

"On the surface of the water": An aircraft is deemed to be "on the surface of the water" so long as any portion of it is in contact with the water;

"Passenger aircraft", "mail aircraft" and "goods aircraft" means aircraft which effect public transport of passengers, mails or goods respectively;

"Personnel" in relation to any aircraft means the person in charge, pilot, navigator, engineer, and all other members of the crew;

"Private aircraft" means all aircraft other than aerial work aircraft or public transport aircraft;

"Prohibited area" means an area over which the navigation of aircraft is prohibited under rule 12.

"Public transport" means all carriage of persons or things effected by aircraft for a remuneration of any nature whatsoever, and all carriage of persons or things effected by aircraft without such remuneration if the carriage is effected by an air transport undertaking;

"Public transport aircraft" means an aircraft which effects public transport;

"State aircraft" includes military aircraft and aircraft exclusively employed in State service, such as posts, customs, police;

"Subsequent aircraft" means an aircraft which is constructed in accordance with the design and specification of a type of aircraft, which has been approved or accepted by the Governor General in Council for the issue of a certificate of airworthiness;

"Take off" includes all the successive positions of an aerodyne from the moment it moves from rest until the moment of starting normal flight;

"To land" is the action under normal conditions of making contact with the ground or a solid platform or water by an aircraft equipped for this purpose;

"Under way": An aircraft is said to be "under way" when, being in the air or on the surface of the water, it is not moored to the ground or to any fixed object on land or in the water;

"Under control": An aircraft is said to be "under control" when it is able to manœuvre as required by these Rules;

"Visible" as applied to lights means visible on a dark night with a clear atmosphere;

(2) Any power or duty conferred or imposed by these rules on the Governor General in Council may be exercised or discharged by the Governor General in Council or by any person authorised by him in that behalf.

PART II.—GENERAL CONDITIONS OF FLYING.

4. *Use and operation of aircraft.*—No person shall use or operate or assist in using or operating an aircraft save in accordance with these rules.

5. *Registration and nationality and registration marks.*—No person shall fly, or assist in flying any aircraft unless—

(*a*) it has been registered, and

(*b*) it bears its nationality and registration marks and the name and residence of the owner affixed or painted thereon in accordance with rule 37, or, in the case of aircraft registered elsewhere than in British India, in accordance with the regulations of the State in which it is registered:

Provided that the prohibition imposed by this rule shall not apply to aircraft flown in accordance with the special permission in writing of the Governor General in Council and subject to any conditions and limitations which may be specified in such permission.

6. *Licensing of personnel.*—Every aircraft shall carry and be operated by the personnel prescribed in Part V of these rules and such personnel shall be licensed in the manner prescribed in that Part:

Provided that in the case of aircraft not registered in British India, such personnel shall be licensed in accordance with the regulations of the State in which the aircraft is registered:

Provided further that this rule shall not apply to an aircraft flown by a person under instruction or undergoing tests for the purpose of obtaining or renewing a pilot's licence if—

(*a*) the aircraft is flown within 3 miles of a licensed aerodrome or a Government aerodrome,

(*b*) the aircraft carries no passengers, and

(*c*) prior notice of the flight and of the purpose of the flight is given to the person in charge of the aerodrome from which the flight is made.

7. *Documents to be carried in aircraft.*—(1) No person in charge of any public transport aircraft shall allow such aircraft to be flown unless the following documents are carried on board the aircraft, namely:—

(i) the certificate of registration,

(ii) the licences of the personnel,

(iii) the certificate of airworthiness,

(iv) the journey log book in cases where the keeping of a journey log book is prescribed in Part IX.

(v) the working copies of the aircraft and engine log books prescribed by Part IX, whenever the aircraft leaves its normal station,

(vi) where radio-telegraph apparatus is carried in the aircraft, the permit or licence issued by the Director-General of Posts and Telegraphs, under which such apparatus is carried:

Provided that where a licence or other document has been submitted to a competent authority under these Rules for renewal or other action that fact shall be deemed a valid excuse for its not being carried on board the aircraft.

(2) No person in charge of any aircraft engaged in international navigation shall allow such aircraft to be flown unless the following documents issued by the State in which the aircraft is registered are carried on board the aircraft, namely:—

(i) the certificate of registration,

(ii) the licences of the personnel,

(iii) the certificate of airworthiness,

(iv) the journey log book,

(v) the aircraft and engine log books,

(vi) where radio-telegraph apparatus is carried in the aircraft, the permit or licence for such apparatus,

(vii) where the aircraft carries passengers, a list of their names showing their places of origin and destination,

(viii) where the aircraft carries goods, air consignment notes and manifests in respect thereof.

8. *Carriage of explosives and arms.*—No person in, or in charge of, an aircraft shall carry or permit to be carried therein, any explosives, articles of a highly inflammable nature, arms, ammunition, or military stores other than:—

(*a*) such explosives or other articles as may be required for and are not kept for any other purpose than the working or handling of aircraft; and

(*b*) subject to the provisions of the Indian Arms Act, 1878, and the rules made thereunder, and subject to such further restrictions as may be imposed by the owner of the aircraft regarding their carriage, such arms and ammunition as may reasonably be required for the private use of any person, either as personal luggage or as freight:

Provided that such explosives, articles, arms and ammunition, when carried in a passenger aircraft, shall be placed in a receptacle or receptacles not accessible to the passengers.

9. *Radio-telegraph Apparatus.*—(1) No person shall operate radio-transmitting apparatus in any aircraft registered in British India unless he holds a licence of the type required by the provisions of Part V in respect of aircraft required or permitted by these rules to carry radio-telegraph or radio-telephone apparatus as the case may be, and issued in accordance with those provisions.

(2) Radio-transmitting apparatus carried in aircraft shall be operated under the conditions defined by the International Tele-communication Convention (Madrid 1932) and the general radio communication regulations annexed thereto as far as these apply and shall be operated only during the hours in which such operation is permitted by the Governor General in Council.

(3) Aircraft registered in British India and required or permitted by these rules to carry radio-telegraph apparatus shall be fitted with such apparatus in accordance with the provisions of Part VII.

(4) Nothing in this rule shall exempt any person from those provisions of the Indian Telegraph Act, 1885, and the rules made thereunder which require that radio-telegraph apparatus shall be licensed.

10. *Mails.*—No person shall carry mails or allow mails to be carried in any aircraft except with the consent in writing of the Director-General of Posts and Telegraphs.

11. *Aerodromes.*—(1) No pilot or person in charge of any aircraft carrying passengers for hire or reward shall use any place for a series of landings and departures, and no pilot or person in charge of any aircraft employed on a scheduled air transport service, shall use any place as a regular place of landing or departure other than an aerodrome licensed or approved for the purpose in accordance with the provisions of Part XI.

(2) No person being the proprietor of an aerodrome other than an aerodrome mentioned in sub-rule (1) shall permit the aerodrome to be used in contravention of that sub-rule.

(3) No person other than the occupant of an aircraft manœuvring in accordance with these rules may enter upon the landing area of an approved or licensed aerodrome without the consent of the person in charge of the aerodrome.

12. *Prohibited areas.*—(1) No person shall fly or assist in flying an aircraft over any of the areas specified in Schedule I save in accordance with the conditions specified in that Schedule.

(2) Every pilot, who, when flying an aircraft, finds himself above a prohibited area in contravention of sub-rule (1), shall, as soon as he is aware of the fact, give the signal of distress specified in sub-rule (2) of rule 107, and shall land the aircraft as soon as possible outside the prohibited area at one of the nearest aerodromes in British India:

Provided that he shall not, unless compelled by stress of weather or other unavoidable cause, fly further into the prohibited area nor commence to descend while still above the prohibited area.

(3) When the signals prescribed in rule 111 are given, the pilot of the aircraft shall immediately change his course and fly away from the prohibited area.

(4) When the signals prescribed in rule 110 are given, the pilot shall immediately give the signal referred to in sub-rule (2) of this rule and land the aircraft in accordance with that sub-rule.

13. *Photography from aircraft.*—No person shall take, or cause or permit to be taken from an aircraft any photograph of a prohibited area or of any part thereof, or of any object therein.

14. *Aerial work and public transport reserved for certain aircraft.*—No aircraft registered in accordance with Part IV in Category B shall be used as an aerial work aircraft or as a public transport aircraft.

Provided that the Governor General in Council may from time to time permit, and impose restrictions on the performance of aerial work or public transport by aircraft other than those registered in accordance with Part IV in Category A, and such restrictions shall be

deemed to have been effectively imposed if they have been notified in writing to the owner or operator of such aircraft or by notification in the *Gazette of India*.

15. *Conditions to be complied with by aircraft in flight.*—No aircraft engaged in international navigation, passenger aircraft, goods aircraft or mail aircraft, and no aircraft let out for hire for the purpose of being flown by the hirer, shall be flown unless the following conditions are complied with, namely:—

(i) the aircraft shall be certified as airworthy and shall be maintained in airworthy condition in accordance with the provisions of Part VI or (in the case of an aircraft not registered in British India) in accordance with the regulations of the State in which the aircraft is registered;

(ii) all the terms or conditions on which the certificate of airworthiness was granted shall be duly complied with;

(iii) the aircraft shall carry on board its certificate of airworthiness and any other certificates prescribed by Part VI, or by the regulations of the State in which the aircraft is registered which it is required to carry on board. The certificate of airworthiness shall be carried in the pocket of the journey log book;

(iv) the aircraft shall be fitted with and shall have in working order such instruments and equipment as are prescribed in Part VI for an aircraft of that class or description:

Provided that the Governor General in Council may, by order in writing and subject to such conditions as may be contained in the order, exempt any aircraft from the operation of this rule.

Explanation.—For the purpose of this rule, aircraft let out on payment for instructional or other purposes by a flying club or flying school to a member or pupil thereof shall be deemed to be let out for hire.

16. *Rules of the Air.*—Every pilot and navigator shall observe, and every person in charge of an aircraft shall cause to be observed, all the rules of the air contained in Part XII, and shall take all such steps as are practicable to secure that when the aircraft is in flight or is being manœuvred on the land or water, the windows, wind screens or side screens of the aircraft through which the pilot obtains his view forward or sideways are maintained in such condition as not to obscure his view.

17. *Production of licences, etc.*—Any licence, certificate, log book or document granted or required to be maintained under these rules shall, on demand, for the purpose of inspection, by any magistrate, any police officer above the rank of constable, any Customs-officer, any commissioned officer of His Majesty's naval, military or air forces, any non-commissioned officer of the Royal Air Force, any gazetted officer of the Civil Aviation Department, or any other person authorised by the Governor General in Council by special or general order in writing in this behalf, be produced by the licensee or, in the case of an aircraft or of a licensed aerodrome, by the owner, hirer or person in charge thereof:

Provided that any such licence, certificate, log book, or document relating to an aircraft or its personnel which is not by these Rules required to be carried in the aircraft shall be produced within seven days of the making of the demand.

18. *Prevention of flights in contravention of the rules.*—(1) An authority authorised under Section 8 of the Indian Aircraft Act, 1934, to detain aircraft may do so by the issue of a written direction to the pilot or other person for the time being in charge of the aircraft to be detained, or by taking such other steps as may be necessary to make the detention effective. If an aircraft detained by a person so authorised is housed or kept at a Government aerodrome the housing or picketing charges normally applicable shall be payable in respect of the whole period during which it is detained.

(2) Any person acting in contravention of any direction given under this rule shall, without prejudice to any other penalty he may incur, be deemed to have acted in contravention of these Rules.

19. *Cancellation, suspension or endorsement of licences and certificates.*—(1) Where any person is convicted of a contravention of or failure to comply with these rules in respect of any aircraft the Governor General in Council may cancel or suspend any certificate of registration granted under these Rules relating to that aircraft.

(2) The Governor General in Council may cancel or suspend any certificate relating to the airworthiness of an aircraft granted under these Rules if he is satisfied that reasonable doubt exists as to the safety of the aircraft in question or of the type to which the aircraft in question belongs and may vary the conditions attached to any such certificate if he is satisfied that those conditions may properly be relaxed or that reasonable doubt exists whether those conditions afford a sufficient margin of safety.

(3) The Governor General in Council may for reasons which shall be recorded in writing cancel, suspend or endorse any certificate or licence granted under these Rules if he is satisfied that there is sufficient ground for so doing and may suspend any such certificate or licence temporarily during the investigation of any matter forming a ground for action under this sub-rule.

(4) The Governor General in Council may cancel or vary any particulars entered by him or under his authority in any licence or certificate granted or in any journey log book issued under these Rules.

(5) The Governor General in Council may require the holder of any licence, certificate or other document granted or issued under these rules or any person having possession or custody of such licence, certificate or document to surrender the same to him for cancellation, suspension, endorsement or variation and any person failing to comply with any such requirement within a reasonable time shall be deemed to have acted in contravention of these Rules.

20. *Certain rules not applicable to gliders and kites.*—Rules 5, 6, 7, 12, 15, 17, 19 and 25 shall not apply to gliders, and rules 5, 6, 7, 12, 15, 17, 19 and the rules in Part III, with the exception of rule 26 in so far as it relates to the dropping of articles from aircraft, shall not apply to kites.

PART III.—GENERAL SAFETY CONDITIONS.

21. *Dangerous flying.*—No person shall fly any aircraft in such circumstances as, by reason of low altitude or proximity to persons or dwellings or for any other reason, to cause unnecessary danger to any person or property.

22. *Flying over cities, etc.*—No pilot shall fly any aircraft, and no person in charge of any aircraft shall allow it to be flown over any city, town, village site or other populous area except at such altitude, which in no case shall be less than 1,000 feet, as will enable the aircraft to land outside the city, town, village site or other populous area in the event of an emergency:

Provided that this prohibition shall not apply within a distance of one mile from a licensed aerodrome or a Government aerodrome.

23. *Acrobatics.*—(1) No person shall use any aircraft for acrobatics—

(*a*) when flying over any city, town, village site or populous area; or

(*b*) when flying over any meeting for public games or sports or other public assembly, except where a request for such flying has been made in writing by the promoters of such meeting or assembly.

(2) When an aircraft is used for acrobatics—

(*a*) it shall be flown by a licensed pilot, or, if it is flown by a person for the purpose of qualifying for a licence under these Rules, such person shall be accompanied by a licensed pilot instructor;

(*b*) if passengers are carried, whether the carriage is public transport or not, their previous consent to the performance of acrobatics shall be obtained in writing;

(*c*) the pilot or person in charge of the aircraft shall satisfy himself before commencing the flight that every person carried in the aircraft, is properly secured by safety belts; and

(*d*) the acrobatics shall be concluded at a height above the ground not less than 2,000 feet, or such lower altitude as the Governor General in Council may permit by special order in writing.

24. *Prohibition of intoxicated persons entering aircraft.*—No person acting as, or carried in an aircraft for the purpose of acting as, pilot, commander, navigator, engineer or operating member of the crew thereof, shall, while so acting or carried, be in a state of intoxication or in a state in which, by reason of his having taken or used any sedative, narcotic or stimulant drug or preparation, his capacity so to act is impaired; and no other person while in a state of intoxication shall enter or be in any aircraft.

25. *Smoking in aircraft.*—(1) The owner of every aircraft registered in British India which is provided with a certificate of airworthiness shall cause to be exhibited in a prominent place in the aircraft a notice stating where and to what extent smoking is prohibited or permitted therein.

(2) A notice permitting smoking in such aircraft may be exhibited therein only if smoking in the aircraft is permitted by the certificate of airworthiness of the aircraft or by the direction of the Governor General in Council and only in accordance with the conditions relating to smoking contained in such certificate or direction.

(3) No person shall smoke in any aircraft registered in British India which is provided with a certificate of airworthiness unless a notice permitting smoking is exhibited in the aircraft, and any person smoking shall comply with all the terms of such notice.

26. *Parachute descents and dropping of articles.*—No person shall, except in a case of emergency, descend by means of a parachute from an aircraft and no person shall drop or cause or permit to be dropped from an aircraft any article, whether attached to a parachute or not, unless the descent is made or the article is dropped in accordance with and subject to any conditions or limitations contained in a general or special order of the Governor General in Council in writing in that behalf:

Provided that nothing in this rule shall be deemed to prevent the dropping of—

(*a*) ballast which is not prohibited by the provisions of Rule 114;

(*b*) message bags, smoke producing or other apparatus or materials dropped for the purpose of navigating an aircraft or communicating messages from an aircraft, subject to the observance of such precautions as to the nature of the articles dropped and the place of dropping as will avoid risk of injuring persons or property on the ground;

(*c*) separate sheets of paper containing printed matter in any place if the written permission of the District Magistrate or, in a Presidency town or Rangoon, of the Commissioner of Police is first obtained in each case.

27. *Carriage of persons in unauthorised parts of aircraft.*—No person shall at any time be carried on the wings or undercarriage of the aircraft, or on or in any other part thereof which is not designed for the accommodation of the personnel or passengers, or on or in anything attached externally to the aircraft:

Provided that—

(*a*) nothing in this rule shall prevent a person having temporary access—

(i) to any part of the aircraft for the purpose of executing repairs to the aircraft or adjusting the machinery or equipment thereof or for the purpose of doing anything which may be necessary for the safety of the aircraft or persons or goods carried therein; or

(ii) to any part of the aircraft in which goods or stores are being carried and to which proper means of access is provided; and

(*b*) a person may be carried on or in any part of the aircraft, or anything attached thereto, with the permission in writing of the Governor General in Council and subject to any conditions which may be specified in such permission.

28. *Prohibition on persons under seventeen having sole control of aircraft.*—No person, being under seventeen years of age, shall have sole control of an aircraft in motion, and no person shall cause or permit any other person to have sole control of an aircraft in motion unless he knows or has reasonable cause to believe such other person to have attained the age of seventeen years.

29. *Acts likely to imperil the safety of aircraft.*—No person shall interfere with the pilot or with a member of the operating crew of an aircraft, or tamper with the aircraft or its equipment or conduct himself in a disorderly manner in an aircraft or commit any act likely to imperil the safety of an aircraft or its passengers or crew.

PART IV.—REGISTRATION AND MARKING OF AIRCRAFT.

30. *Certificate of Registration.*—(1) The authority empowered to register aircraft and to grant certificates of registration in British India shall be the Governor General in Council.

(2) An aircraft may be registered in British India in one or other of the following Categories, namely—

(*a*) *Category A.*—if the aircraft is wholly owned either—

(i) by British subjects or persons under His Majesty's protection, or

(ii) by a company or corporation registered within and having its principal place of business within His Majesty's dominions; and

(*b*) *Category B.*—if the aircraft is wholly owned either—

(i) by persons, resident in or carrying on business in British India, who are not British subjects nor persons under His Majesty's protection, or

(ii) by a company or corporation registered elsewhere than within His Majesty's dominions and carrying on business in British India.

(3) No aircraft in respect of which the conditions required in sub-rule (2) are not satisfied, and no aircraft which is already validly registered in another country shall be registered in British India.

31. *Nature of application.*—(1) Every application for a certificate of registration shall be accompanied by—

(*a*) such particulars relating to the aircraft as may be required;

(*b*) the fee prescribed in rule 35, which fee shall be returned if the application is not granted;

(*c*) in the case of aircraft imported by air, a certificate signed by a Chief Customs-Officer or Customs-Collector that the customs duty leviable in respect of it has been paid. Such certificate shall state the type and manufacturer's number of the aircraft and engine, and if the aircraft has been registered elsewhere, its registration markings.

(2) An applicant for a certificate of registration may be required to produce proof of the truth of the statements contained in his application.

32. *Aircraft imported by air.*—When an application is made for the registration of an aircraft before its import into India for the purpose of the import of the aircraft by air, a temporary certificate of registration will, subject to the conditions of sub-rule (3) of rule 30, be granted by the Governor General in Council on the owner of the aircraft complying with clauses (*a*) and (*b*) of sub-rule (1) of rule 31. Such temporary certificate shall be valid only until the first landing of the aircraft at a Customs aerodrome in British India, when the certificate shall be delivered by the pilot or other person in charge to the local Aerodrome Officer. Thereafter, on production by or on behalf of the owner of the aircraft of the certificate mentioned in clause (*c*) of sub-rule (1) of rule 31, the certificate of registration shall be granted by the Governor General in Council:

Provided that if an aircraft in respect of which a temporary certificate of registration has been issued is imported otherwise than by air, such temporary certificate shall cease to be valid on the date of import of the aircraft, and the temporary certificate shall forthwith be delivered by the owner to the Director of Civil Aviation in India, and thereafter the certificate of registration shall be granted by the Governor General in Council.

33. *Change in ownership.*—In the event of any change in the ownership of a registered aircraft, or if a registered aircraft ceases to be owned wholly either by persons or by a company or corporation fulfilling the conditions set out in rule 30, then—

(1) the registered owner of the aircraft shall forthwith notify the Director of Civil Aviation in India of such change of ownership or, as the case may be, that the aircraft has ceased to be so owned as aforesaid; and

(2) the registration and the certificate thereof shall lapse as from the date of such change of ownership, or the date on which the aircraft ceased to be so owned.

34. *Aircraft destroyed or withdrawn from use.*—When a registered aircraft has been destroyed or permanently withdrawn from use, the registered owner shall as soon as possible notify the Director of Civil Aviation in India accordingly, and the registration and the certificate thereof shall lapse as from the date of such notification.

35. *Registration Fees.*—A fee of twenty rupees shall be payable in respect of a certificate of registration:

Provided that, where the aircraft has been previously registered in British India and the Governor General in Council is satisfied—

(*a*) that the certificate of registration last issued in respect of the aircraft has lapsed by reason of the sale of the aircraft by the registered owner; and

(*b*) that the registered owner of the aircraft immediately before the sale was the constructor thereof or a dealer in aircraft; and

(*c*) that the aircraft has not been flown since a certificate of registration was last issued in respect thereof, except for the purpose of—

(i) an experiment or test carried out in the ordinary course of construction or in order to obtain a certificate of airworthiness; or

(ii) a demonstration to a prospective purchaser; or

(iii) delivering the aircraft to a purchaser;

a fee of rupees four only shall be payable.

36. *Register of Aircraft.*—The register of aircraft registered in India shall be open to inspection by members of the public at such times and subject to such conditions as may be specified by the Director of Civil Aviation in India.

37. *Nationality and Registration Marks: how to be affixed.*—(1) The nationality mark of an aircraft registered in India shall be the capital letters VT in Roman characters, and the registration mark shall be a group assigned by the Governor General in Council of three capital letters in Roman characters.

(2) The nationality and registration marks shall be painted on the aircraft in the following manner:—

(*a*) *Aerostats.*—In the case of airships the marks shall be painted near the maximum cross-section so as to appear on both sides and on the upper surface equidistant from the letters on the sides.

In the case of balloons the marks shall appear twice near the maximum horizontal circumference of a spherical balloon and shall be placed as far as possible from one another and, on a non-spherical balloon, near the maximum cross-section on both sides immediately above the rigging band on the points of attachment of the basket suspension cables.

In the case of all aerostats, the side marks shall be visible both from the sides and from the ground.

(*b*) *Aeroplanes.*—The marks shall be painted once on the lower surface of the main plane structure and once on the upper surface of the main plane structure, the top of the letters to be towards the leading edge. They shall also be painted along each side of the fuselage or of the body between the main planes and the tail planes.

The marks shall be painted on each side of the fuselage or of the body.

(*c*) *Other aerodynes.*—The provisions of clause (*b*) shall be applicable to other aerodynes in so far as the latter comprise corresponding elements on which marks could be placed.

(3) The marks shall be of such a colour in relation to the colour of the background on which they are painted as will render them clearly legible at a distance of not less than 250 yards in a clear atmosphere.

(4) The height of the letters of the nationality and registration marks need not exceed eight feet. Subject as aforesaid, the height of the marks shall be as follows:—

(*a*) *Aerostats.*—In the case of airships the height of the marks shall be equal to at least one-twelfth of the perimeter of the airship at the maximum cross-section.

In the case of balloons the height of the marks shall be equal to at least one-fifteenth of the maximum horizontal circumference of a spherical balloon and to at least one-twelfth of the perimeter of a non-spherical balloon at the maximum cross-section.

(*b*) *Aeroplanes.*—The marks to be borne on the wings and the fuselage or body shall, as regards each group of marks, be formed of letters of equal height, as large as possible without however touching the visible outline of the wings, fuselage or body.

(*c*) *Gyroplanes.*—The marks to be borne on the fuselage or body shall, as regards each group of marks, be formed of letters of equal height, as large as possible without however touching the visible outline of the fuselage or body.

(*d*) *Other aerodynes.*—The provisions of clause (*b*) shall be applicable to other aerodynes in so far as the latter comprise corresponding elements on which marks could be placed.

(5) As nearly as the constructional features of the aircraft admit—

(*a*) the width of the letters shall be two-thirds of their height;

(*b*) the thickness of the letters shall be one-sixth of their height; and

(*c*) except as provided in sub-rule (6) a space equal to one-half the width of the letters shall be left between the letters.

The letters shall be painted in plain block type and shall be uniform in shape and size.

(6) A hyphen of a length equal to the width of one of the letters shall be painted between the nationality mark and the registration mark.

(7) The nationality and registration marks shall be displayed to the best possible advantage, taking into consideration the constructional features of the aircraft. The marks shall always be kept clean and visible.

(8) The aircraft shall carry affixed to the car or basket or to the fuselage, in a prominent position, a metal plate which shall be of stainless steel and shall be inscribed with the names and residence of the owner and the marks of nationality and registration.

PART V—PERSONNEL OF AIRCRAFT.

38. *Personnel to be carried in flying machines.*—Subject to the provisions of rule 6, every flying machine registered in British India shall comply with such of the following requirements in respect of the

personnel which it carries and by which it is operated as are applicable to the class of flying machine to which it belongs:—

(1) *Private pilot.*—Every private flying machine shall be flown by a person holding a Private Pilot's licence ("A" licence) or a Public Transport Pilot's licence ("B" licence) issued in accordance with sub-rules (1) and (3) respectively of rule 41:

Provided that a flying machine, which is carrying a passenger or passengers other than a person licensed to give instruction in flying in accordance with sub-rule (3) of this rule, may not be flown by a person holding only a Private Pilot's licence ("A" licence) unless he has had not less than 25 hours solo flying experience, has a certificate from a licensed pilot instructor that he is considered sufficiently qualified for the purpose and has previously flown a flying machine of the same type and has satisfactorily completed 3 landings and 3 take-offs therein.

(2) *Public Transport or aerial work pilot.*—Every public transport or aerial work flying machine shall be flown by a person holding a Public Transport Pilot's licence ("B" licence) issued in accordance with sub-rule (3) of rule 41:

Provided that within British India, such flying machine, when flying by day and when not employed on a regular scheduled air service may be flown by a person holding an "A" licence which has been specially endorsed in accordance with sub-rule (2) of rule 41 ("A-1" licence):

Provided further that such flying machine may be flown at any time or place within British India by the holder of a "B" licence or of an "A-1" licence if the holder of a "B" licence endorsed for the particular type of flying machine is in the cockpit and is able to take control of the flying machine:

Provided further that a flying machine, the property of or being used by a duly constituted flying club, carrying a member of the club otherwise than for the purpose of instructing such member in flying, shall not, for the purpose of this rule, be deemed to be flown for public transport notwithstanding that payment may be made to the flying club for such carriage, unless payment is made either directly or indirectly to the pilot of the flying machine or the pilot of the flying machine is a paid employee of the flying club in which case the aircraft shall be deemed to be flown for public transport.

(3) *Pilot instructor.*—Every flying machine which is being used for the purpose of giving instruction in piloting shall carry, except when flown solo by a pupil under instruction, a person holding a "B" licence, which has been specially endorsed for instructional purposes in accordance with sub-rule (4) of rule 41, and no other person may impart, for a remuneration of any nature whatsoever, instruction in piloting flying machines:

Provided that the holder of a "B" licence which has not been so endorsed may, when acting as assistant to a licensed pilot

instructor, impart such instruction but shall in no case authorise a person under instruction to perform his first solo flight nor give instruction in any form of aerobatics.

Explanation.—A person acting as assistant to a licensed pilot instructor shall not be deemed to have ceased to be so acting by reason only of the absence of the pilot instructor, if such absence does not exceed seven consecutive days, but, where such absence exceeds seven consecutive days, he shall not continue so to act without a written authorisation from the Governor General in Council.

(4) *Second Class Navigator.*—Every flying machine used for international public transport and having to fly without landing—

(i) by day, more than 100 miles over inhabited regions, or more than 100 miles but not more than 600 miles entirely over the high seas or uninhabited regions, or

(ii) by night, more than 15 miles but not more than 600 miles, shall have on board a navigator holding a first class navi-class navigator's licence.

(5) *First Class Navigator.*—Every flying machine used for international public transport and having to fly without landing—

(i) by day, more than 600 miles entirely over the high seas or uninhabited regions, or

(ii) by night, more than 600 miles,

shall have on board a navigator holding a first class navigator's licence.

(6) *Pilot or other member of crew as Navigator.*—(*a*) In either of the following cases, namely—

(i) when the pilot of a flying machine, required by sub-rule (4) or sub-rule (5) of this rule to carry a navigator, himself holds a navigator's licence of the required class and there is on board a second pilot capable of flying the machine in case of need,

(ii) when there is on board such flying machine a member of the crew additional to the pilot who holds such navigator's licence,

a navigator shall not be required to be carried in addition to such pilot or member of the crew.

(*b*) When the pilot of a flying machine, required by sub-rule (4) or sub-rule (5) of this rule to carry a navigator, himself holds a navigator's licence of the required class but there is on board no second pilot capable of flying the machine in case of need, a navigator holding a licence of the required class shall be carried in addition to the pilot except in the case of—

(i) night flights over routes suitably marked and recognised as such by the competent authorities,

(ii) day flights over inhabited regions,

(iii) day flights of not more than six hundred miles over the high seas or uninhabited regions.

(7) In sub-rules (4), (5) and (6) of this rule—

(i) "uninhabited region" means a region where, in consequence of the sparsity of the population, and of the absence of natural landmarks or of the insufficiency of the maps, the difficulties of navigation are similar to those met with over the high seas;

(ii) "night" means the period commencing one hour after sunset and terminating one hour before sunrise;

(iii) "flight over the high seas" means a flight in the course of which an aircraft finds itself over the sea at a distance of more than 50 miles from the nearest point of the coast.

(8) *Radio-telegraph Operator's Licence.*—An aircraft which is required by these Rules to carry radio-telegraph apparatus shall carry, in addition to the pilot and whether or not it participates in the international service of public correspondence, a person holding either a first class or a second class radio-telegraph operator's licence issued in accordance with this Part to operate radio-telegraph apparatus on aircraft.

(9) *Radio-telephone Operator.*—An aircraft which is required by these Rules to carry radio-telegraph apparatus and which communicates by radio-telephony, shall carry a person holding a first class radio-telegraph operator's licence:

Provided that an aircraft, which carries radio-telephone apparatus and which communicates solely by radio-telephony, may carry, instead of a person holding a first class radio-telegraph operator's licence, a radio-telephone operator licensed in accordance with this Part to operate radio-telephone apparatus on aircraft.

39. *Licensing authority.*—The authority by which the licences referred to in rule 38 may be granted, renewed or varied shall be the Governor General in Council who may withhold the grant or renewal of a licence if for any reason he considers it desirable to do so.

40. *Signature of licence holder.*—On the issue of a licence to an applicant he shall forthwith sign his name on the licence as the holder thereof with his ordinary signature.

41. *Proofs of competency.*—Applicants for licences shall be required to produce proofs of having the following practical experience and of having passed satisfactorily the following tests and examinations:—

(1) *Private Pilot's Licence ("A" Licence).*—Flying Experience, Flying Tests, Technical Examination and Medical Examination as laid down in Section A of Schedule II:

Provided that for the purpose of the grant of such licence:—

(*a*) A person who is qualified as a Royal Air Force Pilot may be exempted from the flying tests and may be exempted

from the medical examination on production of a certificate from a Royal Air Force Medical Officer that he is fit for flying duties and is up to the standard required for an "A" licence;

(*b*) A person to whom a licence of a corresponding or higher class has been granted by the competent authority in a contracting State may be exempted from all or any of the flying tests and from subjects (*a*) and (*b*) of the technical examination, and may, if he is the holder of a current licence, be exempted from the medical examination;

(*c*) A licence may be issued for all types of flying machines or endorsed for one or more types only.

(2) *Pilot's licence endorsed for limited transport of goods and passengers within India ("A-I" Licence).*—Flying Experience, Flying Tests, Technical Examination and Medical Examination as laid down in Section B of Schedule II:

Provided that for the purpose of the grant of such licence—

(*a*) a person who is qualified as a Royal Air Force Pilot may be exempted from the flying tests and from the technical examination on flying machines, engines, instruments and elementary navigation, specified in Section B of Schedule II; and an examination by a Royal Air Force Medical Officer at which the candidate was passed fit for full flying duties may be accepted in lieu of the medical examination;

(*b*) the requirements in respect of flying experience may be varied by the Governor General in a case where the flying experience of the applicant is in the opinion of the Governor General in Council substantially the equivalent of the flying experience specified in Section B of Schedule II;

(*c*) such licence shall be endorsed for such types of flying machine only as the candidate has produced proof of his competence to fly.

(3) *Public Transport Pilot's Licence ("B" Licence).*—Flying Experience, Flying Tests, Technical Examination and Medical Examination as laid down in Section C of Schedule II:

Provided that for the purpose of the grant of such licence—

(*a*) a person who is qualified as a Royal Air Force Pilot may be exempted from the flying tests (but not from any of the required flying experience) and from the technical examination on flying machines, engines and instruments specified in Section C of Schedule II; and an examination by a Royal Air Force Medical Officer at which the candidate was passed fit for full flying duties may be accepted in lieu of the medical examination;

(*b*) a person to whom a licence of a corresponding class has been granted by the competent authority in any one of

His Majesty's dominions may be exempted from all or any of the flying tests, and from subjects (*a*) to (*e*) and (*g*) of the technical examination, and may, if he is the holder of a current licence, be exempted from the medical examination;

(*c*) the requirements in respect of flying experience may be varied by the Governor General in Council in a case where in his opinion the flying experience of the applicant is substantially the equivalent of that specified in Section C of Schedule II;

(*d*) such licence shall be issued for such types of flying machine only as the candidate has produced proof of his competence to fly, provided that for industrial purposes, other than public transport, a licence may be issued for any or all types of flying machines.

(4) *Public Transport Pilot's Licence, endorsed for instructional purposes (Pilot Instructor's Licence).*—Flying Experience, Flying Tests, Technical Examination and Medical Examination as laid down in Section D of Schedule II.

(5) *Navigator's Licence, 1st class and 2nd class.*—Flying Experience, Technical Examination and Medical Examination as laid down in Section E of Schedule II:

Provided that for the purpose of the grant of such licences a person to whom a licence of a corresponding class has been granted by the competent authority in any one of His Majesty's dominions, may be exempted from the technical examination and may, if he is the holder of a current licence, be exempted from the medical examination.

(6) *Radio-telegraph Operator's Licences—*

(*a*) *First Class Licence—*

Flying Experience and Medical Examination.—As laid down in Section F of Schedule II.

Technical Qualifications.—The candidate must be the holder of a first class certificate of competency as a wireless operator issued by the Director-General, Posts and Telegraphs, India, or of such other certificate of proficiency as a wireless operator as may be accepted by the Director-General of Posts and Telegraphs in lieu thereof.

(*b*) *Second Class Licence—*

Flying Experience and Medical Examination.—As laid down in Section F of Schedule II.

Technical Qualifications.—The candidate must be the holder of a second class certificate of competency as a wireless operator issued by the Director-General of Posts and Telegraphs, India, or of such other certificate of proficiency as a wireless operator as may be accepted by the Director-General of Posts and Telegraphs, India, in lieu thereof.

(c) *Radio-telephone Operator's Licence—*

Flying Experience and Medical Examination.—As laid down in Section F of Schedule II.

Technical Qualifications.—The candidate must be the holder of a certificate of proficiency as radio-telephone operator issued by the Director-General of Posts and Telegraphs, India, which has been specially endorsed for air operations, or of such other certificate of proficiency as a radio-telephone operator as may be accepted by the Director-General of Posts and Telegraphs, India, in lieu thereof:

Provided that a candidate for a radio-telegraph operator's licence who has not had the required air experience may be granted a provisional licence for a period not exceeding one year in order to enable him to acquire the necessary air experience.

42. *Periods of validity of licences.*—(1) The licences may be granted, and on each occasion of renewal may be renewed, for any period not exceeding the periods shown below:—

(a) Pilot's "A" Licence.—Twelve months.

(b) Pilot's "A-1" Licence.
(c) Pilot's "B" Licence.
(d) Pilot Instructor's Licence.
} Six months in the case of a licence granted to a male. Four months in the case of a licence granted to a female.

(e) Navigator's Licence.—Twelve months.

(f) Radio-telegraph Operator's Licence.—Twenty-four months.

(2) The holder of a licence shall, in any one of the following circumstances, be required to undergo a fresh medical examination, wholly or in part, and to produce a certificate of medical fitness as a condition of the licence remaining valid, namely:—

(i) in the event of sickness involving incapacity for a period of twenty days or more for the work for which he is licensed; or

(ii) in the event of an accident occurring otherwise than during the performance of such work and involving the same incapacity; or

(iii) in the event of an accident occurring during the performance of such work and involving injury; or

(iv) if the holder of a licence has performed a total of 125 hours' flying in the capacity of pilot of a flying machine within any period of thirty consecutive days since his last medical examination under these Rules.

43. *Renewal of licences.*—Licences may be renewed for the periods specified in rule 42 on production of proof of recent flying experience and after the passing of the medical examination as laid down in Schedule II:

Provided that in the case of a member of the operating crew of an aircraft engaged in public transport or aerial work, who is on duty

in a region distant from official medical centres, the medical examination may exceptionally at the discretion of the Governor General in Council, be deferred for two consecutive periods of three months each on condition that such member obtains locally in each case and forwards to the Director of Civil Aviation in India a favourable medical certificate furnished by a medical practitioner who possesses qualifications entitling him to inclusion in the Medical Register of Great Britain:

Provided further that the holder of any licence may be required before the renewal of the licence to satisfy all or any of the requirements which are applicable on the first grant of a licence of the same class:

Provided further that in the case of a pilot's licence the Governor General in Council may, when renewing the licence restrict the types of aircraft for which the licence is endorsed to those on which he is satisfied that the holder of the licence has had recent reasonable flying experience.

44. *Aircraft not registered in British India.*—An aircraft not registered in British India shall carry the personnel prescribed by the laws of the State in which it is registered and such personnel shall be licensed in accordance with the laws of that State.

45. *Validation of foreign licences.*—When a licence has been granted by the duly competent authority in any part of His Majesty's dominions outside British India or in any foreign State and is for the time being in force the Governor General in Council may, subject to such conditions and limitations and for such periods as he shall think fit, confer on such licence the same validity for the purpose of flying aircraft registered in British India as if it had been granted under these Rules and a licence so validated shall be subject to the provisions of rule 19.

46. *Renewal, variation or validation of licences outside British India.*—If a licence granted under these rules is varied or renewed in conformity with the provisions of these rules, or if a licence is validated for the purpose of flying aircraft registered in British India in conformity with the provisions of rule 45, by an authority outside British India specified by the Governor General in Council in this behalf, such variation, renewal or validation shall have effect in British India as though the licence had been varied, renewed or validated by a person authorised in this behalf under sub-rule (2) of rule 3.

47. *Age of applicants.*—Licences shall not be granted to applicants who at the time of qualification do not comply with the following conditions:—

(*a*) An applicant for a Pilot's "A" Licence shall have attained the age of 17 years.

(*b*) An applicant for a Pilot's "A-1" Licence or for a Pilot's "B" Licence shall have attained the age of 19 years and shall not be more than 45 years of age.

(*c*) An applicant for a Navigator's Licence shall have attained the age of 19 years and shall not be more than 50 years of age.

(*d*) An applicant for a Radio-telegraph Operator's Licence shall have attained the age of 19 years:

Provided that, at the discretion of the Governor General in Council, a relaxation may be made as regards the upper age-limit:—

(i) in the case of an applicant for a Pilot's "A-1" Licence or for a Pilot's "B" Licence, if before the date of his application he has been in service as pilot of a State flying machine, or

(ii) in the case of an applicant for a navigator's licence, if up to the date of his application he has been in service as an operative member of the crew of an aircraft.

48. *Fees.*—(1) The following fees shall be payable in respect of the issue, validation or renewal of licences or the issue of duplicate licences and the tests and examinations laid down in Rules 41 to 43:—

Fees.

*For all flying tests the candidate shall be required to provide the aircraft and pay all charges incurred thereby, and in addition he shall pay, when an official examiner is carried on board during the flying test, a fee at the rate of Rs. 10 for each hour or part of an hour so flown:

Provided that an applicant for the issue or renewal of a Pilot's "A-1" or Pilot's "B" Licence who is required to undergo some part only of the technical examination shall pay a fee of Rs. 10 in respect of each group of subjects as shewn in Schedule 11 in which he is examined, and an applicant for the variation of such a licence by the

addition of a type of aircraft not already endorsed on the licence shall, if required to be examined on that type of aircraft, pay a fee of Rs. 5:

Provided further that in any other case when an applicant is required to undergo some part only of the technical examination, the fee may be reduced by such amount as the Governor General in Council may think proper in the circumstances of the case.

(2) An application for any licence or for the renewal or validation of any licence shall be accompanied by a Treasury receipt for the sum necessary to cover all the fees payable, except the fees for the official medical examination and the fees for the official examiner for a flying test if not a Government servant which shall be payable direct to the examiner.

(3) When in any case the licence is not issued or renewed or validated, the Governor General in Council may refund to the applicant such proportion of the sum paid as represents the cost of any examination not carried out or any licence not issued.

PART VI.—AIRWORTHINESS.

49. *Standard of airworthiness.*—A certificate of airworthiness may be issued by the Governor General in Council in respect of any flying machine which complies with the minimum standards of airworthiness prescribed in the United Kingdom in respect of design, materials, methods of construction and equipment, and the owner of a flying machine in respect of which a certificate of airworthiness is required by these Rules, or is applied for or issued shall submit such evidence relating thereto and shall submit to such inspection and tests of the flying machine as may be required by the Governor General in Council:

Provided that the Governor General in Council may, in respect of any flying machine or class of flying machines, from time to time prescribe modifications of the standard and such modified standard shall be complied with as a condition of the issue or remaining in force of a certificate of airworthiness in respect of the flying machine or class of flying machines.

50. *Acceptance of foreign standards.*—The Governor General in Council may, in respect of any flying machine, accept as evidence of compliance with the conditions of rule 49 a valid certificate of airworthiness issued by the competent authorities in any other part of His Majesty's Dominions or in any foreign country, provided it is shewn to his satisfaction that the conditions on which such certificate of airworthiness was granted are substantially equivalent to the conditions on which a certificate of airworthiness is granted by His Majesty's Government in the United Kingdom.

51. *Categories and Subdivisions.*—A certificate of airworthiness may be issued in respect of one or more of the categories and subdivisions of flying machines specified in Section A of Schedule III and the operations of the flying machine shall be restricted to those authorised for the categories to which the certificate of airworthiness extends.

52. *Instruments and equipment—minimum.*—A certificate of airworthiness shall not be granted in respect of any flying machine which

is not equipped with the following instruments and equipment, which shall be in working order, namely:—

Air speed indicator.

Altimeter.

Revolution indicator,

Such gauges as may be considered necessary by the Governor General in Council for the particular installation.

Safety belts or harness for the pilot and for each person carried in an open cockpit.

(In amphibian flying machines and in flying machines fitted with a retractable undercarriage) indicator of position of landing wheels.

53. *Instruments and equipment for flight.*—Every flying machine which is required by these rules to be provided with a certificate of airworthiness, shall, when flying, be fitted or equipped with the instruments and equipment specified in Section B of Schedule III according to the circumstances of the flight. The instruments and equipment shall be of types approved by the Governor General in Council, they shall be installed in a manner approved by him and shall be maintained in working order.

54. *Weight.*—Every flying machine which is required by these Rules to be certified as airworthy shall be weighed and marked in accordance with the provisions of Section C of Schedule III.

55. *Period of validity of certificates of airworthiness.*—A certificate of airworthiness shall be valid for a period of one year from the date on which the flying machine was passed for the issue of the certificate:

Provided that in the case of damage to the flying machine such as renders it unsafe for flight, or of failure to carry out the inspection prescribed in these Rules, or of failure to carry out any compulsory modification directed by the Governor General in Council, or of incorporation of any modification which has not been approved by the Governor General in Council, the certificate shall cease to be valid until the flying machine has been repaired or modified as the case may be and inspected and certified as required by these Rules.

56. *Renewal of certificates of airworthiness.*—The Governor General in Council may renew any certificate of airworthiness for such further period (not exceeding one year at a time) as he may think fit, and may for this purpose require the flying machine to be overhauled, inspected and certified in accordance with rule 57, and in addition may require the flying machine to be inspected by a person authorised in this behalf by the Governor General in Council or tested in flight, or to be so inspected and so tested, and the owner of the aircraft shall give all necessary facilities for such inspection and test.

57. *Periodical overhaul.*—Every flying machine required by these rules to be provided with a certificate of airworthiness, and every engine of such flying machine shall be periodically overhauled and after every such overhaul, and after the completion of any repairs to or modification of the flying machine or engine, the flying machine shall be inspected and certified in accordance with the provisions of Section E of Schedule III by the appropriate person licensed under rule 61.

58. *Modifications.*—(1) If at any time the Governor General in Council considers modifications to a flying machine, in respect of which a certificate of airworthiness is in force, to be necessary for safety, he may require such modifications to be carried out as a condition of the certificate of airworthiness remaining in force.

Such modifications may be notified in a general notice to aircraft owners and ground engineers or in a special notice to the owner of a particular aircraft.

(2) If modifications (including changes of equipment or its installation) which affect the safety of the flying machine are carried out in a flying machine in respect of which a certificate of airworthiness is in force, then, until the modifications have been approved by the Governor General in Council, the flying machine shall not fly except in so far as under these Rules it might fly if it had no certificate of airworthiness.

(3) Any such modifications shall be carried out by methods approved by the Governor General in Council and shall be inspected by the appropriate person licensed under rule 61, who shall certify the modification in the form and manner laid down in Section E of Schedule III.

59. *Maintenance standards and accessories.*—The Governor General in Council may in respect of any aircraft or class of aircraft which is certified as airworthy under these rules and in respect of any technical accessories or equipment used in connection with the operation of such aircraft, prescribe conditions for the technical operation, maintenance and use of such aircraft, accessories or equipment.

60. *Daily inspection.*—(1) A public transport flying machine effecting public transport shall not commence any flight unless it has, within the preceding 24 hours, been inspected and certified as safe for flight in accordance with these Rules by the appropriate person licensed under rule 61:

Provided that if any such flying machine not carrying passengers for remuneration on a regular scheduled air service is absent from its usual station, whether by reason of delay or otherwise, for a longer period than 24 hours, it may proceed on its journey if, at the time of commencement of a flight, it has not performed more than 12 hours flying and a period of more than four days has not intervened, since it was last so inspected and certified:

Provided further that no such flying machine shall commence any flight if, since such inspection, it has suffered any damage or revealed any defect which would render the machine unsafe for flight and which could not, in accordance with ordinary aeronautical practice, be remedied by the pilot or crew.

(2) The certificate required by sub-rule (1) shall be given in the form and manner specified in Section D of Schedule III.

(3) The pilot or commander of every flying machine shall before commencing any flight satisfy himself that:—

(*a*) having regard to the performance of the aircraft, the extent to which it is loaded, and the prevailing conditions, sufficient length of run is available to effect a safe take off and the line of flight in the take off direction is not obstructed, and that

(*b*) the flying machine is safe for flight according to the circumstances of the flight as laid down in Section D of Schedule III.

61. *Licensing of Ground Engineers*—

(1) For the purpose of rules 57, 58 and 60 the Governor General in Council may grant licences as Ground Engineers in the following categories to persons who satisfy the requirements as to practical experience, examination and tests laid down in Section F of Schedule III, namely:—

Category A.—Inspection of aircraft before flight.

Category B.—Inspection of aircraft during construction or overhaul.

Category C.—Inspection of aero-engines before flight.

Category D.—Inspection of aero-engines during construction or overhaul.

Category X.—Inspection, construction, installation and repair of aircraft instruments, accessories and equipment; special duties as may be specified in the licence.

(2) A Ground Engineer's licence shall not be granted to a person who has not attained the age of 21 years.

(3) Licenses shall remain valid, unless cancelled or suspended, for the periods specified therein, subject to a maximum period of twelve months in each case, and may thereafter be renewed by the Governor General in Council. A candidate for the renewal of a licence may be required to undergo. further examinations and tests as a condition of the renewal of the licence.

(4) A Ground Engineer licensed in a particular category shall be competent to deal only with the matters specified in sub-rule (1) against the category in which he is licensed.

(5) A licence granted under this rule shall specify the type or types of aircraft, aero-engines, instruments, accessories or equipment which the licensee is competent to deal with, and may contain restrictions limiting his competence to deal with any particular class of work, and the Governor General in Council may at any time vary such specifications or restrictions.

(6) Any licence granted under this rule may be cancelled, suspended or endorsed by the Governor General in Council after investigation where it appears to him that—

(*a*) the holder of such licence has performed work, or granted a certificate in respect of work, which has not been performed in a careful and competent manner, or

(*b*) the holder of such licence has granted a certificate in respect of any matter which he is not licensed to deal with,

(*c*) it is undesirable for any other reason that the holder of such licence should continue to exercise the functions of a Ground Engineer.

(7) The Governor General in Council may withhold the grant or renewal of a licence if for any reason he considers it desirable to do so.

62. *Fees.*—(1) The following fees shall be payable in respect of the issue, or renewal of certificates of airworthiness and Ground Engineers' licences and duplicate certificates and licences, and the inspections, tests and examinations required by this Part—

Certificates of Airworthiness.

(*a*) Issue or renewal of certificate, including such inspections as may be required by the Governor General in Council—

Aerodynes.

	Rs.
Maximum permissible weight of 2,500 lbs. or less ..	50
Maximum permissible weight over 2,500 lbs. but not more than 5,000 lbs.	75
Maximum permissible weight over 5,000 lbs. but not more than 10,000 lbs.	100
Maximum permissible weight over 10,000 lbs. but not more than 20,000 lbs.	200
Maximum permissible weight over 20,000 lbs.	300
(*b*) Issue of certificate without inspection (rule 50)	10
(*c*) Issue of duplicate certificate	5

Ground Engineers' Licences.

For the licence—

Issue, renewal or issue of duplicate licence	5

For each separate technical examination—

When required, on issue, renewal or extension—

(i) One category	10
(ii) Two categories	15
(iii) Each additional category	5
(iv) Additions of types of aircraft, engines, instruments, accessories or equipment to those already endorsed on the licence for each category in which additions are required ..	5

(2) When, in view of the candidate's experience and competence, it is decided to dispense with the whole or a part of the technical examination, the fee may be waived or reduced by such amount as the Governor General in Council thinks fit.

(3) An application for a licence or certificate or for the renewal or extension of a licence or certificate shall be accompanied by a Treasury Receipt for the sum necessary to cover all the fees payable, but when,

in any case, the licence or certificate is not issued, renewed or extended, the Governor General in Council may refund to the applicant such proportion of the sum paid as represents the cost of any examination or inspection not carried out or any licence or certificate not issued.

PART VII.—RADIO-TELEGRAPH APPARATUS.

63. *Aircraft for which apparatus is obligatory.*—Every public transport aircraft registered in British India, which is capable, according to its certificate of airworthiness, of carrying ten or more persons including the crew, shall, when used in international air navigation or on a regular air transport service operating in British India, be equipped with radio-telegraph apparatus of a type approved by the Governor General in Council capable of sending and receiving communications by radio-telegraphy or radio-telephony, and installed, bonded and screened in a manner approved by the Governor General in Council.

64. *Suspension of rules.*—The application of the rules in this Part may be suspended when owing to the lack of radio-telegraph organisations available for air traffic in a particular region the employment of radio-telegraph apparatus on board aircraft would serve no useful purpose.

PART VIII.—AIR-ROUTE BEACONS, AERODROME LIGHTS AND FALSE LIGHTS.

65. *Air-route beacons and aerodrome lights.*—(1) No air-route beacon or aerodrome light shall be established or maintained within British India, nor shall the character of the light exhibited therefrom be altered, except with the approval in writing of the Governor General in Council, and subject to such conditions as he may prescribe.

(2) No person shall wilfully or negligently injure or interfere with any air-route beacon or aerodrome light, established or maintained with the approval of the Governor General in Council, or any light exhibited therefrom.

66. *False lights.*—(1) Whenever in British India any light is exhibited—

(*a*) in the neighbourhood of an aerodrome or an air-route beacon so as to be liable to be mistaken for an aerodrome light or an air-route beacon; or

(*b*) which by reason of its liability to be mistaken for an aerodrome light or an air-route beacon is calculated to endanger the safety of aircraft; or

(*c*) which, being in the neighbourhood of an aerodrome, is liable by reason of its glare to endanger the safety of aircraft arriving at or departing from the aerodrome,

the Governor General in Council may serve a notice upon the owner or person in possession of the place where the light is exhibited or upon the person having charge of the light, directing that owner or person within

a reasonable time to be specified in the notice, to take effectual means for extinguishing or for effectually screening the light and for preventing for the future the exhibition of any similar light.

(2) The notice may be served either personally or by post, or by affixing the same in some conspicuous place near to the light to which the notice relates.

(3) An owner or person on whom a notice under sub-rule (1) has been served shall, in the absence of reasonable cause, the burden of proving which shall be upon him, comply with the directions contained in the notice.

(4) If any owner or person on whom a notice under this rule is served, neglects for a period of seven days to extinguish or effectually to screen the light mentioned in the notice, the Governor General in Council may enter upon the place where the light is and forthwith extinguish the same, doing no unnecessary damage.

PART IX.—Log Books.

67. (1) The following log books shall be kept in respect of aircraft registered in British India, namely:—

(*a*) for every aircraft an aircraft log book and an engine log book and where more than one engine is fitted, a separate log book for each engine;

(*b*) in addition, for every public transport aircraft (except where such aircraft does not leave the vicinity of its starting place and returns without landing elsewhere to its starting place) and for every aircraft engaged in international navigation, a journey log book.

(2) The log books shall be kept up to date in such manner as the Governor General in Council may direct.

(3) The journey log book shall be issued by the Governor General in Council; other log books shall be in the form required by the Governor General in Council.

(4) The log books shall be preserved for two years from the date of the last entry therein.

(5) No person shall destroy, mutilate, alter or render illegible any log book or any entry made therein, or wilfully make or procure or assist in the making of any false or fraudulent entry in or omission from any log book.

PART X.—Investigation of Accidents.

68. In this Part the expression "serious structural damage" in relation to an aircraft means:—

(*i*) the telescoping or breaking apart of the fuselage; or

(*ii*) the breaking of a main spar; or

(*iii*) the breaking of any part of the controls; or

(*iv*) damage by fire to any part of the aircraft.

69. *Notification of accidents.*—(1) When an accident, in which any aircraft is involved, occurs in or over British India, and such accident involves death or personal injury to any person, whether carried in the aircraft or not, or serious structural damage to the aircraft, or is suspected to have been caused or contributed to by the failure in the air of any part of the aircraft, the pilot, or, if the pilot is incapacitated by injury, the owner or, if the owner is not present or is incapacitated by injury, the hirer of the aircraft shall

(*a*) send notice thereof by telegram to the Director of Civil Aviation in India, and

(*b*) give information to the District Magistrate and the Officer in charge of the nearest Police Station.

(2) The notice and information shall be sent as soon as possible and by the best available means and in any case within twenty-four hours after the occurrence of the accident.

(3) The notice to the Director of Civil Aviation in India shall contain the following information:—

(*i*) the nationality and the registration marks of the aircraft;

(*ii*) the name of the owner and hirer (if any) of the aircraft;

(*iii*) the name of the pilot of the aircraft;

(*iv*) the place where the accident occurred;

(*v*) the date and time when the accident occurred;

(*vi*) the nature of the accident;

(*vii*) a brief statement of the extent of damage to the aircraft; and

(*viii*) whether death or personal injury was caused by the accident, and, if so, to whom.

70. *Report on accidents.*—The pilot or owner of an aircraft which has been involved in an accident, whether notifiable under rule 69 or not, shall, if required by the Director of Civil Aviation in India, submit to the Director, a written report on such accident in such form as he may prescribe.

71. *Removal of wreckage.*—(1) In the case of an accident which is notifiable under rule 69 and which involves serious structural damage, or in any other case in which the Director of Civil Aviation in India gives notice to the owner or other person in charge of the aircraft to this effect, the aircraft shall not, except under the authority of the Director of Civil Aviation in India, be removed or otherwise interfered with:

Provided that subject to compliance with the provisions of rule 61 of the Indian Aircraft Rules, 1920, in so far as they may be applicable:—

(*i*) if the aircraft is wrecked on water, the aircraft or any parts or contents thereof may be removed to such extent as may be necessary for bringing it or them to a place of safety;

(*ii*) the aircraft or any parts or contents thereof may be removed or interfered with so far as may be necessary for the purpose of extricating persons or animals, preventing the destruction of the aircraft or its contents by fire or other cause or preventing any danger or obstruction to the public; and

(*iii*) goods, mails or passengers' baggage may be removed from the aircraft under the supervision of the pilot, a member of the crew, an official of the operating company, an officer of police, a Magistrate, or an officer of the Civil Aviation Directorate, and, in the absence of any such person, mails may be removed under the supervision of an officer of the Posts and Telegraphs Department, and passengers' baggage by the owner or owners thereof.

(2) The Director of Civil Aviation in India may authorise any person, so far as may be necessary for the purposes of any investigation under these rules, to take measures for the preservation of any aircraft involved in an accident, and such person may thereupon have access to, examine, or otherwise deal with the aircraft;

(3) The owner of the aircraft or his nominated representative shall have the right to be present during any examination or other action taken under sub-rules (1) and (2) provided that the Director of Civil Aviation shall not be bound to postpone any action which he may consider necessary under this rule by reason of the absence of the owner or his representative.

72. *Inspector's Investigation.*—(1) The Director of Civil Aviation in India may order the investigation of any accident, whether notifiable under rule 69 or not and may by general or special order appoint any person (hereinafter referred to as an Inspector of Accidents) for the purpose of carrying out such investigation.

(2) The investigation shall be conducted in such manner that if a charge is made or is likely to be made against any person, that person shall have an opportunity of being present and of making any statement, or giving any evidence and producing witnesses on his behalf.

(3) The Inspector of Accidents shall make a report to the Director of Civil Aviation in India stating all relevant facts with regard to the accident and his findings with regard to the causes of the accident and adding any recommendations which he may think fit to make with a view to the avoidance of similar accidents in future.

73. *Powers of Inspector.*—For the purpose of such investigation an Inspector of Accidents shall have power:—

(*a*) by summons under his hand to require the attendance of any person whom he thinks fit to call before him and examine for such purpose and to require answers or returns to any inquiries he thinks fit to make;

(*b*) to require any such person to make and sign a declaration of the truth of the statements made by him in his examination;

(*c*) to require and enforce the production of all books, papers, documents and material objects which he considers important for such purpose;

(*d*) to have access to and examine any aircraft concerned in the accident, the place where the accident occurred, or any other place the entry upon and examination of which appears to the Inspector requisite for the purposes of the investigation.

74. *Inspector's fee.*—When a person other than an officer of Government is appointed to investigate an accident, he may be granted such fee and expenses as may be determined by the Governor General in Council.

75. *Formal Investigation.*—Where it appears to the Governor General in Council that it is expedient to hold a formal investigation of an accident, he may, whether an investigation has been made under Rule 62 or not, by order direct a formal investigation to be held; and with respect to any such formal investigation the following provisions shall have effect:—

(1) The Governor General in Council shall appoint a competent person, in these rules referred to as "the Court" to hold the investigation, and may appoint one or more persons possessing legal, aeronautical, engineering, or other special knowledge to act as assessors, and may direct that the Court and the assessors shall receive such remuneration as he may determine.

(2) The Court shall hold the investigation in open court in such manner and under such conditions as the Court may think most effectual for ascertaining the causes and circumstances of the accident and enabling the Court to make the report hereinafter mentioned.

(3) (*i*) The Court shall have, for the purpose of the investigation, all the powers of a Civil Court under the Code of Civil Procedure, 1908, and without prejudice to those powers the Court may—

(*a*) enter and inspect, or authorise any person to enter and inspect, any place or building, the entry or inspection whereof appears to the Court requisite for the purposes of the investigation; and

(*b*) enforce the attendance of witnesses and compel the production of documents and material objects; and every person required by the Court to furnish any information shall be deemed to be legally bound to do so within the meaning of Section 176 of the Indian Penal Code.

(*ii*) The assessors shall have the same powers of entry and inspection as the Court.

(4) The investigation shall be conducted in such manner that, if a charge is made or likely to be made against any person, that person shall have an opportunity of being present and of making any statement or giving any evidence and producing witnesses on his behalf.

(5) Every person attending as a witness before the Court shall be allowed such expenses as the Court may consider reasonable. Provided that, in the case of the owner or hirer of any aircraft concerned in the accident and of any persons in his employment or of any other person concerned in the accident, any such expenses may be disallowed if the Court, in its discretion, so directs.

(6) The Court shall make a report to the Governor General in Council stating its findings as to the causes of the accident and the circumstances thereof, and adding any observations and recommendations which the Court thinks fit to make

with a view to the preservation of life and the avoidance of similar accidents in future, including a recommendation for the cancellation, suspension or endorsement of any licence or certificate issued under these Rules.

(7) The assessors (if any) shall either sign the report, with or without reservations, or state in writing their dissent therefrom and their reasons for such dissent, and such reservations or dissent and reasons (if any) shall be forwarded to the Governor General in Council with the report. The Governor General in Council may cause any such report and reservations or dissent and reasons (if any) to be made public, wholly or in part, in such manner as he thinks fit.

76. *Obstruction of proceedings.*—(1) A person shall not obstruct or impede the Court or an Inspector of Accidents or an assessor or any person acting in the exercise of any powers or duties under the rules in this Part.

(2) A person shall not without reasonable excuse (the burden of proving which shall lie on him) fail to comply with any summons or requisition of a Court or an Inspector of Accidents holding an investigation under the rules in this Part.

77. *Saving.*—Nothing in this Part shall limit the power of the Governor General in Council with regard to the cancellation, suspension or endorsement of any licence or certificate issued under these Rules.

PART XI.—AERODROMES.

78. *Government aerodromes.*—A Government aerodrome shall not be open to use by any member of the public save to such extent, if any, and subject to such conditions as the Governor General in Council may determine.

79. *Places other than Government aerodromes.*—A place in British India other than a Government aerodrome shall not be used as a regular place of landing and departure by a scheduled air transport service or for a series of landings and departures by any aircraft carrying passengers for hire or reward unless it has been licensed for the purpose, or save in accordance with the conditions, if any, of such licence.

80. *Licensed aerodromes.*—An aerodrome shall be licensed by the Governor General in Council in one of the following categories, namely:—

(*a*) for public use;

(*b*) for private use; that is to say, for use by the licensee and by individuals specifically authorised by the licensee.

81. *Public aerodromes.*—Every aerodrome which is licensed for public use or which is open to use by aircraft registered in India upon

payment of charges shall to the same extent and upon the same conditions be open to use by aircraft possessing the nationality of a contracting State. Every such aerodrome shall at all reasonable times be open to use by any aircraft in the service of His Majesty.

82. *Tariff charges.*—At every aerodrome referred to in rule 81 there shall be exhibited in a conspicuous place a single tariff of charges, including charges for landing and length of stay, which shall not exceed the charges specified in, and shall be leviable in accordance with the provisions contained in Section B of Schedule V, and such tariff shall be applicable alike to all aircraft whether registered in India or in any contracting State.

83. *Qualification of licensee.*—A licence for an aerodrome shall not be granted to any person or corporation other than—

(*a*) a British subject or person under His Majesty's protection, or

(*b*) a company or corporation registered and having its principal place of business in His Majesty's dominions.

84. *Period of validity of licence.*—An aerodrome licence may be granted for any period not exceeding twelve months, and on each occasion of renewal may be renewed for any period not exceeding twelve months.

85. *Classification of Aerodromes.*—An aerodrome may be licensed for all types of aircraft or for certain specified types or classes of aircraft and the licence may specify the conditions on which the aerodrome may be used.

86. (1) *Conditions governing the grant of a licence.*—A licence shall not be granted in respect of any place which does not satisfy the requirements specified in Part A of Schedule V.

(2) While a licence is in force no alterations to the landing area or to the buildings or other structures on the aerodrome which may affect the safety of aircraft shall be undertaken save with the previous approval of the Governor General in Council. Application for such approval shall be addressed to the Director of Civil Aviation in India and shall be accompanied by full particulars with plans of any such alterations including alterations to surrounding obstructions which may affect the safety of aircraft.

(3) The necessary approval may be granted or withheld and if granted may be granted subject to such conditions (including conditions involving a revision of the original conditions of licence) as the Governor General in Council may think fit.

(4) If any alteration of the nature referred to in sub-rule (2) is undertaken without the previous approval of the Governor General in Council the licence may be cancelled.

(5) The licensee shall maintain the aerodrome in a fit state for use by aircraft and adequately marked to the satisfaction of the Governor General in Council during the whole period of the currency of the licence where this exceeds a period of three months and shall, if the aerodrome becomes unserviceable, immediately notify the Director of Civil Aviation in India by telegraph.

87. *Fees.*—The fees chargeable for the grant or renewal of a licence for an aerodrome shall be—

	Rs.
(1) When the licence is granted or renewed for a period not exceeding three months	15
(2) When the licence is granted or renewed for a period exceeding three months but not exceeding six months ..	20
(3) When the licence is granted or renewed for a period exceeding six months but not exceeding 12 months ..	30

Provided that if, in the opinion of the Governor General in Council, it is necessary or expedient before the grant or renewal of the licence, for the aerodrome in question to be inspected by an officer of Government or other person authorised by the Director of Civil Aviation in India, an additional fee of Rs. 30 shall be chargeable for the inspection, and the applicant shall also be required to pay the travelling expenses of the inspecting officer.

PART XII.—RULES OF THE AIR.

SECTION I.—LIGHTS AND VISUAL SIGNALS TO BE DISPLAYED BY AIRCRAFT AND SOUND SIGNALS.

A.—General.

88. *Obligation to display the required lights.*—The rules concerning lights to be displayed by aircraft shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited. The said lights shall not be dazzling.

89. *Angular limits of lights.*—The angular limits of the lights referred to in this Part shall be determined when the aircraft is in its normal position for flying on a rectilinear horizontal course and as shewn diagrammatically in figure 1 in Schedule IV.

90. *Failure of lights, etc.*—(1) In the event of the failure of any light which is required by these Rules to be displayed by aircraft in flight, the aircraft concerned shall, if the light cannot immediately be repaired or replaced in flight, land as soon as it can do so without danger.

(2) Where, owing to the difficulty of producing lamps to meet the requirements of these Rules as regards sector lights, an overlap of those lights is unavoidable, the overlap shall be as small as possible; there shall be no sector in which no light is visible.

91. *Savings.*—Nothing in these rules shall interfere with the operation of any special rules made by the Government of any State with respect to the additional signal or station lights for military aircraft, aircraft exclusively employed in State services or for aircraft in group formation, or with the exhibition of recognition signals adopted by owners of aircraft which have been authorized by their respective Governments and duly published.

B.—Lights and visual signals to be displayed by aircraft.

Flying machines.

92. *In the air or on land aerodromes.*—(1) Every flying machine in the air or on the landing area of a land aerodrome shall display the following lights, that is to say:—

(*a*) on the right side, a green light, fixed so as to show an unbroken light, visible at a distance of at least 5 miles, throughout a dihedral angle of 110° formed by two vertical planes, of which one is parallel to the plane of symmetry and directed dead ahead, and the other is directed to the right;

(*b*) on the left side, a red light, fixed so as to show an unbroken light, visible at a distance of at least 5 miles, throughout a dihedral angle of 110° formed by two vertical planes, of which one is parallel to the plane of symmetry and directed dead ahead, and the other is directed to the left;

(*c*) at the rear, a white light, fixed so as to show astern an unbroken light, visible at a distance of at least 3 miles, throughout a dihedral angle of 140° formed by two vertical planes bisected by the plane of symmetry.

(2) In a case where, in order to comply with the provisions of sub-rule (1), a single light has to be replaced by several lights, the field of visibility of each of these lights shall be so limited that only one can be seen at a time.

(3) In the case of a flying machine with a maximum span of less than 65 feet, the lights required by this rule may be combined in one or more lamps, placed centrally, provided that the requirements of sub-rules (1) and (2) as to colour and visibility are complied with.

93. *Under way on the surface of the water.*—Every flying machine under way on the surface of the water shall display lights in accordance with the following provisions:—

(1) If it is under control and is not being towed, it shall display the lights required by rule 92, and in addition, forward, a white light fixed so as to show forward an unbroken light visible, at a distance of at least 3 miles, throughout a dihedral angle of 220° formed by two vertical planes and bisected by the plane of symmetry.

(2) If it is being towed, it shall display the lights required by rule 92.

(3) If it is not under control, it shall display two red lights placed where they can best be seen, one vertically over the other, not less than 3 feet apart, and both being visible, so far as practicable, all round the horizon at a distance of at least 2 miles, and, in addition—

(*a*) if making way, it shall display the lights required by rule 92; or

(*b*) if not making way, it shall display the light required by clause (c) of sub-rule (1) of rule 92.

(4) If it is towing another aerodyne, it shall display the lights specified in clause (1) and in addition, forward, two white lights placed where they can best be seen, one vertically over the other, not less than 6 feet apart, and visible at a distance of at least 3 miles in a dihedral angle of 220° formed by two vertical planes and bisected by the plane of symmetry.

94. *At anchor or moored on the surface of the water.*—Every flying machine whether at anchor or moored on the surface of the water shall display lights in accordance with the following provisions, namely:—

(1) In every case, it shall display forward centrally where it can best be seen, a white light, visible all round the horizon at a distance of at least 1 mile.

(2) In a case where the length of the flying machine is 150 feet or upwards, it shall display, in addition to any other light required by this rule, a white light at or near its stern at a lower height than the forward light mentioned in clause (1), and visible all round the horizon at a distance of at least 1 mile.

(3) In a case where the maximum span of the flying machine is 150 feet or upwards, it shall display, in addition to any other light required by this rule, a white light on each side placed in such a manner as to demarcate the maximum lateral dimension of the flying machine and visible, so far as practicable, all round the horizon at a distance of at least 1 mile.

Gliders.

95. In all cases in which flying machines are required by these rules to display lights, a glider shall display a red light visible, so far as practicable, in all directions.

Balloons and Kites.

96. *Free Balloons.*—A free balloon shall display a red light placed not less than 15 or more than 30 feet below the basket and visible, so far as practicable, in all directions at a distance of at least 2 miles.

97. *Captive balloons and kites.*—In the case of a captive balloon or kite, lights shall be displayed in accordance with the following provisions, namely:—

(1) when flown at an altitude exceeding 180 feet above the ground, or at any altitude if it is less than 3 miles from an aerodrome or from a recognised air route the balloon or kite shall display a white light placed 12 feet vertically above a red light, these lights being visible so far as practicable in all directions at a distance of at least 2 miles, the upper white light being placed not less than 15 or more than 30 feet below the basket, or, if there is no basket, below the lowest part of the balloon or kite:

(2) in addition, from the mooring cable of the balloon or kite there shall be displayed at intervals of 1,000 feet measured from the said group of two lights, similar groups of two lights, one white and one red, and if the lowest group of lights is obscured by clouds, an additional group shall be displayed below the cloud base:

(3) in addition, the position of the object to which the balloon or kite is moored on the ground shall be marked by a group of three flashing lights, arranged on a horizontal plane at the apexes of a triangle approximately equilateral and measuring at least 75 feet on each side; the side of this triangle, perpendicular to the horizontal projection of the cable, shall be delimited by two red lights, the third light shall be a green light placed opposite the direction of the cable.

98. *Day markings for captive balloons.*—By day, the mooring cable of a captive balloon shall have attached to it at intervals of not more than 600 feet measured from the basket (or, if there is no basket, from the lowest part of the balloon) tubular streamers, not less than 8 inches in diameter and 6 feet in length, and marked with alternate bands of white and red 18 inches in width.

99. *Day markings for kites.*—By day, the mooring cable of a kite shall be marked, either in the manner required by rule 98 in the case of a captive balloon, or by streamers of stout paper attached to the cable at intervals of 300 feet measured from the lowest part of the kite, such streamers being not less than 30 inches in length and one foot in width in their widest part and marked with alternate bands of white and red 4 inches wide.

Airships.

100. *Under way.*—(1) Except as provided in rule 101 an airship when under way shall display the following lights, namely:—

(*a*) forward, a white light fixed so as to show forward an unbroken light visible at a distance of at least 5 miles and throughout a dihedral angle of 220° formed by two vertical planes and bisected by the plane of symmetry;

(*b*) on the right side, a green light fixed so as to show an unbroken light visible at a distance of at least 5 miles and throughout a dihedral angle of 110° formed by two vertical planes, of which one is parallel to the plane of symmetry and directed dead ahead, and the other is directed to the right;

(*c*) on the left side, a red light fixed so as to show an unbroken light visible at a distance of at least 5 miles and throughout a dihedral angle of 110° formed by two vertical planes, of which one is parallel to the plane of symmetry and directed dead ahead and the other is directed to the left;

(*d*) at the rear, a white light fixed so as to show astern an unbroken light visible at a distance of at least 3 miles and throughout a dihedral angle of 140° formed by two vertical planes and bisected by the plane of symmetry.

(2) In a case where, in order to comply with the provisions of sub-rule (1), a single light has to be replaced by several lights, the field of visibility of each of those lights shall be so limited that only one can be seen at a time.

101. *Not under control.*—(1) An airship which is under way and which is not under control, or which has voluntarily stopped its engines, or which is being towed, shall display the following lights, namely:—

(*a*) the forward and rear lights required by clauses (*a*) and (*d*) of sub-rule (1) of rule 100;

(*b*) in addition, below the airship, two red lights, one placed vertically below the other 12 feet apart, the upper light being 25 feet below the control car, and both being visible so far as practicable in all directions at a distance of not less than two miles;

(*c*) in addition, if making way but not otherwise, the side lights required by clauses (*b*) and (*c*) of sub-rule (1) of rule 100.

(2) By day, an airship in the circumstances mentioned in sub-rule (1) of this rule shall display two black balls or shapes, each at least 2 feet in diameter, one placed vertically below the other 12 feet apart, the upper one being 24 feet below the control car, and both being visible so far as practicable in all directions.

Where necessary in order to comply with this requirement, the said group of two black balls or shapes may be duplicated.

102. *Moored.*—(1) An airship when moored to a mooring mast shall display at or near the rear a white light visible, so far as practicable, in all directions at a distance of at least 3 miles.

(2) An airship, when moored to the ground or the surface of the water by a cable, shall display, forward, the white light required by clause (*a*) of sub-rule (1) of rule 100, and at the rear, the white light required by clause (*d*) of that sub-rule and in addition the airship and its mooring cable shall be lighted or marked in accordance with such of the provisions of rules 97 and 98 as are applicable in the case of a captive balloon.

(3) An airship while picking up its moorings, although considered as being under way and not being under control, shall however display only the lights specified in rule 100 until it is finally made fast.

C.—Sound Signals.

103. *Fog, mist, etc.*—In fog, mist, falling snow or heavy rainstorm, whether by day or night, an aircraft on the water shall make the following sound signals, namely:—

(*a*) If not anchored or moored, a sound at intervals of not more than two minutes, consisting of two blasts of about five seconds duration with an interval of about one second between them.

(*b*) If at anchor or moored, the rapid ringing of an efficient bell or gong for about five seconds at intervals of not more than one minute.

SECTION II.

GROUND MARKINGS AND SIGNALLING.

A. GROUND MARKINGS, LIGHTS AND SIGNALS ON AND IN THE VICINITY OF AERODROMES OPEN TO PUBLIC USE.

104. *Ground markings.*—At every land aerodrome open to public use, the boundaries of the landing area shall, by means of suitable markings, be rendered clearly visible both to aircraft in the air and to aircraft manœuvring on the landing area. In addition, a circle marking may be placed on the landing area. All obstructions existing on a landing area shall be clearly marked. In case part of the marked landing area should become unfit for use, this part shall be delimited by clearly visible markings or flags, and may, in addition, be indicated by one or more clearly visible crosses.

105. *Ground signals.*—(1) At every aerodrome open to public use—

(*a*) the direction of the wind at the landing area shall be clearly indicated by one or more of the recognised methods, *e.g.*, conical streamers, smudge fire, etc.;

(*b*) if there is a landing T, it shall be used to indicate the compulsory direction for landing and taking-off, even should such direction not correspond to the direction of the wind. Normally, the T shall be so placed that the long arm lies along the direction of the wind, with the cross arm set at that end of the long arm from which the wind is blowing. In the event of there being no wind or a light irregular wind, the T shall be fixed in the direction in which the landing or departure is to be made, and the fact that it is fixed shall be signalled by the presence of a ball, mounted on a mast on the signal area and clearly visible both to aircraft in flight and to those manœuvring on the landing area.

(2) When, by way of exception, at certain aerodromes, the landing area is regarded as divided into two approximately equal zones, one for departure and the other for landing, as provided for in rule 126, this special arrangement must be indicated by a full star of five points (constituted by a regular non-convex pentagon which could be inscribed in a circle of not less than forty-five feet diameter) as shown in figure 2 in Schedule IV.

(3) When under rule 118 the special rules for air traffic prescribed in Section V are temporarily suspended, wholly or partially, in respect of a specified aerodrome such suspension shall be indicated by a red square panel, each side of which measures at least ten feet, placed horizontally as shown in figure 3 in Schedule IV.

(4) If an order issued under rule 118 prescribes among other things that circuits outside the landing area and those for taking off and landing, which are referred to in clause (*b*) of rule 120 and rule 124, are to be right-handed, the red square panel, prescribed in sub-rule (3) of this rule, shall, along two of its sides, be bordered by a red rectangular panel at least three feet in width, separated from the central panel by at least three feet. At the extremity of one of the rectangular panels

shall be placed a red triangle so as to indicate that the direction of the circuit is right-handed as shown in figure 4 in Schedule IV. If, however, the only object of the order is that circuits should be right-handed, the red square panel shall not be displayed.

(5) When special circumstances call for a prohibition to land liable to be prolonged, use shall be made of a red square panel, placed horizontally, each side of which measures at least ten feet and the diagonals of which are covered by yellow strips at least two feet in width, arranged in the form of an X as shown in figure 5 in Schedule IV.

(6) When the bad state of the landing area or any other reason calls for the observance of certain precautions in landing, use may be made of a red square panel, placed horizontally, each side of which measures at least ten feet and one of the diagonals of which is covered by a yellow strip at least two feet in width as shown in figure 6 in Schedule IV.

(7) When a landing by means of a radioelectric guide is taking place the fact may be signalled by hoisting on a mast a yellow triangular equilateral pyramid, each side of which measures at least six feet as shown in figure 7 in Schedule IV.

(8) The signals referred to in the foregoing sub-rules shall, whenever possible, be displayed in a special part of the aerodrome selected as a signal area; by way of exception, the wind indicators and the landing T referred to in sub-rule (1) of this rule may be located elsewhere.

(9) During periods of poor visibility, the lights existing for night lighting shall be operated by day, whenever possible and in so far as necessary.

106. *Ground lights.*—(1) At every aerodrome open to public use and used for night flying, the following provisions shall apply during the working hours of the night service, namely:—

(*a*) *Dangerous lights.*—No lights shall be exhibited at or in the neighbourhood of an aerodrome which may endanger the safety of aircraft, whether by reason of glare, or by causing confusion with or preventing clear visual reception of the lights or signals prescribed in these rules.

(*b*) *Aerodrome beacon.*—The position of the aerodrome may be indicated by a luminous beacon.

(2) At every land aerodrome open to public use and used for night flying, the following provisions shall apply during the working hours of the night service, namely:—

(*a*) *Lighting of obstructions.*—Fixed red lights shall be exhibited—

(i) on all obstructions within the landing area which constitute a danger to aircraft in motion on the landing area;

(ii) as far as possible, on all obstructions within 1,000 yards of the boundary of the landing area and constituting a danger to aircraft approaching or leaving the aerodrome in a normal manner. In case it should be impossible to exhibit fixed red lights on such obstructions, their horizontal projection and the centre of the obstructions shall, as far as possible, be clearly indicated by synchronised red flashing or occulting lights, placed on a level with or near to the ground.

(*b*) *Lighting of landing T and of wind indicators.*—The landing T, if used, and at least one of the wind indicators shall be illuminated with fixed lighting, preferably white.

(*c*) *Lighting of signals.*—The signals displayed in the signal area shall be suitably illuminated.

(*d*) *Lighting of landing area*—

(i) The landing area or the part thereof on which landings should be made shall be illuminated by a floodlight or floodlight system during landing manœuvres;

(ii) In default, one of the following methods may be used:

First method: A line of lights spaced 150 feet apart shall be laid out on the ground, consisting of a central section of six white lights to indicate that landings should be made on the adjacent portion of the landing area and on either side of this line, with at least two green lights at one end and at least two red lights at the other end to indicate that landings should be made from the direction of the green lights towards the red lights;

Second method: Lights shall be laid out on the ground in the form of a T, the long arm of which shall be composed of at least four lights in a line not less than 250 yards in length. The light at the foot of the T shall indicate the place where the aerodyne should first make contact with the ground and the cross arm of the T shall indicate the place where it should finish its run. Landings may be made on either side of the long arm of the T but always parallel to that arm; in the event, however, of the area situated on either side of the long arm becoming obstructed, the light indicating the cross arm on that side shall be removed and landing shall be effected on the opposite side.

The direction of landing and take-off will be given by the two alternative methods referred to above; the landing T shall not, therefore, be used.

(*e*) *Approach lighting*—The most favourable sectors of approach to the landing area may be indicated by green lights.

(*f*) *Boundary lighting*—The boundary of the landing area shall be marked by fixed yellow-orange lights, normally laid out 300 feet apart:

Provided that—

(i) when there are obstructions on the boundary of the landing area, the lights serving to mark such obstructions may take the place of boundary lights;

(ii) when the boundary lights are in the form of strips, their colour may be red;

(iii) when local conditions render unavoidable the use of gas boundary lights, they may be given an intermittent character;

(iv) when the boundary of the landing area cannot be marked, only the extremities of such landing area between which aircraft may move without danger shall be indicated by fixed yellow-orange lights.

(8) At every water aerodrome open to public use and used for night flying, the provisions of sub-rule (2) shall equally apply, except in cases of obvious impossibility.

B. DISTRESS, URGENCY AND SAFETY SIGNALS.

107. (1) *General.*—The following general provisions shall apply to all distress, urgency and safety signals, namely:—

(*a*) the signals referred to in this rule may be transmitted only with the authorisation of the commander or person responsible for the aircraft;

(*b*) when these signals are sent by radiotelegraphy or radiotelephony, the group or spoken expression shall be sent three times, and followed by the group DE and the call sign, also sent three times, of the station which sends it. In the case of "safety" messages, the frequency to be employed is that for "distress" messages.

(2) *Distress Signals.*—When an aircraft is threatened by grave and imminent danger and requests immediate assistance, the following signals shall be used or displayed, either together or separately, before the sending of a message, namely:—

(*a*) by radiotelegraphy—

the signal . . . — — — . . . [See Note (1)].

(*b*) by radiotelephony—

the spoken expression "MAYDAY" (corresponding to the French pronunciation of the expression "m'aider").

(*c*) by visual signalling—

(i) the signal . . . — — — . . . with signalling apparatus;

(ii) a succession of red pyrotechnical lights fired at short intervals;

(iii) the two-flag signal corresponding to the letters NC of the International Code of Signals [See Note (2)];

(iv) the distant signal, consisting of a square flag having, either above or below it, a ball or anything resembling a ball [See Note (2)].

(*d*) by sound signalling—

(i) the signal . . . — — — . . . with any sound apparatus;

(ii) a continuous sounding with any sound apparatus [See Note (2)].

Note (*1*).—When the signal specified in clause (*a*) above is sent by radiotelegraphy on 500 kc/s (600 m.), it shall, when possible, in order to be received by automatic maritime apparatus, be followed by the automatic alarm signal consisting of a series of twelve dashes of four seconds each, separated by an interval of one second.

Note (*2*).—The signals specified in (iii) and (iv) of clause (*c*) and (ii) of clause (*d*) above are normally for use by seaplanes on the surface of the water, but they may also be used by aircraft in the air.

(3) *Urgency Signals.*—(*a*) When an aircraft wishes to give notice of difficulties which compel it to land without requiring immediate assistance, the following signals shall be used, either together or separately, before the sending of a message, namely:—

(i) by radiotelegraphy—

the group PAN, the letters of which must be well separated that the signals A N may not be transformed into one signal P;

(ii) by radiotelephony—

the spoken expression PAN (corresponding to the French pronunciation of the word "panne");

in cases where, owing to the rapidity of the manœuvres to be executed, the aircraft is unable to transmit the intended message by radiotelegraphy or radiotelephony, the signal PAN not followed by a message retains this meaning;

(iii) by visual signalling—

by day: a succession of white pyrotechnical lights;

by night: a succession of white pyrotechnical lights, or a succession of short and intermittent flashes with the navigation lights.

(*b*) When an aircraft has a very urgent message to transmit concerning its own safety, or that of an aircraft, ship or other vehicle, or the safety of any person on board or within sight, the following signals shall be used, either together or separately, before the sending of the message. As a general rule they are addressd to a specific authority.

(i) by radiotelegraphy—

the group XXX;

the letters of each group and the successive groups shall be clearly separated from each other;

(ii) by visual signalling—

either a succession of green pyrotechnical lights;
or a succession of green flashes with signalling apparatus.

(4) *Safety Signals.*—When an aircraft is about to transmit a message concerning the safety of navigation or giving important meteorological warnings, the following signals shall be used, either together or separtely, before the sending of a message, namely:—

(*a*) by radiotelegraphy—

the group T T T;

the letters of each group and the successive groups shall be clearly separated from each other.

(*b*) by radiotelephony—

the French word "SECURITE" (to which correspond in English pronunciation the syllabus SAY-CURE-E-TAY).

(*c*) by visual signalling—

International visual signalling procedure, by signalling apparatus or flags.

C. OTHER SIGNALS TO OR FROM AIRCRAFT.

108. *At aerodromes open to public use—*

(1) By day and by night, when there is an officer controlling the traffic, he shall, except as permitted by sub-rule (2) of this rule, use the following visual signals, namely:—

(*a*) to authorise movement on the landing area, but excluding authorisation to take-off, he shall direct at the aircraft an intermittent white luminous beam;

(*b*) to authorise taking-off, he shall direct at the aircraft a continuous white luminous beam;

(*c*) to prohibit taking-off or any movement on the landing area, he shall direct at the aircraft an intermittent red luminous beam;

The signals in this sub-rule may be preceded by the last three letters of the registration group of the aircraft to which the signal is addressed; these three letters shall be sent in the International Morse Code, by using a luminous beam of the same colour as the signal which is to be sent.

(2) By day, when there is on the landing area an officer controlling the traffic, he may use the following signals, namely:—

(*a*) to authorise movement on the landing area, but excluding authorisation to take-off, he shall wave a small white flag in the direction to be followed;

(*b*) to authorise taking-off, he shall lower a small white flag in the direction of taking-off;

(*c*) to prohibit taking-off or movement towards the taking-off point, he shall raise a small red flag;

(*d*) to prohibit landing, he shall wave a small red flag vertically above his head.

(3) An aircraft wishing to land at night, without being compelled to do so, on an aerodrome having a ground control, shall, before landing, ask permission by a signal made either by radiotelegraphy or radiotelephony or by means of a lamp or a projector, the use of the navigation lights for this purpose not being permissible.

The visual signal, sent by International Morse Code, shall be composed of the last three letters of the registration group of the aircraft; this signal shall be repeated for as long as may be necessary.

The reply will be given from the ground to the aircraft either by radiotelegraphy or radiotelephony or by visual signal, it being understood that when permission has been asked by visual signal the reply shall always be by visual signal. The visual signal shall consist of a repetition of the same three-letter sign made with the signalling lights of the aerodrome.

These signalling lights shall be constituted either by a group of lights arranged on a horizontal plane at the apexes of an equilateral triangle, each side of which measures from one to three yards, or by a luminous beam directed at the aircraft.

The colour green shall be used to give permission to land and the colour red to prohibit landing.

109. *Signals for aircraft not to land.*—(1) At every aerodrome, the firing of a red pyrotechnical light or the display of a red flare from the ground, whether by day or by night and notwithstanding any previous permission, shall be taken as an instruction to aircraft in flight that they are not to land for the moment and to aircraft manœuvring on the landing area that they are to stop moving.

(2) At aerodromes provided with the triangular device provided for in sub-rule (3) of rule 108, the emission by such device of intermittent red lights shall, whether by day or by night and notwithstanding any previous permission, instruct aircraft in flight that they are not to land for the moment.

110. *Signals for aircraft to land.*—To require an aircraft to land, the following signals shall be used, namely:—

(*a*) by day: a series of projectiles discharged at intervals of ten seconds, each showing on bursting black smoke.

(*b*) by night: a series of projectiles discharged at intervals of ten seconds, showing on bursting white lights or stars.

In addition, if it is necessary to distinguish amongst several the aircraft which is to land, an intermittent white luminous beam shall be directed at that aircraft.

Provided that, when the authority who desires to give the order to land is able to establish a radioelectric communication with the aircraft, this order may be given by using the means of communication established.

111. *Warning signal for prohibited areas.*—To warn an aircraft that it is in the vicinity of a prohibited area and should change its course, the following signals shall be used, namely:—

(*a*) by day: a series of projectiles discharged at intervals of ten seconds, each showing on bursting orange smoke;

(*b*) by night: a series of projectiles discharged at intervals of ten seconds, showing on bursting orange lights or stars.

Provided that, when the authority who desires to prescribe the change of course referred to in this rule is able to establish a radio-electric communication with the aircraft, this order may be given by using the means of communication established.

SECTION III.

GENERAL RULES FOR AIR TRAFFIC.

112. *General.*—(1) Subject to the provisions of sub-rule (6) of this rule and clause (1) of rule 116, mechanically driven aerodynes shall always give way to non-mechanically-driven aerodynes and to aerostats, and mechanically-driven aerostats to non-mechanically-driven aerostats and aerodynes.

(2) An airship which is under way and which is not under control (or which has voluntarily stopped its engines) shall, for the application of the rules in Section III, be classed as a free balloon.

113. *Risk of collision.*—(1) When circumstances permit, an aircraft can ascertain risk of collision with another aircraft by carefully watching the successive compass bearings and angles of elevation of the latter. It shall consider that risk of collision with this other aircraft exists if neither the bearing nor the angle of elevation changes appreciably and if the distance between the two aircraft diminishes.

The term "risk of collision" includes all risk of accident due to undue proximity of other aircraft.

(2) Every aircraft which is required by these Rules to give way to another to avid collision, shall keep a safe distance, having regard to the circumstances of the case.

(3) While observing the provisions relative to risk of collision contained in sub-rules (1) and (2), a mechanically-driven aircraft must always manœuvre according to the provisions of sub-rules (4) and (8), as soon as it is apparent that, if it pursued its course, it would not pass clear of another aircraft.

(4) When two mechanically-driven aircraft are meeting end on or nearly end on, each shall, without prejudice to the application of the provisions of sub-rule (1), alter its course to the right.

(5) Subject to the application of the provisions of sub-rule (1) of of this rule and sub-rule (3) of rule 116, when two mechanically-driven aircraft are on courses which cross, the aircraft which has the other on its own right side shall keep out of the way of the other.

(6) An aircraft overtaking any other shall keep out of the way of the overtaken aircraft by altering its own course to the right, and must not pass by diving.

Every aircraft coming up with another aircraft from any direction more than 110 degrees from ahead of the latter, *i.e.*, in such a position with reference to the aircraft which it is overtaking that at night it would be unable to see either of that aircraft's side lights, shall be deemed to be an overtaking aircraft, and no subsequent alteration of the bearing between the two aircraft shall make the overtaking aircraft a crossing aircraft within the meaning of these rules, or relieve it of the duty of keeping clear of the overtaken aircraft until it is finally past and clear.

As by day the overtaking aircraft cannot always know with certainty whether it is forward or abaft the direction mentioned above from the other aircraft, it should, if in doubt, assume that it is an overtaking aircraft and keep out of the way.

(7) Every aircraft which is obliged by the rules in Part XII to keep out of the way of another aircraft shall, if the circumstances of the case admit, avoid passing over or under the other, or crossing ahead of it.

(8) Where, by any of the rules in Part XII, one of two aircraft is to keep out of the way, the other shall keep its course and speed. When, however, in consequence of thick weather or any other cause, the aircraft having the right of way finds itself so close that collision cannot be avoided by the action of the giving-way aircraft alone, it shall take such action as will best aid to avert collision.

(9) Every aircraft in a cloud, fog, mist or other conditions of bad visibility, shall proceed with caution, having careful regard to the existing circumstances.

(10) Every aircraft flying beneath clouds shall always do so, so far as it is safe and practicable, at such a distance below the clouds as will enable it readily to see and be seen.

114. *Risk of collision on air traffic routes.*—In order to obviate the increased risk of collision which exists on air traffic routes the following provisions shall be observed by aerodynes and airships when flying on or in the vicinity of such routes, namely:—

(1) An aircraft flying by compass along the straight line (rhumb line) joining two points on an air traffic route in common use, shall keep such line at least 1,000 yards on its left.

(2) An aircraft following, either an officially recognised air traffic route, or a route frequented by aircraft and indicated on the ground by a line of landmarks such as a road, railway, river, canal, coastline, etc., shall keep such route at least 300 yards on its left.

(3) An aircraft shall not fly keeping on its right any of the lines or routes referred to in rule 114, except at a distance therefrom sufficient to avoid aircraft following such lines or routes in accordance with the said rule.

(4) An aircraft crossing one of the lines or routes referred to in rule 114 shall cross it at right angles as rapidly as possible.

(5) In the case of pre-arranged flights in group formation, the aircraft of the leader of the group shall lead the flight in such a manner that every aircraft in the group can comply with rule 114.

115. *Position of pilot.*—To facilitate the application of the rules for air traffic contained in this Part, the pilot of a mechanically-driven aerodyne shall, save in exceptional circumstances, be placed either in the plane of symmetry of the aerodyne or on the left-hand side of such plane.

SECTION IV.

SPECIAL RULES FOR AIR TRAFFIC ON AND IN THE VICINITY OF ALL AERODROMES.

116. *Special rules.*—The following provisions shall apply on and in the vicinity of all aerodromes, namely:—

(1) Aircraft about to land on an aerodrome shall be given free way.

(2) An aircraft about to take off shall not attempt to do so until there is no risk of collision with another aircraft.

(3) In the case of two mechanically-driven aerodynes approaching an aerodrome for the purpose of landing, the aerodyne flying at the greater height shall be responsible for avoiding the aerodyne at the lower height, but the latter shall, if the contingency arises, comply with the provisions of sub-rule (6) of rule 113.

SECTION V.

SPECIAL RULES FOR AIR TRAFFIC ON AND IN THE VICINITY OF AERODROMES OPEN TO PUBLIC USE.

A. GENERAL.

117. *Extent of application.*—(1) The provisions of Section V shall apply on and in the vicinity of aerodromes open to public use. They concern only land and water aerodromes for mechanically-driven aerodynes, which are designated in the present Section by the single word "aerodynes".

(2) Non-mechanically-driven aerodynes on and in the vicinity of aerodromes open to public use shall comply with the provisions of Section V as far as possible.

118. *Exemptions.*—The Governor General in Council may by special order in writing in this behalf temporarily suspend the application of all or any of the provisions of Section V with reference to any aerodromes in British India which is open to public use. Where any

such order is for the time being in force with respect to any aerodrome the suspension shall be indicated by the appropriate signals provided for in sub-rule (3) of rule 105.

119. *Neutral zones.*—At land aerodromes, a neutral zone, situated along the perimeter of the landing area and at the approaches to the hangars, may be set apart for aerodynes manœuvring on the ground.

B. FLIGHT OVER OR IN THE VICINITY OF THE LANDING AREA.

120. *Minimum Flying altitude.*—Subject to any special local regulations which may exist:

(*a*) flight over a landing area at a lower height than 2,000 feet is prohibited for aerodynes, save in the case of a departure or landing.

(*b*) every aerodyne flying outside a landing area at a distance of less than 2,000 yards from the nearst point of such area shall, unless it is flying at a greater height than 2,000 feet, keep the landing area on its left.

121. *Aerial acrobatics.*—Aerodynes are prohibited from engaging in aerial acrobatics in the vicinity of aerodromes, at a distance of less than two miles from the nearest point of the perimeter of the aerodrome, unless they are flying at a greater height than 6,000 feet.

122. *Landings by radioelectric guide.*—When an aerodyne is about to land by means of a radioeletric guide, other aerodynes, in order to avoid collision, must conform to any local rules in force which may be applicable or, in default of such rules, fly as low as possible below the clouds.

123. *Fixed balloons and kites.*—No fixed balloon or kite shall be elevated in the vicinity of an aerodrome without a special authorisation.

C. RULES TO BE OBSERVED FOR DEPARTURES AND LANDINGS.

124. *Circuits.*—An aerodyne starting from or about to land on an aerodrome shall make a circuit or partial circuit and the turning shall be made clear of the landing area and shall be left-handed (anti-clockwise), so that during such circuit the landing area shall always be on its left.

As an exception, the turning shall be right-handed when the signal indicated in sub-rule (4) of rule 105 is displayed.

125. *Direction of take-off or landing.*—(1) Every aerodyne taking off from or landing at an aerodrome shall do so upwind, except when the natural conditions of the aerodrome do not permit. If, however, there is a landing T as provided for in clause (*b*) of sub-rule (1) of rule 105, or a line of lights as provided for in sub-clause (ii) of clause (*d*) of sub-rule (2) of rule 106, the aerodyne shall take off or land in the direction indicated by this T (*i.e.*, by following the direction of the long arm of the T towards the cross arm of that T) or by the line of lights.

(2) Landings shall be preceded by a descent in a straight line, commencing at least 300 yards outside the perimeter of the landing area.

(3) Every aerodyne landing at an aerodrome shall leave clear on its left any aerodyne which has already landed or is already landing, or which is taking off or about to take off.

(4) Every aerodyne taking off from an aerodrome shall leave clear on its left any aerodyne which is already taking off.

(5) In observing the provisions of rule 125, every aerodyne, when landing or taking off, shall leave a reasonable space on its right for other aerodynes to land or take off.

(6) At an aerodrome, taking off or landing simultaneously by two or more aerodynes, unless pre-arranged, is prohibited.

(7) For the purposes of rule 125, two or more aerodynes taking off or landing simultaneously by pre-arrangement shall be regarded as a single aerodyne.

126. *Zones for landings and departures.*—(1) By way of exception, at certain aerodromes, the landing area may be regarded as divided into two approximately equal zones, by a vertical plane bearing in the direction of departure and landing defined in sub-rule (1) of rule 125. For an observer facing in the direction towards which departures and landings are to be made, the zone on the right will be the one reserved for landings and the zone on the left the one reserved for departures. This special arrangement must be indicated by the signal provided for in sub-rule (2) of rule 105.

(2) Every aerodyne landing at one of these aerodromes shall do so in conformity with the provisions of sub-rules (1) and (2) of rule 125, as far as possible to the left in the zone reserved for that purpose, but leaving clear on its left any other aerodyne which has already landed or which is landing.

(3) Every aerodyne taking off from one of these aerodromes shall do so in conformity with the provisions of sub-rule (1) of rule 125, as far as possible to the left in the zone reserved for that purpose, but leaving clear on its left any other aerodynes which are already taking off.

127. *Take-offs.*—On land aerodromes having a ground control, no aerodyne having proceeded on to the landing area with the intention of taking off shall take off until it has received permission to do so by the signals prescribed in clause (b) of sub-rule (1), and clause (b) of sub-rule (2), of rule 108.

D. RULES TO BE OBSERVED FOR MANOEUVRES ON THE GROUND.

128. (1) *Land aerodromes.*—Every aerodyne moving on the ground in the landing area shall normally do so in the direction of landing. It may, however, in order to shorten its course, cross the landing area to reach its take-off point or the boundary, provided that, in the course of such movement, turns are always made to the left, that it gives free way to every aircraft leaving or landing, and that it conforms to the provisions of sub-rules (4) and (8) of rule 113.

(2) *Water aerodromes.*—The rules for land aerodromes contained in sub-rule (1) of this rule apply equally to water aerodromes, subject however to the provisions contained in rule 129.

(3) On aerodromes having a ground control, in addition to the observance of the provisions of sub-rules (1) and (2) of this rule, no aerodyne shall proceed on to the landing area until it has received permission to do so by the signal prescribed in clause (a) of sub-rule (1), or clause (a) of sub-rule (2), of rule 108.

SECTION VI.

RULES RELATING TO AIRCRAFT ON THE SURFACE OF THE WATER.

129. *Regulations for preventing collisions at sea.*—Every aircraft manœuvring under its own power on the water shall conform to the regulations for preventing collisions at sea, and for the purposes of these regulations shall be deemed to be a steam-vessel:

Provided that—

(*a*) in conforming with the above-mentioned regulations, it shall be borne in mind that steam-vessels in narrow channels are not able to manœuvre so as to avoid collision with aircraft;

(*b*) the aircraft shall carry only the lights specified in Section I of this part, and not those prescribed for steam-vessels in the regulations for preventing collisions at sea; it shall use the sound signals specified in the above-mentioned regulations only as specified in rule 103 and clause (d) of sub-rule (2) of rule 107; and it shall not be deemed to hear any sound signals.

SECTION VII.

MISCELLANEOUS PROVISIONS.

130. *Ballast.*—The dropping of ballast other than fine sand or water from aircraft in the air is prohibited.

131. *Observance of general and special rules for air traffic.*—In conforming with the provisions of Sections III, IV and V of this Part, due regard shall be had to all dangers of navigation and collision and to any special circumstances which may render a departure from these rules necessary in order to avoid immediate danger.

132. *Neglect in the use of lights or signals, etc.*—Nothing in this Part shall exonerate any aircraft, or the owner, pilot or crew thereof, from the consequences of any neglect in the use of lights or signals, or of any neglect to keep a proper lookout, or of the neglect of any precaution which may be required by the ordinary practice of the air, or by the special circumstances of the case.

133. *Special orders relative to navigation of aircraft in the immediate vicinity of an aerodrome.*—Nothing in this Part shall interfere with the operation of any special rule or rules approved by the Governor General in Council and published relative to navigation of aircraft in the immediate vicinity of any aerodrome or other place, and it shall be obligatory on all owners, pilots, or crews of aircraft to obey such rules.

PART XIII.—GENERAL.

134. *Inspection.*—Any person authorised by the Governor General in Council by special or general order in writing in this behalf may—

(*a*) at all reasonable times enter any place to which access is necessary for the purpose of exercising his powers or carrying out his duties under these rules;

(*b*) at all times during working hours enter that portion of any factory or place in which aircraft or parts of aircraft or aero engines or parts of aero engines are being manufactured, overhauled, repaired or assembled and inspect any such factory or place, aircraft, aero engines or parts and any drawings relating to such aircraft, aero engines or parts;

(*c*) at any time inspect any flying machine which is required by these rules to be certified as airworthy or in respect of which a certificate of airworthiness is in force;

(*d*) enter, inspect and search any aircraft for the purpose of securing compliance with any of these rules.

135. *Forgery, etc., of documents.*—No person shall fraudulently lend any licence or certificate issued under these Rules or allow it to be used by any other person.

136. *Foreign Military Aircraft.*—No person shall fly or land, or assist in flying or landing, any foreign military aircraft over or in British India except on or with the invitation or permission in writing of the Governor General in Council, and on such conditions as may be specified in the invitation or permission.

137. *Obstruction of authorised persons.*—No person shall voluntarily obstruct any person acting in the exercise of his powers or in the discharge of his duties under these Rules.

138. *General power to exempt.*—The Governor General in Council may by general or special order in writing exempt any aircraft or class of aircraft or any person or class of persons from the operation of these rules, either wholly or partially, subject to such conditions, if any, as may be specified in such order.

139. *Penalties.*—(1) Any person contravening any of these rules shall, where no punishment is provided for such contravention in the Indian Aircraft Act, 1934 (XXII of 1934), be punishable to the extent laid down in Schedule VI to these rules.

(2) It shall be a defence to any proceedings for contravention of or failure to comply with, these rules if the contravention or failure is proved to have been due to accident, stress of weather or other unavoidable cause; and it shall be a defence to any proceedings under these rules against the owner, hirer, operator, pilot or commander of an aircraft that the alleged contravention took place without his actual fault or privity.

SCHEDULE I.

(See rule 12.)

Areas over which flight by aircraft is prohibited.

Area.	Extent of prohibition.
(1) The area included within a radius of one mile from the Towers of Silence on Malabar Hill, Bombay.	Absolute.
(2) The North-West Frontier Province and the Political Agencies and tribal areas under the charge of the Governor of the North-West Frontier Province in his capacity of Agent to the Governor General.	
(3) All territory in British Baluchistan and Baluchistan Agency Territories comprised within the following areas :—	
(*a*) The District of Zhob ..	
(*b*) That part of the Districts of Sibi and Loralai lying to the north of the parallel of latitude passing through Kach.	
(*c*) The Quetta-Pishin District with the exception of territory lying to the south and east of the railway line from Kach through Bostan and Quetta to Spezand, and with the exception of territory lying within a radius of 15 miles from Quetta railway station.	
(*d*) That part of the District of Chagai lying to the north of the railway line from Spezand through Nushki and Dalbandin to Duzdap and all territory lying south of the railway within 20 miles of the Persia-Baluchistan Frontier.	

Note.—These areas are shewn on a map which may be obtained on application to the Director of Civil Aviation in India, Simla/New Delhi.

SCHEDULE II.

(See rule 41.)

Proofs of Competency, Tests and Examinations for the Issue and Renewal of Licences to Aircraft Personnel.

Personnel.

The qualifications of which proofs are required from applicants for licences or renewal of licences are as set out below :—

SECTION A.—PRIVATE PILOT'S LICENCE ("A" LICENCE) (FLYING MACHINES).

1. *Flying Experience.*—An applicant for the grant of a licence or the renewal of a licence shall be required to produce evidence or having

carried out, during the six months immediately preceding the date of the application, not less than five hours solo flying.

2. *Flying Tests.*—(1) An applicant for the grant of a licence shall be required to carry out the following tests to the satisfaction of the examiners:—

(*a*) Tests for altitude and gliding flight: Two flights each finishing with a glide, the engines being completely throttled down at not less than 2,000 feet above the landing area. The landings shall be made without reopening the throttle and within 150 yards of a point fixed beforehand by the official examiners of the test.

(*b*) Test of skill: A flight around two posts (or buoys) situated 500 yards apart making a series of five figure-of-eight turns, each turn reaching one of the two posts (or buoys). This flight shall be made at an altitude of not more than 600 feet above the ground (or water) without touching the ground (or water). The landing shall be effected by:—

(i) finally closing the throttle of the engine at latest when the aircraft touches the ground (or water);

(ii) finally stopping the flying machine without the use of brakes within a distance of 50 yards from a point fixed by the candidate before starting.

(*c*) Spinning test: A left hand and right hand spin. During this test the examiner shall be on board. The test shall be undertaken at such a height that normal flight is resumed after the spin at a height of not less than 2,000 feet above the ground.

(2) An applicant for the renewal of a licence who has not had the recent flying experience laid down in paragraph 1 of this Section shall carry out the following tests to the satisfaction of the examiner:—

(*a*) Test of skill: Three figure of eight turns in accordance with sub-paragraph (1) of this paragraph.

(*b*) Landing test: Three landings, finally stopping the aircraft on each occasion without the use of brakes within a distance of 50 yards from a point fixed by the applicant before starting.

(3) An applicant for the addition to his licence of a different type of aircraft may be required to carry out any of the foregoing tests and shall normally be required to carry out the landing test detailed in clause (*b*) of sub-paragraph (2).

3. *Technical Examination.*—An applicant for the grant of a licence shall be required to pass, to the satisfaction of the examiners, an examination in the following subjects:—

(*a*) Rules as to Lights and Signals; General Rules for Air Traffic; Special Rules for Air Traffic on and in the vicinity of aerodromes open to Public use.

(*b*) International Air Legislation, with particular reference to the obligations of a pilot in international flights.

(*c*) General knowledge of, in so far as they affect the responsibilities of a pilot the rules made under the Indian Aircraft Act, 1934 (Act XXII of 1934), and Notices to Airmen.

4. *Medical Examination.*—(1) The medical examination shall be carried out by a medical practitioner who possesses qualifications entitling him to inclusion in the Medical Register of Great Britain, and who may be the applicant's usual medical attendant. Such examination shall be conducted in accordance with such form as may be prescribed by the Governor General in Council and a copy of that form, completed as required, shall be forwarded by the medical officer to the Director of Civil Aviation, Simla/Delhi, by whom copies of the form will be supplied on demand.

(2) The medical examination shall be based upon the following requirements of mental and physical fitness:—

(*a*) Good family and personal history, with particular reference to nervous stability, as to which information shall be given in a statement made and signed by the applicant and satisfactory to the medical examiner.

(*b*) *General surgical examination.*—The applicant must neither suffer from any wound or injury nor have undergone any operation, nor possess any abnormality, congenital or acquired, which might interfere with the safe handling of a private flying machine under ordinary conditions. Palpation of the abdomen and abdominal viscera, particularly the pyloric, vesicular duodenal and appendicular regions, whenever it reveals any swelling or distinct pain, must be completed by a radioscopic and radiographic examination.

Any anatomical lesion in the walls of any part whatever of the digestive tube, any stricture of its calibre, any calculus or foreign body, any peritoneal lesion, established by clinical or laboratory examinations, will entail rejection. Exception may be made for spasmodic strictures not accompanied by other troubles and for ptoses compensated by a good abdominal musculature.

An applicant who has undergone a surgical intervention in the biliary passages or the digestive tube, except appendicitis, involving a total or partial excision or a diversion of any of these organs, shall be declared unfit unless (i) a period of two years has elapsed since the surgical intervention and the effects of the operation are not considered liable to cause sudden incapacity in the air, or (ii) an attestation made by a surgeon, having knowledge of the nature of the disease which necessitated the operation, certifies that no immediate or future consequences are to be feared.

Diseases of the liver (including those of the biliary passages) and of the pancreas shall in cases where it is deemed necessary be verified by laboratory examination, particularly by radiography as well as by an examination of the blood and of the urine, and shall entail rejection only if they afford indication of the existence of a calculus, tumour or lesion involving a persistent impairment of function of these organs.

(*c*) *General Medical Examination.*—The applicant must not suffer from any disease or disability which renders him liable suddenly to become incompetent in the management of aircraft. He must possess heart, lungs and nervous system in a state to withstand the effects of altitude. He must be free from kidney disease, and must not present any clinical sign of syphilis, nor have any cardiac lesion.

(*d*) *Eye Examination.*—The applicant must possess, with correction by glasses if necessary, a visual acuity equal to at least 70 per cent. of the normal visual acuity for each eye taken separately. Visual acuity shall be measured by means of standard test types (optotypes) powerfully illuminated in such manner that the light does not shine directly into the eyes of the examinee. Binocular vision, ocular poise, ocular mobility, the field of vision of each eye and colour perception must be normal. With regard to colour perception, a candidate suffering from daltonism may however be accepted under the following conditions:—

(i) if he is unable to distinguish pigmentary colours but is able to distinguish the coloured lights used in air navigation, his licence is rendered valid both for flight by night and for flight by day;

(ii) if he is unable to distinguish either pigmentary colours or the coloured lights used in air navigation, his licence is rendered valid only for flight by day, that is to say, between sunrise and unset.

(*e*) *Ear Examination.*—The middle ear must be healthy. The applicant must possess an auditory acuity not less than that corresponding with the perception of the whispered voice at one metre. The vestibular mechanism must be intact and not hyper-sensitive. It must be equal on both sides.

(*f*) *Nose, Throat and Mouth Examination.*—The applicant must possess free tubular air entry on both sides:

Provided that a person who does not satisfy the whole of the above medical requirements may, at the discretion of the Governor General in Council, be accepted, so far as such requirements are concerned, as eligible for the renewal of a licence, or for the issue of a licence if he has previously been found medically fit for flying:

Provided also that a person who does not satisfy all the above medical requirements may, at the discretion of the Governor General in Council, be accepted as eligible for the issue of a licence subject to such limitations as the Governor General in Council may impose and on the condition that the licence shall in no case be valid for flight outside India.

(3) The medical examination shall take place before the commencement of flying instruction in the case of an application for the issue of a licence, and, in the case of an application for renewal of a licence, not earlier than 15 days before the date of expiry of the validity of the licence.

(4) Every applicant who presents himself to undergo the medical examination required for the issue or renewal of a licence must furnish to the medical examiner a declaration signed by him stating whether he has previously undergone such a medical examination, and with what result. A false declaration shall render the applicant liable to the cancellation of any licence issued or renewed to him as the result of the examination.

SECTION B.—PILOT'S "A—1" LICENCE (FLYING MACHINES).

1. *Flying experience.*—(1) An applicant for the original endorsement of a licence shall be required to produce evidence of having carried out during the two years preceding the date of application not less than 100 hours solo flying (including not less than 30 landings) of which not less than 15 hours shall have been performed during the preceding six months, and of which not less than 25 hours shall consist of cross country flights:

Provided that, except in a case where the Governor General in Council is satisfied that the experience of the applicant as a pilot is sufficiently long and varied as to constitute equivalent experience, an applicant for the endorsement of his licence in respect of a type of flying machine fitted with two or more engines, shall be required to produce evidence of having carried out not less than 10 hours flying on a multi-engined flying machine either as first pilot or as second pilot.

(2) An applicant for the renewal of the endorsement of his licence shall be required to produce evidence of having carried out during the preceding six months not less than 10 hours solo flying.

2. *Flying Tests.*—(1) An applicant for the original endorsement of a licence shall be required to carry out the following tests to the satisfaction of the examiner:—

(*a*) Single-engined flying machines—General flying for half an hour with an examiner on board and including three landings.

(*b*) Multi-engined flying machines—General flying for half an hour with an examiner on board, during which the aircraft shall be flown with each engine in turn completely throttled down and during which three landings shall be made. Part of this flying shall be carried out with the aircraft light and part with the aircraft fully loaded.

(*c*) A cross country or oversea flight of at least 200 miles with an examiner on board and including three forced landings at points selected by the examiner. During this flight a height of 6,500 feet shall be maintained for a total period of one hour. The applicant will at the time of departure be informed of his route and furnished with the appropriate map. The examiner will judge whether the route has been correctly followed.

(2) An applicant for the endorsement of his licence in respect of an additional type of flying machine shall be required to carry out to the satisfaction of the examiner three landings with the aircraft light and three landings with the aircraft fully loaded:

Provided that an applicant for the addition to the endorsement on his licence for the first time of a type of flying machine with two or more engines shall be required to carry out the general flying test specified in clause (*b*) of sub-paragraph (1) of this paragraph.

(3) An applicant for the renewal of a licence who has not had the recent flying experience specified in sub-paragraph (2) of paragraph (1) shall be required to carry out the general flying tests laid down in sub-paragraph (1) of this paragraph and may also be required to carry out the other tests laid down in sub-paragraph (1) of this paragraph.

3. *Technical Examination.*—(1) An applicant for the issue of a licence shall be required to pass, to the satisfaction of the examiners, an examination in the following subjects:—

Group I.

(*a*) Flying machines: Theoretical knowledge of the laws of resistance of the air especially as concerns its effect on main plane structure, tail unit and air-screw; functions of the different parts of flying machines and of the controls. Assembling of flying machines and their parts. Practical tests on rigging. Centre of gravity and loading. Principles of inspection and tests.

(*b*) Engines: General knowledge of internal combustion engines and the functions of the component parts; general knowledge of the construction, assembling, adjustment and characteristics of aero-engines; fuel and oil consumption and effect on range of aircraft; principles of inspection and tests. Causes of the faulty running of engines and of breakdown; practical tests in running repairs.

(*c*) Instruments: Principles and use of instruments prescribed for flying machines.

Group II.

(*d*) As set out in paragraph 3 of Section A for an applicant for Pilot's "A" Licence.

(*e*) Elementary Navigation: Map reading and use of maps, care, use and compensation of the compass, determination of position and drift.

(2) The examination in flying machines and engines shall have reference to the particular types of flying machines or engines which are to be endorsed on the licence. The applicant may be required to undergo a further examination with reference to other types of flying machines and engines before the licence is endorsed for such other types.

(3) An applicant who fails to pass in any group shall be permitted to reappear not more than twice for examination in that group:

Provided that an applicant who does not pass in all groups of the technical examination within a period of six months from the date of the first examination shall be required to undergo the complete examination again.

4. *Medical Examination.*—The medical examination shall be based on the same requirements and shall be undertaken under the same conditions as set out in paragraph 4 of Section C for an applicant for Pilot's "B" Licence.

SECTION C.—PILOT'S "B" LICENCE (FLYING MACHINES).

1. *Flying Experience.*—(1) (*a*) An applicant for the grant of a licence shall be required to produce evidence of having carried out during the three years preceding the date of application not less than 200 hours solo flying (including not less than 30 landings) of which not less than 15 hours shall have been performed during the preceding six months, and of which not less than five hours shall have been performed by night.

(*b*) The applicant's flying experience shall include a minimum of 75 hours cross country flying, of which at least 5 hours shall consist of cross country flights carried out at night.

(*c*) Except in a case where the Governor General in Council is satisfied that the experience of the applicant as a pilot is sufficiently long and varied as to constitute equivalent experience, an applicant for a licence in respect of a type of flying machine fitted with two or more engines shall be required to produce evidence of having included in the flying experience specified in this sub-paragraph not less than 10 hours solo flying on a multi-engined flying machine:

Provided that flying experience as the holder of an "A-1" licence while employed as second pilot in a flying machine fitted with dual control employed in air transport operations may be accepted in lieu of the solo flying experience specified in this paragraph but each hour of such experience shall count as half an hour of solo flying experience.

(2) An applicant for the renewal of a licence shall be required to produce evidence of having carried out during the preceding six months not less than 10 hours solo flying.

2. *Flying Tests.*—(1) An applicant for the grant of a licence shall be required to carry out the following tests to the satisfaction of the examiners:—

(*a*) *Altitude, gliding flight, skill and spinning tests.*—The same tests as are laid down in sub-paragraph (1) of paragraph 2 of Section A for a Pilot's "A" Licence:

Provided that of such tests an applicant who is in possession of a valid Pilot's "A" Licence shall be required to pass the spinning test only.

(*b*) *Tests of navigation.*—Two cross country or oversea flights of at least 200 miles each. As regards one of these, the flight shall be made in the same aircraft within eight hours, shall include two obligatory landings (when the machine must come to rest at points, other than the point of departure, fixed beforehand by the examiners) and shall terminate with a landing at the point of departure. During this flight a height of at least 6,500 feet shall be maintained for a total period of one hour. Provided that an applicant who is in possession of valid Pilot's "A-1" Licence may be exempted from this flight. On the second flight the examiner shall be on board and three forced landings shall be made at points selected by the examiner.

As regards both flights the applicant shall at the time of departure be informed of his route and furnished with the appropriate map. The examiners will judge whether the route has been correctly followed.

(*c*) *General Flying.*—(i) Single-engined flying machines. General flying for about half an hour with an examiner on board and including three landings.

(ii) Multi-engined flying machines. General flying for half an hour with an examiner on board during which the aircraft shall be flown with each engine in turn completely throttled down and during which three landings shall be made. Part of this flying shall be carried out with the aircraft light and part with the aircraft fully loaded.

(*d*) *Night Flight.*—(i) A night flight of at least one hour carried out away from the aerodrome of departure at a height of at least 1,500 feet.

(ii) Three landings of which at least two shall be made without the aid of a floodlight. Flares on the landing area may be used.

These flights shall be made between two hours after sunset and two hours before sunrise, on a dark night. The aircraft used for these tests shall be equipped with approved lighting equipment for effecting night landings.

(*e*) *Blind flying.*—A flight of not less than one hour in duration in the course of which the applicant, under the supervision of an examiner appointed by the Governor General in Council, shall without exterior view satisfactorily perform the following operations:—

(i) Calculate and fly at least three different courses of not less than 15 miles each on directions given by the examiner stating the point of departure and point to be flown to.

(ii) Carry out all ordinary manœuvres and enter and recover from a spin:

Provided that the Governor General in Council may at his discretion exempt from this test an applicant who produces satisfactory evidence of having had experience in or of having completed a recognised course of training in instrument flying.

(2) An applicant for the endorsement of his licence in respect of an additional type of flying machine shall be required to carry out, to the satisfaction of the examiner, three landings with the aircraft light and three landings with the aircraft fully loaded:

Provided that an applicant for the addition to his licence for the first time of a type of flying machine with two or more engines shall be required to carry out the general flying test prescribed in sub-clause (ii) of clause (*c*) of sub-paragraph (1) of this paragraph.

(3) (i) An applicant for the renewal of a licence, who has not had the recent flying experience specified in sub-paragraph (2) of paragraph 1, shall be required to carry out the general flying test laid down in sub-clause (i) of clause (*c*) of sub-paragraph (1) of this paragraph, but may be required to carry out any of the other tests laid down in sub-paragraph (1) of this paragraph.

(ii) An applicant for the renewal of a licence whose total night flying experience does not exceed 30 hours shall be required to pass the test laid down in sub-clause (ii) of clause (*d*) of sub-paragraph (1) of this paragraph.

3. *Technical Examination.*—(1) An applicant for the grant of a licence shall be required to pass, to the satisfaction of the examiners, an examination in the following subjects:—

Group I.

(*a*) Flying machines: Theoretical knowledge of the laws of resistance of the air especially as concerns its effect on main plane structure, tail unit and airscrew; functions of the

different parts of the flying machine and of the controls. Assembling of flying machines and their parts. Practical tests on rigging. Centre of gravity and loading principles of inspection and tests.

(*b*) Engines: General knowledge of internal combustion engines and the functions of the component parts; general knowledge of the construction, assembling, adjustment and characteristics of aero engines; fuel and oil consumption and effect on range of aircraft; principles of inspection and tests. Causes of the faulty running of engines and of breakdown; practical tests in running repairs.

(*c*) Instruments: Principles and use of instruments prescribed for flying machines, including blind flying instruments:

Provided that an applicant who is in possession of a valid Pilot's "A-1" Licence may be exempted from the examination in the subjects mentioned in this Group.

Group II.

(*d*) Elementary Navigation: Map reading and use of maps; compass, care, use and compensation; principles of dead reckoning navigation and the instruments in common use; principles of navigation by radio-goniometry.

(*e*) Rules as to Lights and Signals; General Rules for Air Traffic, Special Rules for Air Traffic on and in the vicinity of aerodromes open to Public Use; Rules for Preventing Collisions at Sea.

(*f*) Practical knowledge of the special conditions of air traffic and of international air legislation. General knowledge, in so far as they affect the responsibilities of a pilot, of the rules made under the Indian Aircraft Act, 1934 (Act XXII of 1934), and Notices to Airmen.

Group III.

(*g*) Elementary Meteorology.

(2) The examination in flying machines and engines shall have reference to the particular types of flying machines or engines which are to be endorsed on the licence. The applicant may be required to undergo a further examination with reference to other types of flying machines and engines before the licence is endorsed for such other types.

(3) An applicant who fails to pass in any of the groups shall be permitted to reappear not more than twice for examination in those groups:

Provided that an applicant who does not pass in all groups of the technical examination within a period of six months from the date of the first examination shall be required to undergo the complete examination again.

4. *Medical Examination.*—(1) The medical examination shall be conducted by medical officers specially approved for the purpose by the Governor General in Council, and shall be based on the following requirements of mental and physical fitness:—

(*a*) Preliminary: The applicant must have the complete use of his four limbs, must not be completely deprived of the use of either eye and must be free from any active or latent, acute or chronic, medical or surgical, disability, or infection. He must be free from any injury or wound which would entail any degree of functional incapacity which might interfere with the safe handling of aircraft at any altitude even in the case of prolonged or difficult flight. He must be completely free from hernia, must not suffer from any detectable sensory lesion, and must be free from a history of morbid mental or nervous trouble.

The applicant will be questioned concerning his family and personal history.

(*b*) Examination of the Nervous system: The examination of the nervous system of the applicant shall comprise a full inquiry into family and personal history. The information obtained shall be given in a statement made and signed by the applicant and accompanied, if possible, by a certificate in regard especially to losses of consciousness, fits and convulsions of all kinds, from the applicant's ordinary medical adviser or a responsible person who has known him for a long time. This statement and this certificate must be such as to satisfy the examining medical officer. The applicant must not present any mental or trophic impairment, pathological tremor, or presumptive evidence of latent epilepsy. Motility, sensibility, tendinous, cutaneous and pupillary reflexes, co-ordination of movements and cerebellar functions, must be normal. An exception may be made for local peripheral trouble due to accidental section of a nerve branch.

Fractures of the cranium involving the internal table of the cranial box, even without apparent impairment, will entail temporary unfitness during a period of two years from the date of the fracture. Any presumed nervous syphilis will entail rejection, unless the non-existence of such an impairment is proved by an examination of the blood and an examination of the cerebrospinal fluid, made with the consent of the applicant.

(*c*) *General surgical examination.*—The requirements of this examination shall be the same as those laid down in clause (*b*) of sub-paragraph (2) of paragraph 4 of Section A for an applicant for a Pilot's "A" licence, with the addition that the applicant must neither suffer from any wound or injury, nor have undergone any operation, nor possess any abnormality, congenital or acquired, which might interfere with the safe handling of a flying machine at any altitude even in the case of prolonged or difficult flight.

(*d*) *General Medical Examination.*—The applicant must not suffer from any disease or disability which renders him liable

suddenly to become incompetent in the management of aircraft. His muscular power must be adequate for handling of the types of aircraft he will have to pilot or the apparatus he is to use. He must not have any signs of aneurism of the large arterial trunks, nor have any cardiac lesion, even if well compensated; the heart must be normal, with normal function, and only respiratory arrhythmia, increase of pulse rate from excitement of exercise and a general slow pulse not associated with auriculo-ventricular dissociation will be allowed. The applicant must not suffer from any acute disability of the lungs, nor possess any cicatricial lesion of the lungs, and must be free from tuberculosis capable of being diagnosed by the usual clinical methods, from trace-bronchial disease of the glands, and from pulmonary emphysema, even if slight. However, with regard to the maintenance of the applicant's efficiency, pulmonary emphysema will entail rejection only when the pulmonary capacity falls below three and half litres at rest after full exhalation and inhalation and when the duration of the breath holding falls at rest below fifty seconds, or only forty seconds if the candidate is less than 5 feet or is of the female sex. In addition, each examination shall include a radioscopic record in doubtful clinical cases. When the examination of the spleen and of the ganglionic tracts reveals hypertrophy of these organs, the candidate shall be declared unfit unless a hematological examination has shown that it is not a case of an original impairment of the hemotopoietic organs. Hemoglobinary, hemophily and purpuras shall also entail rejection, unless hematological examination shows that it is a case of only transitory impairment. The applicant must not present any signs of organic disease of the kidneys; these latter must be insensitive to palpation and of normal size. Renal ptosis shall entail rejection; this rule, however, shall not apply as regards the maintenance of efficiency if no functional trouble is involved. The urine must not contain any pathological element. Affections of the urinary passages and of the genital organs, even blennorrhoea, may entail temporary or definite unfitness, an exception being allowed as regards the maintenance of efficiency in the case of tuberculous orchi-epididymitis in its mild and localised form.

Applicants of the female sex must present a normal uterus and appendages. Cases in which surgical intervention has taken place shall be considered individually. Any presumed pregnancy shall entail rejection. Following confinement or miscarriage, the holder of a licence shall be allowed to resume her air duties only after having undergone a fresh medical examination.

The applicant must not present any clinical signs of syphilis. Dysentery shall be considered as an acute disease; provided that a presumption of dysenteric infection shall entail rejection, unless the medical examiner considers that the clinical phenomena have disappeared.

(*e*) *Eye Examination.*—The applicant must possess a degree of visual acuity compatible with the efficient performance of his duties. Binocular vision, ocular poise, ocular mobility, the field of vision of each eye and colour perception must be normal.

The applicant must possess, without correction by glasses, visual acuity equal to at least 80 per cent. of the normal visual acuity for each eye taken separately, or 90 per cent. for one eye and 70 per cent. for the other, the visual acuity being measured by means of standard test types powerfully illuminated in such a manner that the light does not shine directly into the eyes of the examinee.

(*f*) *Ear Examination.*—The middle ear must be healthy. The applicant must possess an auditory acuity not less than corresponding with the normal perception of 64 vibrations per second, 256 vibrations per second and 4,096 vibrations per second, the forks being held perpendicularly to the ground one centimetre from the auditory tube. The vestibular mechanism must be intact and not hypersensitive; it must be equal on both sides.

(*g*) *Nose, Throat and Mouth Examination.*—The applicant must possess free nasal and tubal air entry on both sides and must not suffer from serious, acute or chronic affections of the buccal cavity or upper respiratory tract:

Provided that an applicant who does not satisfy the whole of the above medical requirements may at the discretion of the Governor General in Council, be accepted, as far as such requirements are concerned, as eligible for the renewal of a licence, or for the issue of a licence if he has previously been found medically fit for flying in accordance with the above requirements:

Provided further that an applicant who does not satisfy all the above medical requirements may, at the discretion of the Governor General in Council, be accepted, so far as such requirements are concerned, as eligible for the issue of a licence subject to such limitations as the Governor General in Council may impose and on the condition that the licence shall in no case be valid for flight outside India.

(2) In the case of an application for renewal of a licence the medical examination shall take place not earlier than 15 days before the date of expiry of the validity of the licence.

(3) Every applicant who presents himself to undergo the medical examination required for the issue or renewal of a licence must furnish to the medical examiner a declaration signed by him stating whether he has previously undergone such a medical examination and with what result. A false declaration shall render the applicant liable to the cancellation of any licence issued or renewed to him as the result of the examination.

SECTION D.—PILOT INSTRUCTOR'S LICENCE.

1. *Flying Experience.*—(1) An applicant for the issue of a licence shall be required to produce evidence of having carried out not less

than 500 hours solo flying, which shall be to the satisfaction of the Governor General in Council.

(2) An applicant for the renewal of a licence who has not given at least 50 hours flying tuition in the preceding 12 months, shall be required to pass the flying tests prescribed in paragraph 2 of this Section.

2. *Flying Tests.*—An applicant shall carry out such practical flying tests as may be required by the Governor General in Council or produce evidence of such qualifications as a pilot instructor as may be considered equivalent. The tests will include a demonstration by the candidate as instructor and the examiner as pupil.

3. *Technical Examination.*—An applicant shall undergo such technical examination in the principles of flying instruction as may be required by the Governor General in Council or produce evidence of such qualifications as a pilot instructor as may be considered equivalent. The examination shall include a demonstration by the candidate of his ability to lecture on any subject of examination for the Pilot's "B" licence, and shall test the candidate's knowledge of the rules made under the Indian Aircraft Act, 1934 (Act XXII of 1934), and of Notices to Airmen with particular reference to the training and licensing of pilots and the responsibilities of a pilot instructor.

4. *Medical Examination.*—The medical examination shall be based on the same requirements and shall be undertaken under the same conditions as set out in paragraph 4 of Section C, of this Schedule for a Pilot's "B" Licence.

SECTION E.—NAVIGATOR'S LICENCE.

1. *Flying Experience.*—(1) An applicant for a second class licence shall be required to produce evidence of having had at least two years air experience, during which at least 300 hours shall have been spent in the air.

(2) An applicant for a first class licence shall be required to produce evidence of having had at least four years air experience, during which at least 600 hours shall have been spent in the air, not less than 100 hours of this being experience of navigation in the air, of which not less than 15 hours shall have been obtained in connection with cross country flights made between two hours after sunset and two hours before sunrise.

(3) In this paragraph the expression "air experience" means experience as an operative member of the crew of an aircraft.

2. *Technical Examination.*—(1) An applicant for a second class licence shall be required to pass to the satisfaction of the examiners an examination on the following subjects:—

(*a*) Form of the earth; its divisions and their notation; mathematical calculation of the various elements by plane trigonometry to obtain course and distance.

(*b*) Maps and charts; how to read and use them; practical properties of different projections used in aviation.

(*c*) Compasses, their construction, use, and adjustment; elementary principles of earth's magnetism.

(*d*) Flight by dead reckoning; with the use of instruments for the measurement and calculation of the elements of the triangle of velocities.

(*e*) Navigation by radiogoniometry; methods of fixing the position of an aircraft with the application of the necessary corrections.

(*f*) International air legislation; regulations for the prevention of collisions at sea; publications for the assistance of navigators.

(*g*) Signalling; semaphore, flashing, and international code flags.

(*h*) Meteorology; knowledge of meteorological elements and observations; arrangements for the issue of meteorological reports for aviation; principles of forecasting; construction and interpretation of synoptic charts; climatology.

(2) An applicant for a first class licence shall be required to pass to the satisfaction of the examiners an examination on the following subjects:—

(*a*) Form of the earth, as in clause (*a*) of sub-paragraph (1) with the addition of mathematical calculation of various elements by spherical trigonometry (great circle courses and distances).

(*b*) Maps and charts; as in clause (*b*) of sub-paragraph (1) with the addition of the principles of construction of the different projections used in aviation.

(*c*) Tides; elementary theory and prediction by the aid of tables.

(*d*) Compasses, as in clause (*c*) of sub-paragraph (1); more advanced knowledge.

(*e*) Flight by dead reckoning, as in clause (*d*) of sub-paragraph (1).

(*f*) Navigation by radiogoniometry, as in clause (*e*) of sub-paragraph (1).

(*g*) International air legislation, etc., as in clause (*f*) of sub-paragraph (1).

(*h*) Signalling, as in clause (*g*) of sub-paragraph (1).

(*i*) Astronomical navigation; various methods of fixing the position of an aircraft, with the use and care of tables, diagrams, and instruments for the solution of this problem; knowledge of the mathematics involved.

(*j*) Meteorology, as in clause (*h*) of sub-paragraph (1); more advanced knowledge.

(3) The arrangement of subjects detailed in this paragraph shall not necessarily be that adopted in the examination where two or more subjects may be grouped into one paper. The examination shall usually be written but shall be accompanied by oral and practical tests.

3. *Medical Examination.*—The medical examination shall be conducted by medical officers specially approved by the Governor General in Council, shall be based upon the same requirements and shall be undertaken under the same conditions as set out in paragraph 4 of Section A for a Pilot's "A" Licence with the following modifications:—

(1) *General surgical examination.*—The applicant must neither suffer from any wound or injury nor have undergone any operation, nor possess any abnormality, congenital or acquired, which might interfere with the performance of his duties. The remaining conditions for this examination shall be the same as those set out in clause (*b*) of sub-paragraph (2) of paragraph 4 of Section A.

(2) *General Medical Examination.*—The applicant must not suffer from any disease or disability which might interfere with the performance of his duties. The remaining conditions for this examination shall be the same as those set out in clause (*c*) of sub-paragraph (2) of paragraph 4 of Section A.

(3) *Eye Examination.*—The applicant must possess, with correction by glasses if necessary, a visual acuity equal to 100 per cent., that is to say normal for each eye taken separately.

SECTION F.—RADIO-TELEGRAPH OPERATOR'S LICENCES.

1. *Flying Experience.*—(1) For the original grant of a licence, the applicant shall be required to produce evidence of having had the following minimum air experience while performing satisfactorily in an aircraft the duties of a radio-telegraph operator:—

(*a*) Radio-telephone licence—ten hours as a radio-telephone operator.
(*b*) Second Class licence—twenty hours } Other than as a radio
(*c*) First Class licence—seventy hours } telephone operator.

(2) For the renewal of a licence, the applicant shall be required to produce evidence of having had, during the two years immediately preceding the date of application, the air experience specified in sub-rule (1) for the original grant of the licence.

2. *Medical Examination.*—(1) An applicant for a licence shall be required to undergo a medical examination, by medical officers specially approved for the purpose by the Governor General in Council. This examination shall be based on the requirements set out in paragraph 4 of Section A, with the following modifications, namely:—

(*a*) Normal colour perception shall not be required;

(*b*) Binocular vision, ocular poise and ocular mobility may be subnormal;

(*c*) Visual acuity may be reduced for the two eyes with correction by glasses to a total of 50 per cent. of the normal visual acuity, it being admitted that one eye may be entirely lacking.

(2) Special attention shall be paid to the following requirements:—

(*a*) freedom of nasal air passage;

(*b*) patency of Eustachian tubes;

(*c*) absence of active otitis media; absence of ceruminous or epidermal plugs;

(*d*) perception of the whispered voice at seven feet or more for each ear;

(*e*) perfect perception of air vibrations between 512 and 2,048;

(*f*) absence of symptoms of serious labyrinthine disorder (vertigo, vomiting, loss of balance) whether spontaneous or easily evoked.

SECTION G.—GENERAL.

1. The evidence normally required as proof of flying experience shall consist of the production of a Pilot's Log Book certified by a responsible authority, or of a certified extract therefrom in the prescribed form. Such flying experience shall be to the satisfaction of the Governor General in Council.

2. Flight by night for the purpose of this Schedule, except where otherwise stated, means flight performed between the hours of one hour after sunset and one hour before sunrise.

3. A cross country flight for the purpose of this Schedule means a flight of not less than 100 miles from the aerodrome from which the flight started, whether over land or sea.

4. In each flying test, unless otherwise specified, the candidate shall be alone in the flying machine.

5. The flying tests specified in Sections A to D, respectively, shall be carried out within a maximum period of two months, and together with the technical examinations specified in these Sections shall be completed within a period of six months preceding the date of issue of the licence.

The flying tests may be carried out in any order and each may be attempted twice. They shall be witnessed by at least two properly accredited examiners who shall hand over the official reports to the proper authorities.

The official reports shall give full details of the flights, especially of the landings. The candidates shall, on demand by the examiners, furnish, before each test, proof of identity.

A barograph shall be carried on all height tests, and the graph signed by the two examiners shall be attached to their report.

6. All landings carried out in the course of the flying tests specified in Sections A to D, respectively, shall be normal three point landings to the satisfaction of the examiner.

7. (1) Application for the grant of licences should be made to the Director of Civil Aviation, Simla/Delhi, by whom all the necessary forms shall be supplied on demand.

(2) Such applications shall be accompanied by—

(*a*) three unmounted photographs of the applicant's head uncovered, the image of the head measuring approximately $1\frac{1}{4}'' \times \frac{3}{4}''$;

(*b*) the necessary medical certificates, and examiner's reports where these have not been sent direct;

(*c*) the treasury receipt for the payment of the fee due.

8. An applicant who fails in any subject of the technical examinations specified in Sections A to D shall not be permitted to appear for re-examination for a period of 3 months or such lesser period as may be intimated by the examiner or by the Director of Civil Aviation in India.

SCHEDULE III.

(See Part VI.)

DETAILED CONDITIONS APPLICABLE TO THE ISSUE, VALIDITY AND RENEWAL OF CERTIFICATES OF AIRWORTHINESS, AND GROUND ENGINEERS' LICENCES.

SECTION A.

Classification of Flying Machines.

1. Every flying machine for which a certificate of airworthiness is granted shall be classified on such certificate as belonging to one of the following categories and one or more of the following sub-divisions:—

(1) *Normal Category*—

Sub-division (*a*).—Passenger machines.

Sub-division (*b*).—Mail machines.

Sub-division (*c*).—Goods machines.

Sub-division (*d*).—Aerial work machines.

Sub-division (*e*).—Private machines.

(2) *Special Category*—

Sub-division (*f*).—Racing or record machines.

"Racing or record machines" means machines which are specially intended or arranged for the purpose of sporting or technical performances, to the exclusion of all other uses.

Sub-division (*g*).—Research or experimental machines.

"Research or experimental machines" means machines which are specially intended or arranged for the purpose of experimenting in flight with new apparatus, to the exclusion of all other uses.

(3) *Acrobatic Category*—

Sub-divisions (*a*) to (*g*) as in the two preceding categories.

Notes.—(*i*) An aerial work machine may be limited by the certificate of airworthiness to specific purposes for which it is designed or equipped.

(*ii*) Machines in the Normal Category must not be flown at indicated air speeds greatly in excess of the indicated air speed corresponding to steady horizontal flight at the international number of revolutions per minute, as specified in the certificate of airworthiness, at the rated altitude of the engine(s) and must in no circumstances be flown at speeds greater than 50 per cent. in excess of this speed. They are limited to normal flight.

(*iii*) The conditions of flight for machines in the Special Category shall be determined for each individual machine on its merits. Flights of such machines may, as a precautionary measure, be limited to certain areas and to certain periods.

(*iv*) Machines in the Acrobatic Category shall not be restricted as to the indicated air speed at which they may be flown and shall not be limited to normal flight.

(*v*) The Category in which a flying machine may be given a certificate of airworthiness shall depend upon its load factors, its performance and its equipment.

2. A flying machine which is classified in any sub-division in the Normal or Special Category may be used for any of the sub-divisions which follow in those categories, and a flying machine which is classified in any sub-division in the Acrobatic Category may be used for any of the sub-divisions which follow in that category, provided in each case that while being so used all the conditions (including those relating to the equipment and operation of the machine) applicable to the sub-division concerned shall be complied with.

SECTION B.

Instruments and equipment to be carried by flying machines.

1. The following instruments and equipment shall be required in the circumstances detailed to be carried when flying by flying machines which are required to be provided with a certificate of airworthiness:—

(1) In all flying machines:—

(*a*) For all flights:—

The instruments specified in rule 52, in addition:—

Hand fire extinguisher in each main compartment carrying personnel.

(*b*) For flights which extend beyond a radius of 3 miles from the point of departure:—

Equipment, as required by the circumstances of the case, for making the signals prescribed in these Rules.

(*c*) For flights any part of which takes place between sunset and sunrise:—

Navigation lights. Illumination for instruments and equipment.

(2) In public transport flying machines, in addition:—

(*d*) For flights which extend beyond a radius of 20 miles from the point of departure:—

Compass.

Watch.

Map or maps to cover the whole route of the proposed flight.

Turn Indicator,
Sensitive Altimeter, when radio-telegraph apparatus is carried.
Pitch Indicator.

} For machines operating on a regular scheduled air service.

(*e*) For flights at any point of which the machine is more than 10 miles from the nearest land:—

Life belt for each person on board.

(*f*) For flights any part of which takes place between the hours of sunset and sunrise observed respectively at the ground level of the region flown over and at any point of which the machine is more than 3 miles from the nearest lighted aerodrome approved for night flying:—

Approved lighting equipment for effecting night landings.

(*g*) For flights on which a licensed navigator is required, by Part V of these rules, to be carried:—

Drift Indicator, for machines with seating accommodation, as shown in the certificate of airworthiness, for more than five persons.

Chart table. Navigator instruments. Navigator's air speed indicator. Navigator's altimeter. Navigator's compass.	As may be required by the duties and location of the navigator.

Note.—The rules with regard to carriage of radio-telegraph apparatus are contained in Parts II and VII.

(*h*) For flights over uninhabited or sparsely inhabited regions:—

Two days' supply of water and food for each person on board.

SECTION C.

Weighing and marking of flying machines.

1. Every flying machine shall be weighed:—

(*a*) Before a certificate of airworthiness is issued in respect thereof; and

(*b*) At such times after the issue of a certificate of airworthiness as the Governor General in Council may require.

2. Every flying machine for which a certificate of airworthiness is for the time being in force shall bear clearly painted upon it in a prominent position:—

(*a*) its weight empty (including water in radiators), as ascertained at its last previous weighing; and

(*b*) the maximum total weight authorised for it, as shown for the time being in its certificate of airworthiness;

and shall carry displayed in a prominent position inside it a weight schedule showing what items of equipment (if any) are included in the "weight empty (including water in radiators)" as painted on it.

SECTION D.

Inspection of aircraft before flight.

1. *Conditions of inspection.*—The inspection of a flying machine required by rule 60 shall be in accordance with the following provisions:—

(*a*) Inspection of the flying machine (including its instruments and equipment, but exclusive of the engine or engines and engine installation and of the instruments relating thereto) shall be carried out by a ground engineer licensed in Category A in respect of aircraft of the type in question.

(*b*) Inspection of the engine or engines and engine installation and of the instruments relating thereto shall be carried out by a ground engineer licensed in Category C in respect of engines of the type or types in question.

(*c*) The whole of the inspection may be carried out by the same ground engineer, provided that he shall be licensed both in Category A and in Category C in respect of aircraft and engines of the types in question.

2. *Form of ground engineer's certificate.*—The certificate of the ground engineer required by rule 60 (2) shall be made out in duplicate in the following form:—

Certificate of safety for flight.

Aircraft Type

Nationality and Registration Marks

(*a*) I hereby certify that I have this day inspected the above aircraft [including its instruments and equipment, but exclusive of the engine(s) and engine installation and of the instruments relating thereto], and that I am satisfied that it is safe in every way for flight, provided that the conditions of loading specified in the certificate of airworthiness are complied with.

3. *Pilot's inspection.*—The inspection of a flying machine required by sub-rule (3) of rule 60 shall be such as to satisfy the pilot or person in charge of the flying machine on the points enumerated hereunder:—

(*a*) the aircraft is equipped with the prescribed instruments and equipment;

(*b*) the controls of the machine are working freely in the correct sense, and the engines are giving their correct revolutions;

(*c*) the aircraft is satisfactorily loaded with respect to total load and distribution of load as specified in the certificate of airworthiness, with such modification as may be necessitated by the conditions of the proposed flight;

(*d*) the view of the pilot is not interfered with by any obstruction not forming part of the structure of the aircraft;

(*e*) sufficient fuel, oil and water are on board for the purpose of the proposed flight, and the fuel and oil are of a grade specified by the manufacturer of the engine;

and in the case of every flying machine which is required by rule 15 to be certified as airworthy:—

(*f*) the aircraft, engines, instruments and equipment have been certified by a ground engineer holding the appropriate licence as fit in every way for the proposed flight, in accordance with rule 60.

4. *Load sheet.*—In the case of a public transport flying machine effecting public transport on a regular air service, a load sheet shall be completed by the person superintending the loading and such load sheet shall be submitted to the pilot or person in charge for the purpose of satisfying himself that the conditions set out in clause (*c*) of paragraph 3 have been complied with.

5. *Disposal of certificates.*—Of the copies of the certificates referred to in this Section, one copy shall be retained by the owner or operator of the aircraft, and one copy shall be carried in the journey log book until replaced by a further certificate issued under this Section. The load sheet shall be kept by the owner or operator of the aircraft. Certificates and load sheets shall be kept for six months from the date of their completion.

SECTION E.

Inspection of aircraft and aero-engines after overhaul, repair, etc.

1. *Conditions of Inspection.*—When any flying machine which is required by these Rules to be certified as airworthy or in respect of which a certificate of airworthiness has been issued by the Governor General in Council or the engine or engines of such flying machine is or are overhauled, repaired or modified, or when any part thereof is replaced, the flying machine shall not fly again, except in so far as flying machines which have no certificate of airworthiness are permitted to fly under these Rules, unless and until the following conditions have been complied with:—

(1) The work shall be completed in all essential respects in accordance with—

(*a*) the approved type design in conformity with which the aircraft or engine was constructed, including any modifications to that design or to the aircraft or engine which may have been required or approved by the Governor General in Council, or

(*b*) a repair scheme which has been approved by the Governor General in Council.

(2) The materials used shall be not inferior to those authorized for the type design in conformity with which the aircraft or engine was constructed.

(3) The work shall be inspected in accordance with the provisions respecting inspection of subsequent aircraft or engines applicable to the case.

(4) A certificate in the form set out in paragraph 3 of this Section, shall be obtained:

Provided that in the case of repairs where it is not reasonably practicable to comply with the above requirements, whether by reason of particulars of the type design not being available or otherwise, a temporary repair may be made for the purpose of enabling the aircraft to proceed directly to the nearest place at which a repair complying with the above requirements can be carried out, and, if the pilot is satisfied that, having regard to all the circumstances of the case, such repair is adequate for the purpose, the aircraft may then proceed to fly to such place:

Provided further that if it is proposed that such temporary repair shall remain in service, it shall be treated as a modification requiring the approval of the Governor General in Council and until such approval has been obtained the aircraft shall not fly except as specified in the preceding proviso or in so far as aircraft which have no certificate of airworthiness are permitted to fly under these Rules.

2. *Inspection Requirements.*—The following conditions shall be complied with in the inspection of flying machines or engines during construction (including overhaul), repair, modification, or replacements, namely:—

(1) All materials used in the construction of the aircraft or engine shall be in accordance with the approved specification for the first aircraft or engine constructed of that particular type,

and such material shall be adequately identified as being of the approved specification or shall be proved to comply with such specification by suitable examination, sampling and testing.

(2) The constructor's inspecting staff shall stamp, or otherwise provide means for the identification of, all parts approved by them for incorporation in the aircraft or engine in such a way that the person so approving each such part can subsequently be identified.

(3) Only parts which have been approved in accordance with clause (2) may be issued to the workshops for assembly into the aircraft or engine.

(4) The constructor shall maintain an efficient process inspection during the work of assembly, and record the progress of such inspection for each component. Every component shall be finally inspected and approved by a qualified member of his inspection staff, who shall mark the component in such a way that he may afterwards be identified as the person having so approved it and shall also sign the inspection record.

(5) Operations such as heat treatment of steels and nonferrous metals, seasoning and conversion of timber, glueing of important parts, doping, welding, whitemetalling, brazing and soldering shall be carried out by methods approved by the Governor General in Council.

(6) The constructor shall ensure that all components and parts obtained from sub-contractors have been inspected and approved in accordance with these conditions.

(7) The constructor shall ensure that all engines fitted in the aircraft have been inspected and approved in accordance with these conditions and have passed satisfactory tests. The constructor shall provide adequate facilities for these tests.

(8) The constructor shall ensure that the instruments and equipment fitted in accordance with Section B have been manufactured, and any repairs thereto executed, in accordance with approved specifications.

(9) The aircraft constructor shall ensure by suitable inspection that all engines, instruments and parts (including wiring for electrical equipment and radio-telegraph apparatus) which are fitted into the aircraft are so installed as to function correctly. The persons responsible for such inspection shall be indicated by signatures on the inspection record referred to in clause (4).

3. *Form of Certificate.*—The certificate referred to in clause (4) of paragraph 1 shall be appended to the written particulars of the overhaul, repair, modification or replacement to which it relates, and shall be in the following form:—

I hereby certify that in carrying out the overhaul, repair, modification, replacement, specified above all the conditions required for the inspection of subsequent aircraft (aero-engines) during

construction which are applicable to this aircraft (aero-engine) have been complied with.

4. *Persons authorised to give certificates.*—The certificate referred to in clause (4) of paragraph 1 shall be signed by a ground engineer qualified under the terms and conditions of his licence to carry out or inspect the overhaul, repair, modification, or replacement to which the certificate relates, or by a person authorised by a firm or company approved by the Governor General in Council in this behalf, or, where the overhaul, repair, or replacement has been carried out at a Royal Air Force workshop by Royal Air Force personnel, by the officer in charge of that workshop.

5. *Ground engineers authorised to inspect.*—The categories of ground engineers who are authorised to inspect overhauls, replacements, modifications and repairs are as follows:—

(*a*) Inspection of flying machines, excluding engines—a ground engineer licensed in Category B in respect of aircraft of the type in question.

(*b*) Inspection of engines—a ground engineer licensed in Category D in respect of engines of the type in question.

(*c*) Inspection of instruments, equipment and accessories of aircraft and engines—a ground engineer licensed in Category X in respect of the type of instrument, equipment or accessory in question.

6. *Disposal of certificates.*—The certificate referred to in clause (4) of paragraph 1 shall, when it relates to the aircraft exclusive of the engine or engines, be written in the aircraft log book, or, when it relates to the engine or engines, be written in the engine log book, or, when it relates to instruments, equipment and accessories, in the aircraft or engine log book as may be most appropriate:

Provided that if the appropriate log book is not at the place where the overhaul, repair, modification or replacement is carried out, the certificate may be given separately, but shall be pasted in the log book as soon as practicable and shall be kept with the working copy of the log book until so pasted.

7. *Inspection after damage.*—When structural damage which materially impairs its safety occurs to an aircraft in respect of which a certificate of airworthiness is required by these Rules, the aircraft shall not again fly until the damage has been repaired and a certificate has been obtained in accordance with this section.

8. *Defective parts.*—When any part of an aircraft, an aero-engine, or an instrument or equipment of an aircraft is revealed by inspection to be defective, the Governor General in Council may require it to be delivered to a person authorised by him in this behalf for examination, and on a request being made by the owner such part shall be returned to him after examination.

SECTION F.

Ground Engineers' Licences. Qualifying Tests and Examinations

1. *Practical experience required.*—(1) An applicant for the grant of a licence under rule 61 shall normally be required to satisfy the examiner appointed or approved by the Governor General in Council in this behalf that he has the qualifications and has had the practical experience detailed below for the appropriate category of licence:—

Category A.—Not less than two years on aircraft maintenance or construction and maintenance.

Category B.—Not less than two years on aircraft construction, including overhaul and the testing of materials used in aircraft construction, and not less than four years in all on aircraft construction and maintenance. The applicant must be the holder of a licence in Category A.

Category C.—Not less than two years on aero-engine maintenance or construction and maintenance.

Category D.—Not less than two years on aero-engine construction, including overhaul and the testing of materials used in aero-engine construction, and not less than four years in all on aero-engine construction and maintenance. The applicant must be the holder of a licence in Category C.

Category X.—Such practical experience of the particular work of which the licence is required as in the opinion of the authorised examiners will enable the candidate to perform satisfactorily the duties for which the licence is required.

(2) A shorter period of practical experience than that specified may be accepted as sufficient on proof that the candidate has otherwise acquired adequate engineering experience which may be applied to the construction or maintenance of aircraft, aero-engines, instruments, accessories or equipment as the case may require.

(3) A candidate whose experience is limited to particular types of construction, methods of overhaul or materials may be granted a licence restricted to those particular types of construction, methods of overhaul or materials:

Provided that an applicant for such a restricted licence in Category B or D shall have had not less than one year's experience in the complete overhaul or construction and overhaul of aircraft or aero-engines, as the case may be, and not less than three years' experience in all in aircraft construction, overhaul and maintenance, or aero-engine construction, overhaul and maintenance, as the case may be, and shall, if an applicant for a B licence have held an A licence for one year, and, if an applicant for a D licence have held a C licence for one year.

2. (1) *Technical examination.*—An applicant for the grant of a licence shall be required to pass to the satisfaction of the examiner an examination in the subjects detailed below for the appropriate category of licence:—

For all Categories—

Duties and responsibilities of a ground engineer; approved materials and distribution procedure; procedure regarding modifications; forms and procedure regarding certificates and log book entries; prescribed equipment of aircraft; general principles of engineering practice.

Category A—

Inspection of aircraft before flight.

Elementary theory of flight as applied to rigging;

Erection and inspection of aircraft and adjustment of flying controls;

Inspection for wear and tear and inspection after accident;

Methods of carrying out repairs, replacements and modifications permitted under Category A;

Common defects of aircraft components;

Fitting and inspection of airscrews;

Principles of construction, installation and inspection of air speed indicators and altimeters;

Principles of construction, installation and inspection of various types of turn indicators and electrical equipment;

Erection, truing and inspection of hulls and floats.

Category B—

Inspection of aircraft during construction or overhaul.

The subjects for Category A, and in addition:—

Processes of manufacture, inspection, testing and identification of aircraft materials and parts;

Methods of repair, assembly, inspection and testing of aircraft components and complete aircraft.

Category C—

Inspection of aero-engines before flight.

Principles of internal combustion engines;

Constructional details of types of aero-engines;

Top overhaul; methods, common defects and permissible allowances for wear and distortion;

Clearances and tolerances, use of measuring instruments, and knowledge of principles of expansion of metals;

System of carburation, ignition and lubrication;

Detection and correction of running defects;

Installation of engines and inspection of installation and engine controls;

Fitting and inspection of airscrews;

Principles of construction, installation and inspection of aero-engine instruments;

Routine inspection and testing of aero-engines preparatory to flight.

Category D—

Inspection of aero-engines during construction or complete overhaul.

The subjects of Category C, and in addition:—

Processes of manufacture, inspection, testing and identification of aero-engine materials and parts;

Methods of repair, assembly, inspection and testing of aero-engine components and complete aero-engines.

Note.—In the case of restricted B and D licences such portions of the appropriate syllabus may be omitted as the examiner thinks fit.

Category X—

One or more of the following subjects according to the purpose for which the licence is required:—

(1) Repair, overhaul and testing of magnetos.

(2) Repair, overhaul, testing and calibration of aircraft and aero-engine instruments.

(3) Inspection, packing and maintenance of parachutes.

(4) Installation and compensation of compasses in aircraft.

(5) Construction and repair by welding.

(*b*) The examiners may require a candidate to undergo a practical test in any of the subjects of examination.

(*c*) An applicant for the renewal of a licence who has not, since the issue of the licence, been employed on the work for which the licence was issued may be required to undergo re-examination as a condition of the renewal of the licence.

SECTION G.

General.

1. Application for the issue or renewal of certificates of airworthiness and ground engineers' licences shall be made to the Director of Civil Aviation in India, Simla/New Delhi, by whom all the necessary forms shall be supplied on demand, and by whom instructions shall be issued as to the place and time of inspection or examination and as to further information or evidence required for the purpose of the issue of the certificate or licence.

2. The detailed syllabus of examination for ground engineers shall be supplied by the Director of Civil Aviation in India, Simla/New Delhi, on demand.

SCHEDULE V.

AERODROMES.

Section A.—Requisites to grant of licence.

(See rule 86.)

1. The landing area shall be of adequate dimensions for the type of aircraft in respect of which the licence is required, having regard to the altitude of the ground and the nature of surrounding obstructions.

2. The landing area shall be sufficiently level and smooth to present no danger to aircraft landing or taking off, and sufficiently firm in the conditions in which it is to be used to withstand the weight of the aircraft to be used.

3. The landing area shall be adequately marked with boundary marks and such bad ground, or other, markings as may be considered necessary by the Director of Civil Aviation in India.

4. For an aerodrome to be used for night flying, the following equipment shall be provided, namely—boundary lights, obstruction lights, illuminated wind indicator, and either flares or floodlight.

5. The direction of the wind shall be clearly indicated by one or more of the recognised methods approved by the Director of Civil Aviation in India.

6. For an aerodrome open to public use such international signals shall be displayed as may be specified by the Director of Civil Aviation in India.

Section B.—Tariff of landing and housing charges at Government Aerodromes.

(See Rule 82.)

1. The charges for landing and housing of aircraft, other than airships, at Government aerodromes shall be as follows:—

Type of aircraft.	Landing fees.						Housing fees (excluding landing fees).	
	For machines fitted with tail skids.		For machines fitted with tail wheels.		Extra for each landing for machines fitted with wireless Telegraph.	Extra for each landing or departure at night.	Up to 24 hours.	For one month. (At a specified aerodrome.)
	For single landing.	Covering all landings in one month at a specified aerodrome.	For single landing.	Covering all landings in one month at a specified aerodrome.				
	Rs. a.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
AA.—Small type occupying not more than 500 sq. ft. of area.	1 0	15	1	15	2	2	1	15
A.—Small type occupying more than 500 sq. ft. but not more than 1,000 sq. ft.	1 8	25	1	15	2	2	2	30
B.—Medium type occupying over 1,000 sq. ft. but not more than 2,000 sq. ft.	3 0	90	2	60	2	2	6	90
C.—Large type occupying over 2,000 sq. ft. but not more than 4,000 sq. ft.	8 0	240	6	180	5	5	15	225
D.—Large type occupying more than 4,000 sq. ft. and not more than 10,000 sq. ft.	15 0	450	11	330	5	5	30	450
E.—Large type occupying more than 10,000 sq. ft.	25 0	750	20	600	10	10	40	600

2. For landing purposes, the area of an aircraft shall be calculated as the product of the span and the length of the aircraft.

3. The payment of the landing fee shall entitle aircraft to the use of the landing ground for alighting and departure, to the supply of all available information as to routes and weather conditions, and to the services of the aerodrome personnel, if available, for assisting in guiding the machine, starting propellers, carrying petrol and oil, etc.

4. Any flight, of which prior notice is given to the Aerodrome Officer, and which is undertaken solely for the purpose of ascertaining the serviceability in the air of the engine or engines, air frame or equipment of the aircraft flown, shall be deemed to be a test flight and shall be exempt from the levy of a landing fee.

5. The extra fee for each landing or departure at night will be levied only when personnel are required to attend, or flares or other lighting apparatus are used.

6. In lieu of the extra fee for each landing or departure at night the person by whom such fee is payable may at his option pay a charge of Rs. 5 per half hour or part thereof for a succession of landings or departures performed by a single user of the aircraft concerned.

7. In respect of an aircraft fitted with wireless telegraph apparatus, in lieu of the extra fee for each landing, and in addition to the standard landing fee, a person by whom such fee is payable may at his option pay a monthly charge at the following rates:—

Class.	Rs.
AA.	30
A	30
B	30
C	75
D	75
E	150

8. When an aerodrome is used temporarily for repeated landings, a daily charge equivalent to five times the charge for a single landing for the class of aircraft concerned shall be levied in respect of each aircraft, subject to a maximum total charge, in the first or any subsequent period of 30 consecutive days included in the period during which the aerodrome is so used or in any further period of less than 30 days so included, equivalent to the monthly charge set out in paragraph 1.

9. All charges for landing shall be paid either at the time of, or immediately after, the use of the landing ground.

10. For housing purposes, the area of an aircraft shall be calculated as the product of the span or overall width and the length of the aircraft in the condition in which it is housed:

Provided that, with the approval of the aerodrome authority, it shall not be necessary to fold the supporting surfaces of a flying machine in order to obtain a reduction of the housing fee when there is space available and the period of housing will not exceed 24 hours.

11. 50 per cent. of the standard housing fees shall be charged for mooring aircraft in the open, but this charge shall be made only after an aircraft has been left on the aerodrome for a period of not less than six hours.

12. All charges for housing and mooring other than daily charges shall be paid in advance. When housing space which has been paid for in advance is not used, the space may be used for the housing of other aircraft, and no refund shall be made to the lessee unless he is prevented by the housing of other aircraft from obtaining accommodation for his aircraft.

13. Special rates for long periods may be fixed, on application to the Director of Civil Aviation, in cases in which a number of aircraft are housed or where extensive use is made of facilities over a long period.

SCHEDULE VI.

PENALTIES.

(See rule 139.)

HOME DEPARTMENT.

New Delhi, the 2nd March 1937

NOTIFICATION

Rangpur-Goalpara-Garo Hills. -No. F.360/36-Public.—In exercise of the powers conferred by section 60 of the Government of India Act, and in supersession of all previous notifications relating to the boundary between the district of Rangpur (in Bengal) on one side and the districts of Goalpara and Garo Hills (in Assam) on the other, the Governor-General in Council is pleased to declare that the following shall be the boundary between the said districts:—

From the trijunction of Rangpur, Cooch Behar and Goalpara at the north-east corner of village Dakshin Tilai, (jurisdiction list No. 18), police-station Bhurangamari, the boundary follows the eastern boundary of Dakshin Tilai, jurisdiction list No. 18, northern and eastern boundaries of Bhurangamari, jurisdiction list No. 51, eastern boundary of Bharater Chhara, jurisdiction list No. 53, northern and eastern boundaries of Banur Kuthi, jurisdiction list No. 64, eastern boundary of Parasuramer Kuthi, jurisdiction list No. 65, north-eastern boundary of Chhaubandha Khalisakuri, jurisdiction list No. 66, northern and eastern boundaries of Mangalar Kuthi, jurisdiction list No. 67, eastern boundaries of Kedar, jurisdiction list No. 68 and Dakshin Baldia, jurisdiction list No. 71, as laid down in the cadastral survey of seasons 1931-35. All these villages are in police-station Bhurangamari, district Rangpur.

Then along the south-eastern boundary of Baher Kedar, jurisdiction list No. 64, northern and eastern boundaries of Dhaluabari, jurisdiction list No. 65, and Kachardara, jurisdiction list No. 66, eastern boundary of Kachakata, jurisdiction list No. 70, part of western, the northern and eastern boundaries of Dhanirampur, jurisdiction list No. 71, eastern and southern boundaries of Balarhat, jurisdiction list No. 72, eastern boundary of Kanyamati, jurisdiction list No. 73, northern boundaries of Chauddaghari, jurisdiction list No. 76, and Jhau Kuthi, jurisdiction list No. 77, northern and eastern boundaries of Pakhuria, jurisdiction list No. 78, eastern boundaries of Kulamua Kalar Char, jurisdiction list No 79, Narayanpur, jurisdiction list No. 81, Uttar Dhakdahar, jurisdiction list No. 82, Dumardaha, jurisdiction list No. 83, and Dakshin Dhakdahar, jurisdiction list No. 84, as laid down in the cadastral survey of season 1931-35. All these villages are in police-station Nageswari, district Rangpur.

Then along the eastern boundary as laid down in the cadastral survey of 1931-35 of Pipulbari, jurisdiction list No. 75, police-station Kurigram, district Rangpur.

Then along the eastern boundary as laid down in the survey of 1931-35 of Mekurer Alga, jurisdiction list No. 189, and Saheber Alga, jurisdiction list No. 190, police-station Ulipur, district Rangpur

Then along the eastern boundary of Kazaikata, jurisdiction list No. 4, northern and eastern boundaries of Kauniar Char, jurisdiction list No. 5, north-eastern boundary of Danthbhanga, jurisdiction list No. 7, eastern boundaries of Jhagrar Char, jurisdiction list No. 8, Boalmari, jurisdiction No. 18, Saulmari, jurisdiction list No. 19, Rahumari Alga, jurisdiction list No. 22, Kalabari, jurisdiction list No. 24, and eastern boundary of Pahartali, jurisdiction list No 37, as laid down in the cadastral survey of 1931-35 up to the trijunction of Rangpur, Goalpara and Garo Hills where the boundary between Rangpur and Goalpara terminates.

From the bove trijunction the boundary between Rangpur and Garo Hills starts and passes along the eastern boundaries of Pahartali, jurisdiction list No. 37, and Jauniar Char, jurisdiction list No. 38, as laid down in the cadastral survey of 1931-35 till it meets the trijunction of Rangpur, Mymensingh and Garo Hills at the extreme south-east corner of village Jauniar Char, jurisdiction list No. 38. All the above villages are in police-station Rahumari, district Rangpur.

Office of the Director of Public Instruction, Bengal.

NOTIFICATION.

Calcutta, the 22nd March 1937.

Research Scholarships to be awarded in 1937.

Three Research Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and appear to be likely to conduct original research with success. The value of each scholarship is Rs. 75 a month.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from the 1st July 1937, but a scholarship may be renewed from year to year up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application through the head of the institution in which he last studied to the Director of Public Instruction, Bengal, on or before the 10th May next, and must produce evidence of having passed from a College or other institution in Bengal the M.A. or M.Sc. examination of the Calcutta or Dacca University, or of having obtained some other equivalent or higher degree of either of these Universities in 1934 or 1935 or 1936. He must state as definitely as possible the subject or part of the subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work, with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Each candidate is required to submit with his application a declaration to the effect that, if selected, he will not undertake any work, either paid or unpaid, or sit for any examination, or pursue any course of studies except that of original research in his selected subject during the tenure of his scholarship.

6. The application from each candidate should contain a note from the authority forwarding the application as to how long the proposed research will take.

7. The candidate must be a native or domiciled in Bengal.

8. Applications for this year's scholarships should be submitted in prescribed forms, which are obtainable from the Personal Assistant to the Director of Public Instruction, Writers' Buildings, Calcutta.

9. Applications submitted after the appointed date or not in the proper form will not be considered.

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

TO whomsoever it may concern, the following notice is hereby given that the Hon'ble Board of Revenue, Bengal, has by its order No. 822W., dated the 14th January 1937, declared Srijukta Indumati Devi Choudhurani, widow of late Babu Birendra Chandra Roy Choudhury, a disqualified proprietress of the Dhankora Court of Wards Estate No. I, Dacca, and has retained charge and is managing all her properties, moveable or immovable. No payment by any bank, company, corporation or any person should henceforth be made to her and all payments should be made to me on her behalf as her Manager under the Court of Wards. Any payment made to her will be at his own risk.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 27th February, 1937 :—

L. A. BILL No. 14 OF 1937.

A Bill to fix the duty on salt manufactured in, or imported by land into, certain parts of British India, to vary the excise duty on sugar leviable under the Sugar (Excise Duty) Act, 1934, to vary certain duties leviable under the Indian Tariff Act, 1934, to vary the excise duty on silver leviable under the Silver (Excise Duty) Act, 1930, to fix maximum rates of postage under the Indian Post Office Act, 1898, and to fix rates of income-tax and super-tax.

WHEREAS it is expedient to fix the duty on salt manufactured in, or imported by land into, certain parts of British India, to vary the excise duty on sugar leviable under the Sugar (Excise Duty) Act, 1934, to vary certain duties leviable under the Indian Tariff Act, 1934, to vary the excise duty on silver leviable under the Silver (Excise Duty) Act, 1930, to fix maximum rates of postage under the Indian Post Office Act, 1898, and to fix rates of income-tax and super-tax ; It is hereby enacted as follows :

XIV of 1934. XXXII of 1934. XVIII of 1930. VI of 1898.

Short title and extent.

1. (*1*) This Act may be called the Indian Finance Act, 1937.

*The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

Fixation of salt duty.

2. The provisions of section 7 of the Indian Salt Act, 1882, shall, in so far as they enable the Governor General in Council to impose by rule made under that section a duty on salt manufactured in, or imported into, any part of British India other than Burma or Aden, be construed as if, for the year beginning on the 1st day of April, 1937, they imposed such duty at the rate of one rupee and four annas per maund of eighty-two and two-sevenths pounds avoirdupois of salt manufactured in, or imported by land into, any such part, and such duty shall, for all the purposes of the said Act, be deemed to have been imposed by rule made under that section. XII of 1882.

Excise duty on sugar.

3. In sub-section (*2*) of section 3 of the Sugar (Excise Duty) Act, 1934, XIV of 1934.

(*a*) in clause (*i*) for the words "ten annas" the words "one rupee and five annas" shall be substituted, and

(*b*) in clause (*ii*) for the words "one rupee and five annas" the words "two rupees" shall be substituted.

4. In the First Schedule to the Indian Tariff Act, 1934— XXXII of 1934.

Import duty on sugar.

(*a*) in Item No. 17 for the words and figures "Rs. 9-1 per cwt." in the fourth column the following words and figures shall be substituted, namely—

"the rate at which excise duty is for the time being leviable on sugar, other than *khandsari* or palmyra sugar, produced in British India *plus* Rs. 7-4 per cwt."

Import duty on silver.

(*b*) in Item Nos. 61 (*2*) and 62 (*1*) for the words "two annas per ounce" in the fourth column the words "three annas per ounce" shall be substituted.

Excise duty on silver.

5. In sub-section (*1*) of section 3 of the Silver (Excise Duty) Act, 1930, for the words "two annas" the words "three annas" shall be substituted. XVIII of 1930.

Inland Postage rates.

6. For the year beginning on the 1st day of April, 1937, the Schedule contained in the First Schedule to this Act shall be inserted in the Indian Post Office Act, 1898, as the First Schedule to that Act. VI of 1898.

Income-tax and super-tax.

7. (*1*) Income-tax for the year beginning on the 1st day of April, 1937, shall be charged at rates applicable to the total income of each assessee the same, and increased in each case by the same fraction of the amount of the rate, as for the year beginning on the 1st day of April, 1936.

(*2*) The rates of super-tax for the year beginning on the 1st day of April, 1937, shall, for the purposes of section 55 of the Indian Income-tax Act, 1922, be the same rates, increased in each case by the same fraction of the amount of the rate, as for the year beginning on the 1st day of April, 1936. XI of 1922.

(*3*) For the purposes of sub-section (*1*) "total income" means total income as determined in accordance with the provisions of the Indian Income-tax Act, 1922. XI of 1922.

It is hereby declared that it is expedient in the public interest that clauses 3, 4 and 5 of this Bill shall have immediate effect under the Provisional Collection of Taxes Act, 1931. XVI of 1931.

SCHEDULE I.

Schedule to be inserted in the Indian Post Office Act, 1898.

Parcels.

For a weight not exceeding forty tolas	Four annas.
For every forty tolas, or fraction thereof, exceeding forty tolas	Four annas.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to continue for a further period of one year certain duties and taxes imposed under the Indian Finance Act, 1936, which would otherwise cease to have effect from the 1st April, 1937 ; and to increase the import and excise duties on silver and sugar.

2. Clause 2 provides for the continuance for a further period of one year of the existing provisions regarding salt duty. The duty of Rs. 1-4-0 per maund on salt remains liable to the additional duty imposed under section 5 of the Indian Finance (Supplementary and Extending) Act, 1931.

3. Clause 3 provides for the increase in the excise duty on *khandsari* sugar from 10 annas per cwt. to Rs. 1-5 per cwt. and on sugar, other than *khandsari* or palmyra, from Rs. 1-5 per cwt. to Rs. 2 per cwt.

4. Clause 4 provides for the increase in the import duty—

(1) on sugar from Rs. 9-1 per cwt. to the rate at which excise duty is for the time being leviable on sugar, other than *khandsari* or palmyra, *plus* Rs. 7-4 per cwt. and

(2) on silver from 2 annas an ounce to 3 annas an ounce.

5. Clause 5 provides for the increase in the excise duty on silver corresponding to the increase in the import duty.

6. Clause 6 provides for the continuance for a further period of one year of the present inland postage rates with the following alterations :—

(1) *Book, Pattern and Sample Packets.*—The present rate is nine pies for the first five tolas and six pies for every additional five tolas. It is proposed to reduce the rate to six pies for the first 2½ tolas and three pies for every additional 2½ tolas.

(2) *Parcels.*—It is proposed to eliminate the present rate of 2 annas for parcels weighing up to 20 tolas, so that all parcels weighing 40 tolas or less will be charged 4 annas.

7. Clause 7 provides for the continuance for a further period of one year of the existing rates of income-tax and super-tax.

8. The reasons for making the above changes have been fully explained in my budget speech.
